

Announcement

Symposium on Molecular Mechanics

A "Symposium on Molecular Mechanics" will be held at Indiana University-Purdue University, Indianapolis, Indiana, June 23-24, 1983. Recent developments in the methodology and applications of force-field calculations will be covered. A roster of distinguished speakers, including N. L. Allinger, F. A. L. Anet, O. Ermer, P. A. Kollman, A. Y. Meyer, W. C. Ripka, H. A. Scheraga, A. Warshel, and H. J. R. Weintraub will present plenary lectures. In addition, contributed papers are cordially invited for the poster sessions. Deadline for submission of abstracts of poster papers is April 15, 1983. The symposium will immediately follow the "Workshop on Practical Aspects of Semi-Empirical Techniques", which is being organized by the Quantum Chemistry Program Exchange (QCPE) at Indiana University, Bloomington, Indiana, June 19-22, 1983.

Registration and housing forms and further information about the symposium can be obtained by contacting the co-chairmen:

Professor K. B. Lipkowitz
Department of Chemistry, IUPUI
