UNITED STATES PATENT OFFICE.

NATHAN FRYE, OF ANDOVER, MASSACHUSETTS.

DESIGN FOR PATTERN IN SUITINGS.

Specification forming part of Design No. **10,146**, dated August 14, 1877; application filed July 25, 1877.
[Term of Patent 3½ years.]

To all whom it may concern:

Be it known that I, NATHAN FRYE, of Andover, in the county of Essex and State of Massachusetts, have originated and designed a Pattern in Suitings; and I do hereby declare that the following is a full, clear, and exact description thereof, reference being had to the accompanying photographs, which form a part of this specification.

A represents ground of pattern, and is striped at regular intervals by three narrow stripes running warpwise.

B represents two narrow raised bars formed by the weft, woven at regular intervals, and

in such a manner as to form octagonal spaces, the whole having the effect of stripes, either warp or weft wise, and showing warp and weft in any colors desired.

I claim as my invention—

The above-described design, as shown by accompanying photograph.

In testimony that I claim the foregoing as my own I have hereto affixed my signature in presence of two witnesses.

NATHAN FRYE.

Witnesses:

CHARLES H. FRYE,
SAMUEL RAYMOND.
