

No. 11,045

March 4, 1879

UNITED STATES PATENT OFFICE.

ALFRED HEALD, OF PHILADELPHIA, PA., ASSIGNOR TO HUGH MCCALLUM,
ORLANDO CREASE, AND ANDREW J. SLOAN, OF SAME PLACE.

DESIGN FOR CARPET-PATTERN.

Specification forming part of Design No. **11,045**, dated March 4, 1879; application filed January 18, 1879.
[Term of patent $3\frac{1}{2}$ years.]

To all whom it may concern:

Be it known that I, ALFRED HEALD, of Philadelphia, Pennsylvania, have invented a new and original Design for a Carpet-Pattern, of which the following is a specification:

My design for a carpet-pattern is fully shown in the accompanying photographic illustration.

The design consists, essentially, of square figures A, separated from each other by bands B. Each of the figures A is ornamented by a broad foliated band, *a*, extending diagonally across it, the two remaining corners of the figure containing scroll-like ornaments *b* and squares *d*. The bands B have stripes *e* at each edge, and small central figures, *f*, arranged in line between the stripes, and, where the bands cross each other, square figures *g* are formed, each of these figures being composed of a number

of smaller figures or spots of a character too clearly shown to need description.

Irrespective of the colors employed, I claim—

1. The design for a carpet-pattern, comprising the diagonal band *a*, scroll-like ornaments *b*, and squares *d*, as shown and described.

2. The design for a carpet-pattern, comprising the stripes *e* and figures *f* and *g*, as shown and described.

3. The design for the carpet-pattern, comprising the figures A and bands B, as shown and described.

In testimony whereof I have signed my name to this specification in the presence of two subscribing witnesses.

Witnesses: ALFRED HEALD.
WILLIAM J. COOPER,
HARRY SMITH.
