# UNITED STATES PATENT OFFICE.

WILLIAM H. HALSEY, OF NEWARK, NEW JERSEY.

## DESIGN FOR A BRESTPIN.

Specification forming part of Design No. **8,885**, dated January 4, 1876; application filed December 16, 1875.  
[Term of Patent 3½ years.]

*To all whom it may concern:*

Be it known that I, WILLIAM H. HALSEY, of Newark, in the county of Essex and State of New Jersey, have originated a Design for Breastpin, of which the following is a full, clear, and exact description, reference being had to the accompanying illustration or drawing making part of this specification.

The drawing represents a face view of my breastpin.

My design consists in a breastpin the base-plate of which represents a portion of a branch of a tree, the face of which is ornamented by two roses, with leaves projecting from each side, and by forget-me-nots and lilies, with appropriate leaves, toward the ends of the supporting-plate.

In the drawing, the letter A designates the supporting-plate of my breastpin, said supporting-plate being the representation of a branch of a tree with broken side branches *a a*. The face of this supporting-plate is ornamented by

two roses, *b b*, with leaves *c c*, and by forget-me-nots *d d*, lilies *e e*, and leaves *f f*, as shown.

By these means a design for a breastpin of a novel and ornamental character is produced.

What I claim as new, and desire to secure by Letters Patent, is—

1. The design of a breastpin the supporting-plate of which represents a portion of a branch of a tree with broken side branches *a a*, as shown and described.

2. The design for a breastpin composed of a supporting-plate representing a portion of a branch of a tree, and ornamented by roses *b b*, leaves *c c*, forget-me-nots *d d*, lilies *e e*, and leaves *f f*, as shown and described.

This specification signed by me this 13th day of December, 1875.

W. H. HALSEY.
