Mr. John Young CRYPTOME 251 West 89th Street Suite 6E New York, New York 10024

Dear Mr. Young:

References:

- a. Your Freedom of Information Act (FOIA) request of March 29, 2001, for records concerning various dossiers. Your request was received in this office on April 18, 2001.
- b. Our letter of April 20, 2001, informing you that additional time was needed to review the records and we were unable to comply with the 20-day statutory time limit in processing your request.

We have conducted checks of the automated Defense Clearance and Investigations Index and a search of the Investigative Records Repository to determine the existence of Army intelligence investigative records responsive to your request.

We have located the enclosed records pertaining to Amberg Federal Republic of Germany SAEDA, ZF010581W. We have completed a mandatory declassification review in accordance with Executive Order (EO) 12958. As a result of our review, information has been sanitized from the records as it is currently and properly classified CONFIDENTIAL according to Sections 1.3(a)(3) and 1.5(c) of EO 12958. This information is exempt from the public disclosure provisions of the FOIA pursuant to Title 5 U.S. Code 552(b)(1). Fees for processing this request are waived. A brief explanation of the applicable sections follows:

Section 1.3(a)(3) of EO 12958 provides that information shall be classified CONFIDENTIAL if its unauthorized disclosure reasonably could be expected to cause damage to the national security.

Section 1.5(c) of EO 12958 provides that information pertaining to intelligence activities, intelligence sources or methods, and cryptologic information shall be considered for classification protection.

Since the release of some of the information deleted from the records would result in an unwarranted invasion of the privacy rights of the individuals concerned, information has been sanitized as the information is exempt from the public disclosure provisions of the FOIA pursuant to Title 5 U.S. Code 552 (b)(7)(C).

In addition, we have sanitized information that would reveal the identity of confidential sources. This information is exempt from public disclosure pursuant to Title 5 U.S. Code 552 (b)(7)(D) of the FOIA. The significant and legitimate governmental purpose to be served by withholding is that a viable and effective intelligence investigative capability is dependent upon protection of confidential sources.

The withholding of information by this office is a partial denial of your request. This denial is made on behalf of Brigadier General Keith B. Alexander, the Commanding General, U.S. Army Intelligence and Security Command, who is the Initial Denial Authority for Army intelligence investigative and security records under the FOIA. You may appeal this decision to the Secretary of the Army. If you wish to file an appeal, you should forward it to this office. Your appeal must be postmarked no later than 60 calendar days from the date of this letter. After the 60 day period, the case may be considered closed; however, such closure does not preclude you filing litigation in the courts.

During the processing of your request, records were disclosed which originated with another government agency. This office has no authority to release these records and they are being referred, along with your request, for appropriate action under the FOIA, and direct reply to you.

We are continuing to review records regarding other titles you have requested and will respond to you by separate correspondence when our review is complete.

If you have any questions concerning this action, feel free to contact Mrs. Reilly at (301) 677-4742. Please refer to case #739F-01.

Sincerely, Russell A Nichols

I Troop, 3/2 Armored Cavalry Regiment (1,3/2), Amberg (QV0782), Federal Republic of Germany (FRG), APO New York 09114, was interviewed concerning a possible Subversion and Espionage Directed Against US Army (SAEDA) incident, and stated substantially as follows: (W) (c) At an unknown date in approximately early April 1974 Source was sitting in the Ringo Cafe (Phonetic) (RC), which was located on the same street as the Bahnhof Hotel (nfi), Amberg. Between 2100 and 2400 hours, he was approached by an unidentified, unaccompanied man, who offered him \$600 for helicopter and M-60 Tank batteries, radio antennas, technical manuals and other equipment, which was contained in a list shown to Source. A description of the man was as follows: 5'9" to 5'11" Height: 150-155 pounds Weight: Puild: Thin Hair: Long Dress: Informal civilian Distinguishing Characteristics: Spoke English with a thick foreign accent Source believed the man saw him "smoking a bowl" outside RC prior to the incident. Source never saw the man on other occasions before or after the incident. He knew of no incidents of similar approaches to other US personnel. AGENT'S NOTES: Source refused to make a sworn statement, and gave information hesitantly. He repeatedly asked why the information was required, and appeared apprehensive that he would be charged with a criminal offense. He would not have volunteered the information without being told to do so by one of his superiors. 106 CLASSIFIED BY:-X-GDS CF FO 11652 X CATEGORY: DECLASSIFY ON . -0 5200.1-R 5.
