On 9/15/03, at about 0655 hours W/Ramos was screening bags in the Delta Airlines baggage make up area. As S/Barlow's bag came through, Ramos saw wires and batteries in the x-ray that appeared suspicious to her. She opened the bag and began to search it. Inside she found that the batteries and wires were not threats, but as she searched she saw what appeared to be marijuana and other possible contraband. She notified W/Lewis, her supervisor, who in turned notified RP/Pyle, a Covenant Security supervisor. Pyle called the police and I was dispatched. I took possession of the property and asked Delta personnel to take Barlow off his flight. Barlow came to the Delta Baggage Office where Officer K. Wong 2249 and Officer S. Molver 4100 were standing by. When Barlow arrived Molver asked him if the items were his. Barlow said yes. Officer Wong ran Barlow for wants and warrants, which came back clear. We took Barlow into custody and took him to the south terminal substation for processing and further investigation. I requested the Airport Drug Task Force and San Mateo Sheriff's detectives be notified.

Task Force agents Kevin O'Malley and Steve Maes responded and did a field test on two vials of clear liquid that were in the bag. Both could not be identified. Based on their experience,

Officer's Narrative (continued)

O`Malley and Maes identified fungus material and vegetable matter found in the bag as psilocybin and marijuana. They also said a white powder found in a green vial in the bag appeared to be Ketamine. At 0745 hours, I mirandized Barlow from a department issued Miranda Card. Barlow waived his rights and agreed to talk. I asked him if the drugs were his and he said yes. I asked him if the green vial contained Ketamine and he said he believed it was. I asked him what the clear liquid was and he said a medication he takes for hay fever. He said he used a syringe kit found in the bag to administer the hay fever medication.

Detective Sergeant Matsuura arrived and interviewed Barlow on tape in my presence. He advised Barlow that he was free to invoke his miranda rights if he wanted, but Barlow agreed to talk. Barlow told Matsuura that the drugs had been given to him and that the Ketamine was not his, but would not identify the owner. Matsuura advised Barlow of the charges against him and where he would be taken. The interview was concluded and the tape was placed into evidence (E-8).

Barlow was transported by Officer A. Robinson 532 to Redwood City jail for booking. A booking search was conducted by Deputy P. Sudano 685 at the jail and he found a paper bindle containing unknown contraband in Barlow`s wallet. An additional charge of 4573 P.C. (Bringing a Controlled Substance into a Jail) was added. I transported items E1-6 to the San Mateo County Lab and placed items E7-9 in evidence locker 4.
