UNITED STATES PATENT OFFICE.

NATHAN FRYE, OF ANDOVER, MASSACHUSETTS.

DESIGN FOR A PATTERN IN SUITINGS.

Specification forming part of Design No. **10,157**, dated August 21, 1877; application filed July 25, 1877.
[Term of Patent 3½ years.]

To all whom it may concern:

Be it known that I, NATHAN FRYE, of Andover, in the county of Essex and State of Massachusetts, have originated and designed a Pattern in Suitings; and I do hereby declare that the following is a full, clear, and exact description thereof, reference being had to the accompanying photographs, which form a part of this specification.

A represents ground of pattern, and is perfectly plain, showing warp and weft in any colors desired. B represents narrow bars formed by the weft, and running crosswise, woven at regular intervals, and forming narrow spaces, and which, by their union with

each other, form narrow stripes running warpwise and striping the pattern lengthwise, the whole having the effect of a diagonal chain-weave.

I claim as my invention—

The above-described design, as shown by accompanying photograph.

In testimony that I claim the foregoing as my own I have hereto affixed my signature in presence of two witnesses.

NATHAN FRYE.

Witnesses:

CHARLES H. FRYE,
SAMUEL RAYMOND.
