Will you, Aaron or someone plz work with Rolls Royce in getting this info to them.

FYI, the units are owed by Suez GDF. RR has an option to repurchase the units from GDF and instead we will step in and buy them from GDF for \$76M and pay RR a \$2M fee for facilitating the deal. RR under a separate agreement may also convert the engines from 50 to 60 Hz so that they will work in Venez.

I will send you a copy of the agreement with RR when we sign it this week. The contract with GDF has not been started yet.
