| Section I INTRODUCTION | 1-1 |
| Section II HAND RECEIPT | 2-1 |

* This publication superceded TM 5-2350-262-10-HR dated November 1998 and all related changes.

Section I. INTRODUCTION

1. SCOPE. This publication provides an overprinted DA Form 2062 (Hand Receipt) which lists the contents of Components of End Item (COEI), Basic Issue Items (BII), and Additional Authorization List (AAL) items related to the M9, Armored Combat Earthmover.

2. GENERAL.

a. Section II is the overprinted DA Form 2062 which lists the line item entries for System/End Item and the contents of COEI, BII, and AAL extracted from TM 5-2350-262-10. The listings consist of exactly the same items and are in the same sequence as those listings in TM 5-2350-262-10.

b. The overprinted DA Form 2062 eliminates manual preparation of the form and assists organizations in accounting and taking inventory for property as required by AR 710-2.

c. Local reproduction of the overprinted DA Form 2062 is authorized. However, organizations shall comply with local policies in the reproduction of DA Form 2062 by office copying equipment, field printing plate, or duplicating plant facilities.

d. Additional copies may be requisitioned from the U.S. Army Adjutant General Publications Center, 1655 Woodson Road, St. Louis, MO 63114 in accordance with AR 25-30.

3. EXPLANATION OF BLOCKS AND COLUMNS (DA FORM 2062). Refer to Chapter 2, AR 710-2. Additional information required to complete DA Form 2062 is listed below:

a. Hand receipts shall identify the accounting requirement status of all line item entries listed in the description column; i.e., the first column (c.) to the right of the description column lists line item Expendability (EXP)/Accounting Requirements Codes (ARC). One of the following codes will apply:

(N) for Nonexpendable: Items not consumed in use, retaining their identity during use, and requiring that accountability be maintained throughout the life of the item.

(D) for Durable: Nonconsumable components of sets, kits, outfits, and assemblies; all tools in FSCs 5110, 5120, 5130, 5133, 5136, 5140, 5180, 5210, 5220, and 5280, and any other nonconsumables with a price in excess of \$50.00 not already coded "N."

(X) for Expendable: Items regardless of type, classification, or price which are consumed in use. Includes all Class 9 repair parts, and items not consumed in use which cost \$50.00 or less and not already coded "N" or "D."

b. The third column (e.) to the right of the description column indicates the unit of issue.

c. Authorization documents are as follows:

(1) Components of End Item (COEI) are authorized by the applicable Repair Parts and Special Tools List (RPSTL).

(2) Basic Issue Items (BII) are authorized by the applicable operator's manual.

(3) Additional Authorization List (AAL) items are authorized by appropriate MTOE, TDA, CTA, or JTA authorization documents.

4. SPECIAL INFORMATION. Not applicable.
