UNITED STATES PATENT OFFICE.

EDMUND PYNE, OF NEW YORK, N. Y., ASSIGNOR TO THE BIGELOW CARPET COMPANY, OF CLINTON, MASSACHUSETTS.

DESIGN FOR CARPET.

Specification forming part of Design No. **10,708**, dated June 4, 1878; application filed April 24, 1878.
[Term of patent $3\frac{1}{2}$ years.]

To all whom it may concern:

Be it known that I, EDMUND PYNE, of New York city, county and State of New York, have invented a new and original Design for a Carpet, of which the following is a specification:

The accompanying photograph illustrates my new design.

This invention relates to a new design for a carpet, oil-cloth, or similar fabric; and consists in the new arrangement and ornamentation of figures hereinafter described.

The distinguishing feature of the design consists in having the background of the carpet made in two colors, the main background **A** having at regular intervals fields *a a* of other color, said fields being shaped similar to heraldic shields, but without a clearly-defined outline. These spaces *a a* are traversed and embraced by flowers, branches, leaves, and scrolls, as shown.

Between every pair of consecutive spaces *a* extends a large **S**-shaped scroll, *b*, one end of

which, *c*, terminates in a cluster, *d*, of flowers and fern-leaves, while the other end *e* is traversed by a plume, *f*, extending across the carpet. The plume *f* passes through a group of flowers, *g*, as shown, and the **S**-shaped scroll *b* is embellished by smaller scrolls at its sides.

The carpet is furthermore richly decorated by flowers and leaves, which are arranged in connection with the main groups heretofore described.

I claim as my invention—

1. The design for a carpet containing the spaces *a* of different ground color than the remainder of the carpet, and having the clusters *d* of flowers and leaves and groups *g*, substantially as shown.

2. The design for a carpet, substantially as shown.

EDMUND PYNE.
