# UNITED STATES PATENT OFFICE.

JOSEPH LEHNBEUTER, OF ST. LOUIS, MISSOURI, ASSIGNOR TO C. CLAES & CO., OF SAME PLACE.

## DESIGN FOR SHOW-CASES AND STANDS.

Specification forming part of Design No. 8,289, dated April 27, 1875; application filed April 14, 1875.

[Term of Patent 7 years.]

### CASE C.

*To all whom it may concern:*

Be it known that I, JOSEPH LEHNBEUTER, of St. Louis, St. Louis county, State of Missouri, have invented a Design for a Show-Case, of which the following is a specification:

The nature of my design is fully represented in the accompanying drawing, to which reference is made.

The case has frame-bars A, of metal, wood, or other suitable material. In the frame are set glass panes B, as usual. The central portion C of the case is flat-topped from front to back, and of such a height as to suit for handling thereon articles for sale. The end portions D are of greater elevation at the rear *d*, where they are provided with bulged or

convex faces *d'*. The front of each end D is below the level of the top of the central portion, and has an inclined face, *d''*, and vertical face *d'''*. The bottom and back of the case are of the usual form, modified as to the back, to suit the rear of the frame.

I claim—

The design for a show-case with flat-topped central portion C and ends D, of greater elevation at the rear, with faces *d'* *d''* *d'''*, all substantially as above set forth.

JOSEPH LEHNBEUTER.
