

MODERN

ORGAN

SCHOOL

RICHARDSON'S NEW METHOD

FOR THE

PIANO-FORTE.

An Improvement upon all other Instruction Books, in Progressive Arrangement, Adaptation and Simplicity. Founded upon a New and Original Plan, and Illustrated by a Series of

PLATES SHOWING THE PROPER POSITION OF THE HANDS AND FINGERS.

TO WHICH ARE ADDED THE RUDIMENTS OF HARMONY AND THOROUGH BASS.

BY NATHAN RICHARDSON,

THE AUTHOR'S PREFACE.

SINCE the publication of the MODERN SCHOOL, I have consulted many eminent composers and professors, in relation to its plan or system. While bestowing praise on it as a whole, they have invariably disapproved the difficult progressions, and the complexity of many important features, a lucid treatment of which, in a course of Piano-forte instruction, is an indispensable to the sure and rapid advancement of the pupil.

Becoming at length satisfied of determined, if possible, to remedy the defects of my first Method, I have submitted the same to a critical examination of my first Method, the public, confident that it will be found to be an improvement upon all other instruction books, and at the same time in wide popularity.

Specimens of the compositions of Thalberg and others are interspersed, by masters, instead of confining himself, as it is usual, to the compositions of the great masters.

I have endeavored to take the department of the art of Piano-forte play employed to enlarge and fill up a book with pleasure, instead of discouraging him with the study of the rudiments of music.

The plates illustrating the various highest authorities among the modern practitioners of the art.

At the conclusion of the work, a collection of the most important to every one examples, exercises and explanations here works of the great masters much less difficult.

This *LAST AND BEST WORK* "Systems," and "Schools," a *Knowledge of Piano-forte*

The following are selected from the opinions of

It is in this part of the work (five-finger and six-finger) that the heart of the whole matter lies, and Mr. Richardson has done wisely to lay out his chief force in this. It is possible, we think, to find a course of exercise graduated. A matter of equal consequence, as the education of a true musical feeling and taste is the selection of actual pieces of music, or music as a live thing of beauty, with a soul in it, and a dry bones and framework. The pieces, from the waltzes, meeting the young traveller each at the height of his toilsome ascent, are unexceptionable in point of style, and there are many of great beauty.—*Dwight*, *Music*, Boston.

Mr. RICHARDSON seems to have mingled the sweets of "amusements" with his pill of necessary drudgery, which are calculated to reconcile the ear, fortify the patience, and sweeten the temper of those subjected to household piano practice. For this reason, we do not shrink from his many leaved book—knowing that its bulk means more pleasure than pain, more music than dissonance, more recreation than tedium.—*Musical World*, New York.

A Method is not for artists, but for beginners who want to become artists; and as Mr. Richardson's New Method answers this purpose, it is the right one, and deserves our hearty recommendation.—*Musical Review*, New York.

This work cannot fail to insure a most satisfactory progress in the art of playing the piano-forte, if used with intelligence and practised with diligence; and it is sufficient to say, that it seems to me to combine everything of value as a Method, in the present advancement of piano playing, heretofore scattered among a dozen or more Methods of different authors, and it must speedily supersede all other Methods now in use.—A. T. THORUP, Teacher of Music, New Bedford, Mass.

I consider it the highest perfection of anything in the shape of an Instruction Book for the Piano, being a complete guide for those desirous to become accomplished performers.—J. BELLAIR, Teacher of Music, Philadelphia.

I have no hesitation in saying, that for instruction on the piano no work of equal merit has ever come before the public.—C. H. LOZAR, Teacher of Music, Rogersville, Tenn.

Teachers and Scholars can order this work with perfect reliability upon its being, in every particular, all that it is represented to be. Two editions are published, one adopting American, the other Foreign Fingering. When the work is ordered, if no preference is designated, the edition with American Fingering will be sent.

Be sure that in ordering it you are particular in specifying the "NEW METHOD." Price, \$3.75. Mailed, post-paid, to any address. Sold by all Music Dealers. A critical analysis of this work sent free to any address.

Oliver Ditson & Co., Boston: C. H. Ditson & Co., New York.

150,000 Copies of this work have already been sold, and the sale, which is steadily increasing, is now at the rate of 25,000 per year.

It has been made, and were obviously needed, in this country, I commenced a thorough and original plan, which I now offer to the public, the principles of all other Piano-forte instruction books, and to give the NEW METHOD a fair trial.

