Waldorf schools are nonprofit organizations that are not created for the financial benefit of any individual, so their founding must also have an element of selflessness rather than being created to benefit certain children and their families. We know this can be a difficult thing to hear, but the pace of development is probably the single greatest factor in determining the future strength or weakness of a school. A weak, hastily built foundation remains with a school for its lifetime, and one sees the effects of it again and again. We all want schools that will flourish and thrive, and it's quite possible to found such schools if one works hard and does not rush.

GREEN MAN ( LION KING LEO SUN) + FAIRY QUEEN

= TUATHA de DANA AN ( DANU + AN) veryfairystory  
<http://8thfire.biz/veryfairystory.htm>

Mother goddess. Danu or Ana was the mother of the race of Tuatha Dé Danann. Danu was goddess of fertility and the earth. Some believed that Danu and Ana were separate entities, even both are mother goddesses. Danu was widely worshipped mother goddess throughout Europe. She was known under various names, such as Danu, Dana and Anu in Continental Europe and Ireland.

In Wales, she was called Don. Danu married her consort Bilé (Bile), and was the mother of Dagda, who was the chief leader of the Tuatha Dé Danann.

With Dagda, Danu was also the mother of Ogma. Danu was also known by another name – Brigit. Here, as Ana or Brigit, she was known as the daughter of the Dagda.

- After the Milesians defeated the Dananns, the Dananns either retreated to Tir na n-Og ("Land of Youth") or they continued to live on the land with the Milesians, but their homes (subterranean palaces) were hidden by magic from the eyes of mortals. Their homes were commonly called Sidhe (síd or sídh) or the Otherworld. Tuatha Dé Danann = "People of the Sídh".

In the Otherworld, the Danann remained young and seemingly immortal. Immortal in the sense, they can live a very long life and remain young, but they can be killed and destroyed, just like any mortal.

(It should be noted that the fairies in Celtic myths (especially Irish, Welsh and Arthurian myths) had nothing to do with tiny pixie with wings that are found in folklore and children fairy tales, like Tinkerbell in Peter Pan or the Fairy Godmother in Cinderella. The fairies found here were human with supernatural power. Modern interpretations of fairies tend to prettify them, particularly during the Victorian period (19th century) in Britain.

In early Irish and Welsh literature, they could be tall or short, beautiful or ugly. They can be benevolent beings, but at other times they can be frighteningly cruel or malign.

[11/30/2012 12:10:58 AM] Dana Horochowski: Hi Dana, I asked my angels if Obama was the Waterbearer Aquarian of the Aquarian Age. They confirmed that this was so. They said that he is hampered by the cabal at present from doing more good, but the opportunity would come later in his presidential term to exercise more authority. Peter said he knows he is a wizard. It's becoming apparent. He outwits his opponents at every turn. He goes into a private setting, invokes silence, seeks no advice, is his own man. The Chinese can't read him. He's more inscrutable than an Oriental. The spiritual advisor said that at some point the leaders would eventually turn to Obama for counsel and advice in sorting out various messes concerning world affairs. He will everge as the world leader in essence. He is a good man. The angels confirmed this. I was wrong about the

Obama/Osama theory. They also said that the Chinese would not be permitted to proceed with their world domination plans. The E.T. ships would intervene and prevent this from occurring. They will render their weapons systems impotent.

Their ships will start showing up with greater frequency. Eventually, when the time is right they will make their presence known.

I had this Asian elitism. The Chinese and the Koreans are the worst. Predator cultures. All they care about is status. They have no integrity and no raison d'etre, no higher ideals, and no real goals. <http://edition.cnn.com/2012/11/25/world/asia/china-ivy-league-admission/index.html>

I believe the prophecies of Gang Il-san, a Korean prophet and he predicts World War III will start on the Korean peninsula and will only last 3 days, because it will be halted by a mysterious disease, which is radiation poisoning. He said it would destroy the spirit cord of humanity, which refers to the DNA. We'll see as far as Obama is concerned. I don't know what to think.

### Exposing the Liar and Fraud, Ed Chiarini

I have to say the interview we did last night with Ed Chiarini (aka Dallasgoldbug) was quite entertaining and satisfying because justice was done! We confronted him so hard with so many people that he hung up on us! In the chat after he hung up, he said he didn't have time for the show but he had time to sit in the chat for another 40 minutes!

### The Reason Ed Chiarini Had To Exposed by LNM

Michael Vara and I felt really bad about giving this man a venue on our show earlier on January 6th when he was mostly talking about actors being used in the OWS protests. We knew some of the OWS protestors were paid stooges so we let Ed on our show to see what evidence he had. At that time, we let him talk because his material was very new to us and as you will see Ed is a really fast talker and master manipulator. Once we did further research on Ed after the show, we immediately pulled the show with Ed on it so

that nobody could ever hear his lies again from our system. One thing we have always told our listeners is that when we make a mistake and find out about it, we will correct our mistake and let you know that we were wrong. Nobody goes to school on how to deal with professional liars after all. We have to learn as we go just like everybody else.

Once we discovered that Ed had recently begun viciously attacking all the major players in the alternative media such as Alex Jones, Ron Paul, Mike Adams, Jeff Rense, Project Camelot and many more we knew that we MUST expose Ed Chiarini once and for all. As you will hear in the attached interview, that's exactly what we did!

Michael Vara planned it and played his part of peacemaker very well at first so Ed would go ahead and get out his story once again before the real fireworks started. I knew I couldn't sit on my hands while Ed did his best to destroy the reputations of good people spreading the truth so I stayed on hold until it was my turn to rebuke him.

When it was my turn to ask the questions, the first question I asked Ed Chiarini was a simple one. Do you believe in God? He wanted to know what God so I told him the God of the Holy Bible! Finally replied No, but he believed in a higher power. There actually is no higher power than God but the Devil wants you to think so! The reason I asked whether Ed Chiarini believed in God is that I want to see the mindset of who I'm dealing with when I believe they are breaking God's laws given to us in the Bible It's a very important question and one that needs to be especially asked of anybody that is holding themselves in a position of authority as Ed Chiarini has done. You better be 100% sure that somebody is a BAD man or woman when you set out to destroy their reputation because you can't take that stuff back and as Ed is finding out, some people will take the trouble to sue you for it and there are other consequences for your soul that go far beyond the court system!

**Thou Shall Not Bear False Witness Against Thy Neighbor!**

People that truly believe in God will do their very best to follow Godly principles such as not lying. God doesn't like liars. In the Bible, number 9 on the list of Commandment from our creator says, "Thou shall not bear false witness against thy neighbor". For fun, I asked him whether he would be willing to bet his eternal soul to burn in the lake of fire that everything he has said about all these people is 100% accurate! I told him to be very careful before he answered that question!. Ed didn't like that question very much at all

and neither did the few satanic sheep that followed him to our show. Finally, he said that he would not be punished by God if he believes he is telling the truth and since he believes it to be true, he has no fear. Ed actually claims he is an atheist in his Myspace profile which doesn't match what he said during the interview.

By the way, here are some other things that don't make sense about Ed Chiarini. By his own admission, he has no paying job right now and he is broke so how does he afford to give away DVD's and attend all these Occupy protests all around the country? Michael and I can't afford to do this and we have a much bigger audience and website. Who is paying him to attack anybody credible in the alternative media? Why could he not admit on air that Alex Jones did ANYTHING good to wake up people? Why did he say that the TSA has never molested anybody when everybody knows this is an absolute lie? Why would the new world order have Mike Adams on their payroll when he is telling people how to get healthy with natural cures? This is the opposite of what the new world order forces wants! They want you eating GMO and dying of cancer that they give you! Why would the new world order have Alex Jones on the payroll when he tells many of their secrets that is causing them major problems and is in fact on their list of dangerous people! Oh and of course, he attacked Sheriff Arpaio who he says is a paid actor to cause confusion about the birth certificate which of course to him is a non issue! He even said that David Wilcock was the same actor that played Presidential candidate Gary Johnson when they look NOTHING alike! He also says Alec Baldwin is Sheriff Mack – again not even in the same universe! I could go on and on but you can see the website for yourself and have a good chuckle at how outrageous it has become now.

Michael Vara repeatedly tried to ask him that since all the main people out there are actors according to him, then WHO could we trust? Of course, Ed Chiarini had no answer for this because that's not his job in my opinion. He never even answered that question but instead deflected to something else as he did repeatedly all night. If anything this is a great interview on how the mind of a Cointelpro agent works. I believe that there is a 99.9% chance Ed is a Cointelpro agent of our government. There is a .1% chance that he is so gone mentally that he actually believes his own lies. I can say that these are the only two possibilities because I know 100% that I'm not related to John Walsh and neither is Michael Vara! I can prove this in a court of law easily! Oh by the way, within 2 hours of our show where he got outed by Dr. Len Horowitz he had posted that Dr. Horowitz was one of the actors too and now says that he is Michael's father and part of the Walsh family also! You really can't make up this stuff! The just lies keep getting bigger and bigger! I don't trust one thing this man says because if the devil lies to you once he will lie to you again and again!

Logic Doesn't Matter to Ed

We still can't believe tht Ed actually had the gall to drag John Walsh into this mess and this will be his big mistake! Needless to say this will not end well for Ed Chiarini since he has now libeled Michael Vara and brought in John Walsh who absolutely is not going to want this family's name drug through the mud either. I know if I was John Walsh I would do everything in my power to stop this nonsense and I believe John Walsh will stop Ed Chiarini's nonsense for good soon!

Ed calling all the good people of the alternative media bad people is the same kind of logic that got Jesus Christ crucified. I guess back then somebody like Ed Chiarini was saying "Jesus is the BAD man, he's curing the sick and telling others how to pray to their Creator, kill him immediately!"

Michael and I created our websites at [www.latenightinthemidlands.com](http://www.latenightinthemidlands.com) as well as Nsearch Radio with tons of hard work and dedication to the cause. We do this because it's the right thing to do and certainly because of the money because we haven't made any in years now! Between the sites we have well over 12,000 members, many of which are spreading the truth about the new world order, free energy, and natural cures! We are the GOOD guys and Ed Chiarini is one of the very bad ones that try to hurt the c...

Hey Dana :3

Thank U very muchly for the friend request, I am already familiar with some of your work/knowledge re. some of your youtube podcasts via Canada street news. You are extremely switched on & highly intelligent - i havent checked out what U have been saying of late though & what a timely reminder to do so now lol if I remember correctly, i think U said in one of your last reports a while back that U would be offline for a while re. these reports

I am currently in Sydney, Australia.

Very pleased to meet U & again, thanking U kindly :D

I totally concur Dana-am sending U this in private so Michelle doesnt see me 'like' ur comment....I think she is being astral tagged. I have spent some time talking with her on skype. I have asked her about her 'Theta' celestials to see what she really consciously understands of these things & quite a few other things. I'm waiting for the right time to inform her more on the Fallen angelic 'Thetans' & the Theta stargate #1 in the Orion system.

I already told her she was WARshipping Pindar and Draken and she unfriended me. HAHA

May 2006 Workshop Phoenix. April 2006 Workshop

FOL, London 2006

(Thetans - Threshold Technology - Serpent Spiral - Death Star)

ThEtans

A Fallen Angelic group. Identified as the "ThE-tans-Fallen Lyrans" (re: USG-1 Theta Orion's Sword) They are called the Thetans because they originally came from the Theta Orion Sword system.

They are important to know about as they are the group who originally shattered the Tauren in Density 3 to create the Demon Seed. They are from the Wesadrak family line and are affiliated with several new age groups on the planet.

The Gravitron, a part of the BeaST machine, was first seeded in Density -3 570MYA by the Budhara-Shan- Tar-EL Metatronic Races (see: Fall) and continued by the ThE-tans.

(Festival of Light - UK 2006)

The Fallen-Lyran-ThE-tan collectives have spent much of their time in the last 150BY in "exile" within a fallen "Reptizoid" black-hole in another Veca.

The ThE-tans hold a dominion agenda pertaining to future invasion of "Sovereign-Cal-Fall territories" after our "Krystal Spiral Ascension People" have naturally shifted out of this drama.

They are presently "setting their stage for the future" and "harnessing head-count" among falling-soul- groups for their intended future-stand against the Budhara-Wesedak-Andromie Coalitions that are the remnant of the UIR after the recent "mass exodus into Host-options" chose by many UIR defectors (mostly Anu See; Annu-Elohim).

In pursuit of their future agenda of "Budhara-Wesedak-Andromie" combat, the new ThE-tan-Wesedrak "FALL-iance" is presently "going after" and attempting to harness the Tribal-shields of several large Anu-descent collectives that have recently defected from the UIR in favour of the Kristiac Guff-Host path enabled by the MCEO-HHCC; the ThE-tans hope to "ensnare" these "floating Anu" shields before they can successfully anchor and hold the Guff-Host frequencies.

It is a large drama, involving huge portions of Anu-Tribal-Shields, including those holding a "critical mass" of large Anu-collectives such as Galactic Federation, Ashtar Command, GWB, the Enochians, Thothian, Jehovahians and the "Kudmons" to name a few.

Portions of these collectives have accepted Emerald Covenant Restatement for the Krist-Guff-Host via agreements made "off-planet" with MCEO-HHCC.

The ThE-tans consider the potential loss of the "energy quantum" in "Light-Quotient" represented by these Anu Krist-Guff-Host groups to be a threat to their intended "future force potential", and so our Indigo Mission of assisting in creation of this HHCC-Host-option on Earth is "getting in the way of" the ThE-tan intentions.

August 2009 - Keylontic Dictionary - Page: T-5 ThEtans (Cont)

Though the ThE-tans are known for having "very bad tempers", they are NOT known for being "stupid", and so they will not ever engage direct "stand-off" with ANY Inner-Hub Eternal races, especially the HHCC, nor with any groups "within the safety of the HHCC Host-shield".

Thus the Indigo Shield of Earth is presently quite protected from any "direct wrath of the ThE-tans".

Though Earth-Indigo races now operate under the protection of the Eternal-Inner-Hub domains (since Nov. 2005 Evac Edict), and we are fully advised to remain politically neutral throughout the course of Earth's Star-Fire Cycle, there Is One Thing pertaining to the current "ThE-tan Drama" that MCEO Indigo need to be, and HHCC IS, "concerned about".

In simple terms, this "One Thing of concern" is called the "ThE-tan THRESHOLD Technology". It is because of the ThE-tans recent March 21-28th ,2006 Activation of the "The Threshold" (as the ThE- tans call it) that our original MCEO "Tauren Light-Seed Activation Part-2" was extended "36 + 1 Days" from March 1st to April 3rd+, 2006, and it is because of The Threshold Activation that Earth/Urtha is NOW engaging Expediated TaKEYon Cycle Initiation, about 9-Years 2-months early.

On March 21-28, 2006 the ThE-tans launched THRESHOLD ACTIVATION intended for Atomic- harness effects.

