

D11-160. OR D10,505 EX

No. 10,505

March 5, 1878

# UNITED STATES PATENT OFFICE.

TRUMAN H. BARTLETT, OF BOSTON, MASSACHUSETTS, ASSIGNOR TO EDWARD MILLER & CO., OF WEST MERIDEN, CONNECTICUT.

## DESIGN FOR A STATUETTE.

Specification forming part of Design No. **10,505**, dated March 5, 1878; application filed April 12, 1877.  
[Term of patent 14 years.]

*To all whom it may concern:*

Be it known that I, TRUMAN H. BARTLETT, of Boston, in the county of Suffolk and State of Massachusetts, temporarily residing at Port Marly, France, have invented a new Design for Statuette; and I do hereby declare the following, when taken in connection with the accompanying drawings, to be a full, clear, and exact description of the same, and which said drawings constitute part of this specification, and represent a side view.

This invention relates to a design for statuettes; and it consists in the representation of Washington seated in a chair on a base, as shown in the accompanying illustration.

The chair rests upon a base, and beneath the chair, on the base, are books and a sword. In the chair the figure is seated, one arm resting on the arm of the chair, the other hand on a table by his side, with one leg resting upon the knee of the other, all as shown in the accompanying illustration.

The books and drapery may also be changed or removed, it only being essential to this design that there be the figure shown in the accompanying illustration, and a chair of some character.

I do not broadly claim a design representing Washington as seated in a chair, as such I am aware is not new; but I am not aware of the figure having all parts disposed as shown in the accompanying illustration, and to which this design is limited.

I claim—

The herein-described design for statuette, representing Washington seated in a chair, legs crossed, and arms resting on the arms of the chair, as shown in the accompanying illustration.

TRUMAN H. BARTLETT.
