

Scenario:

Your transportation unit has been tasked to haul supplies and equipment in the Richmond, VA area. You have been designated as a serial unit commander and the convoy commander has assigned you two administrative tasks, the first task was to complete the strip map for the convoy's move. The second task will be to request an administrative convoy clearance for your convoy along the same route. You will submit the DD Form 1385, *Cargo Manifest*, to detail any hazardous cargo or materials. You will submit the DD Form 1266, *Request for Special Hauling Permit*, for any oversize or overweight vehicles in your convoy. You will submit the DD Form 1265, *Request for Convoy Clearance*, for your convoy clearance. The DD Form 1265 must list all convoy vehicles, the detailed route, and the proposed movement times.

The route will follow I-64 West to I-295 and then back onto I-64 West for the remainder of the movement. The start point will be at the junction of I-564 and I-64 and the release point at the junction of Route 817 and I-64. The convoy will make a rest halt at the rest stop located on I-295 between checkpoints 3 and 4.

The checkpoints will be at the following locations:

- Checkpoint 1: Junction I-64 and US 17
- Checkpoint 2: Junction I-64 and Route 646
- Checkpoint 3: Junction of I-64 and I-295
- Checkpoint 4: Junction of I-295 and I-95
- Checkpoint 5: Junction of I-295 and I-64
- Checkpoint 6: Junction of I-64 and Route 617
