UNITED STATES PATENT OFFICE.

JAMES FENTON, OF BIRMINGHAM, ENGLAND, ASSIGNOR TO JOHN THORNTON & CO., OF NEW YORK CITY.

DESIGN FOR CARD OF BUTTONS.

Specification forming part of Design No. 9,908, dated April 17, 1877; application filed March 23, 1877. [Term of Patent 7 years.]

To all whom it may concern:

Be it known that I, JAMES FENTON, of Birmingham, in the county of Warwick, in England, have invented a Design for a Card of Buttons, of which the following is a specifica-

The accompanying drawing forms a part of this specification, and correctly represents the forms and arrangements.

The buttons are secured on parallelograms A, of tiu-foil. There are six buttons on each of the parallelograms. The buttons are arranged in two lines, three in each line. The oblong spaces A are arranged with their longest dimensions vertical and three abreast. Be-

tween the rectangular areas covered with foil the face of the card appears. It may be ornamented in any suitable manner.

I claim—
The design for a card of buttons, substantially as described, and as illustrated in and by the accompanying drawing.

In testimony whereof I have hereunto set my hand this 27th day of February, 1877, in the presence of two subscribing witnesses.

JAMES FENTON.