(Posting to Tenerife MCEO Grid Keepers Workshop Participants- April 4, 2006)

Triggering the Threshold spiral or Serpent Spiral leads to the formation of the Death Star, a powerful electromagnetic hexagonal "Sextant" crystal harness that transforms the entire Crystal Body, Light Body and anatomical structure into irreversible Metatronic Black Hole status.

It is critical to activate the Aurora Force to counteract the overwhelming effect of the Threshold spiral progressive activation.

(Mount Shasta. May 2006 Workshop)

The Threshold spiral is called "Threshold" because it is a grid that forms at the threshold between the atomic and etheric system and harnesses the Living Crystal..  
[11/30/2012 9:54:16 PM] Dana Horochowski: The Threshold spiral is called "Threshold" because it is a grid that forms at the threshold between the atomic and etheric system and harnesses the Living Crystal Spiral around the 'time' the Winds of Allah- AllA are activated, shifting them into a reverse Metatronic configuration.

It can therefore harness EVERY molecule in the Universe, because it attaches AT the etheric-atomic interface/barrier. It is keyed to the Wesedrak Black Hole matrix but is controlled by the ThE-tans.

The ThE-tans have many 'representatives' here on surface Earth in a well organized movements. The Threshold Spiral is also called the Serpent Spiral and is directly keyed to the Golden Mean spiral.

The Serpent Spiral doesn't HAVE a core of its own and it is designed to attach to the Living Crystal spirals - Ascending Crystal Spiral - in order to survive.

(Phoenix. April 2006 Workshop)

75 Million years ago there was an attack from the ThE-tans and that period is known as "The Reign of the ThE-tans.

(FOL, London 2006)

Demon Seed References

Festival of Light - UK 2006

(Bug Eyes Balls)

What we have been experiencing as light here has been phase-locked light created not by our Tauren but by what is called the Demon Seed. (See: Fall)

Throughout history we have had progressive attacks on the Taurus (pronounced towers), where the Taur core trinity light unit - Tauren - has been shattered, turned upside down (which creates what is known as bug eye balls), twisted and turned into a six seed core structure called the Demon seed.

The Gravitron vortex networks was linked between our Sun and Earth twisting the Tauren up side down in a unnatural configuration called Demon seed.

(Festival of Light - UK 2006)

The Demon Seed does not allow for a backflow return of energy to and from Source therefore it lives off other systems, as it cannot renew on its own.

The Tauren was shattered by the Thetans and the Demon Seed was first put into our Veca system in Density 3 Gaia during the Gaian Orion wars 570 million YA.

This is why the Amenti Rescue Mission was created. (Festival of Light - UK 2006)

Amenti Mission

References

Festival of Light - UK Dec. 2006

(Amenti Rescue Mission)

The Amenti Mission was about healing Density one and two before full contamination of the Demon Seed came into our system from Density 3.

The Mission was never able to reach fulfillment due to continual infiltration and warring in our Veca System.

The Tauren was shattered by the Thetans and the Demon Seed was first put into our Veca system in Density 3 Gaia during the Gaian Orion wars 570 million YA.

This is why the ARC and Polarian Gate systems were put on line with our Veca system and why humans and Indigos were created as well. It is also why the Amenti Rescue Mission was created.

well, it seems we are already clashing as far as spiritual powers are concerned. your Elijah in CA is Luciferian minion. He is TOO FILTHY to even be some bogus prophet. I dealt with him. He is confused. He does drugs.

He told me that I AM THE BLUE DRAGON. As I told him that I received a prophecy that I am to deliver the Blue dragon's EGG...which is my EGG to the Great Gate at Stone Henge.

This is why he had me connect with you because I was dealing with vampires and he said you were tackling PENDRAGON, the head Druid/Vampire. I came to it because the one I love is surrounded by vampire from Ukraine, musician and he sent telepathic message that they are grooming my love for that. I saw the latest modeling photos and I was concerned because it was oozing with Illuminati stuff.

But in essence, I am the SOURCE INCARNATE, THETA's YIN. I am the one who turns on the power source, and my position on the planet, if you haven't noticed it by now by paying attention, makes it much more credible, because I am (or was, because they have been screwing up everything) in the INSIDE.

I am here to TEACH, GUIDE and PROTECT the CHOSEN ONE...the Prophet of the prophets...and I certainly can vouch my years of experience in spiritual warfare, that your Elijah and many of these things are disinformation. We do not operate in sheer cognitive wavelengths alone.

But I saw you wrote China 888...I am very much connected to that. Even the NUMBER. THETA is 8, but also the things that were planned behind the scenes. I am not allowed to disclose it, but this is exactly what Lucifer has been stopping: MY INAUGURATION. I already knew who the Anti-Christ was...I was being positioned to reform many things, but this is why when "Elijah" Mr. Cygnus/Wade came with so much crap, tried to force me to turn on my powers, and he said MASTURBATING is the key, plus other nonsense and incoherence, I knew then he is not real. I have been groomed and trained enough in supernatural to be able to distinguish when it is human, Celestial, Lucifer, angels, DADDY/THETA, soul that is speaking. This is why purity is a must. Fasting is required. I also don't play with any forms of "magick". Mr. Wade was making me learn witchcraft and as of this point, I have not been given permission by DADDY to delve in those. I know the Ancient prophets who are with me. Enoch did NOT come back. He claim to be talking to reincarnated Enoch LOL!! I am the one the Celestials are ALL BANKING ON, as prophecies given to me since I was 9 yrs, the year I finally got comfortable in my human form, have kept me isolated from Lucifer, but he was given permission to hurt me

as much as he can, just not kill me. I am the one Lucifer wants, due to my DNA as well. My life is the testament to the prophecies. I even have a swordtip birthmark...which is why I am trying to understand more of the prophecy...I am to fashion a real sword to defeat the Reptilians, with a handle of ingredients and my blood. This is the prophecy...and I am figuring out the disinformation from it because one of my prophets saw that the "messenger" was a trickster, who claim to be the Dragon Gate keeper. Another warned me of the "evil" energy on Stonehenge...so it feels like a trap. Then the crop circles. They are mostly in that area. So, I am questioning who is who at this point, but I get a reptilian interview transcript, and I am beginning to understand the Ancient War better than how it fell on my lap 2009-2010. I had to go through crash course, because I was running away from this Calling and the Christians hurt me. I just didn't care anymore...my unconditional love for humanity is always attacked. NOW, I understand. After the FULL REVELATION happened in 2009- 2010 with series of messengers carrying the SAME MESSAGES. I am grateful, though overwhelming, that I finally know who I am. I have lived my life feeling out of place on this planet for many reasons, and why I have always been bullied by demonic activities, seen and unseen, that even my own mother was confused. But the Celestials visited her this year. So the shock has now subsided.

I didn't even think I was the Blue Dragon. This was Wade's...but it makes sense because David Rockefeller asked to marry me before...and..

I didn't even think I was the Blue Dragon. This was Wade's...but it makes sense because David Rockefeller asked to marry me before...and delivering my EGG to Stonehenge, (the prophecy said I am to get it to the portal...and the EGG will destroy the Reptilian civilization, etc), many things going on, thus the Libya and Syria case. They took my UN Mentor/ a British royal (I am royal too), but he is not for New World Order, so he was secretly positioning me to be untouchable.

Anyway, many things here you wrote needs for my fasting and praying for discernment...but I also can discern now and I am not accepting it all because it is still New Age laced.

THETA TEAM is a different breed. I am here to keep them hidden and safe, and I am the public face. The war is between the bloodline of the Pharaohs and the prophets. Then you got the other force meddling in between.

I am given 2 years or so to change the course of history and this is why I am trying to unite everyone and not waste time anymore. The Evil Side is organized, while the Light Side has no goddam strategy. This is why I am the one with the POLITICAL/MILITARY/MEDIA/COMMUNICATIONS STRATEGY background...but I can see that too many are into their damn egos and refuse to submit to spiritual authority and hierarchy because they all think they are some kind reincarnated prophet, but if you do closer study, they are with the Cult of Saturn. They don't even have real powers. If they got "channeling" abilities, they go quite cocky and do comparison (worse, ask for payment). Prophets are not to behave that way. Not all who have "gifts" are from THETA. Lucifer is an angel of "Light" as well...this is why the LIES are beautiful and charming.

I totally concur Dana-am sending U this in private so Michelle doesnt see me 'like' ur comment....I think she is being astral tagged. I have spent some time talking with her on skype. I have asked her about her 'Theta' celestials to see what she really consciously understands of these things & quite a few other things. I'm waiting for the right time to

inform her more on the Fallen angelic 'Thetans' & the Theta stargate #1 in the Orion system.

I am gagged by a roman catholic mother...I do not speak much in this home, so I stay quiet for now. They mind control her. Lizardo accesses her. Look at my mother's pic and see the resemblance.

## ThEtans

A Fallen Angelic group. Identified as the "ThE-tans-Fallen Lyrans" (re: USG-1 Theta Orion's Sword) They are called the Thetans because they originally came from the Theta Orion Sword system.

They are important to know about as they are the group who originally shattered the Tauren in Density 3 to create the Demon Seed. They are from the Wesadrak family line and are affiliated with several new age groups on the planet.

The Gravitron, a part of the BeaST machine, was first seeded in Density -3 570MYA by the Budhara-Shan- Tar-EL Metatronic Races (see: Fall) and continued by the ThE-tans.

(Festival of Light - UK 2006)

The Fallen-Lyran-ThE-tan collectives have spent much of their time in the last 150BY in "exile" within a fallen "Reptizoid" black-hole in another Veca.

The ThE-tans hold a dominion agenda pertaining to future invasion of "Sovereign-Cal-Fall territories" after our "Krystal Spiral Ascension People" have naturally shifted out of this drama.

They are presently "setting their stage for the future" and "harnessing head-count" among falling-soul- groups for their intended future-stand against the Budhara-Wesedak-Andromie Coalitions that are the remnant of the UIR after the recent "mass exodus into Host-options" chose by many UIR defectors (mostly Anu See; Annu-Elohim).

In pursuit of their future agenda of "Budhara-Wesedak-Andromie" combat, the new ThE-tan-Wesedrak "FALL-iance" is presently "going after" and attempting to harness the Tribal-shields of several large Anu-descent collectives that have recently defected from the UIR in favour of the Kristiac Guff-Host path enabled by the MCEO-HHCC; the ThE-tans hope to "ensnare" these "floating Anu" shields before they can successfully anchor and hold the Guff-Host frequencies.

It is a large drama, involving huge portions of Anu-Tribal-Shields, including those holding a "critical mass" of large Anu-collectives such as Galactic Federation, Ashtar Command, GWB, the Enochians, Thothian, Jehovahians and the "Kudmons" to name a few.

Portions of these collectives have accepted Emerald Covenant Restatement for the Krist-Guff-Host via agreements made "off-planet" with MCEO-HHCC.

The ThE-tans consider the potential loss of the "energy quantum" in "Light-Quotient" represented by these Anu Krist-Guff-Host groups to be a threat to their intended "future force potential", and so our Indigo Mission of assisting in creation of this HHCC-Host-option on Earth is "getting in the way of" the ThE-tan intentions.

Though the ThE-tans are known for having ‘‘very bad tempers’’, they are NOT known for being ‘‘stupid’’, and so they will not ever engage direct ‘‘stand-off’’ with ANY Inner-Hub Eternal races, especially the HHCC, nor with any groups ‘‘within the safety of the HHCC Host-shield’’.

Thus the Indigo Shield of Earth is presently quite protected from any ‘‘direct wrath of the ThE-tans’’.

Though Earth-Indigo races now operate under the protection of the Eternal-Inner-Hub domains (since Nov. 2005 Evac Edict), and we are fully advised to remain politically neutral throughout the course of Earth’s Star-Fire Cycle, there Is One Thing pertaining to the current ‘‘ThE-tan Drama’’ that MCEO Indigo need to be, and HHCC IS, ‘‘concerned about’’.

In simple terms, this ‘‘One Thing of concern’’ is called the ‘‘ThE-tan THRESHOLD Technology’’. It is because of the ThE-tans recent March 21-28th ,2006 Activation of the ‘‘The Threshold’’ (as the ThE- tans call it) that our original MCEO ‘‘Tauren Light-Seed Activation Part-2’’ was extended ‘‘36 + 1 Days’’ from March 1st to April 3rd+, 2006, and it is because of The Threshold Activation that Earth/Urtha is NOW engaging Expediated TaKEYon Cycle Initiation, about 9-Years 2-months early.

On March 21-28, 2006 the ThE-tans launched THRESHOLD ACTIVATION intended for Atomic- harness effects.

(Posting to Tenerife MCEO Grid Keepers Workshop Participants- April 4, 2006)

Triggering the Threshold spiral or Serpent Spiral leads to the formation of the Death Star, a powerful electromagnetic hexagonal ‘‘Sextant’’ crystal harness that transforms the entire Crystal Body, Light Body and anatomical structure into irreversible Metatronic Black Hole status.

It is critical to activate the Aurora..

[1:36:08 AM] Timothy Watson:

I was riding home tonight and I saw a message scrawled in the snow. It was the work of an artist. And then I thought of "snow angels". Remember how we would lie down in the snow when we were kids and make snow angels? That made me think that an angel made the message in the snow. It said "Cervantes Legacy". How weird! Toronto is not exactly a cultural Mecca. There aren't that many literati in the city. The message really struck me. I was once told by a Baconian scholar that Francis Bacon, being fluent in several languages, wrote "Don Quixote" under the pen name Don Miguel de Cervantes. That seems correct to me. That message in the snow seemed directed to me. I guess my job is to carry on the legacy left by Francis Bacon.

There was another message next to it in the snow. It read "MZ Mayhem". The DMZ is the Demilitarized Zone separating North and South Korea. Could this be a warning or prophecy? Is mayhem about to break loose at the DMZ? I have received several warnings about North Korea lately. I think they may do something stupid.

 [9:33:58 PM] Dana Horochowski: Concealed from the knowledge of the majority of  
 people is the fact that the sexual arousal is an expression of the arousal of the life force –  
 Ra. In fact, during the earliest times in Kamitic history, Het Heru was considered the  
 principle female counterpart of the "deity" Ra, and therefore the mother of the deities.  
 Her dominion over the imagination is the rational for this association. The sensations of  
 joy, pleasure (or negative feelings) are expressions of the arousal of the life force, and the  
 images that form the content of the visualization or daydreams (dhyana) are the spiritual  
 moulds (bodies of the deities, and energized thought forms - the "elementals" of  
 European occultism) that guide the physical forces to the realization of their goals.

In her role as the imaginative faculty she is Nebt-Het, the Lordess of the House. This  
 house, of course, is the spirit. This can be easily understood from the fact that all spiritual  
 must be carried out through the concentration on images in a state of trance. Images +  
 aroused life-force (Ra) + trance (mediumistic or waking) = spiritual realization (mundane  
 or spiritual). Whoever remembers this formula, observes Maat, follows Tehuti, identifies  
 with Ausar, will achieve all his needs in heaven and on earth.

