UNITED STATES PATENT OFFICE.

GEORGE W. TUCKER, OF WATERBURY, CONNECTICUT.

DESIGN FOR PULLS FOR DRAWERS, &c.

Specification forming part of Design No. **10,920**, dated November 19, 1878; application filed November 8, 1878.
[Term of patent 7 years.]

To all whom it may concern:

Be it known that I, GEORGE W. TUCKER, of Waterbury, New Haven county, Connecticut, have invented or produced a Design for Pulls for Drawers, &c., of which the following is the specification:

The nature of my design is fully represented in the accompanying drawing, to which reference is made.

A is the plate or shield, having the outline shown serrated at the upper edge *x*, having a stud, *a*, and ornamented on the face by a representation of a saddle, *p*. To a cross-bar, *i*, connected to the stud *a*, or passing through the same, is attached the handle B, made in the form of a horseshoe, and ornamented by indentations *t*, as shown.

I claim—

1. The design for the plate *a*, having the

form of a shield with serrations *x* at the top, substantially as shown.

2. The design for the plate A, having the stud *a*, and ornamented by the representation of a saddle, *b*, substantially as shown.

3. The design for the ornamental handle B, having the form of a horseshoe with indentations *t*, substantially as specified.

4. The design for a pull having the shield A, ornamented as shown, and handle B, in the form of a horseshoe, suspended from the stud *a*, and ornamented as shown.

In testimony whereof I have signed my name to this specification in the presence of two subscribing witnesses.

G. W. TUCKER.
