**HAND RECEIPT FOR
CARRIER, AMMUNITION, TRACKED, M992A2**

SECTION I. INTRODUCTION

- 1. SCOPE.** This publication provides an overprinted DA Form 2062 (Hand Receipt), which lists the contents of Components of End Item (COEI), Basic Issue Items (BII), and Additional Authorization List (AAL) items related to the Carrier, Ammunition, Tracked, M992A2.
- 2. GENERAL.**
 - a. Section II is the overprinted DA Form 2062, which lists the content of COEI, BII, and AAL extracted from TM 9-2350-372-10. The listings contain the same items and are in the same sequence as those listings in TM 9-2350-372-10.
 - b. The overprinted DA Form 2062 eliminates manual preparation of the form and will assist organizations in inventorying and accounting for property as required by DA Pam 710-2-1 and DA PAM 710-2-2, contained in Unit Supply Update.
 - c. Local reproduction of the overprinted DA Form 2062 is authorized. However, organizations shall comply with local policies when reproducing DA Form 2062 by office copying equipment, field printing plant, or duplicating plant facilities.
 - d. Additional copies of this publication may be requisitioned from the U.S. Army Publishing Agency Distribution Operations Facility, 1655 Woodson Road, St. Louis, MO 63114-6181, in accordance with AR 25-30.
- 3. EXPLANATION OF BLOCKS AND COLUMNS ON DA FORM 2062.**
 - a. FROM. Enter the organization for which the property book is maintained.
 - b. TO. Enter the Unit Identifier Code (UIC) and the hand receipt file number of the unit/personnel receiving the property.
 - c. HAND RECEIPT NO. Enter a locally designated number. Use it to post the location of the property in the property book.
 - d. END ITEM STOCK NUMBER. Contains the national stock number (NSN) of the end item covered by the hand receipt.
 - e. END ITEM DESCRIPTION. Contains the end item short title.
 - f. PUBLICATION NUMBER. Contains the technical manual (TM) number of the TM containing the operator/crew instructions for the equipment.
 - g. PUBLICATION DATE. Date of the operator/crew TM.
 - h. QUANTITY. Quantity of the end item covered by this hand receipt.
 - i. STOCK NUMBER (Column a). National stock number of the item described. Items without stock numbers should be requisitioned by Commercial and Government Entity Code (CAGEC) and part number, with the exception of data in accordance with AR 710-2, contained in Unit Supply Update.
 - j. ITEM DESCRIPTION (Column b). Identifies the item contained in the COEI, BII, and AAL. It will also contain nomenclature and serial/USA number (if applicable) that will be useful in identifying and controlling the item.

Serial number is to be inserted and initiated on all copies by hand receipt holder. In addition, it will contain the 5-digit CAGEC, part number (P/N), and "Usable on" code, if applicable.

- k. Column c. The Accounting Requirements Code (ARC) is inserted here.

NOTE

The ARC refers to property accountability, not disposal authority. Disposition action and authority for an unserviceable item is governed by the recoverability code (5th position of the Source, Maintenance, and Recoverability [SMR] code) assigned to the item in the Repair Parts and Special Tools List (RPSTL).

One of the following will apply:

N	Nonexpendable	Items not consumed in use, retaining its identity during use, and requiring that accountability be maintained throughout the life of the item.
D	Durable	Nonconsumable components of sets, kits, outfits, and assemblies; all tools in federal supply codes 5110, 5120, 5130, 5133, 5140, 5180, 5210, 5220, and 5280; and any other nonconsumable with a price in excess of \$50.00 not already "N."
X	Expendable	Items that are consumed in use, regardless of type classification or price. Includes all class 9 repair parts. Items not consumed in use, costing \$50.00 or less, and not already "N" or "D."

- 1. SEC (Column d). The Physical Security/Pilferage code is entered here. This is a one-position code that indicates the security classification or pilferage control for storage or transportation of assets. Order of precedence for assignment of codes is classified, sensitive, pilferable, and unclassified, as applicable.
