# UNITED STATES PATENT OFFICE

GEORGE B. FOWLE, OF BOSTON, MASSACHUSETTS, ASSIGNOR TO J. H. HOBBS, BROCKUNIER & CO., OF WHEELING, WEST VIRGINIA.

## DESIGN FOR BEER-MUGS.

Specification forming part of Design No. 9,204, dated April 11, 1876; application filed March 30, 1876.

[Term of Patent 7 years.]

*To all whom it may concern :*

Be it known that I, GEORGE B. FOWLE, of Boston, county of Suffolk, State of Massachusetts, have invented or discovered a new and useful Design for Beer-Mugs; and I do hereby declare the following to be a full, clear, concise, and exact description thereof, reference being had to the accompanying drawing, making a part of this specification, which shows, in elevation or side view, a beer-mug having my improved design.

This design consists of a band of stars around the barrel of the glass mug, at or not far from a point midway between its ends,

with vertical flutings above and below. The stars are represented at *a* and the flutings at *b*.

I claim as my improved design for beer-mugs—

A band of stars around the barrel of the mug, with flutings above and below, substantially as described and shown.

In testimony whereof I have hereunto set my hand.

GEORGE B. FOWLE.
