Florent,

It looks like we have come to terms with Centrax and RR so that they will be providing warranty coverage direct to us under separate agreement. Therefore, we would like to go ahead and finalize and sign the PSA with GdF and immediately fund the down payment this week.

For purposes of finalizing the PSA could you plz complete the following sections and send back to me:

1. Full and proper name of the GdF entity that would be signing the PSA in the first paragraph and the signature block;
2. GdF's banking info in the "Payment Terms" section so that we know where to wire the funds;
3. GdF's contact information in the "Notices" section; and
4. The equipment list for Exhibit A.

If you have any questions please do not hesitate to contact me on my cell phone (832-212-1645).

Regards,

Good afternoon Florent.

As promised, I have now followed up with both Centrax and Rolls Royce and have proposed to each of them that in connection with the purchase of the GdF units we (ProEnergy) need something in writing from both Centrax and Rolls Royce whereby they commit to warrant the engines (per Rolls Royce) and the balance of the packages (per Centrax) since as you mention the warranty under the GdF agreement will be difficult to assign. They have emailed me to say this is possible and we will work on drafting such an instrument for each of them and will keep you informed on the progress which I hope should only take a matter of days.

In the meantime, does GdF have any specific comments or changes to the draft purchase and sale agreement that I previously sent to you?

Regards,

Scott Dieball
