UNITED STATES PATENT OFFICE.

RUSSELL H. BURR, OF WEST MERIDEN, CONNECTICUT, ASSIGNOR TO
C. ROGERS & BROS., OF SAME PLACE.

DESIGN FOR COFFIN-PLATES.

Specification forming part of Design No. 8,887, dated January 4, 1876; application filed November 30, 1875.
[Term of Patent 7 years.]

To all whom it may concern:

Be it known that I, RUSSELL H. BURR, of West Meriden, in the county of New Haven and State of Connecticut, have invented a new Design for Coffin-Plate; and I do hereby declare the following, when taken in connection with the accompanying drawings and the letters of reference marked thereon, to be a full, clear, and exact description of the same, and which said drawings constitute part of this specification, and represent a front view.

This invention relates to a name-plate for coffins; and it consists in the peculiar outline of the plate, as shown in the accompanying illustration, and hereinafter described.

The plate represents a scroll partially unrolled at its two ends, the portion unrolled

lying back of the front at both ends. The front or plate proper, in outline, is in ogee form to give to the plate the appearance of projection. The surface of the plate is ornamented at the two ends, leaving the name-panel plain in the center; but this ornamentation is no part of the design.

I claim—

The design for coffin name-plate, consisting of the scroll shape, representing the two ends as partially unrolled and in rear of the front, as shown in the accompanying illustration.

RUSSELL H. BURR.