In her role as the imagination she is also the "Eye (utchat) of Heru". That is, the eye of the will, or simply, our ability to visualize what we want to achieve. When the Kamitic texts say that the deities whose bodies are composed of light nourish themselves on the celestial light supplied to them by the Eye of Heru, they are referring to the subtle luminous matter out of which our images are formed.

[9:47:45 PM] mark standley: The practice of having female companions for meditation is called " the union of voidness and happiness" or the union of the two polarities (yab-yum) <http://www.surrenderworks.com/library/imports/esotericbuddhism.html>

[9:49:45 PM] mark standley: Sex is part of meditation practice in the Esoteric. How pure is man's mind! Keeping away from lust will restore him! and keeping away from lust means conquering it with another form of lust."

[9:51:09 PM] mark standley: Sex is shrouded in mysticism and given the role of "conquering lust". It becomes a mean by which the follower??! of the Esoteric Buddhism can achieve self-purification of his nature. According to the Esoteric Buddhism, "the attraction of lust will draw one into the realm of the wisdom of the Buddha", that is, by means of carnal love the bodhisattva leads one to liberation.

[9:51:44 PM] mark standley: This accounts for the fact that the Esoteric Buddhism treats women as offerings. What "The Collected Works of Buddhism Literature" terms as "love for offerings": refers to the love for women. This theme is repeated in the Mahavairocana-sutra, which says, "Satisfy the desire for sex so that all beings will Bee ""HAPPY""!!!"

[12/5/2012 10:14:41 PM] Dana Horochowski: Het-heru expects her family to provide the security and protection that are necessary for her equilibrium and well-being. She is an easy-going and sociable individual who enjoys life's pleasures and communicates with

ease, charm, diplomacy and humor. The association of the karmic 2 with the 22 is not at all easy to live with, because the former tendency can cause her to be fragile, timid and inclined to dependency; whilst the latter pushes her to great, even grandiose achievements. She could either attempt to achieve her goals by developing her strengths of perfectionism, patience and determination (although that is not to say that things will be plain sailing, and she remains susceptible to anxiety), or she could choose to escape into her inner sanctuary of daydreams and imagination, indolence and indecision, perhaps finding solace in a lover's arms to compensate for her lack of ambition.

[12/5/2012 10:20:59 PM] Dana Horochowski: As a child, she can be somewhat temperamental and overemotional, although she is usually quite timid, very impressionable and dependent on her environment. It is imperative that she learns to be autonomous and responsible as early as possible, her parents can help her to feel secure by always telling her the truth. They should be careful not to be over-protective though, because this child knows how to soften you up, and you could be tempted to indulge in her every whim just to avoid the drama of tears or hysterics when she doesn't get her way. This would be a huge mistake and would only contribute to the exacerbation of these latent tendencies and further infantilize her. Het-heru requires a lot of love and affection, and if it isn't forthcoming, she may find other, much less healthy ways to attract her parents' attention

[12/5/2012 10:22:05 PM] Dana Horochowski: What does she like?

She likes getting together with others, to cooperate and collaborate, and emotional support has a springboard effect on her. Love is obviously essential to this emotionally focused female, who often denies her emotional needs. The karmic 2 is often a clue to impatience and can make romantic relationships quite difficult (her active number 42 is already indicative of familial strain). There are two distinct possibilities: either she becomes the perfect housewife and fulfilled mother on reaching maturity; or indeed she rejects motherhood and remains somewhat immature, relying a little too much on other people.

[12/5/2012 10:39:12 PM] Dana Horochowski: he mighty Archangels are very powerful spiritual beings. It is said that they predate us by millions of years and that they were our first teachers on the spiritual path.

Traditionally there are seven Archangels, who are assisting humanity at this time. Most religions and cultures recognise Michael, Gabriel, Raphael and Uriel (some say Ariel), whilst the names of the other 3 archangels vary.

<http://www.touchedbylight.co.uk/Pages/Angels/archangels.htm>

[12/5/2012 10:40:39 PM] Dana Horochowski: There are many other mighty archangels that exist to help and many thousands are being drawn to the Earth at these times, from distant universes.

They are architects and mighty healers working at a cosmic level, helping us with every project on the earth from the smallest to the largest. They are not restricted by our laws of time and space and can therefore appear and help in many places at the same time. They follow Divine Law and so are unable to interfere with the free will on man. We must ask them for assistance.

Each Archangel radiates unique Divine qualities associated with a particular ray of spiritual light, which focuses on the chakras (energy centres of the body). They also have a divine partner or twin flame known as an Archeia. Each has a retreat in the etheric above the earth, where we can ask to be taken in sleep or meditation, for learning and guidance.

[12/5/2012 10:41:01 PM] Dana Horochowski: Archangel Raphael

His name means 'God has Healed'.

He works on the fifth ray (emerald green) of harmony.

Archangel Raphael is the angel of healing, harmony and abundance. He can be invoked to bring healing into a situation, calling upon his emerald green cloak to be placed around someone for their highest good.

He is also the angel of travellers, helping them on their journeys and keeping them safe. Ask for him to oversee your travels, whenever you embark on a journey. Or request he travel with a loved one, such as a child walking to school. He helps bring forth the qualities of truth and vision and so enhancing your sense of justice,

He works with the brow (third eye chakra)

His twin flame is Mother Mary

His etheric retreat is in Fatima, Portugal.

[12/5/2012 10:41:24 PM] Dana Horochowski: Archangel Uriel

His name means 'Fire of God'.

He is working on the sixth ray (purple and gold) of devotional idealism.

Archangel Uriel brings wisdom and peace. Can upon him to enfold situations or countries that are in disharmony. He will respond with his legions of peace angels to flood an area with loving qualities, helping to finds serenity, brotherhood and sisterhood.

He works with the Solar Plexus chakra, where we feel our emotions and in particular fear. Invoking him can calm jangled emotional state and soothe fears, bringing peace into our lives.

BRUTAL BLOODY FACTS, METHODS & IMPLEMENTATIONS OF THE MESSIANIC GOALS FOR HUMANITY BY "NEW WORLD ORDER" ARE PRESENTED IN THE FOLLOWING FOOTAGE. But when these men had entered it, and found it suitable for a revolt, they chose a ruler from among the priests of Heliopolis, whose name was Osarsiph [9]. It was also reported that the priest, who ordained their polity and their laws, was by birth of Heliopolis, and his name Osarsiph, from Osyris (OSIRIS), who was the god of Heliopolis. <http://www.reshafim.org.il/ad/egypt/m...> HISTORICAL

FACTS: Rabbi Kaufmann wrote in "The Biblical Era" book, that "The foundations of the Hebrew/Jewish religion (& THE FOUNDATION OF THE NWO) such as myth of the Creation, devotional exercise, order of the clergy, prophecies, psalms, code of laws and morals are inherited from the traditions of the Middle East (See Appendix #4). The New Testament was written in the 4th century AD in Greek language and translated to Latin in the 6th century AD. They were the "Codex Sinaiticus" and the "Codex Vaticanus". In order to legalize the "new religion" and establish the priesthood and church hierarchy, bishop Eusebius of Caesarea (260 to 340 AD.), a Church historian made an appropriate selection of parts of the Hebrew Canon of scriptures, known as the "Old Testament" and integrated them into a carefully revised collection of Christian writings, known as the "New Testament". The early Church Fathers accepted them in 325 AD at the first Council of Nicea (in Turkey - modern name is Iznik) and the combined books became the "Holy Book" of all the Christian Churches. (See Appendix #5) The legend of the King Solomon's Temple is in the adopted Hebrew scriptures, called the "Old Testament". We have to look back into history if we want to find out the truth.

[11:15:08 PM] Dana Horochowski: Ra vs RA SET

[11:15:57 PM] mark standley: I must restart my pc now, back soon

[11:16:05 PM] Dana Horochowski: The first written Torah-Tanach dates 1008-1010 AD and is called Codex Leningradensis or Leningrad Codex. Before that there were not written alleged Hebrew Scrolls, thus "Codex Sinaiticus" and the "Codex Vaticanus" are pure hoaxes for the profane. Alleged OLD TESTAMENT WAS WRITTEN OR COMPILED LATER AT THE SAME TIME (OR LATER) AS NEW TESTAMENT.. The name of Solomon is made up of the three ancient Sun names: The Roman SOL, the Hindu OM, and the Chaldeo-Egyptian ON. The architecture and the inside arrangements of the allegorical Solomon Temple were undoubtedly borrowed from the Egyptians and described it in the Hebrew scriptural book. His "Holy Temple" has gone down in history as one of the greatest of all buildings, yet according to specifications it was small indeed, only about 40 x 120 feet. Compared to other ancient Temples, this one was insignificant. Consider Nagkon-Wat in Cambodia, for instance. It is 769 x 588 x 250 feet, elaborately carved and columned. In the stonework there are approximately 100,000 figures, one picture occupying 240 feet. King Solomon's Temple was a poor imitation of the Great Sandstone Temple of "Horus" near Edfu in Upper Egypt. According to the Old Testament, Solomon's Temple was surrounded with spacious courts. In the court of the priests was an altar. From this court 12 steps ascended to the Temple, which was divided into three parts: the Porch; the Sanctuary and the Holy of Holies. The Temple of Edfu has the same arrangement. King Solomon's Temple was 120 ft. long and 40 ft. wide and it was completed in 957 BC. Temple of Edfu is 450 ft. long and 150 ft. wide and it was built around 1,300 BC. It has two tall obelisks at the Porch. King Solomon's Temple had two pillars at the Porch. The right pillar was "Jachin", which means: "to establish" and the left one was "Boaz", which means: "in strength" and also transliteration of word BACCHUS AND BACCHUS IS OSIRIS. The Hypostyle Hall of the Temple of "Osiris" in Abydos, Upper Egypt has two pillars at the entrance. The right pillar is "Tattu", which means: "to establish", and the left one is "Tat", which means: "in strength". The Temple and the Hall were built around 2,500 BC. The Ark of the Covenant in King Solomon's Temple had exactly the same dimensions as the baptismal font in the King's chamber of Khufu or

Cheops pyramid at Gizeh, near Cairo. The pyramid was built between 3,733 and 3,700 BC. According to the Old Testament, King Solomon's Temple originally was built on very hard rock on Mt. Moriah. Its foundation was laid very deep. The Temple was destroyed by Nebuchadnezzar II of Babylonia in 586 BC.

Heru (The Solar Horus - Atum Ra) and his Twin Flame, the mighty Creator Goddess Sekhmet, have long been active in assisting Humanity and the evolution of this Planet. Sekhmet was known as the Lion Goddess in Egypt. She has also appeared as the Goddess Durga in India, and as the White Jaguar Lady in Central America, and as the Lion-headed Dakini Senge Dong-Ma in Tibet. She has asked that we refer to her as Durga/Sekhmet, to

honor both of the major traditions in which she has appeared. Heru was known in Greece as Apollo and in India as Satyanarayana, Lord of Truth. Each of these aspects reveals a different facet of the Being in question....

listen to the words of my mouth. 3 Strangers are attacking me; ruthless men seek my

4 Surely God is my help; the Lord is the one who sustains me. 5 Let evil recoil on those who slander me; in your faithfulness destroy them.

## The Medici Family

The Medici family of Florence can be traced back to the end of the 12th century. It was part of the patrician class, not the nobility, and through much of its history the family was seen as the friends of the common people. Through banking and commerce, the family acquired great wealth in the 13th century, and political influence came along with this wealth. At the end of that century, a member of the family served as gonfaliere, or standard bearer (high ceremonial office) of Florence. In the 14th century the family's wealth and political influence increased until the gonfaliere Salvestro de' Medici led the common people in the revolt of the ciompi (small artisanate). Although Salvestro became the de facto dictator of the city, his brutal regime led to his downfall and he was banished in 1382. The family's fortune then fell until it was restored by Giovanni di Bicci de' Medici (1360-1429), who made the Medici the wealthiest family in Italy,

Psalm 54- PROTECTION PRAYER

1 Save me, O God, by your name; vindicate me by your might. 2 Hear my prayer, O God; listen to the words of my mouth. 3 Strangers are attacking me; ruthless men seek my life-- men without regard for God. "Selah"

4 Surely God is my help; the Lord is the one who sustains me. 5 Let evil recoil on those who slander me; in your faithfulness destroy them.

6 I will sacrifice a freewill offering to you; I will praise your name, O LORD, for it is good.

7 For he has delivered me from all my troubles, and my eyes have looked in triumph on my foes

Well, are you ready or not?

Hey, I gotta know!

Baby, lay down the blues and let those guitars bleed.  
I'm everything you wanted,  
I'm all you ever need.

Cos I'm hotblooded, hotblooded,  
I need your lovin',  
I need your love so bad.

Flash all the lights, I'll be a camera tonight.  
I'll snap the look on your face when I'm squeezing you tight.  
Yea, sisters o' soul, we gotta burn this old house down.  
Keep on beatin' those drums,  
keep on pumpin' up that sound, yea yea yea yea yea

Hotblooded, I'm hotblooded,  
I need your lovin',  
I need your love so bad.  
I'm hotblooded, hotblooded,  
you gotta know it,  
I need a shot of your love so bad.

I stay up late  
where the night's alive.  
No sleep at all  
I work nine to five.  
It's honey do that  
and honey do this:  
"Can I call you home?",  
"Can I call you home?"  
"Can I call?" -  
you can call me miss...  
you can call me miss...

Baby, don't you know that I'm  
Hotblooded, hotblooded,  
I need your lovin',  
I need your love so bad.  
hotblooded, I'm hotblooded  
you gotta know it,  
I need a shot of your love so bad.

If you are interested, I can send you links to some of my other work, much of it is subject specific. If you are interested, I will need an email address to forward the links to you. It will be complimentary.

Anyways, have yourself an awesome day and week to come!

jrgeenius@yahoo.com is my email.

I love your work. I am glad you are in Thornhill. I use to live in Richmond Hill when I worked for the York CDSBOARD. I had visions that those schools would belong to Jrgeenius International Schools after this money system failed...like a WALDORF INTERNATIONAL. ( FREE SCHOOL on TIME BANKS)

We shall be free. I look forward to the homework.

I look forward to see Jrgeenius International Schools being the place for education. The money system will change.

Have an amazing evening and week!

Thanks for the GREAT SHOW tonight FRANCO.

I enjoy listening to your message. It has clarity and INTEGRITY. Looking forward to the SHIFT.

Please give me your personal impression of this situation below.

I have been climbing out of a PIT of WORMs, LIZARDS, LOCUSTS and SNAKES.

I am tired. I am shifting gears to manifest abundance NOW. Thank you for the INSPIRATION into EXPANSION.

Hi Dana,

I am glad you had the opportunity to tune into the show and enjoyed the message. You are very welcome regarding what was shared.

I am not sure I fully understand your request here, but I will do my best to address what I am understanding at this point. I am not familiar with Max Radico and Bernice the Furnace and their work, they certainly have their way of expressing and sharing things their message. If you resonate with them, then go with it, if not don't.

