UNITED STATES PATENT OFFICE.

JOSEPH LEHNBEUTER, OF ST. LOUIS, MISSOURI, ASSIGNOR TO C. CLAES & CO., OF SAME PLACE.

DESIGN FOR SHOW-CASES AND STANDS.

Specification forming part of Design No. 8,288, dated April 27, 1875; application filed April 14, 1875.
[Term of Patent 7 years.]

CASE B.

To all whom it may concern:

Be it known that I, JOSEPH LEHNBEUTER, of St. Louis, St. Louis county, State of Missouri, have invented a Design for Show-Case, of which the following is a specification:

The nature of my design is fully represented in the accompanying drawing, to which reference is made.

The case has frame-bars A, of metal, wood, or other suitable material. In the frame are set glass panes B, as usual. The central portion C of the case is flat-topped from front to back, as shown. The end portions D of the case are made with two rounded or convex faces, *d d'*, the latter above and to the rear of

the other. The ends D are made of a higher elevation than the central part C. The bottom and back of the case are made of usual form, modified as to the back, so as to suit the rear of the frame.

I claim—

The design for a show-case with flat-topped central portion C and ends D, having convex-faced fronts *d d'*, substantially as above set forth.

JOSEPH LEHNBEUTER.
