

128

# UNITED STATES PATENT OFFICE.

ANDREW LITTLE, OF NEW YORK, N. Y.

## DESIGN FOR A FONT OF PRINTING-TYPES.

Specification forming part of Design No. **10,862**, dated October 8, 1878; application filed September 17, 1878.  
[Term of patent 7 years.]

*To all whom it may concern:*

Be it known that I, ANDREW LITTLE, of the city, county, and State of New York, have invented and produced a new and original Design for a Font of Printing-Types, of which the following is a specification:

The nature of my design is clearly shown in the accompanying typographic impression, to which reference is made; and consists of a text letter composed of the heavy portion upon the right and upon the upper side of the horizontal parts, and the lighter portion upon the left, the space between the two being ornamented by a series of short horizontal lines.

The letters A, B, D, F, H, I, K, L, M, N, R, U, V, W, X, Y, and Z are ornamented by the curved line at the bottom, as shown, the line curving from the left to the right.

The letters B, D, G, H, M, N, O, P, Q, R, U, V, W, Y, and Z are further ornamented by the vertical line, as shown, from which proceeds a short line, succeeded by a dot, and this followed by a short line.

The letters C, E, G, O, Q, and T are ornamented by the rhomboidal ornament, as shown upon the left.

The letters A, B, F, H, I, K, and L have the curved termination at the upper left-hand corner, as shown.

The letters C, E, F, H, K, L, and X have the pennated termination at the upper right-hand corner, as shown.

The letters B, D, H, I, K, L, M, N, P, R, U, V, W, X, and Y have the flourish upon the left, about centrally, as shown.

The upper horizontal parts of the D, M, N, P, R, U, V, W, X, Y, and Z, upon the left hand, are continued upward, and very nearly vertical to the horizontal part, and filled in with short vertical lines.

In the lower case the character of the design is preserved.

Having now described my design, what I claim as new is—

The design for a font of printing-type, as herein shown and described.

ANDREW LITTLE.
