

Announcement

The 28th Congress of the International Union of Pure and Applied Chemistry (IUPAC)

August 16-21, 1981

Vancouver, British Columbia, Canada

Division on Computers in Chemistry

Division Chairman:

C. Sandorfy, Université de Montréal, Département de Chimie, C.P. 6210, Succ. A, Montréal, Québec H3C 3V1 Telephone: (514) 343-6805

(a) Calculation of Molecular Structures and Mechanisms

Section Chairman:

I. G. Csizmadia, Department of Chemistry, University of Toronto, Toronto, Ontario M5S 1A1 Telephone: (416) 978-3598

Keynote Lecturer:

K. Morokuma, Institute for Molecular Science, Okazaki, Japan

(b) Application of Computers in Theoretical Chemistry

Section Chairman:

D. R. Salahub, Université de Montréal, Département de Chimie, C.P. 6210, Succ. A, Montréal, Québec H3C 3V1 Telephone: (514) 343-6755

Keynote Lecturer:

W. A. Lester, University of California, Berkeley, U.S.A.

(c) Application of Microprocessors in Chemical Instrumentation and Processing

Section Chairman:

G. Horlick, Department of Chemistry, University of Alberta, Edmonton, Alberta T6G 2E1 Telephone: (403) 432-5552

Keynote Lecturer:

C. G. Enke, Michigan State University, East Lansing, U.S.A.

(d) Computer-Aided Strategies in Chemistry

Section Chairman:

F. W. Birss, Department of Chemistry, University of Alberta, Edmonton,
Alberta T6G 2E1 Telephone: (403) 432-3803

Keynote Lecturer:

R. Rein, Roswell Park Memorial Institute, Buffalo, U.S.A.

Several other distinguished scientists have agreed to give lectures in these four areas.

Those interested in attending and/or presenting communications are encouraged to write, as soon as possible, to one of the section chairmen or to the Congress Secretariat: 28th IUPAC Congress, c/o The Chemical Institute of Canada, 151 Slater Street, Suite 906, Ottawa, Ontario, Canada K1P 5H3.
