New York, New York 10024

Dear Mr. Young:

References:

- a. Your Freedom of Information Act (FOIA) request of March 29, 2001 for various records.
- b. Our letter of April 20, 2001 advising you that additional time was needed to review the records.

We have completed a mandatory declassification review of Charles University, ZF015617W in accordance with Executive Order 12958. As a result of this review we have determined that the information no longer warrants security classification protection and is partially releasable to you.

Information has been sanitized to protect the personal privacy rights of other individuals. Since the release of the information would result in the unwarranted invasion of the privacy rights of the individuals concerned, this information is exempt from public disclosure provisions of the FOIA pursuant to Title 5 U.S. Code 552 (b)(7)(C).

The withholding of the information above is a partial denial of your request. This denial is made on behalf of Brigadier General Keith B. Alexander, the Commanding General, U.S. Army Intelligence and Security Command, who is the Initial Denial Authority for Army intelligence investigative and security records under the FOIA. You have the right to appeal this decision to the Secretary of the Army. If you wish to file an appeal, you should forward it to this office. Your appeal must be postmarked no later than 60 calendar days from the date of this letter. After the 60-day period, the case may be considered closed; however, such closure does not preclude you from filing litigation in the courts.

Please be advised that some portions of the record, highlighted in black, have previously been deleted. Since this office does not have an original of the record, we are unable to provide you with the deleted information.

If you have any questions concerning this action, feel free to contact this office at (301) 677-2308. Please refer to case #754F-01.

Sincerely,

Russell A. Nichols
Chief, Freedom of Information/
