

CHAPTER 15 - RECREATION MANAGEMENT SUPPORT PROGRAM

15- 1. Purpose. This chapter establishes policy for the administration and management of the USACE Recreation Management Support Program (RMSP).

15-2. Policy. It is the policy of the Corps of Engineers that:

a. The RMSP shall provide a mechanism for identifying CE national recreation program priorities and address those priorities through valid research, management support, and technical information transfer.

b. The RMSP is designed to provide support for recreation issues or initiatives that have a broad applicability to many Corps Civil Works projects. Reimbursable work is not within the scope of the RMSP. However, issues or initiatives that are limited in applicability can be addressed on a reimbursable basis with funding provided by the local project. The three basic components of the RMSP are:

(1) Management Studies. Management studies are generally long-term activities (greater than or equal to one year) and of regional or national significance.

(2) Management Assistance. Management assistance may be a short-term study (less than one year) or may be on-going assistance in managing a recreation component (e.g., the National Recreation Reservation Service).

(3) Information Exchange. Information exchange includes not only technology transfer but also the distribution of research results to bring about program enhancement.

c. An eighteen member Recreation Leadership Advisory Team (Team) shall be established to provide oversight of the RMSP. Voting members of the Team will consist of representatives from MSC (8), District (4) and Project (4) offices. Two non-voting members will represent HQUSACE and the US Army Engineer Research and Development Center (ERDC). The Team will evaluate all proposals for funding within the RMSP and will recommend funding priorities to HQUSACE (CECW-ON). The Team will meet semi-annually during each fiscal year, preferably during the months of October and April. HQUSACE and ERDC will participate in all team meetings. Specific information on the duties, organizational composition and nomination process is provided in Chapter 15 of EP 1130-2-550.

d. The Team will support strategic planning for the CE recreation business program and will serve in an active advisory role to the Chief, Natural Resources Management Branch in HQUSACE.

e. Duties of RMSP Team members will be included as an element in each member's annual performance plan.

f. The RMSP is funded by the O&M General appropriation. HQUSACE will provide conceptual approval (subject to the availability of funds) for all new starts and other program funding adjustments by July of each year. The final approval of the actual work plan will be provided by HQUSACE following the Fall Team Meeting.

g. The ERDC will provide program management support, although studies may be performed by other USACE elements, other agencies, or the private sector.
