UNITED STATES PATENT OFFICE

GARRETTSON SMITH AND HENRY BROWN, OF PHILADELPHIA, ASSIGNOR
TO ENOS S. SHANTZ, OF SAME PLACE, AND OLIVER B. KEELEY, OF
SPRING CITY, PENNSYLVANIA.

DESIGN FOR COOKING-STOVES.

Specification forming part of Design No. **9,871**, dated March 27, 1877; application filed March 7, 1877.
[Term of Patent 7 years.]

CASE A.

To all whom it may concern:

Be it known that we, GARRETTSON SMITH and HENRY BROWN, of Philadelphia, Pennsylvania, have invented a new and original Design for a Cooking-Stove, of which the following is a specification:

Our design is fully shown in the accompanying drawing.

On the side of the stove are the oven-door A, fire-door B, and ash-pit door D; and on the front of the stove the damper E, fire-door F, and damper G.

The oven-door A has an outer rim, *a*, and a molding, *b*, inclosing a panel, *b*, having a central ornamented tablet, *e*.

The fire-door has an outer rim, a molding, *f*, and two mica-covered openings, *i*.

Beneath the fire-door is a curved projection, *m*, having an ornament, *n*.

The ash-pit door D has a central damper, *s*, and scrolls on either side of the same.

The stove is supported upon feet I, the prominent ornament of each of which is a monogram, *t*, composed of the letters S and K.

We claim—

1. The design for a cooking-stove, substantially as described, and as shown in and by the accompanying drawing.

2. The design for the stove-foot I, with its monogram *t*, as shown and described.

In testimony whereof we have signed our name to this specification in the presence of two subscribing witnesses.

GARRETTSON SMITH.
HENRY BROWN.