Regarding the one website with the many articles, the website seems somewhat dark and it focuses on negative stuff, this is my observation and the energy reflects it also. Unless you want to play with that stuff, I would not get to wrapped up into it. The Youtube video called "Who is Tina Fey," I am not sure what you would like for me to say about this, all I can say is, what is shared is not important. Get whatever message you need with any video and disregard the rest of it. If you have doubts about anything that comes to you, ask yourself why. It may just be that it does not resonate and it something you do not need to spend anytime with.

Anyways, I am not sure I addressed what you are requesting properly, if not, let me know and I will do my best to address it for you.

Have yourself an awesome evening, remaining part of the week and the up coming weekend!

Sending you much love & light,  
Franco

Thank you for your insight. I am feeling out the STRANGERS in my path. I am quite trustworthy, so I have been surprised by some characters in my path.

I appreciate your time and advice.

I am keeping it general. I know what I am here to do and to create and I am hoping to clear the DANGERS that may still BLOCK my PATH.

I hope I am finally going to manifest <http://jrgenius.ca>.

- the more HURDLES they THROW in my path is an indication I AM WINNING and ALMOST HOME.

About HisRoyalslyness

Are U Everything U Thought U Were?

The unconscious social conditioning that we are born into is created by the often passe thoughts of men alone-if U control what people believe U can herd them like sheep.....if U wake up2this at the turning point at the deepest part of ur consciousness during the ressurection of ur soul which is right here right now in this very life-then U can choose to still be a prisoner of the thoughts of others or like anyone-u can choose2think for your self and unlearn all of it2get back2 what is U.....there is a lot of truth in the old funkadelic notion 'Free your Mind and ur Ass will follow'

...remember that any human action U observe that is not spontaneous is CONTRIVED and thus has layers of crap attached to it.....spontaneity being created in the moment existing in love is the TRUTH-there is no action more pure and unpolluted....

Spontaneously being who U are in time will resonate with the universe and thus like will attract like and what U think and manifest in every living moment will come to U - this is the true power of a human in it's natural state - U will never learn this from any modern religion cos they are all polluted by the ruling elite2keep U dumb so they can keep themselves and further generations of their lineage at the top of the human food pyramid. Any Modern religion will stop U from using ur brain at it's fullest potential and accessing your fluid intelligence.....if U IOOK at the origins of all of these religions, U will find that underneath all the bullshit that,they all say the same thing and that at the end of the day WE ALL COME FROM THE SAME RAY OF LIGHT!!!

.....and if U lack the courage to be yourself cos of the thoughts of others and thru fear of 'losing face' in front of 'the crowd' - just remember that what other people think is none of ur business and the more any person feels the need to judge and criticize another fellow human-the more they are exposing their own insecurities about who they really are (.or not).....

[12/15/2012 9:30:39 PM] Timothy Watson: What are you doing???

[12/15/2012 9:36:07 PM] Timothy Watson: Posting private emails and saying I'm out of my mind? Dana, what are you doing? I thought you were a friend. You don't do things like that to friends. Obama's speech about the children was totally scripted B.S. It was like Martin Luther King Jr.'s I Have a Dream speech. I guess you're right about him. Don't fault me for being confused. And stop posting my personal emails on your site. Friends do not publish private emails without permission. That's bad manners. You should know better than that.

[12/15/2012 9:37:40 PM] Timothy Watson: I have been betrayed by enough friends and family to last 10 lifetimes. Please don't add yourself to the list. Otherwise I will have to cut off ties with you.

As for the shooting down in the U.S. I am right. It was a false flag. I don't have a group. I operate on my own. I get information from different sources including you and Victor and do my best to process it. You aren't right about everything either. No one is. A woman has intuitive thought. She has access to another system of knowledge that few men develop. She can help us understand. We must treat her in a good way.

in the Commonwealth of Kentucky, USA, with a summit elevation of 4,145 feet (1,263  
m) [1] above mean sea level and a top to bottom height of over 2,500 feet (760 m). The  
summit is located at 36°54'51"N 82°53'38"W in Harlan County, Kentucky near the  
Virginia border, just above the towns of Lynch, Kentucky and Appalachia, Virginia. It is  
about 500 feet (150 m) taller than any other mountain in Kentucky and is one of the  
highest mountains in Appalachia outside the Blue Ridge Mountains region.

[1/2/2013 5:52:28 PM] Dana Horochowski: The trail avoided the canyon, at the  
southwest of the Black Mountains, where the range is separated from Arizona. The trail  
heading west to Las Vegas, entered the mountains, went southwest of Pyramid Peak, and  
then skirted Hamblin Mountain to the south, with Pinto and Razorback Ridges north;

north of the ridges lies the small, but broad, arid drainage valley, Bitter Springs Valley, which is southeast of, and adjacent the Muddy Mountains.

The trail enters the southern third of the mountain range, and makes the circuit around Hamblin Mountain. The southwestern end of the Black Mountain range, is at Callville Bay, where the trail returned to the bottom land valleys along the Colorado River heading towards Las Vegas.

[1/2/2013 11:06:41 PM] Dana Horochowski: APOLLONIUS AND THE NAGAS

From Phillip Gardiner - author of 'The Serpent Grail'

This is a tale of lost legend, of hidden people taken from our site by the jealousy of the Church. Born in the 3rd or 4th Year BC in Tyana ... at 16 Appollonius of Tyana became a

disciple of Pythagoras ... He soon became a reformer and fixed his abode in the Temple of Aesculapius - the serpent healing deity.

Apollonius was thought to have been one of the wisest of all men. This in itself gave us a clue, for Sophia or wisdom derived from the root Ophia or serpent and S'Ophia meant simply, shining serpent. You see, we discovered that Apollonius in all likelihood gained his immense wisdom whilst at the feet of the wise serpentine Naga sages of the Indian sub-continent. We can see evidence of this from Philostratos, the biographer of Apollonius, who tells us of the journey to Kashmir to meet the Naga sage Iarchus and of the "emerald valley set in a rim of pearls" and of the tales that Apollonius told his travelling companion, Damus, of dragons which lived in the hills. Both emerald and pearls have symbolic resonance with wisdom and knowledge and the dragons, which lived in the hills, were nothing more than the Naga, or serpent followers of the region.

[1/3/2013 12:56:40 PM] Dana Horochowski: Idle No More

Idle No More calls on all people to join in a revolution which honors and fulfills Indigenous sovereignty which protects the land and water. Colonization continues through attacks to Indigenous rights and damage to the land and water. We must repair these violations, live the spirit and intent of the treaty relationship, work towards justice in action, and protect Mother Earth.

[1/3/2013 1:08:53 PM] Dana Horochowski: I hope STANLEY and STEVE are not MORON MORMONS <http://www.theofrak.com/2012/07/romneys-religion-mormon-racism.html>

[1/3/2013 1:11:07 PM] Dana Horochowski: children have equal shares.... but if they spend the shares, they lose their VOTE and their PLACE in the COOP. Gotta keep the 1000 pts a float. MICROCREDITS

[1/3/2013 1:12:19 PM] Dana Horochowski: but they can earn back the points by doing something that is beneficial to the planet or others

[1/3/2013 1:13:09 PM] Dana Horochowski: self recording time....like my tutors had. Use to invoice me. They crashed my INTRANET though. Destroyed everything I tried to build up....

[1/3/2013 3:08:26 PM] Dana Horochowski: fucked

[1/3/2013 3:08:28 PM] Dana Horochowski: A War in Heaven broke out over whether to give humans free will. Lucifer, who opposed free will, was joined by one-third of all of the spirits designated to come to this world. They fought against Jehovah and Elohim and lost. As punishment, Lucifer and his minions were denied bodies and became the

demons that can possess and tempt human beings (this is beginning to sound a lot like the Thetans of Scientology).

The future Israelites (including Mormons) fought “valiantly” on the side of Jehovah. Those who fought less valiantly or were neutral were born as other races. Blacks were sent to Earth through the lineage of Cain, and a mark (black skin) was put upon them for their rebellion against God. (Moses 5:16-41; 7:8,12,22.) As stated in Moses 7:22, “Enoch also beheld the residue of the people which were the sons of Adam; and they were a mixture of all the seed of Adam save it was the seed of Cain, for the seed of Cain were black, and had no place among them.”

As noted above, Mormon racism is not limited to African Americans. The Book of Mormon tells the story of a colony of Jews who settled in the Americas circa 600 B.C. The colony split into two groups: one righteous (the Nephites) and one wicked (the Lamanites). Members of the righteous group were described as being “white, and exceedingly fair and delightsome.” However, wicked group was cursed by God with dark skin and eventually became the American Indian.

[1/3/2013 3:08:43 PM] Dana Horochowski: <http://www.theofrak.com/2012/07/romneys-religion-mormon-racism.html>

[1/3/2013 3:09:07 PM] Dana Horochowski: moron mormons are the spawn of satan not the blacks

[1/3/2013 3:09:54 PM] Dana Horochowski: INDIANS are going first this time. BOTTOMS up

[1/3/2013 3:12:59 PM] Dana Horochowski: SOPHIA COVERED the HUMANS with MELANIN to absorb light. DNA - consciousness. This MORON MORMON GOD is MOLOCH the DEMIURGE. YALDABAOTH. He curses that melanite child because they are CHILDREN of the MOTHER TIAMAT

[1/3/2013 3:13:13 PM] Dana Horochowski: aka SOPHIA and SOL ( SUN)

[1/3/2013 3:13:49 PM] Dana Horochowski: Be careful of STANELY and STEVE

[1/3/2013 3:15:02 PM] Dana Horochowski: I don't trust too many people anymore so it is highly unlikely that they will get me into a room alone with them. I was told that they would try and soul scalp me. I am staying with the rebels. THEY HAVE to free the INDIANS and the BLACKS. F

[1/3/2013 3:15:18 PM] Dana Horochowski: FUCK SANTOS and EISENHOWER. THEY BURN

[1/3/2013 3:15:56 PM] Dana Horochowski: any black rose tit is a devil soul scalping succubus

[1/3/2013 3:16:50 PM] Dana Horochowski: that is why if we all start out with 1000 pts, then these guys would fall in a day

[1/3/2013 3:17:16 PM] Dana Horochowski: sell them some cyanide

[1/3/2013 3:21:35 PM] Dana Horochowski: Thus, skin color has everything to do with Mormon theology. The darker it is, the less valiant you were before you were born. If you are white (and especially if you were born Mormon or Jewish), you were one of God's favorite spirit children. Crazy? Yes. Racist? Definitely. And it is still believed

by a majority of Mormons, despite the fact that the LDS Church does not explicitly discriminate today. (whew)

[1/4/2013 3:25:05 PM] Dana Horochowski: Ariel (Hebrew: אַרְיֵאל, Ari'el, Arael or Ariael) is an archangel found primarily in Jewish and Christian mysticism and Apocrypha. The name Ariel, "Lion of God" or "Hearth of God," occurs in the Hebrew Bible (Isaiah 29:1-7) as a personification of Jerusalem, but as the name of an angel the earliest source is unclear.

[1/4/2013 3:26:36 PM] Dana Horochowski: A Bit of Trivia:  
Uriel is considered the Angel who helps us with natural disasters and is called for to avert such events, or to heal and recover in their aftermath. He is one of the four greatest Archangels, the other three being Raphael, Michael, and Gabriel. Among his symbols are the scroll and the book. He corresponds with the Earth signs, Taurus, Virgo, and Capricorn. Uriel is often confused with Ariel, the Angel of nature, wild beasts, and courage, who is also credited as the overseer of the earth spirits. They are not stated as equivalents of one another, so it appears they are actually two different angels. However, they are so incredibly similar; it's easy to see why authors of websites, books and journals keep switching around the first letter of their names whenever they feel like it.  
Jophiel - Michael - Israfel - Raziel - Ariel - Uriel - Gabriel - Raphael - Zadkiel - Jeremiel

[1/4/2013 3:54:28 PM] Dana Horochowski: The "Queen of the South," first associated with King Solomon, was the Queen of Sheba, introduced at 1 Kings 10:1. It is almost universally agreed that the Queen of Sheba was the unnamed woman professing her love for Solomon in Song of Solomon. Luke re-worked portions of Song of Solomon and inserted them into his Gospel:

[1/4/2013 3:58:29 PM] Dana Horochowski: He called her Jo Anna. The “parts” of the name, Jo Anna reveal the following:

Anna means goddess in both the Sumerian and Syrian languages.

In Greek, Jo is written, Io. (See: <http://en.wikipedia.org/wiki/Joanna>.) Io was a mythological Greek goddess loved by Jupiter. According to legend she settled in Egypt and became the first Queen of Egypt. Io was also known as a moon goddess and a water goddess and was associated with the other “great mother goddess-queens,” Isis, Inanna, Astarte, Artemis, Aphrodite, etc. With Zeus she had a son, Epaphos. (See: <http://members.fortunecity.com/volcanopele/Iomyth.htm>)

Epaphos had a daughter, Libya. Libya became the first Goddess-Queen of Libya. The Ionian Sea was named for Io, who was believed to have swum through the sea as she searched for her kidnapped son.

“Jo Anna” (Greek: Io Anna) was not the name of a disciple but a descriptive term. Allegorically, Luke wrote: “Now it was Mary Magdalene, Io (Goddess-Queen) Anna (Great Mother-Goddess)...” (Additional support will follow.)

Kadesh in the wilderness of Sin near Mt. Sin-ai (the Arabic feminine form of Sin) is where Moses, Miriam, Aaron and the Nazarites spent thirty-eight of the forty years “wandering.”

The Sumerian god in Mesopotamian mythology was called Sin, which means “God of Wisdom.” (He was also called Nanna-Sin; Nanna is Sumerian for Illuminator.) Anyone who lived in "The Wilderness of Sin" near Mount Sinia would have been called “a Sinner.”

Happy New Year Dana? I am not chasing anyone Dana? I don't have the time or energy! Lots of Magdalene's? I thought there was only one? I never sought to hurt you, that's not my intention. If I have done so inadvertently, I am sorry. I am sick with the world we live in, all the lies, distortion of truth and dumbing down of humanity. Hocus pocus opposing religions, and demonic money gods?! You get the picture? It's all too much to contemplate without feeling sick to the back teeth with all the BS. If anyone deserves a righteous round of applause and countless congratulations, it is you for persevering, remaining sted-fast and being of beacon of hope for those receptive to change, and awakened to the cosmic consciousness collective? xoxox

[1/4/2013 4:31:33 PM] Dana Horochowski: From:

<http://www.dhushara.com/book/orsin/origsin.htm#anchor3546103>:

“[The god Sin] was known as the father, or source, of the Goddess. Sin...as father of both the Sun (Utu or Shamash) and of Inanna (Ishtar) the Queen of Heaven was the central astral deity.”

“The name Sin is the Semitic form of Sumerian Enzu meaning lord of knowledge. The Mesopotamians ascribed very great importance to him. It was he who governed the

passing of the months through his waxing and waning. ... The unvarying lunar cycle gave Sin a special connection with order and wisdom and with immortality.”