Mozart, Heller, Dreychock, Mendelssohn, no degree imitate the styles of those eminent masters.

The first rudiments of music, to the highest and most interesting pieces, which are so often uselessly neglected by the pupil and make practice a source of weariness.

See on the subject by L. KOHLER, one of the most eminent authorities on the subject.

A department of music much neglected, although it is the basis of all teaching the Piano a profession. The student who will find an introduction to the study of music.

Superior in Excellence to all other "Methods," and a Thorough Acquisition of a Thorough Knowledge of the Rudimental Studies

by the Publishers. Hundreds of similar admirable work.

Richardson's New Method for the Piano-forte will probably be every other work of the kind now in use.—*The Daily*, Boston.

The best arranged books for pupils learning the piano are ever seen.—*The Morning Herald*, Montreal, C. E. There are a thousand works for the piano, it is hard to select which is the best, because every work possesses peculiar and striking excellence; but, among all that are seen, RICHARDSON'S New Method holds a conspicuous place for ground of solid and enduring merit.—*The City*, Philadelphia.

Teachers, and in fact those who have taken lessons, will find the purchase of RICHARDSON'S New Method for the Piano-forte, a book which is an improvement on all other instruction books, and one that is highly recommended by the Syracuse Musical Academy as being the best published.—*Daily*, Syracuse, N. Y.

The thorough manner, the concise and lucid treatment, in which every thing relating to the matter is disposed of is one of the chief recommendations of the work. The usually verbose explanations and complication of technical terms are avoided; and common sense, plain talk, and brevity are substituted.—*The Daily Journal*, Boston.

We have given this new work a thorough examination, and must pronounce it the best course of instruction for the piano that we have ever seen. It is more progressive and complete than any similar work extant.—*The Advertiser*, Chattanooga, Tenn.

There is no text book for the student of the piano at all comparable in value to this. We most cordially recommend it as superior to all others—an opinion which an intelligent musical community are indorsing in a substantial manner.—*The New*, Chicago, Ill.

This work is distinguished by great and peculiar excellencies. It embodies in a clear and useful form all the results of musical practice. It is full and explicit in all the usual elements and definitions, succeeded by a gradual series of five-finger exercises interspersed by beautiful little compositions, by which the tedium of musical practice is very much diminished.—*The*, Moravian, Bethlehem, Pa.

I have examined it thoroughly and think it superior to every work for the Piano I have seen. It greatly lightens the task of both teacher and scholar, and is really entertaining throughout. I recommend it to my fellow teachers.—S. L. PRICKMAN, Teacher of Music, Wakefield, R. I.

RICHARDSON'S New Method I have used since its publication, with the greatest success, and experience teaches me it is not only the best, but the cheapest work for the Piano Forte ever published.—HENRY MEARIN, Music Teacher, Albion College, Albion, Michigan.

I consider RICHARDSON'S New Method for the Piano the very best instruction book for every pupil who desires to make rapid and thorough progress in acquiring a practical knowledge of playing.—H. F. CHALAPKA, Music Teacher, Coburg, C. W.

This new work is having an unprecedented sale, and it must for a long time retain its superiority.—Christian Freeman.

Such of our readers as desire a really good piano instruction book will do well to order a copy of RICHARDSON'S New Method. It is all that it is represented to be.—*Godoy's Lady's Book*.

It is perfect in its plan; and, after careful examination, we have no hesitation in recommending it to our readers as possessing many merits not claimed by other works of the kind.—*Daily Herald*, Cleveland, Ohio.

RICHARDSON'S New Method is certainly among the best works of the kind extant. It embraces the principles of all other piano-forte instruction books, while many new and important ideas are introduced.—*The Tablet*, New York.

Valuable Music Books published by Oliver Ditson & Co., Boston: C. H. Ditson & Co., New York.

Sent, postage paid, on receipt of price.

WORKS
ON
MUSICAL COMPOSITION.

Weber's Theory of Musical Composition. Treated with a view to a Naturally Consecutive arrangement of Topics. Translated from the third enlarged and improved German edition. With Notes. By JAMES F. WARNER. 2 volumes. \$6.00.

Woodbury's Elements of Musical Composition. With rules for arranging Music for full Orchestra and Military Bands. By I. B. WOODBURY. 75 cents.

Guide to Musical Composition. For those who desire in a short time and without a teacher to acquire the art of inventing Melodies, and of providing them with suitable accompaniments. Especially of composing the easier kinds of musical pieces. By HEINRICH WOHLFAHRT. Translated by J. S. DWIGHT. Cloth, \$1.25.

