

Erratum

In the November 2005 issue of the *Journal*, in the article entitled “Copy-Number Detection Using 116,204 SNPs” by Slater et al. (77:709–726), some typographical errors were found in the algorithm formulas. Please refer to the work of Huang et. al. (*Hum Genomics* 1:287–299) and the Copy Number Analysis Tool (CNAT) manual (<http://www.affymetrix.com/support/technical/byproduct.affx?product=cnat>) for the correct versions of these formulas.

The authors regret the errors and thank Jing Huang, Michael Shapero, Richard Chiles, Jody Courtney, Michael Lubinsky, Elaine Slaten, Muniyappa Prakash, and Vincent Bressler for identifying and correcting these formulas.
