

D23-346

EX

D7463

OR D 10,941

Cut 192.

UNITED STATES PATENT OFFICE.

NICHOLAS S. VEDDER, OF TROY, AND TOBIAS S. HEISTER, OF LANSINGBURG,
NEW YORK, ASSIGNORS TO SAID VEDDER.

DESIGN FOR STOVES.

Specification forming part of Design No. **10,941**, dated December 3, 1878; application filed November 15, 1878.
[Term of patent $3\frac{1}{2}$ years.]

To all whom it may concern:

Be it known that we, NICHOLAS S. VEDDER, of the city of Troy, in the county of Rensselaer and State of New York, and TOBIAS S. HEISTER, of the village of Lansingburg, in said county and State, have jointly invented and produced a new and original ornamental Design for Stoves, of which the following is a specification, reference being had to the accompanying cut, print, or engraving of a stove having our said new design.

One part of this invention is the design for the top A, consisting of the ornamental border-molding *b* and the oval convex portion *c*, having thereon the series of ornamented six-sided panel-borders *d*, inclosing the compound ornaments *e*, all shaped and arranged together substantially as shown in the aforesaid print.

Another part is the design for the front corner pilasters, B, consisting of the upper compound ornaments, *f*, the lower scroll ornamentations, *g*, and the intermediate compound ornaments, *h*, all shaped, arranged, and connected together as shown in the aforesaid cut.

Another part is the design for the upper front door, C, consisting of the outer scalloped molding, *i*, outer panel, *j*, the raised angular ornamental panel-border *k*, and the central floral ornament, *k'*, all shaped and arranged together, as represented in the aforesaid engraving, with or without the linear ornamentation *j'*.

Another part is the design for the end door, E, consisting of the convex outer molding, *s*, having the scalloped edging *s'*, the panel *t*, having the incut ornamentation *t'*, and the inner

raised ornamental center-piece, *u*, all shaped and arranged together as represented in the aforesaid cut.

Another part is the design for the legs, consisting of the concave molding *v*, panel *w*, having therein the ornament *x*, and the downwardly-tapering curved portion *y*, having therein the ornamentation *z*, all shaped and arranged together, on and in the horizontally-convex surface of the leg, as shown in the aforesaid engraving.

We do not claim the design for the vase at the top.

What we claim as our invention is—

1. The design for the top A, consisting of the parts *b c d e*, shaped and arranged together as described.
2. The design for the pilasters B, consisting of the combined ornaments *f, g*, and *h*, as shown and described.
3. The design for the upper front door, C, consisting of the parts *i, j, k*, and *k'*, as shown and described.
4. The design for the end door, E, composed of the parts *s s', t t'*, and *u*, as shown and described.
5. The design for the legs, consisting of the parts *v w x y z*, all shaped and arranged as described.

In testimony whereof we hereunto set our hands, in the presence of two subscribing witnesses, this 12th day of November, 1878.

NICHOLAS S. VEDDER.
TOBIAS S. HEISTER.
