A few typographical errors have been found in our communication above:

1. There are missing terms in Eqn. (28) of Sec. 3.2. The corrected equation should read as

$$Z_{2rSS} + Z_{2rSW} + Z_{2rWW} + W_{SS}S_{2rS} + S_{2rW}W_{WW} + W_{SW}S_{2rW} - S_{2rS}W_{SS} - S_{2rS}W_{SW} - S_{2rW}W_{WW} = 0$$

[28]

2. The reported ΔSCF value for core-IP of HF in Sec. 4.1 should be 693.3337 eV.
