UNITED STATES PATENT OFFICE.

WILLIAM W. JACKSON, OF PHILADELPHIA, PENNSYLVANIA, ASSIGNOR TO
DAVID WOLFE BRUCE, OF SAME PLACE.

DESIGN FOR PRINTING-TYPES.

Specification forming part of Design No. **8,463**, dated July 6, 1875; application filed June 23, 1875.
[Term of Patent 14 years.]

To all whom it may concern:

Be it known that I, WILLIAM W. JACKSON, of the city and county of Philadelphia, and State of Pennsylvania, have originated and designed a new and original Pattern or Design for a Font of Printing-Types, of which the following is a specification:

The nature of my design is fully illustrated in the accompanying typographic impression, to which reference is made; and consists of a heavy-face Italic capital and lower-case letter, having the top and bottom considerably enlarged, and in some cases beginning and

terminating in a sort of half lozenge. The capitals nearly all have at certain convenient points on the bottom an extension in the shape of a tail or plume turned or flowing toward the front or left-hand side of the letter.

What I claim as my invention, and desire to secure by Letters Patent, is—

The design or pattern for a font of printing-types, herein shown and described.

WM. W. JACKSON.
