Regulation  
No. 1110-2-8156

31 August 1995

**Engineering and Design**  
**PREPARATION OF WATER CONTROL MANUALS**

**1. Purpose**

The purpose of this regulation is to standardize the procedures to be followed in the preparation of water control manuals.

**2. Applicability**

This regulation applies to HQUSACE elements and USACE commands having responsibilities for the design and water control management of civil works projects.

**3. References**

- a.* ER 1110-2-240, Water Control Management.

*b.* EM 1110-2-3600, Management of Water Control Systems.

**4. Background**

Basic policy concerning water control management is set forth in ER 1110-2-240. It is the policy of the Chief of Engineers that water control plans be continually reviewed, updated, and adjusted as needed to ensure that the best use is made of available water resources. Guidance on the development of water control plans is contained in EM 1110-2-3600.
