Erratum

Erratum to "Heat capacities of calcium chromate and calcium chromite" [Thermochim. Acta 371 (2001) 1–5]☆

Yong M. Lee[*], Claudia L. Nassaralla

*Department of Metallurgical and Materials, Engineering, Michigan Technological University, 1400, Townsend, Dr.,
Houghton, MI 49931, USA*

The publisher regrets that in the original printing of the above article some equations were printed incorrectly. The correct equations are as follows:

In the Abstract, Results and discussions, and Conclusion

$$C_p(CaCrO_4) = 127.92 + 35.73 \times 10^{-3}T - 2.257 \times 10^6/T^2 \qquad (298-1123\,K)$$
$$C_P(\beta\text{-}CaCr_2O_4) = 166.69 + 18.33 \times 10^{-3}T - 2.92 \times 10^6/T^2 \qquad (298-1203\,K)$$

In Tables 3 and 4.

$$C_p = a + b \times 10^{-3}T + c \times 10^6/T^2$$
