# UNITED STATES PATENT OFFICE.

CHRISTOPHER MEYER, OF NEW BRUNSWICK, NEW JERSEY.

## DESIGN FOR RUBBER SHOES.

Specification forming part of Design No. **9,662**, dated December 5, 1876; application filed October 16, 1876.  
[Term of Patent 7 years.]

*To all whom it may concern:*

Be it known that I, CHRISTOPHER MEYER, of New Brunswick, in the county of Middlesex and State of New Jersey, have invented a new and Original Design for India-Rubber Boots and Shoes, of which the following is a specification:

My design for india-rubber boots and shoes is fully represented in the accompanying drawing, to which reference is made, and in which—

Figure 1 represents a side elevation of a shoe, and Fig. 2 represents a top view.

Similar letters of reference indicate corresponding parts.

The said design consists of the raised ornamental side ribs *a*, arranged in the downward points *b*, with the scroll figured ribs *c* above said points, and with the scroll terminations *d* on the toe, said ribs crossing each other thereat. It also consists of scroll-ribs *e*, with point *f* on the instep, also of the parallel ribs *g* in connection with scroll-ribs *d* and *e*,

and also of the curved ribs *h*, with the points *i* above scrolls *e*, and in connection with them.

I claim as my invention—

1. The design for india-rubber boots and shoes, consisting of the side ornamental ribs *a*, arranged in points *b*, together with scrolls *c* above said points, as set forth.
2. The ribs *a* with scroll terminations *d* on the toe, as set forth.
3. The scroll-rib *e* with point *f* on the instep, as set forth.
4. The parallel ribs *g* on the top of the shoe, in connection with the scrolls *d* and *e*, as set forth.
5. The curved ribs *h* with points *i* on the instep, in connection with the scrolls *e*, as set forth.

C. MEYER.