The land of Cush was the ancient country of Nubia. The people were called Ethiopians. In Moses' time Nubia was under Egyptian control. In the 8th century BCE, Nubian King Piye invaded and conquered Egypt. Nubia was ruled during the 6th century BCE by Piye's brother, Shabaka, who established the 25th Dynasty. Shabaka = Shaba and Sheba. Shabaka was the King of Sheba.

A gamma ray is a packet of electromagnetic energy photon. Gamma photons are the most energetic photons in the electromagnetic spectrum. Gamma rays (gamma photons) are emitted from the nucleus of some unstable (radioactive) atoms.

While gamma rays and x-rays pose the same kind of hazard, they differ in their origin. Gamma rays originate in the nucleus. X-rays originate in the electron fields surrounding the nucleus or are machine-produced.

Gamma rays ( $\gamma$  rays) is the popular name applied to gamma radiation, the most energetic form of electromagnetic radiation and thus the electromagnetic radiation with the shortest wavelengths (10 – 11 – 10 – 17 meters) and highest frequencies (3x10<sup>19</sup> – 3x10<sup>25</sup> cycles per second).

The electromagnetic spectrum.

The Moon as seen in gamma rays by the Compton Gamma Ray Observatory.

Surprisingly, the Moon is brighter than the Sun at gamma ray wavelengths.

By comparison, visible light occupies the middle range of the electromagnetic spectrum with moderate frequencies and radio waves occupy the low range with the lowest frequencies and longest wavelengths.

Gamma rays of specific frequencies are produced during electron-positron annihilation, radioactive decay (nuclear disintegration), and as synchrotron radiation from elementary particles or nuclei accelerated in high energy regions of the universe. Due to their high energy content, gamma rays can cause serious damage when absorbed by living cells.

This type of radiation also has a number of useful applications. For example, it is used to sterilize medical equipment, remove bacteria from foods, and maintain the freshness of fruits and vegetables. Gamma rays are also used for diagnostics in nuclear medicine and for performing what is called gamma-knife surgery to treat some types of cancer.

CRYSTALS can capture this light and split the light into HEALING spectrum

We did it in mystery school. Shone BLUE or GREEN light thru the quartz crystal and the light spreads out on the other side. This light can be shone onto the palms of your hands or PAIN areas and YOU CAN HEAL those AILMENTS

[1/4/2013 10:01:04 PM] Dana Horochowski: The words which follow in Jacob's quotation from Genesis 28:17 are:

"This is none other but the house of God, and this is the gate to heaven."

The combination of these three clues: the statues and paintings, the demon guardian, and the inscriptions, I am convinced, reveal the secret of Rennes.

Sauniere is telling us Rennes-le-Chateau is a terrible place, a (star)gateway to Heaven. Like Jacob's ladder it is a place for the soul to ascend to Heaven.

[1/4/2013 10:08:19 PM] Dana Horochowski: One crusader of conscience was said to have asked a superior how they were to tell Cathar from Catholic. The reply was direct and chilling:

'Kill them all. God will know his own'.

At dawn on that fateful summer morning, 7,000 women, children and elderly crowded themselves into the Church of Mary Magdalene for mass. It must have been difficult to hear the word of God over the sound of the Pope's axes ripping apart the barred wooden door at the back of the church. After more than 700 years the grotesque sounds of swords and axes meeting flesh and bone still reverberate faintly in the ears of the sensitive. 20,000 people were slaughtered to help preserve the Church of Rome's dominance that day. A hundred innocents were killed for every Cathar.<sup>30</sup>

For the next forty years the Cathars were hunted, tortured, burned at the stake and savagely murdered by the Church's hired killers. It used psychological warfare to turn Christian against Christian, neighbor against neighbor, and even brother against brother in a bloodthirsty campaign that continued with the Inquisition. Estimates place the total Cathars and Cathar sympathizers murdered between 300,000 and 1,000,000 men, women and children.

Throughout all the carnage report after report substantiated an amazing testimony. The Cathars rarely displayed fear, terror or even pain even after the most hideous cruelties were inflicted upon them. It was said their example caused many a crusader to undergo profound spiritual transformations. Later, at the siege of Montsegur --the Cathars last stand -- crusaders actually converted to Catharism and fought along side them.

- What could the Cathars have known that caused this spiritual transformation?
- What baptism could possibly transform a cold-blooded, axe-wielding murderer into a saint fighting for a new kingdom?

The answer is in the Blue Apples of Rennes.

[1/4/2013 10:14:58 PM] Dana Horochowski: don't forget STEVIE ROCKIEFELLA is connected to SANTOS and TRINITY MARION

[1/4/2013 10:15:59 PM] Dana Horochowski: This substance -- the transmuted elements, caught by the Holy Grail -- took men across the waters of life to the Land of Amor. This substance, I believe, is the Blue Apples.

As one can imagine, for an organization based on the idea that Jesus was the son of God who came to Earth and died for our sins on the Cross, and to be granted eternal life all

one had to do is believe in Christ and pay homage to the pope's priests each week, the teachings of the Cathars posed quite a threat to the fledgling Catholic Church.

While the Church of Rome and the Church of Love used similar terminology --the Eucharist, the transubstantiation, Communion --they clearly meant different things by them. Unlike the Cathars, the Church of Rome clearly did not produce a substance that turned one into a higher being. Or, if it did, it told few about it.

Another name for the Cathars was the 'Albigensians' (the white or pure ones). Notably, Al means God or All. Gen is the root of gene, as in DNA, Sian is phonetically Sion or sun.

[1/4/2013 11:21:26 PM] Dana Horochowski: One Gnostic mythos describes the declination of aspects of the divine into human form. Sophia (Greek: Σοφία, lit. "wisdom"), the Demiurge's mother a partial aspect of the divine Pleroma or "Fullness," desired to create something apart from the divine totality, without the receipt of divine assent. In this act of separate creation, she gave birth to the monstrous Demiurge and, being ashamed of her deed, wrapped him in a cloud and created a throne for him to be within it. The Demiurge, isolated, did not behold his mother, nor anyone else, concluded that only he himself existed, being ignorant of the superior levels of reality.

The Demiurge, having received a portion of power from his mother, sets about a work of creation in unconscious imitation of the superior Pleromatic realm: He frames the seven heavens, as well as all material and animal things, according to forms furnished by his mother; working however blindly, and ignorant even of the existence of the mother who is the source of all his energy. He is blind to all that is spiritual, but he is king over the other two provinces. The word *dēmiourgos* properly describes his relation to the material; he is the father of that which is animal like himself.[12]

Thus Sophia's power becomes enclosed within the material forms of humanity, themselves entrapped within the material universe: the goal of Gnostic movements was typically the awakening of this spark, which permitted a return by the subject to the superior, non-material realities which were its primal source.

Your number is: 9

The characteristics of #9 are: Humanitarian, giving nature, selflessness, obligations, creative expression.

The expression or destiny for #9:

The expression that you exhibit is represented by the number 9. Your talents center in humanistic interests and approaches. You like to help others as you were intended to be the 'big brother or big sister' type. You operate best when you follow your feelings and sense of compassion, and allow yourself to be sensitive to the needs of others. You work well with people, and have the potential to inspire. This suggests that you could successfully teach or counsel. Creative ability, imagination and artistic talent (often latent) of the highest order are present in this expression. It's possible that you're not using or developing all of these capabilities at this time. Some of your talents may have been used at an earlier time in your life, and some may still be latent. Be aware of your capabilities, so that you can make use of them at appropriate times.

If you are able to achieve the potential of your natural expression in this life, you are capable of much human understanding and have a lot to give to others. Your personal ambitions are likely to be maintained in a very positive perspective, never losing sight of an interest in people, and a sympathetic, tolerant, broad-minded and compassionate point of view. You are quite idealistic, and disappointed at the lack of perfection in the world.

You have a strong awareness of your own feeling as well as those of others. Friendships, affection, and love are extremely important.

Undeveloped or ignored, the negative side of the 9 expression can be very selfish and self-centered. If you do not actively involve yourself with work that benefits others, you may tend to express just the opposite characteristics. It is your role to be very involved with other people and their needs, but it may be difficult for you achieve this role. Aloofness, lack of involvement, and a lack of sensitivity mark the low road of this expression.

Your Soul Urge number is: 4

A Soul Urge number of 4 means:

With the Soul Urge or Motivation number of 4 you are likely to strive for a stable life. You tend to follow a rather orderly pattern and systematic approach in your endeavors. You have an inner desire to serve others in a methodical and diligent manner. You want to be in solid, conventional, and well-regulated activities, and you are somewhat disturbed by innovation and erratic or sudden changes. Excellent at organizing, systematizing, and managing, you have a way of establishing order and maintaining it. You are responsible, reliable and in the final analysis, practical. Highly analytical, you can see your way through all sorts of situations and generally have a clear understanding of the issues. You are a very honest, sincere, and conscientious individual.

The negative side of the 4 is rigid, stubborn and somewhat narrow-minded. There is a tendency to hide feelings, or to really not be aware of real feelings. Avoid being too rigid and stubborn in your thinking, and try to always see the big picture rather than becoming too involved with the detail. Don't be afraid to take a chance once in awhile.

Your Inner Dream number is: 5

An Inner Dream number of 5 means:

You dream of being totally free and unrestrained by responsibility. You see yourself conversing and mingling with the natives in many nations, living for adventure and life experiences. You imagine what you might accomplished.

There are 16 letters in your name.

Those 16 letters total to 82

There are 4 vowels and 12 consonants in your name.

What your first name means:

English Female From the French 'cheri' meaning darling or dear one. Also, from the white meadow.

Your number is: 1

The characteristics of #1 are: Initiating action, pioneering, leading, independent, attaining, individual.

The expression or destiny for #1:

A number 1 Expression denotes the skilled executive with keen administrative capabilities. You must develop the capacity to be a fine leader, sales executive, or promoter. You have the tools to become an original person with a creative approach to problem solving, and a penchant for initiating action. Someone may have to follow behind you to handle the details, but you know how to get things going and make things happen. You have a good mind and the ability to use it for your advancement. Because of these factors, you have much potential for achievement and financial rewards. Frequently, this expression belongs to one running a business or striving to achieve a level of accomplishment on ones talents and efforts. You have little need for much supervision, preferring to act on your own with little restraint. You are both ambitious and determined. Self-confident and self-reliant must be yours, as you develop a strong unyielding will and the courage of your convictions.

Although you fear loneliness, you want to be left alone. You fear routine and being in a rut. You often jump the gun because you are afraid of being left behind.

The negative attributes of the 1 Expression are egotism and a self-centered approach to life. This is an aggressive number and if it is over-emphasized it is very hard to live with. You do not have to be overly aggressive to fulfill your destiny. The 1 has a natural instinct to dominate and to be the boss; adhering to the concept of being number One. Again, you do not have to dominate and destroy in order to lead and manage.

Your Soul Urge number is: 8

A Soul Urge number of 8 means:

With an 8 soul urge, you have a natural flair for big business and the challenges imposed by the commercial world. Power, status and success are very important to you. You have strong urges to supervise, organize and lead. Material desires are also very pronounced. You have good executive abilities, and with these, confidence, energy and ambition.

Your mind is analytical and judgment sound; you're a good judge of material values and also human character. Self-controlled, you rarely let emotions cloud judgment. You are somewhat of an organizer at heart, and you like to keep those beneath you organized and

on a proper track. This is a personality that wants to lead, not follow. You want to be known for your planning ability and solid judgment.

The negative aspects of the 8 soul urge are the often dominating and exacting attitude. You may have a tendency to be very rigid, sometimes stubborn.

Your Inner Dream number is: 11

An Inner Dream number of 11 means:

You dream of casting the light of illumination; of being the true idealist. You secretly believe there is more to life than we can know or prove, and you would like to be provider of the 'word' from on high.

There are 18 letters in your name.

Those 18 letters total to 86

There are 9 vowels and 9 consonants in your name.

What your first name means:

Teutonic Female Noble humor.

Swedish Female Truth.

Spanish Female Spanish form of Alice honest.

Latin Female A Latinized form of the German Alice, from Adalheidis meaning nobility.

Greek Female Honest.

German Female Sweet.

Your number is: 5

The characteristics of #5 are: Expansiveness, visionary, adventure, the constructive use of freedom.

The expression or destiny for #5:

The number 5 Expression endows with the wonderful characteristic of multi-talents and versatility. You can do so many things well. The tone of the number 5 is constructive freedom, and in your drive to attain this freedom, you will likely be the master of adaptability and change. You are good at presenting ideas and knowing how to approach people to get what you want. Naturally, this gives you an edge in any sort of selling game and spells easy success when it comes to working with people in most jobs. Your popularity may lead you toward some form of entertainment or amusement. Whatever you do, you are clever, analytical, and a very quick thinker.

If there is too much of the 5 energy in your makeup, you may express some the negative attitudes of the number. Your restless and impatient attitude may keep you from staying with any project for too long. Sometimes you can be rather erratic and scatter yourself and your energies. You have a hard time keeping regular office hours and maintaining

any sort of a routine. You tend to react strongly if you sense that your freedom of speech or action is being impaired or restricted in any way. As clever as you are, you may have a tendency to make the same mistakes over and over again because much of your response is glib reaction rather than thoughtful application. You are in a continuous state of flux brought by constantly changing interests.

Your Soul Urge number is: 6

A Soul Urge number of 6 means:

With a number 6 Soul Urge, you would like to be appreciated for your ability to handle responsibility. Your home and family are likely to be a strong focus for you, perhaps the strongest focus of your life. Friendship, love, and affection are high on your list of priorities for a happy life. You have a lot of diplomatic tendencies in your makeup, as you are able to rectify and balance situations with an innate skill. You like working with people rather than by yourself. It is extremely important for you to have harmony in your environment at all times.

The positive side of the 6 Soul Urge produces a huge capacity for responsibility; you are always there and ready to assume more than your share of the load. If you possess positive 6 Soul Urges and express them, you are known for your generosity, understanding and deep sympathetic attitude. Strong 6 energy is very giving of love, affection, and emotional support. You may have the inclination to teach or serve your community in other idealistic ways. You have natural abilities to help people. You are also likely to have artistic and creative leanings.

If you have an over-supply of 6 energy in your makeup, you may express some of the negative traits common to this number. With such a strong sympathetic attitude, it is easy to become too emotional. Sometimes the desires to render help can be over done, and it can become interfering and an attitude that is too protective, rather than helpful. The person with too much 6 energy often finds that people tend to take advantage of this very giving spirit. You may tend to repress your own needs so that you can cater to the demands from others. At times, there may be a tendency in this, for becoming overloaded with such demands, and as a result become resentful.

Your Inner Dream number is: 8

An Inner Dream number of 8 means:

You dream of success in the business or political world, of power and control of large material endeavors. You crave authority and recognition of executive skills. Your secret self may have very strong desire to become an entrepreneur.

