

Erratum

In the June 2005 issue of the *Journal*, in the article entitled “Heterozygous Mutations of *OTX2* Cause Severe Ocular Malformations,” by Ragge et al. (76:1008–1022), incorrect affiliations were given for two of the authors.

J. Richard O. Collin is at Moorfields Eye Hospital in London, and Alison Salt is at Moorfields Eye Hospital and Great Ormond Street Children’s Hospital, also in London. The authors regret these errors.
