

ANNEX C PART II REVIEW

TLO 55B40C09

- Action: Determine compliance with movement regulations.

TLO 55B40C10

- Action: Inspect munitions for air shipment.

TLO 55B40C11

Action: Identify quantity-distance requirements for port operations

TLO 55B40C12

- Action: Identify regulatory requirements pertaining to munitions management of port receipt, storage, and shipment operations.

TLO 55B40C13

- Action: Identify procedures for port operations involving rail shipments.

TLO 55B40C14

- Action: Identify procedures for port operations involving trucks and containerized shipments.

TLO 55B40C15

- Action: Inspect intermodal dry cargo container (MILVAN).

TLO 55B40C16

- Action: Identify procedures for port operations involving vessel shipments.

TLO 55B40C17

- Action: Monitor port receipt operations.
- ELO Action:
- Demonstrate proficiency in the use of applicable regulatory guidelines regarding inspection procedures for port operations involving vessels.
- Demonstrate proficiency in the use of applicable regulatory guidelines regarding inspection procedures for port operations involving rail cars.

TLO 55B40C17

- ELO Action cont:
- Demonstrate proficiency in the use of applicable regulatory guidelines regarding inspection procedures for port operations involving motor vehicles.
- Demonstrate proficiency in the use of applicable regulatory guidelines regarding inspection procedures for port operations involving a MILVAN.

TLO 55B40C17

- ELO Action cont:
- Demonstrate proficiency in the use of applicable regulatory guidelines for determining quantity distance and compatibility requirements for port operations.

TLO 55B40C18

- Determine Compliance with Storage and Transportation Security Requirements.

TLO 55B40C19

- Identify radiation hazards associated with munitions.

SUMMARY