STANDARD WORKS

ON
THOROUGH BASS AND HARMONY.

Johnson's Harmony. Practical Instructions in Harmony, upon the Pestalozzian or Inductive System; teaching Musical Composition and the Art of Extemporizing Interludes and Voluntaries. This work is designed for "new beginners." It imparts a knowledge of Harmony by exercises which the student is to write. The utmost simplicity of language has been used in the explanations. By A. N. JOHNSON. Price \$1.25.

A New Manual of Thorough Bass, and Text-Book of Musical Theory. By EDWARD B. OLIVER, Principal of the Mendelssohn Musical Institute, Boston. For beginners, and even for advanced scholars as a book of reference, it will be found invaluable. Price, in cloth, 67 cents; boards, 50 cents.

First Steps in Thorough Bass. In Twelve Familiar Lessons between a Teacher and a Pupil. Price 75 cents.

Burrowes's Companion to Thorough Bass Primer. Being Fifty Preliminary Exercises, consisting of a Bass and Melody; to which is added a Key to the Exercises. This is one of the finest works on Thorough Bass extant. Price 75 cents.

Elements of Thorough Bass and Harmony. Designed for the use of Schools, Classes, and Conservatories, and as an aid in acquiring the ART OF PLAYING CHURCH MUSIC, and of extemporizing. By L. H. SOUTHARD. Cloth, 67 cents; boards, 50 cents.

PRIMERS, DICTIONARIES, AND THEORETICAL
WORKS.

Calcott's Musical Grammar. In Four Parts. I. Notation. II. Melody. III. Harmony. IV. Rhythm. Containing within a small compass the leading principles of Music. By DR. CALCOTT. Price \$1.00.

Clarke's Musical Catechism. Designed for the assistance of Teachers of the Piano-forte. Prepared from the One Hundred and Eighth English Edition. 38 cents.

Five Thousand Musical Terms. A Complete Dictionary of Latin, Greek, Hebrew, Italian, French, German, Spanish, English, and such other Words, Phrases, Abbreviations, and Signs as are found in the Works of all eminent Musical Composers. By JOHN S. ADAMS. Boards, 75 cents.

Lenhart's Elements of Music. A clear and systematic arrangement of Rules for the Piano-forte. To which are added Burrowes's Guide to Practice, and Czerny's celebrated Letters on the Art of Playing the Piano. 50 cents.

Marx's General Musical Instruction. An aid to teachers and learners in every branch of musical knowledge. By DR. ADOLPH BERNHARD MARX. Cloth, \$2.00.

This is a translation of one of the most valuable theoretical works on the science of music published in Germany.

Materia Musica: or, Materials for the Pianist. A Class Book, containing the Principles of Music applied to Piano-forte Playing, adapted for Private Tuition, but more especially arranged for the Use of Schools for Young Ladies, Normal Schools, and other Seminaries of Learning. By J. C. ENGLEBRECHT. 75 cents.

Moore's Complete Encyclopædia of Music. Elementary, Technical, Historical, Biographical, Vocal, and Instrumental. Embracing a complete history of the science from the earliest time to the present; a very full and comprehensive musical biography of more than four thousand distinguished musical celebrities and composers. The author has endeavored to present all the necessary information which may be required by those who wish to arrive at eminence as vocalists or musicians; and he has given a description of, or directions how to use, all the known musical instruments; with more than two hundred short yet important essays upon various subjects connected with the art and science of music, and almost every subject to which the attention of the musical student should be directed. By JOHN W. MOORE. Cloth, \$6.00.

Oliver's Text-Book. By E. B. OLIVER. Cloth, 67 cents.

Outline of Musical Form. Designed for Musical Students. A Treatise on Symmetry and Musical Form, Rhythm, Melodic Structure, The Song Form, Rondo, Sonata, Ecclesiastical Form, &c. By W. S. B. MATHEWS. 60 cents.

The Tuner's Guide. Containing a Complete Treatise on Tuning the Piano-forte, Organ, Melodeon, and Seraphine; together with a specification of defects and their remedies. 60 cents.

Valuable Music Books published by Oliver Ditson & Co., Boston: C. H. Ditson & Co., New York.

Sent, postage paid, on receipt of price.

Cantatas by Eminent Authors.

Excellent for Singing Societies and Schools.

SACRED.