[1/5/2013 5:52:42 PM] Dana Horochowski: Anna Hayes says "Explore the mystery of the ancient "BeaST" ("Blank Slate Technology"), associated with the New Mexico

“Wingmakers” archeological site and its covert “Labyrinth and Corteum Groups”, an Atlantian technological “demon” that was programmed in 22,326BC to activate in 2011AD; an event that Guardian races have been working hard to avert. Find out what took place on March 23, 2002 that has roused the BeaST prematurely from its slumber, and how this occurrence has set in motion a pre-programmed “Script” of mass events constituting activation of our “Atlantian Planetary Karma”; events that now, cannot be averted, since the BeaST is now awakened. The Eieyani will provide dispensation of priority information, to help us prepare for coming changes, as we learn of the Christos Founders races “PLAN B” Safe Ground-Contact agenda."

NOTE: Most people are aware that the 'Wingmakers' site is not really about 'aliens' but is a site presenting their own artwork and music in a strange format.

\*\*\*\*\*  
\*\*\*\*\*

What is the BeaST machine?

\*\*\*\*\*  
\*\*\*\*\*

Anna Hayes borrowed from the Wingmakers website the concept of "Blank Slate Technology." Adding the two vowels 'ea' and you get the BeaST.

-----Excerpt from-----

"Shadow Dancers, the Metatronic code and the Signs of the BeaST"

A Polarization-Refraction Lens called the "Eye of Metatron" was installed 150 billion years ago ...between Phantom and our Living Time Matrix. The Lens served to channel a portion of our Universal Veca life force currents ... into the quarantined portion of the Phantom system and created a quarantined path of ascension via Host Matrix for the returning races. The Host Matrix project was entrusted to an Elohim Collective called Metatron, of the Jehovani Entity Collective; the original family line from which the quarantined races had fallen. When the Eye of Metatron was installed, mutated hybrid rebel races of the Wesedak Matrix misused the Star Gate Templar system powers of their Universal Veca in an attempt to break into Phantom Matrix to gain control of the Lens. Their attempted raid failed...plunging their matrix into imploding Black Hole status.

The Metatron collective failed in numerous attempts of re-evolving the quarantined Phantom races, losing more of its consciousness fields to the Phantom Matrix; the Metatron Collective itself finally fell to Phantom. Through the Metatron's misuse of the Eye of Metatron Lens, the quarantine in Phantom Matrix was broken and Phantom Matrix digressed into progressive hybridization-mutation and escalating war between the Phantom Races....the Metatron Collective made deals with the warring Wesedak races from the Wesedak Black Hole system, and allowed the Wesedaks to use the Metatron Lens to create a wormhole...between the Wesedak and Phantom Matrices, called the "Path of Arimathaea".

The Wesedak-Metatron Alliance used the Lens to progressively create the "BeaST Machine" through which the anti-christiac METATRONIC CODE for artificially sustained "energy vampiring" life, a permanent, irreversible template mutation, was born, via forced Shields Bonding between the Universal Shields of Phantom Matrix, our Time Matrix and the Wesedak Black Hole. When the BeaST was used to create interface with our system, our Universal Veca "Shadow World" was born. The D-11.5 reversed-matrix, "Dark Avatar" collectives of the Wesedak Black Hole, who carry the permanent and irreparable mutation of the Metatronic Code, became our "Shadow Dancer" Attachments.

The Embodied "666-BeaST" - Metatronic "Flaming Blue Sword" Wesedak Shield Implants

\*\*\*\*\*  
\*\*\*\*\*

Metatronic Shield Implants emerge from Wesedak "BeaST Machine" distortions in the Planetary, Galactic, and Universal Shield into the Kathara Grid Template, DNA Template, Chakras and Auric Field Levels of 11.5 dimensions of the 15-Dimensional Human Anatomy. The Metatronic "BeaST" (Blank Slate Technology) Machine Shield Implants cause the NET (Nibiruian Electrostatic Transduction field) bio-field & DNA mutation & formation of the Shadow Body, Elemental, Figment & Shadow Dancer Attachments; when fully activated it runs the artificially generated D-13 Reversed "Flaming Blue Death Sword of Archangel Michael" Current, intended to cause Universal Veca Monadic Reversal and permanent fall to Wesedak Black Hole System.

The "4 Black Hearts of Metatron" Implants are: The 1st Heart of Merlin D-10.75 in Pineal Gland, Chakra-11 above head, Auric Level-11 Buddhaic Avatar Body; the Density-4 Lyra Aveyon Implant. The 2nd Heart of the Dragon D-7.75 in Heart, Chakra 8, Auric Level-8 Monadic Core Body; the Density-3 Gaia-Orion Alnitak Implant. The 3rd Heart of Delphi D-4.75 in Left side of Abdomen, Chakra-5, Auric Level-5 Archetype Soul Body; the Density-2 Pleiadian Alcyone-Taran Implant. The 4th Heart of Anubis D-1.75 in E-Umbi Point below Navel, Chakra 2, Auric Level-2 Emotional/Elemental Body; the Density-1 Epsilon Eridanus Implant. The Avalon Seal Implant D-11.5 "Metatron's Eyes"; Kathara Center-12/Chakra 10 above head & Chakra-12 below feet, Auric Level-12 Nirvanic Christiac Avatar Body-activated March 23, 2002. The 666 Templar Axion Seal D-6.5 "666-Apollyon-Metatronic Seed Atom" "Death Seed" Sign of the BeaST"; the Azur-A Point in Thymus Gland base - will activate on May 27, 2003, initiating simultaneous activation of the "4 Black Heart" Implants.

Noel Huntley states on his website, the BeaST refers to Blank State Technology. This is also explained in Voyagers II. (by Anna Hayes)

The BeaST mechanism involves Merkaba Mechanics. It relates to Merkaba spins and ratios that create the actual realities we exist in. The manipulation of Merkabas creates our manifest and conscious reality (this applies to universes, stars planets, and our own conscious selves as well). Merkaba spinning has been a controversial point between Drunvalo Melchizedek and Kathara Science. It is said that practicing Drunvalo Melchizedek's Merkaba Mechanics will assist one to exist within the Merkaba spins/ratios/reality field being created by those groups that teach 21/34/55 Merkaba Mechanics. According to Kathara Science practicing and studying the Kathara Science Merkaba Mechanics will assist those who prefer the Merkaba spin ratios of the original Christic design, namely 33 1/3 CW 11 2/3 CCW. This is much debated, but the mathematics prove that the 21/34/55 system is a closed system, that cuts one off from Source.

The Wingmakers site is run by the designers of the 21/34/55 system. The Blank Slate Technology is real and elements of our government/population have cooperated with the designers of Blank State Technology to further it's agenda on Earth. The Blank State Technology does just that - wipes out time lines and creates a blank state. It has to do with the dimensional blend experiments and the rip in time they were hoping to complete at the magnetic peak in August 2003.

#### HISTORY OF ACIO

\*\*\*\*\*  
\*\*\*\*\*

"Dr Anderson" claims there are twelve alien races involved in our past, present and future. He says one of them is hostile..

[1/5/2013 6:01:25 PM] Dana Horochowski: He says there were agreements between the NSA to co-operate with one of the ET species commonly called the Greys. He also mentions a species called the Corteum. NSA set up The Advanced Contact Intelligence Organisation (ACIO) in 1950 to handle alien technology and reverse engineer it - within their own specialties ("Dr Anderson's" specialty is linguistics). The present leader of ACIO, a former child genius now in his sixties, goes by the code name, "Fifteen". He has a security level within ACIO of 15.

\*\*\*\*\*  
\*\*\*\*\*

#### ABOUT 'FIFTEEN'

\*\*\*\*\*  
\*\*\*\*\*

When he was still quite young Fifteen became obsessed with the idea of discovering a form of time travel which could allow you to interact with the environment once you got there. He called this Blank State Technology (BST). His professors tried to steer him

back to conventional technology without success. Bell Laboratories, with whom he came to work, mentioned him to NSA who took him into their own organisation where he became the leader of ACIO. "Dr Anderson" tells us that the Corteum infiltrated ACIO in 1958 to seed technologies to enhance human intelligence in exchange for use of ACIO information systems, laboratories, land and brain power. This provided Corteum with insight into world government, where the power centres were, who the real leaders were and how critical decisions were made. Fifteen used Corteum's intelligence accelerator technologies on himself increasing his brain power by 500% and became infused with a massive vision of how to create Blank State Technology (more about BST later).

With Fifteen's increase in intelligence and ethical consciousness he began to feel that NSA was too immature in its leadership to be allowed to handle the technologies. He accelerated some of the ACIO scientists and created a secret group of about 200 ACIO men and women, all of security level 12 or above, which he called the Labyrinth Group. Labyrinth seized the "Ancient Arrow" project from ACIO and began a misinformation campaign back to the NSA. Labyrinth now takes Corteum technologies and dilutes them to the point where they can be sold to private industry and government agencies including the military.

\*\*\*\*\*  
\*\*\*\*\*  
PROPHECY  
\*\*\*\*\*  
\*\*\*\*\*

ACIO has access to ancient texts which prophesy that in the 21st century (2018?) a predatory alien race would enter our galaxy to colonise Earth for genetic purposes. The resulting human/androids would invade our United Nations organisation and establish a world government. If ACIO can determine the intervention point they can impose a new memory on their leadership and divert them to a different galaxy. This is where BST comes in. BST is a specification of time travel. Other life forms (Greys, Corteum, remote viewers) can see past and future but not interact with it nor change any event there.) Fifteen believes that with BST he can go to that intervention point prophesied and convince the aliens that they should be looking at some galaxy other than ours. Fifteen believes that the WingMakers have BST

Amon, which stands for “The Hidden One”, was held in high esteem in High Egypt. He became known as Amon-Ra, the “King of Gods,” during the time period when Thebes became the capital city, and he was promoted to the category of Supreme God of the entire country.

The character of Amon is an amalgam of the warrior (Montou), the god of creation and reproduction (Min), and the Sun god (Ra). In general, he is known as a protective sort of god.

He is represented as a human face with ram horns, a sun orb, or a male body with the head of a ram. He was married to “The Mother” (Mut).

Mut, which meant mother in the ancient Egyptian language,[1] was an ancient Egyptian mother goddess with multiple aspects that changed over the thousands of years of the culture. Alternative spellings are Maut and Mout. She was considered a primal deity, associated with the waters from which everything was born through parthenogenesis. She also was depicted as a woman with the crowns of Egypt upon her head. The rulers of Egypt each supported her worship in their own way to emphasize their own authority and right to rule through an association with Mut.

Some of Mut's many titles included World-Mother, Eye of Ra, Queen of the Goddesses, Lady of Heaven, Mother of the Gods, and She Who Gives Birth, But Was Herself Not Born of Any.

[1/5/2013 9:06:06 PM] Dana Horochowski: Apollo

Apollo was the son of Zeus and Leto and has been described as the most Greek of all the gods 1. When Hera, Zeus' wife, discovers that Leto was pregnant with her husband's child she bans Leto from giving birth on mainland or any island. Leto wanders the Earth until she finds the floating island of Delos, which was not mainland or true island and gave birth to Apollo there. According to Burkert, Leto gave birth near a date palm tree and "the whole of Delos was bathed in ambrosial fragrance, the prodigious earth laughed,

and even the depths of the sea rejoiced." Afterward, Zeus secured Delos to the bottom of the ocean and the island became sacred to Apollo.

In Bulfinch's Mythology, Apollo claims himself as the god of medicine, and "knows the virtues of all healing plants." He also claims to be the god of song and the lyre and to have the ability to know all things, present and future. Bulfinch labels Apollo as the god of archery, prophecy and music as well as god of the sun since his sister Artemis was the goddess of the moon. He is also called "the god who punishes" and is represented with bow and arrows given to him by Hephaestus (Smith 1849). The term kouros which means "beardless youth" is often used to describe Apollo's youthful and handsome features.

[1/5/2013 9:09:06 PM] Dana Horochowski: HUNTRESS DANA DIANA

[1/5/2013 9:20:42 PM] Dana Horochowski: Apollo's twin sister is goddess of the moon but is also the goddess of hills, child birth, virginity, fertility and the hunt (Oxford: Clarendon Press 1970). He is the father of many children including Asclepius, the god of medicine because of Apollo's healing abilities and Orpheus, sometimes called "the father of songs" who was a great poet and perfecter of the lyre which his father invented. He also fathered Troilus, a great prince of troy by Hecuba and Aristaeus by the huntress Cyrene.

[1/5/2013 9:23:33 PM] Dana Horochowski: Apollo is often depicted as dual natured, representing both good and evil. In the Iliad, Apollo is the enemy of the Greeks and fires arrows infected with plague spreading disease and pestilence through the ranks. He is also credited for the death of the mighty Achilles by guiding Paris' arrow into his heal. However, he also plays the phorminx, a stringed instrument that is exceedingly beautiful to hear (Burkert 1985). The colossal statue of Apollo on Delos held the three Charities, the Graces, in its right hand, and the bow of pestilence in its left hand. According to Burkert the placement of the Graces in the right hand is meant to signify that Apollo would rather do good via the Graces than be destructive using his poisonous arrows.

[1/5/2013 9:26:17 PM] Dana Horochowski: The most shocking and maybe most unknown thing about Apollo is what happened during his birth. Apollo was the son of Zeus, and his mother was named Leto. What many do not know however was that he was born with a twin. (CEE 2010) According to research, Zeus was married to a woman named Hera, and when Hera found out that Zeus had impregnated Leto, Hera banned Leto from giving birth on land. (Thomas 1998) However, it is said that Leto first gave birth to Apollo's sister, Artemis. (Barber 2006) After giving birth to Artemis is when Leto was banned from giving birth to Apollo on land. Shortly after, Zeus found an island where Apollo could be birthed and he was. However, it is said that Apollo was born at

least a day after his sister, and some believe his sister sided his mother in giving birth. (Eliot 1962)

[1/5/2013 9:29:55 PM] Dana Horochowski: Apollo had many other lovers as well, two of which gave birth to sons. (History Quest 2005). With Hecuba, Apollo had a son named Troilus, who was later killed by Achilles, and with Cyrene he had a son named Aristaeus. (Kindt 2009) Aristaeus lived and became the God of cattle. (Higgs 1994)

<http://www.mlahanas.de/Greeks/Mythology/Eos.html>

[1/5/2013 9:48:57 PM] Dana Horochowski: Eos ("dawn") was, in Greek mythology, the Titan Goddess of the dawn, who rose from her home at the edge of Oceanus, the Ocean that surrounds the world, to herald her brother Helios, the sun. As the dawn goddess, she opened the gates of heaven (with "rosy fingers") so that Helios could ride his chariot across the sky every day. In Homer (Iliad viii.1; xxiv.695), her yellow robe is embroidered or woven with flowers (Odyssey vi:48 etc); rosy-fingered and with golden arms, she is pictured on Attic vases as a supernaturally beautiful woman, crowned with a tiara or diadem and with the large white-feathered wings of a bird. Eos is the iconic original from which Christian angels were imagined, for no images were available from the Hebrew tradition, and the Persian angels were unknown in the West. The worship of the dawn as a goddess is inherited from Indo-European times; Eos is cognate to latin Aurora and to vedic Ushas.

