

APPENDIX F

PROJECT DEAUTHORIZATION REVIEW PROGRAM
(ER 1105-2-82)

1. Submission. Division Engineers shall submit to DAEN-CWP-A a PB-5a for each District, in accordance with instructions shown in paragraph 2. No Justification Statements are required, with the exception of project reviews estimated to have a total cost exceeding \$8,000. If the estimated cost exceeds \$8,000, a full justification of the funding level shall be provided on a sheet of bond paper and attached to the PB-5a. Data will be required about July of each year, the exact date will be furnished in the annual Engineer Circular on General investigations. Guidance on the deauthorization program may be found in ER 1105-2-82.

2. Completion of PB-5a.

a. Priority No. (Column 1). Projects should be listed in order of priority. Enter the priority number if different than the Line No.

b. Item (Column 2). Enter the Project Reference Number followed by the Project Name for each project review recommended for initiation or continuance in the budget year.

c. Total Estimated Federal Cost (Column 3). Enter the estimated cost of each project review.

d. Work Allowances (Columns 4-7). Complete these columns for continuing review.

e. Budget Fiscal Year (Column 8). Show funding requirements for each project review.

f. Future Fiscal Years (Columns 9 and 10). Enter estimated funding requirements for projects recommended for funding in the budget year if the deauthorization review is not scheduled to be completed in that year. Do not list project reviews to be initiated in future fiscal years.

g. Balance to Complete. Not required.

h. Remarks. None required.
