GENERAL INFORMATION

Aims and Scope

The journal is of very broad interest to the large technical community concerned with the development of an understanding of the phenomenon of adhesion and its practical applications. The art of adhesion is maturing into a science which requires a broad, coordinated interdisciplinary effort to provide an understanding of its complex nature and numerous manifestations. The *Journal of Adhesion* provides a forum for discussion of the basic and applied problems in adhesion. Papers are considered relevant if they contribute to the understanding of the response of systems of joined materials to mechanical or other disruptive influences. Experimental papers are required to incorporate theoretical background and theoretical papers must relate to practice.

Notes for contributors can be found at the back of the journal.

Permission to reproduce and/or translate material contained in this journal must be obtained in writing from the Publisher.

This publication and each of the articles contained herein are protected by copyright. Except as allowed under national "fair use" laws, copying is not permitted by any means or for any purpose, such as for distribution to any third party (whether by sale, loan, gift, or otherwise); as agent (express or implied) of any third party; for purposes of advertising or promotion; or to create collective or derivative works. A photocopy license is available from the Publisher for institutional subscribers that need to make multiple copies of single articles for internal study or research purposes. Any unauthorized reproduction, transmission or storage may result in civil or criminal liability.

Copies of articles may be ordered through SCAN, the Publisher's own document delivery service. SCAN provides customers with the current contents and abstracts to all Gordon and Breach and Harwood Academic journals. Please contact one of the addresses listed above to receive SCAN, or view current contents and abstracts directly on the Web at <http://www.gbnap.com>, and for ordering.

The Publisher is also a member of Copyright Clearance Center.

The Canada Institute for Scientific and Technical Information (CISTI) provides a comprehensive, worldwide document delivery service for Gordon and Breach/Harwood Academic journals. For more information, or to place an order for a copyright-cleared Gordon and Breach/Harwood Academic document, please contact Client Assistant, Document Delivery CISTI, National Research Council - Canada, Ottawa, Canada, KIA 0S2 (Tel: 613-993-6251; Fax: 613-993-7619; e-mail: cisti.docdel@nrc.ca).

Voluntary Page Charges The United States National Science Foundation has extended the allowance of page charge funds for payments to journals regardless of the Publisher's commercial status. Previously this was reserved for only nonprofit society-sponsored journals. Voluntary page charge payments are now accepted for this journal, and authors may elect to pay any amount up to a maximum of \$25.00 per page. Payments will be refunded in the form of a voucher at 100% value of total payment. This voucher can be used by the author or the author's university library for any product or service offered by the Publisher, and thereby can be used to supplement library funding.

Article Vouchers The principal author of each article will receive a voucher for his contribution in the amount of EUR 18.00 (USD 20.00, JPY 2,500), which can also be used to purchase the Publisher's products directly or through university libraries, thereby reducing costs of publications to those authors supporting the journal.

This journal is sold CIF with title passing to the purchaser at the point of shipment in accordance with the laws of The Netherlands. All claims should be made to your agent or the Publisher.

Printed in Malaysia.

PREPARATION OF CAMERA COPY (Communications Section)

For rapid publication of papers, authors must prepare their papers exactly as specified in the notes below, and submit them in triplicate. The preferred maximum size of submitted papers is 6 pages in the prescribed form (approximately 2000 words with 2 figures/tables).

Manuscripts must be typed on good quality white bond paper (8½ x 11" or A4) using a black ribbon, and preferably using an electric typewriter. Use single spacing or 1½ line spacing. The finished paper must be ready for direct litho reproduction, and hence must be clean and as neat as possible: messy erasures and alterations will show up in the printing.

The typing area is 5 in. wide by 8½ in. deep. However, the width may be exceeded by 2 or 3 characters if necessary.

On first page, leave ½ in. space, then type the paper title all in capitals, indented 5 spaces from left. Leave ½ in. space then type author's name in capitals, indented 5 spaces. Author's affiliation follows on the next line, in upper and lower case, indented 5 spaces. The next line should read: Submitted for publication ... (appropriate date). Leave ½ in. space then type abstract, all lines indented 5 spaces. Leave ½ in. space before the text begins.

Type text to full (5 in.) width. Main text headings should be typed in capitals, to the left. Leave extra space above and below headings. Second weight headings should be typed in upper and lower case, to the left. Indent all new paragraphs 5 spaces.

At the beginning of each page (except the first) type in capitals the author's name to the left on the left-hand (even-numbered) pages, and the paper title, to the right, on the right-hand (odd-numbered) pages. Leave one line of white space before starting the text.

All equations and formulas should be typed in the appropriate place in the text. Where symbols cannot be typed, write them very neatly in black ink.

Type tables in the appropriate place in the text. Type TABLE 1, in capitals, then run on table title after 3 typewriter spaces. Add only three horizontal lines— at the top and bottom of each and one after column headings.

Figures should be reduced to the appropriate size, then pasted into the text. The figure captions should be typed as FIGURE 1, etc., then the caption run on after 3 typewriter spaces. Leave ½ in. space above the figures and also below the figure captions.

References should be indicated in the text by consecutive Arabic numbers in brackets on the text line. References must be listed at the end of the paper in numerical order. Author's initials should precede their names. Journal titles should be abbreviated according to *Chemical Abstracts* style and underlined. Also underline the volume number. Book titles should be spelled in full and underlined. Examples:

- [1] Nicholas, J. F., *An Atlas of Models of Crystal Surfaces* (Gordon and Breach, New York, 1965), p. 201.
- [2] Gledhill R. and Kinloch, A., *J. Adhesion* **6**, 315 (1974).

Type footnotes on the appropriate page of the text. Precede footnotes by a short horizontal line (5 units long). Add 1 line space above footnotes.

Do not type page numbers. Number the pages in light blue pencil in the top right hand corners.

Camera-copy manuscripts should not be folded. Enclose between hard-boards for posting.

A full version of these notes is available on request from the editors; sheets of paper printed with blue guidelines are also available.
