UNITED STATES PATENT OFFICE.

JULIUS FULD, OF NEW YORK, N. Y.

DESIGN FOR SHOW-CARD.

Specification forming part of Design No. **9,600**, dated October 24, 1876; application filed September 29, 1876.
[Term of Patent $3\frac{1}{2}$ years.]

To all whom it may concern :

Be it known that I, JULIUS FULD, of New York city, in the county of New York and State of New York, have invented certain new and useful Design for Show-Cards; and I do hereby declare that the following is a full, clear, and exact description thereof, which will enable others skilled in the art to which it appertains to make and use the same, reference being had to the accompanying drawings, and to the letters of reference marked thereon, which form a part of this specification.

This invention relates to a design for show-cards, and is fully represented in the accompanying illustration, which shows a figure with arms upraised and covered by a shirt, upon the bosom and cuffs of which are displayed bosom-studs, collar and sleeve buttons, in the same position as when the shirt is in actual use, thus forming a unique and attract-

ive show-card. The position of the arms may, of course, be varied, it being essential only that they be retained in such a position that the buttons upon the cuffs may be clearly seen.

Having thus described my invention, what I claim as new, and desire to secure by Letters Patent, is—

The design for show-cards herein shown and described, the same consisting of a figure with upraised arms and covered with a shirt upon which are displayed bosom-studs, collar and cuff buttons.

In testimony that I claim the foregoing as my own I affix my signature in presence of two witnesses.

JULIUS FULD.
