

Announcement

NATO Scientific Affairs Division is sponsoring an
Advanced Study Institute

on

Computational Techniques in Quantum Chemistry and Molecular Physics

to be held at
Ramsau/Berchtesgaden (Germany)
from 4 Sept. to 21 Sept. 1974

Organizing Committee

G. H. F. Diercksen (Munich)
B. T. Sutcliffe (York) A. Veillard (Strasbourg)

Purpose and Scope. The aim of the study institute is to familiarize the participants with the theory and practice of modern computational techniques in quantum chemistry and molecular physics. The lectures will be complemented by practical sessions and by review lectures provided by distinguished workers in the field.

Application. The number of applicants will be restricted to 45. Accommodation and meals will be provided in Ramsau at the Alpenhotel Hochkalter. The price for room and full board will be appr. DM 950,—. A limited number of NATO fellowships covering the living expenses in Ramsau are available. Applications should in no case be received later than 31 March 1974.

All correspondence and requests for tentative programmes should be addressed to
