## Call for Papers

### The Adhesion Society—Third Annual Meeting

February 10-13, 1980

*Sheraton Savannah Inn and Country Club, Savannah, Georgia*

The Adhesion Society, which was organized in 1978 with the objective of increasing and disseminating the knowledge of adhesion and its applications, solicits papers for presentation at its third annual technical meeting. Papers on adhesion science and technology are solicited in the following areas:

**Adherends**—bulk and/or surface characterization of metals, polymers wood, mineral or biological materials.

**Polymeric materials**—Molecular structure—property relationships in adhesive, composite or coating applications.

**Processing**—Cure monitoring technology, NDI/NDE techniques, automated application techniques, solventless systems, rheology, etc.

**Mechanics**—Fracture mechanics or micro-mechanics approach to design and testing in adhesive joints, composites on coatings.

**Environmental**—Mechanical, thermal, chemical or electrical effects, accelerated testing.

**Adhesion**—Phenomena, applications, theory, etc.

Authors of papers to be considered for presentation must submit a title by September 1, 1979 and an abstract by November 15, 1979. For both submission of papers and registration information contact the program chairman: Dr. L. T. Drzal, AFML/MBM, Wright-Patterson Air Force Base, Ohio 45433, Telephone: (513) 255-2952.
