UNITED STATES PATENT OFFICE.

JAMES W. MILLER, OF NEWARK, AND ISAAC M. MILLER, OF ORANGE, N. J.

DESIGN FOR BUTTONS, &c.

Specification forming part of Design No. **10,830**, dated September 17, 1878; application filed June 15, 1873.
[Term of patent 14 years.]

To all whom it may concern:

Be it known that we, JAMES W. MILLER, of Newark, Essex county, and ISAAC M. MILLER, of Orange, Essex county, State of New Jersey, have invented a new and useful Design for Buttons, Studs, Locketts, Medallions, Pins, Ear-Rings, and Bracelets, of which the following is a full, clear, and exact description, reference being had to the accompanying photographic illustrations, making part of this specification.

A represents a button. B represents a bird on the branches of a bush or tree, bird facing to the right, with wings distended as in the act of flying from the branch. *b b b* represent a portion of the branches of the bush or tree.

c c c c represent a portion of the leaves on the branches, the whole bounded by a circle, surrounded by scroll-work, and inclosed in a square corded or beaded border.

We claim—

The design for sleeve-buttons and other jewelry, composed of the bird B, branches *b b b*, and leaves *c c c c* within a circle and surrounded by a suitable border, substantially as described and shown.
