### **International Conference on the Impact of Supercomputers on Chemistry (ISOC-87)**

This conference will be held at the *Department of Chemistry, University College London* from *13th to 16th April 1987*. The conference will deal with all aspects of large scale computation using supercomputers - chemical applications and methodology. There will also be a computer manufacturers' session on hardware developments and a computer exhibition.

The proceedings of the conference will be published in *Theoretica Chimica Acta*.
