UNITED STATES PATENT OFFICE.

FRANK. H. RANDALL, OF CAMDEN, NEW JERSEY, ASSIGNOR TO RICHARD H. REEVE AND BENJAMIN C. REEVE, OF SAME PLACE.

DESIGN FOR A FLOOR OIL-CLOTH.

Specification forming part of Design No. **8,689**, dated October 5, 1875; application filed September 22, 1875.
[Term of Patent 3½ years.]

To all whom it may concern:

Be it known that I, FRANK. H. RANDALL, of Camden, New Jersey, have invented or produced a Design for a Floor Oil-Cloth Pattern, of which the following is a specification:

My design for a floor oil-cloth pattern is fully shown in the accompanying photographic illustration; and consists of a number of octagonal figures, A and B, and square figures D, as fully shown.

The interiors of both the figures B and D are ornamented with irregular line-work of different shades, so that each of these figures presents a veined appearance, and a mottled appearance is imparted to the figure A by the use of irregular shaded spots.

Irrespective of the colors employed in producing my design, I claim—

The design for a floor oil-cloth pattern, comprising the octagonal figures A and B and the square figures D, ornamented substantially as described, and as illustrated in and by the accompanying drawing.

In testimony whereof I have signed my name to this specification in the presence of two subscribing witnesses.

FRANK. H. RANDALL.

Witnesses:

LEVI B. RANDALL,
GEO. W. BENNETT.
