FIREFIGHTING FACILITIES

EQUIPMENT SAFETY

STANDING OPERATING PROCEDURE (SOP)

- Safety requirements.
- Personnel and explosive limits.
- Quality control and quality assurance procedures.
- Description of work to be accomplished.
- Designation of equipment to be used.
- Location and sequence of operation.

SOP CONTINUED

- Action to be taken in event of electrical storms, utility or mechanical failures.
- SOP will be in English or the language employees can understand.
- The SOP will be approved by the commander or a qualified member of his staff.
- The SOP will also be approved by personnel designated as being responsible for performance of an operation.

SOP CONTINUED

- No change to an SOP will be permitted unless approved in writing by the approving authority.
- All personnel having operational duties or supervision thereof will enforce the SOP requirements for their particular operation and have ready access to the SOP for reference.
- Applicable portions of the approved SOP shall be conspicuously posted convenient to all stations involved in the operation for guidance of all personnel.
