

Department of Defense INSTRUCTION

NUMBER 6420.01

March 20, 2009

USD(I)

SUBJECT: National Center for Medical Intelligence (NCMI)

References: See Enclosure 1

1. PURPOSE. This Instruction:

a. Reissues DoD Directive 6420.1 (Reference (a)) as a DoD Instruction in accordance with the authority in DoD Directive 5143.01 (Reference (b)).

b. Updates the designation of the Armed Forces Medical Intelligence Center as the NCMI for the conduct of medical intelligence within the Department of Defense, pursuant to Executive Order 12333 (Reference (c)), The National Security Act of 1947 (Reference (d)), and DoD Directive 5240.01 (Reference (e)).

2. APPLICABILITY. This Instruction applies to OSD, the Military Departments (including the Coast Guard at all times, including when it is a Service in the Department of Homeland Security by agreement with that Department), the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the Department of Defense, the Defense Agencies, the DoD Field Activities, and all other organizational entities within the Department of Defense (hereafter referred to collectively as the "DoD Components"). The term "Military Departments," as used herein, refers to the Army, the Navy, the Air Force, the Marine Corps, and, as provided above, the Coast Guard (including Active and Reserve Components).

3. DEFINITIONS. For the purpose of this Instruction, the term "medical intelligence" is defined as the product of collection, evaluation, and all-source analysis of worldwide health threats and issues, including foreign medical capabilities, infectious disease, environmental health risks, developments in biotechnology and biomedical subjects of national and military importance, and support to force protection.

4. POLICY. It is DoD policy that:

a. There will be a unified Defense community for medical intelligence activities; those activities will be executed in a coordinated and coherent manner to effectively respond to U.S. intelligence priorities in support of national security objectives, and in accordance with all applicable laws, Presidential directives, DoD issuances, and Director of National Intelligence (DNI) guidelines.

b. NCMI is the DoD lead activity for the production of medical intelligence and will prepare and coordinate integrated, all-source intelligence for the Department of Defense and other government and international organizations on foreign health threats and other medical issues to protect U.S. interests worldwide.

5. RESPONSIBILITIES. See Enclosure 2.

6. RELEASABILITY. UNLIMITED. This Instruction is approved for public release and is available on the Internet from the DoD Issuances Web Site at <http://www.dtic.mil/whs/directives>.

7. EFFECTIVE DATE. This Instruction is effective immediately.

James R. Clapper
Under Secretary of Defense for Intelligence

RESPONSIBILITIES

1. UNDER SECRETARY OF DEFENSE FOR INTELLIGENCE (USD(I)). The USD(I) shall serve as the Principal Staff Assistant to the Secretary of Defense and as the primary DoD representative to the Office of the Director of National Intelligence (ODNI) for medical intelligence issues in accordance with Reference (b).

2. DIRECTOR, DEFENSE INTELLIGENCE AGENCY (DIA). The Director, DIA, under the authority, direction, and control of the USD(I), shall:

a. Oversee the activities, staffing, and funding of the NCMI, in accordance with DoD Directive 5105.21 (Reference (f)).

b. Manage medical intelligence for the Department of Defense and serve as the principal medical intelligence advisor to the Secretary of Defense; USD(I); Assistant Secretary of Defense for Health Affairs, under the Under Secretary of Defense for Personnel and Readiness (USD(P&R)); the Chairman of the Joint Chiefs of Staff; the Combatant Commanders; and the DNI, reporting to the Secretary of Defense through the USD(I).

c. Provide medical intelligence support to military operations in accordance with tasking priorities and standards of timeliness assigned by the Secretary of Defense, Chairman of the Joint Chiefs of Staff, and Combatant Commanders.

d. Respond to medical intelligence-related requirements in support of DoD Components, to include planning, operations, requests for technical information, and other support, as required.

e. Process and disseminate medical intelligence for foreign intelligence and counterintelligence, in accordance with the objectives, requirements, and priorities established by the Secretary of Defense and the DNI.

f. Provide medical intelligence support to National Intelligence Support Plans, as required. The National Intelligence Support Plans (Reference (g)) are managed by the Defense Intelligence Operations Coordination Center, which is operated at the DIA.

g. Appoint the Director, NCMI, who shall be a Senior Executive Service member or an equivalent flag officer with extensive medical and/or intelligence experience.

h. Supervise NCMI activities pursuant to Reference (f). Manage the NCMI as an integral element of the DIA, exercise administrative control, and provide appropriate administrative support.

i. Coordinate with the Secretaries of the Military Departments on the assignment of military personnel to NCMI.

j. Coordinate appropriate support of the NCMI by the DoD Components.

3. DIRECTOR, NCMI. The Director, NCMI, under the authority, direction, and control of the Director, DIA, shall:

a. Serve to advance the collective medical intelligence capabilities of the DoD Intelligence Community (IC).

b. Coordinate, as appropriate, integration of IC medical intelligence policies, standards, and procedures with tactical and operational level DoD procedures.

c. Promote an integrated IC medical intelligence strategy and implementation consistent with the National Intelligence Strategy and the National Intelligence Priorities Framework.

d. Coordinate DoD IC medical intelligence requirements of common concern.

e. Coordinate the procurement of tools and services to support medical intelligence activities.

f. Establish formal agreements with IC and U.S. Government entities, in accordance with DoD policies and procedures, so that medical information, data, and resources that are vital to the production of medical intelligence are shared as appropriate.

g. Review and approve products generated by the NCMI, after appropriate consultation or coordination with the medical intelligence community.

h. Ensure NCMI activities are compatible and consistent with IC data standards, architectures, processes, and procedures; medical intelligence data and products are accessible and intelligence sources and methods are protected through applicable classification, compartmentalization, and dissemination controls.

i. Disseminate analysis on medical intelligence matters consistent with DoD guidelines for Information Sharing (Reference (h)) and, as appropriate, with ODNI Intelligence Community Policy Memorandum (Reference (i)).

4. DIRECTORS, NATIONAL GEOSPATIAL INTELLIGENCE AGENCY (NGA) AND NATIONAL SECURITY AGENCY (NSA). The Directors of NGA and NSA, under the authority, direction, and control of the USD(I), shall:

a. Provide support for medical intelligence and medical intelligence-related requirements.

b. Provide support to NCMI for medical intelligence or medical intelligence-related activities and missions of the Department of Defense.

c. Evaluate their own organization's plans, programs, and activities for adequacy and responsiveness in support of NCMI's medical intelligence or medical intelligence-related activities, and make recommendations for agency's support to the USD(I), as appropriate.

5. ASSISTANT SECRETARY OF DEFENSE FOR HEALTH AFFAIRS. The Assistant Secretary of Defense for Health Affairs, under the authority, direction, and control of the USD(P&R), shall support the medical intelligence mission and assist NCMI by coordinating medical intelligence needs and requirements throughout the DoD medical community.

6. SECRETARIES OF THE MILITARY DEPARTMENTS. The Secretaries of the Military Departments shall:

a. Plan and program for medical intelligence resources in consonance with fiscal policy and guidance established by the Secretary of Defense and the USD(I) and program guidance received from the USD(I) and the DNI.

b. Provide military personnel consistent with NCMI mission requirements in accordance with Reference (f).

7. COMMANDERS OF THE COMBATANT COMMANDS. The Commanders of the Combatant Commands, through the Chairman of the Joint Chiefs of Staff, shall:

a. Support the medical intelligence mission and assist NCMI by coordinating medical intelligence needs and requirements throughout their areas of responsibility.

b. Provide to NCMI information and data regarding their areas of responsibility relevant to NCMI mission requirements in accordance with Reference (f).
