Due to an unfortunate error, the Acknowledgement section was omitted. The text should read as follows.

**Acknowledgements** The authors would like to thank Drs. A.K. Singh, (Division of Genetics), C. Kaur, (Division of Fruits and Horticultural Technology) and H.T. Meher (Division of Nematology) for their support during the investigation; Sakkeer Hussain (Division of Floriculture and Landscaping) and Mr. Surender Kumar for their assistance in the field trials; Mr. V.S. Bhinu (National University of Singapore) for his help in preparation of this manuscript. The experiments conducted comply with the current laws of the country in which they were performed. C.S. was supported by a Senior Research Fellowship from the Indian Agricultural Research Institute, New Delhi, India.