[1/6/2013 7:12:21 PM] Dana Horochowski: “We finally find the passion to do, to be, to  
believe to create without a shadow of doubt.”

“On August 8, Solar power will move into material form. Birthing a level of light that even the blind will be able to see. Uniting the two hemispheres of the brain in a cosmic fusion. So powerful is this solar vibration we will have but one choice as it enters our energy field. The choice is to just allow it to pass through us like a solar wind, not holding on to any part of it. Like a cool breeze on a hot day just allow the solar emanations to encircle and embrace you without trying to corral them and tie them to the fence of humanness. Just this minute action will shift the future into a place that can be seen and felt.”

“The star Sirius rises every midsummer this rising is associated with new thought, new light, and new beginnings. It rises before the sun purposefully after being in stellar hiding for about 70 days. Sirius houses the Great White Brotherhood, the Lemurian Elders as well as the Christ Consciousness. It is now time to come from a point of high solar vibrations and allow this new light to shine on places within the psyche and history of earth that needs to be cleansed.”

“As the vibrations of the 8:8 Stargate come forth into materialization the human body bucks at the thought of housing more light, downloading more encodings, or receiving any more truths. If the truth be known the energies of the 8:8 Stargate are being birthed to smooth out the static cling of the personality. The tiredness comes to slow down the ancient angers that stir in the emotional layer of humanity.”

[1/6/2013 7:13:47 PM] Dana Horochowski: Vishnu, the Sun God in Hindu teachings is known as the preserver god along with Brahma the creator god and Siva the destroyer god. This is on par with the Sun God Re the Father, Alycyone the son and his consort the holy spirit Mother Sekhmet the lion goddess. These trinity of Gods are the same as the Christian teachings of God the Father, God the Son and the Holy Spirit. All of these original star teachings have been rewritten until little is left of the original meaning. In our culture today it is hard to discern truth from the teachings. This was done on purpose by the dark ones to keep the Children of the Sun from remembering Home.

[1/6/2013 7:14:53 PM] Dana Horochowski: these are not the same? Vishnu, the Sun God in Hindu teachings is known as the preserver god along with Brahma the creator god and Siva the destroyer god.

[8:04:09 PM] Dana Horochowski:

The seed of the woman shall come.

There shall be a price paid by Him for a purchased possession.

The price shall be a conflict with the serpent-foe, and a wound in the conqueror's heel.

He shall be sent forth swiftly, surely, as an arrow from a bow.

He shall be slain as a sacrifice.

He shall rise again and pour out blessings on His people.

His people shall be multitudes, and held in union with each other and Himself

He who was slain, whose heel was bruised, shall rule, and shall tread His enemy under foot.

He shall come in power, triumphant, and have dominion.

He shall be the Son of God and the son of man, the victim and the ruler.

He shall hold fast His purchased possession, the reward of His work.

He shall finally put all enemies under His feet, coming with ten thousand of His saints to execute judgment upon all, separating the evil from the good

[8:11:10 PM] Dana Horochowski: zeus HILTON - As the myth goes, Saturn learns in advance that he is destined to be succeeded by one of his children. Dissatisfied with this news, he takes to devouring them one by one. Rhea, the mother, manages to rescue one child, this being Jupiter. Eventually, Jupiter is able to confront Saturn, he defeats and usurps him, thus fulfilling the prophecy and initiating a new time-cycle phase. And the wheel turns...

[8:14:52 PM] Dana Horochowski:

Unsurprisingly, there is a Mithraic lion-headed god that expresses exactly this. Once again we have a lion (or more accurately a sphinx, or man-lion hybrid) guarding or controlling the wheel.

[8:15:26 PM] Dana Horochowski:

Another obvious permutation of this archetype is Christ. Christ is the Son, or Sun, the hub of the Zodiacal wheel. And Christ, of course, is also a lion.

"Weep not; lo, the Lion of the tribe of Judah, the Root of David, has conquered, so that he can open the scroll and its seven seals."

Executive summary: Blasphemous Pharaoh

Akhenaton, Pharaoh of the Eighteenth dynasty of Egypt, ruled some thirteen centuries before Christ, in a time and place where government and religion were inextricably intermingled. He felt constricted by the political power of the priest caste, so he "streamlined" religion, announcing that the hundreds of gods worshiped in Egypt were merged into one god, Aton, a sun deity -- who spoke only to him. He had the name of the old god, Amon, physically removed from monuments, and had all references to gods in the plural replaced with the new god, always in the singular. Akhenaton's decree is believed to have instituted humanity's first known organized monotheism.

To go with this newly decreed religion, the Pharaoh changed his own name from Amenhotep to "Akhenaton", meaning, "servant of Aton". The effect was more political than religious, as the Pharaoh's pronouncement banning the old religions effectively stripped the priests of their power. He also moved the empire's capitol from Thebes to the city he named Akhetaton, which is generally translated as "place of Aton's Power". Though his god and the gods he banished are forgotten today by all but historians, Akhenaton is still remembered as the Heretic Pharaoh, "false prophet" of Egypt.

Akhenaton is believed to have taken two of his daughters, Ankhesenpaaten and Meketaten, as sexual consorts. Ankhesenpaaten was Akhenaton's daughter by his greater queen, Nefertiti, and later married Tutankhamun, his son by his lesser queen, Tiya. After Akhenaton's death, his body was mummified and buried in a pink granite sarcophagus, but his remains have never been found. His successor, the famed King Tutankhamun, restored the worship of Amon and the other gods Akhenaton had banned.

[1/7/2013 9:18:15 PM] Dana Horochowski: LOOK how they are FUCKING with REAL HISTORY Also, they chose the temple of Zeus as the set of his Inauguration speech, just like Hitler. Zeus, the father of Apollo, was Satan According to the Book of Revelation. Is this all a coincidence? Is not Obama somehow too good to be true? Is not they somehow godlike? Or devil? The next presidential election will be Held in 2012. If Obama fails his promises Thurs Fulfill someone else might take his place. Hopefully not Sarah Palin - or we are doomed ...

[1/7/2013 9:19:46 PM] Dana Horochowski: I never heard that story

[1/7/2013 9:22:12 PM] Sherry Beth Sandor: The hitherto oppressed church then stands forth vindicated and glorious. The futt. consec. as preterites of the ideal past, pass over further on into the pure expression of future time. The lxx renders: καὶ ὑψωθήσεται ( ותרם ) ὡς μονοκέρωτος τὸ κέρας μου. By ראם (incorrect for ראם, primary form ראם), μονόκερωτος, is surely to be understood the oryx, one-horned according to Aristotle and the Talmud (vid., on Psalm 29:6; Job 39:9-12). This animal is called in Talmudic קרש (perhaps abbreviated from μονόκερωτος); the Talmud also makes use of ארזילא (the gazelle) as synonymous with ראם (Aramaic definitive or emphatic state רימא).

(Note: Vid., Lewysohn, Zoologie des Talmud, 146 and 174.)

The primary passages for figures taken from animal life are Numbers 23:22; Deuteronomy 33:17. The horn is an emblem of defensive power and at the same time of stately grace; and the fresh, green oil an emblem of the pleasant feeling and enthusiasm, joyous in the prospect of victory, by which the church is then pervaded (Acts 3:19). The lxx erroneously takes בלתי as infin. Piel, τὸ γῆρας μου, my being grown old, a signification which the Piel cannot have. It is 1st praet. Kal from בלל, perfusus sum (cf. Arabic balla, to be moist, ballah and bullah, moistness, good health, the freshness of youth), and the ultima-accentuation, which also occurs in this form of double Ajin verbs without Waw convers. (vid., on Job 19:17), ought not to mislead. In the expression שמן רענן, the adjective used in other instances only of the olive-tree itself is transferred to the oil, which contains the strength of its succulent verdure as an essence. The ecclesia pressa is then triumphans. The eye, which was wont to look timidly and tearfully upon the

persecutors, the ears, upon which even their name and the tidings of their approach were wont to produce terror, now see their desire upon them as they are blotted out. שמע ב (found only here) follows the sense of בראה ב, cf. Arab. nd r fī, to lose one's self in the contemplation of anything. שורִי is either a substantive after the form בּוֹרֵר, גּוֹרֵר, or a participle in the signification "those who regarded me with hostility, those who lay in wait for me," like בּוֹס, fled, Numbers 35:32, סוֹר, having removed themselves to a distance, Jeremiah 17:13, שׁוּב, turned back, Micah 2:8; for this participial form has not only a passive signification (like מוֹל, circumcised), but sometimes too, a deponent perfect signification; and חוֹשׁ in Numbers 32:17, if it belongs here, may signify hurried equals in haste. In שׁוֹרִי, however, no such passive colouring of the meaning is conceivable; it is therefore: insidiati (Luzatto, Grammatica, 518: coloro che mi guatavano). There is no need for regarding the word, with Bttcher and Olshausen, as distorted from שׁרִי (the apocopated participle Pilel of the same verb); one might more readily regard it as a softening of that word as to the sound (Ewald, Hitzig). In Psalm 92:12 it is not to be rendered: upon the wicked doers (villains) who rise up against me. The placing of the adjective thus before its substantive must (with the exception of רב when used after the manner of a numeral) be accounted impossible in Hebrew, even in the face of the passages brought forward by Hitzig, viz., 1 Chronicles 27:5; 1 Samuel 31:3;

(Note: In the former passage כהן ראש is taken as one notion (chief priest), and in the latter אנשים בקשת (men with the bow) is, with Keil, to be regarded as an apposition.)

it is therefore: upon those who as villains rise up against. The circumstance that the poet now in Psalm 92:13 passes from himself to speak of the righteous, is brought about by the fact that it is the congregation of the righteous in general, i.e., of those who regulate their life according to the divine order of salvation, into whose future he here takes a glance. When the prosperity lit. the blossoming of the ungodly comes to an end, the springing up and growth of the righteous only then rightly has its beginning. The richness of the inflorescence of date-palm (תמר) is clear from the fact, that when it has attained its full size, it bears from three to four, and in some instances even as many as six, hundred pounds of fruit. And there is no more charming and majestic sight than the palm of the oasis, this prince among the trees of the plain, with its proudly raised diadem of leaves, its attitude peering forth into the distance and gazing full into the face of the sun, its perennial verdure, and its vital force, which constantly renews itself from the root - a picture of life in the midst of the world of death. The likening of the righteous to the palm, to the "blessed tree," to this "sister of man," as the Arabs call it, offers points of comparison in abundance. Side by side with the palm is the cedar, the prince of the trees of the mountain, and in particular of Mount Lebanon. The most natural point of comparison, as ישגה (cf. Job 8:11) states, is its graceful lofty growth, then in general τὸ δασὺ καὶ θερμὸν καὶ θρέψιμον (Theodoret), i.e., the intensity of its vegetative strength, but also the perpetual verdure of its foliage and the perfume (Hosea 14:7) which it exhales.

[1/8/2013 2:41:41 PM] Sherry Beth Sandor: At this time, there is nothing to tie Robert Freeman to Satanism, and that is not the purpose here. In an investigation, all the possible clues are collected. I am bringing my readership into this investigation of the top 13 families, and here is a possible suspect to make note of. Robert Freeman worked for the Jewish investment firm of Goldman, Sachs. Goldman, Sach's headquarters. in on Broad St. In NY, NY. Just a short distance from Goldman, Sach's trading floor in their

headquarters building on the glass-enclosed 29th floor was Robert Freeman's office. Robert Freeman was a graduate of Dartmouth. He liked to vacation in Colorado skiing with his family. He worked with Siegel and Boesky especially in his illegal insider deals. These insiders made millions off investors and would have made billions if they hadn't been arrested. Freeman and Siegel made some complicated deals such as the Unocal and the Storer affairs. Boesky went to Russia after prison and offered his financial talents but was politely rebuffed. One of the men involved with the ring was Milken.

Milken's influence had been a major factor behind the stock market recovery after Black Monday, 1987. That was Monday, Oct. 19, and the stock market plunged over 500 pts. that day. Milken convinced investors to invest in the stock market, and the Federal Reserve flooded the market with cash too to prevent a disaster. Milken was (& maybe still is) a close friend of Mason Jesse Jackson. Milken is heralded by many prominent Jews even after his arrest as a great Jew. That's not my opinion, a newspaper article will back that up. The Drexel firm associated with Milken was advised by the Federal Reserve, the SEC, the Treasury, and the Stock Exchange to declare bankruptcy with Chapter 11, which they did. Goldman and Sachs, both Jews, went to bat for Freeman, and hired private detectives to help his case. Kaye, Scholar in NY represented Freeman legally. Eventually Robert Freeman pleaded guilty and was given a four-month sentence which he served and was released on Aug. 30, 1990. The significant part is that Robert Freeman was someone who was one of the major players in the New York Stock Exchange. Robert Freeman is not to be confused with Ernest Robert Freeman who also is connected to the Sachs family, and was mentioned in the original article on the Freeman family (Mar. 15, 1993).

Adam. Upon completion of this task, the angel was then named to be guardian. Everyone, including the angels, demons, and corporeal entities, felt fear of him. Abbaton engaged in prayer and ultimately obtained the promise that any men who venerated him during their lifetime stood the chance of being saved. Abbaton is also said to have a prominent role in the Last Judgement, as the one who will take the souls to the Valley of Josaphat.[8] He is described in the Apocalypse of Bartholomew as being present in the Tomb of Jesus at the moment of his resurrection.[9]

[1/8/2013 6:13:33 PM] Dana Horochowski: [11/29/2012 11:32:03 PM] Timothy Watson: Hi Dana, I asked my angels if Obama was the Waterbearer Aquarian of the Aquarian Age. They confirmed that this was so. They said that he is hampered by the cabal at present from doing more good, but the opportunity would come later in his presidential term to exercise more authority. Peter said he knows he is a wizard. It's becoming apparent. He outwits his opponents at every turn. He goes into a private setting, invokes silence, seeks no advice, is his own man. The Chinese can't read him. He's more inscrutable than an Oriental. The spiritual advisor said that at some point the leaders would eventually turn to Obama for counsel and advice in sorting out various messes concerning world affairs. He will everge as the world leader in essence. He is a good man. The angels confirmed this. I was wrong about the Obama/Osama theory. They also said that the Chinese would not be permitted to proceed with their world domination plans. The E.T.

[11/29/2012 11:32:40 PM] Timothy Watson: ships would intervene and prevent this from occurring. They will render their weapons systems impotent.

[11/29/2012 11:33:47 PM] Timothy Watson: Their ships will start showing up with greater frequency. Eventually, when the time is right they will make their presence known.

[11/30/2012 12:06:57 AM] Timothy Watson: I had this Asian elitism. The Chinese and the Koreans are the worst. Predator cultures. All they care about is status. They have no integrity and no raison d'etre, no higher ideals, and no real goals.

