

DEPARTMENT OF THE ARMY SUPPLY BULLETIN

**OSCILLATOR O-574/GRA (5820-082-4049) FOR USE
WITH CERTAIN APPLICATIONS OF AN/GSA-7**

Headquarters, Department of the Army, Washington, D.C.
10 February 1966

1. **Purpose.** This bulletin authorizes issuance of Oscillator O-574/GRA (5820-82-4049) as indicated in paragraph 3.
2. **Information.** This is a new oscillator and it does not replace any existing item.
3. **Instructions.** Oscillator O-574/GRA (5820-082-4049) is required with the AN/GSA-7 when the AN/GSA-7 is used in radio wire integration (rwi) applications with the AN/VRC-12 and AN/PRC-25 radio set series, as well as with the AN/PRC-8, 9, and 10. Although the AN/PRC-8, 9, and 10 are now Standard B and are being replaced with the AN/PRC-25, these sets will continue to be used until the U.S. Army conversion to the new series radios has been completed. Oscillator O-574/GRA is not required with the AN/GSA-7 when used with the AN/GRC-3 through 8 standardized series radio sets, since these radios have their own ringing facilities.
4. **Procedure.** Users of the AN/GSA-7 meeting the requirements indicated in paragraph 3, will requisition Oscillator O-574/GRA-7 (5820-082-4049) through normal supply channels citing this bulletin as the requisitioning authority. Stocks are expected to be available on or about 31 May 1966. Requisitions submitted should reflect a fund citation. Any queries concerning the contents of this bulletin should be directed to the Director of Materiel Readiness, U.S. Army Electronics Command, ATTN: AMSEL-MR/P(NICP)-SFc, 225 South 18th Street, Phila., Pa., 19103.