[11/30/2012 12:10:18 AM] Dana Horochowski: who is your spiritual advisor> FULL NAME

[11/30/2012 12:10:30 AM] Dana Horochowski: OBAMA is the LEOPARD

[11/30/2012 12:10:39 AM] Dana Horochowski: He is a DEVIL

[11/30/2012 12:10:40 AM] Timothy Watson: Her name is Jill Michelle.

[11/30/2012 12:12:05 AM] Timothy Watson: What makes you so sure about Obama?

You're so convinced. Is this based solely on research or are you channeling this?

[11/30/2012 12:12:42 AM] Dana Horochowski: FRUIT ROTTING FRUIT

[11/30/2012 12:12:46 AM] Timothy Watson: Jill saved my life once, maybe twice with her readings. She's not a deceiver or trickster or fraud.

[11/30/2012 12:12:53 AM] Dana Horochowski: SOLD HIS SOUL to the DEVIL LONG AGO.

[11/30/2012 12:13:07 AM] Dana Horochowski: EVEN LILITH knows he is evil. I will find the video

[11/30/2012 12:13:27 AM] Dana Horochowski: the voices could be...astral liars

[11/30/2012 12:13:54 AM] Timothy Watson: I guess so but they pulled me out of a few binds.

[11/30/2012 12:14:25 AM] Timothy Watson: There is nothing in their messages that seems wrong. I found out something about my grandmother.

[11/30/2012 12:14:29 AM] Dana Horochowski: Maybe they bound you and pulled you from them.

[11/30/2012 12:14:35 AM] Timothy Watson: She is getting ready to reincarnate.

[11/30/2012 12:14:47 AM] Dana Horochowski: OBAMA is a DEVIL

[1/8/2013 6:19:09 PM] Dana Horochowski: [11/30/2012 12:39:21 AM] Timothy Watson: I don't agree. This is interpretation and it is based on opinion. I do not believe this. I believe the prophecies of Gang Il-san, a Korean prophet and he predicts World War III will start on the Korean peninsula and will only last 3 days, because it will be halted by a mysterious disease, which is radiation poisoning. He said it would destroy the spirit cord of humanity, which refers to the DNA. We'll see as far as Obama is concerned. I don't know what to think.

[11/30/2012 12:40:31 AM] Dana Horochowski: OBAMA HARPER eat babies at BOHO

[11/30/2012 12:41:14 AM] Timothy Watson: Dana how do you know that? Innuendo, proof?

[11/30/2012 12:43:55 AM] Dana Horochowski: ILLUMINATI wow what is with you....these are SATANISTS

[11/30/2012 12:45:46 AM] Timothy Watson: Dana, just because I am not sure about Obama does not mean that I am not aware what is going on. I wasn't born last night. I find him hard to read. So do a lot of other people. I am not getting down on my knees and worshipping him. I just need to watch and see what he does.

[11/30/2012 12:47:12 AM] Dana Horochowski:

[11/30/2012 12:48:18 AM] Timothy Watson: You should talk to my friend Steve. He is a victim of gang stalking like you wouldn't believe.

[11/30/2012 12:49:19 AM] Dana Horochowski: I no longer need a psychic. I get the answers from within. I have a CLEARer CHANNEL now.

[11/30/2012 12:49:41 AM] Timothy Watson: I find it very interesting that I have connected with all these people from Essex County in England.

[11/30/2012 12:49:56 AM] Dana Horochowski: LILITH- take it from her angle and then study the MOORS

[11/30/2012 12:52:29 AM] Timothy Watson: St. Alban's is in Essex County. I was told that I would be going there to do a documentary in about a year and that it would be a very spiritual journey for me. I would get strong feelings of past life resonance and it would be very emotional. I suspect it will be documentary about Shakespeare since I now have confirmed that the two Tudor princes wrote the plays - Francis and half brothing Edward de Vere.

[11/30/2012 12:52:51 AM] Timothy Watson: Sherry was the one who introduced me to these people in Essex County.

[11/30/2012 12:54:12 AM] Dana Horochowski: SHERRY is KOOL

[11/30/2012 12:54:26 AM] Dana Horochowski:  
<http://www.serenitystreetnews.com/videos/evitapendragon/ALL%20VIDEOS%20Illuminatreee%20LILITH%20sangrailian/> LILITH is dangerous and so are her children

[1/8/2013 6:20:41 PM] Dana Horochowski: OBAMA is a DEVIL though that is why the PETRO BOYS put him there.

BLACK KENNEDY

[11/30/2012 1:03:13 AM] Timothy Watson: Dana, Understand something. I have the utmost respect for you and believe you're a genius. I also fully acknowledge and tell everyone that you are more advanced in metaphysics than I am. I love you dear and respect your opinion on all things. But I am not sure about Obama. The jury is still out as far as I am concerned.

[1/8/2013 6:23:07 PM] Sherry Beth Sandor: brain washed

[1/8/2013 6:30:39 PM] Dana Horochowski: Concealed from the knowledge of the majority of people is the fact that the sexual arousal is an expression of the arousal of the life force – Ra. In fact, during the earliest times in Kamitic history, Het Heru was considered the principle female counterpart of the "deity" Ra, and therefore the mother of the deities. Her dominion over the imagination is the rationale for this association. The sensations of joy, pleasure (or negative feelings) are expressions of the arousal of the life force, and the images that form the content of the visualization or daydreams (dhyana) are the spiritual moulds (bodies of the deities, and energized thought forms - the "elementals" of European occultism) that guide the physical forces to the realization of their goals.

In her role as the imaginative faculty she is Nebt-Het, the Lordess of the House. This house, of course, is the spirit. This can be easily understood from the fact that all spiritual must be carried out through the concentration on images in a state of trance. Images + aroused life-force (Ra) + trance (mediumistic or waking) = spiritual realization (mundane or spiritual). Whoever remembers this formula, observes Maat, follows Tehuti, identifies with Ausar, will achieve all his needs in heaven and on earth.

In her role as the imagination she is also the "Eye (utchat) of Heru". That is, the eye of the will, or simply, our ability to visualize what we want to achieve. When the Kamitic texts say that the deities whose bodies are composed of light nourish themselves on the celestial light supplied to them by the Eye of Heru, they are referring to the subtle luminous matter out of which our images are formed.

[9:47:45 PM] mark standley: The practice of having female companions for meditation is called " the union of voidness and happiness" or the union of the two polarities (yab-yum) <http://www.surrenderworks.com/library/imports/esotericbuddhism.html>

[9:49:45 PM] mark standley: Sex is part of meditation practice in the Esoteric. How pure is man's mind! Keeping away from lust will restore him! and keeping away from lust means conquering it with another form of lust."

[9:51:09 PM] mark standley: Sex is shrouded in mysticism and given the role of "conquering lust". It becomes a mean by which the follower??? of the Esoteric Buddhism can achieve self-purification of his nature. According to the Esoteric Buddhism, "the attraction of lust will draw one into the realm of the wisdom of the Buddha", that is, by means of carnal love the bodhisattva leads one to liberation.

[9:51:44 PM] mark standley: This accounts for the fact that the Esoteric Buddhism treats women as offerings. What "The Collected Works of Buddhism Literature" terms as "love for offerings": refers to the love for women. This theme is repeated in the

Mahavairocana-sutra, which says, "Satisfy the desire for sex so that all beings will Be  
""HAPPY""!!!"

by Nicholas Emery on Thursday, May 31, 2012 at 3:03pm ·

Behind the dark light freeze,

enters the abyss of the believe,

A foolish error to those who peak in,

a channel, a frequency, a tone to begin.

The lucid colors, dripping from the dimensional divide,

movement is always a sign, of a portals design.

The fall, the defiance, or just a mystery of time,

either way spin has opened, another path to a hidden rhyme.

The dream is alive, but many eyes do not see,

Lucifer's redemption, must sheerly be seen.

Look behind the eyes of our fallen angel,

eyes of a tragedy, a tragedy of mystery,

a reflection of the self, the exploration of true existence.

I will say this, "Ahriman, swallow my fear",

i have requested what many seek not... LIGHT within a mirror.

[1/8/2013 7:51:05 PM] Dana Horochowski: The International Bible Students Association  
(precursor to the Jehovah's Witnesses) identified Abaddon as Satan in the 1917 seventh  
and final volume of Millennial Dawn.[14] Jehovah's Witnesses now take the contrasting  
view, believing that Abaddon is another name of the resurrected and enthroned Jesus  
Christ.[15][16] <http://en.wikipedia.org/wiki/Abaddon>

[1/8/2013 10:58:18 PM] Dana Horochowski: REVELATION 9:1 And the fifth angel blew his trumpet, and I saw a star fallen from heaven to earth, and he was given the key of the shaft of the bottomless pit; 2 he opened the shaft of the bottomless pit and from the shaft rose smoke like the smoke of a great furnace, and the sun and the air were darkened with the smoke from the shaft. (RSV)  
First, notice that at the sounding of the fifth trumpet, an angel ("star") descends out of heaven to the earth. This angel has in his possession a key to the Abyss (also called the "bottomless pit"). With this key, the angel unlocks the Abyss. It is very likely that this is

the same angel who later comes from heaven again with the key and a great chain to imprison Satan in the Abyss for the duration of the Millennium (Rev. 20:1-3).

And when I saw her, I marveled with great amazement. 7 But the angel said to me, "Why did you marvel? [1/8/2013 11:19:26 PM] Dana Horochowski: In Medieval Jewish, Christian and Islamic legends, the Seal of Solomon was a magical signet ring said to have been possessed by King Solomon, which variously gave him the power to command demons, genies (or jinni), or to speak with animals.

[1/8/2013 11:23:28 PM] Dana Horochowski: Alchemy

In alchemy, the combination of the fire and water symbols (up and down triangles) is known as the Seal of Solomon. The symbol is representative of the combination of opposites and transmutation. By combining the alchemical symbols for fire (upwards triangle) and water (downwards triangle), the alchemical symbols for earth and air are also created. The downwards facing triangle is divided along the center by the base line of the opposite triangle. This is the alchemical symbol for earth. Conversely, the upwards triangle divided by the base line of the downwards triangle is the alchemical symbol for air. The Seal of Solomon is all that is unified in perfect balance; the Spirit Wheel (see Merkabah).

[1/8/2013 11:23:55 PM] Sherry Beth Sandor: brb  
[1/8/2013 11:26:50 PM] Dana Horochowski: What does the angel mean when he says that "five have fallen, one is, and the other has not yet come"? Again, the angel is giving John a time sensitive clue. As of 95 CE, five of the symbolic heads (kingdoms) of the beast had already fallen from power. Those five were:

- (1) EGYPT
- (2) ASSYRIA
- (3) BABYLON
- (4) MEDO-PERSIA
- (5) GREECE

The kingdom in power at the time the Apocalypse was written was:  
(devil) ROME

Some may wonder how we can know that the six kingdoms listed above are correct. There is one overriding principle about the Bible that gives us assurance. The Bible was written ABOUT and FOR the people of God. The six kingdoms listed above all have one thing in common that identifies them as the first six heads of the beast: they were satanically-inspired human empires that ruled over God's chosen people, Israel. That means that there is one remaining "head" yet to come which will rule over God's people. This last empire will be global in scope, as God tells us in the seventh chapter of Daniel:

[1/8/2013 11:28:32 PM] Dana Horochowski: Daniel saw four beasts: a lion with eagle's wings, a bear, a leopard with four heads and four wings, and a terrible beast with iron teeth and ten horns (Dan. 7:3-7). The beast John sees come up out of the Abyss (Rev. 13:2) contains elements of all the beasts seen by Daniel. It is an amalgamation of all the satanic empires that have come before it. For more information on the identification of these beasts, refer to my article "The Beasts of Revelation and Daniel."

[1/8/2013 11:28:41 PM] Dana Horochowski: lion with eagle's wings - MarK Anthony

[1/8/2013 11:31:18 PM] Dana Horochowski: The fourth beast Daniel saw is the same as the seventh head of the beast John saw. It is the soon coming global government, the "New World Order," which will arise out of the chaos that occurs during the opening of the first four seals (Rev. 6:1-8). Daniel shows that this one world government will be reigned over by ten kings, called "horns" (Dan. 7:24).

God tells us in Revelation 17:10 that this "New World Order" will last only for a very short time. Revelation 13:3 records the apparent demise of this seventh head of the beast: REVELATION 13:3 One of its heads seemed to have a mortal wound, but its mortal wound was healed, and the whole earth followed the beast with wonder. (RSV)

What is this apparently deadly wound that will be inflicted on the seventh head of the beast? Daniel gives us the cause of the wound:

[1/8/2013 11:31:45 PM] Dana Horochowski: Sangrailian told me that PINDAR and she would be killed. The Harlot.

Robert Morris Wrote:

"A train crash outside Stockholm that involved a young woman responsible for cleaning the train was probably the result of a "pure accident" rather than theft, the Swedish prosecutor's office said Friday"

I for one am not buying this. It's clear that the Swedes are merely covering up the real situation, because they wish to avoid condemnation by the likes of Mayor Blumberg who, if the truth was revealed, will undoubtedly call for a ban on all Swedish light rail vehicles.

I'm reluctant to accept this explanation. Surely the Swedes have multiple redundant systems built into their trains to prevent just this type of accident. It sounds suspiciously like a government coverup, but to what purpose?

- Healer Chris Thomas is unique in his data about a VELON ET presence on earth, and has detailed their history in his recent books. He details the true Human Plan, and Humanity's vital role in the universe, and the involvement with many other ETs over many years. The latest, Project for Human Extinction, details how the Elite and Illuminati were taken over by a small number of Annunaki and Hathor Velon ETs about 300 years ago. He discusses this and other matters, in this the 1st of 2 detailed hour long interviews. His comments are highly controversial, as he slams many Channelors as being specifically "conned" by these Velon ETs. Highly controversial, and unique data. He was severely weakened some years ago, when he woke up with a hypodermic injection of lethal poison, which he managed to fight against, so he could write his books, and discuss with us on this very rare interview. <https://www.youtube.com/watch?v=6Zf7scVDQ1g> - see 27 min - proof our EARTH is NOT a SPHERE // <https://www.youtube.com/watch?v=m-RSwTihJQ0> ///

April 11, 2013 - Chris Thomas - Hour - Akashic Record of Earth, Mankind & Alien Races - - Chris talks about the 13 races in the universe which include non-physical, semi-physical and physical form entities. We'll also discuss the soul origin of these entities. Chris then explains how Earth is a unique, physical manifestation. He'll discuss Earth's beginning and the early human prototypes. We end the hour on beneficial technology given to humanity from non-human races. In the second hour, Chris expands on beings called Velons and their relationship to Earth. He'll also talk about UFO activity. Chris explains how the "blues," and the greys are attempting to develop a physical body form. Then, Chris shares his thoughts on what it would take for humankind to experience a global, vast shift in consciousness. Later, we discuss the current economic system and Agenda 21. Chris shares information revealing different numbers on the world's population. The second hour ends on wi-fi and harmful body effects. He concludes with