- As the Hart Pants.* (42d Psalm.) By MENDELSSOHN. Boards, 50 cents; Paper, 40 cents.
- Come let us Sing.* (95th Psalm.) By MENDELSSOHN. Boards, 50 cents; Paper 40 cents.
- Hear my Prayer.* By MENDELSSOHN. 50 cents.
- Hymn of Praise.* (Lobgesang.) By MENDELSSOHN. Price \$1.00.
- Lay of the Bell.* By ROMBERG. 75 cents.
- Miriam's Song of Triumph.* By SCHUBERT. Price 75 cents.
- Morning.* By F. REISS. 50 cents.
- Praise of Friendship.* By MOZART. 50 cents.
- Praise to God.* A Choral and Instrumental work. By GEORGE F. BRISTOW. Cloth, \$2.25.
- Transient and Eternal.* By ANDREAS ROMBERG. Price 38 cents.

FOR SECULAR FESTIVALS.

- Burning Ship.* For mixed voices. By B. F. BAKER. Boards, 85 cents.
- May Queen.* Words by HENRY F. CHORLEY. Composed by WILLIAM STERNDALE BENNETT. Paper, 90 cents; Cloth, \$1.25.
- St. Cecilia's Day.* By VAN BREE. Cloth, \$1.25; Paper, \$1.00.
- The Picnic.* A CANTATA (entirely new) designed for the use of Schools, Singing Classes, and Social Gatherings, for mixed voices. Also arranged with separate vocal score for female voices, on the same paper. Words by GEORGE COOPER. Music by J. R. THOMAS. Just the thing for Summer Musical Festivals.
- THE GATHERING. — "Away, away, to fields of green."
THE DEPARTURE. — "Merrily over the water."
THE ARRIVAL. — "Up the hill and down the dale."
SPORTS. — "Swinging," "Lilly bells and roses," "A jolly good laugh!"
"The Skipping Rope."
THE STORM. — "O hark! O hark! The winds are rising now."
BREAKING AWAY. — "Sunshine after rain."
THE FAREWELL. — "The shadows gently fall."
HOMEWARD BOUND. — "The sun is dropping in the sea,
Good night he bids to you and me."
Price \$1.00.

The Storm King. Words by H. M. TICKNOR. Music by B. F. BAKER. 38 cents.

The Twin Sisters. AN OPERETTA for two voices, Soprano and Alto. By HERMAN S. SARONI. Boards, 50 cents.

A Winter Evening's Entertainment. A Social Cantata. Words by SIDNEY DYER. Music by A. CULL. Paper \$1.00; Cloth, \$1.25.

This Cantata introduces the hearty pleasures which enliven our winter evenings, and possesses many attractive features which will cause it to become the most popular work of its kind ever published. It is easily "brought out" and cannot fail to afford satisfaction and amusement whenever produced. It includes a "QUILTING BEE," a "SNOW-BALLING SCENE," "HIDE AND SEEK," Love Scenes, Comic Scenes, and other attractive features. The Cantata can be sung without action or scenery; but, if the latter is desired, a little ingenuity will supply it, directions for which are given.

For High Schools, Seminaries, and Advanced Classes.

The Grammar School Chorus. Containing Wilhelm's Celebrated Method of Teaching Vocal Music. Also Selections of Devotional Exercises, Exhibitions, and all other occasions. Adapted for one, two, or three voices. By J. B. SHARLAND. THIS BOOK IS USED ALL THE UPPER CLASSES OF THE BOSTON SCHOOLS. Price \$1.00.

American Musical Class Book. Containing Elementary Instructions, Vocal Exercises and Solfeggios, Duets, Trios, and Concerted Pieces. By T. BISSELL. Boards, 75 cents.

Young Ladies' Vocal Album. A Collection of Choruses, Trios, and Duets. Selected by CHARLES D. G. ADAM, Teacher of Music at the Buffalo Female Academy. Including a Course of Vocal Exercises and Solfeggios by Rossini. \$1.25.

Singer's Manual. Containing Elementary Instruction, and a choice collection of Secular and Sacred Music. By W. WILLIAMS. \$1.00.

Musical Mirror. Elementary Instructions and a collection of Music adapted to Sacred and Secular Words. By S. B. PHIPPS. 75 cts.

Part Songs. FOR THREE AND FOUR FEMALE VOICES. Selected mostly from a collection by S. MULLER, and translated by FANNY MALONE RAYMOND. 75 cts.

High School Choralist. A Selection of Choruses and Four-Part Songs from the Works of the Great Masters. \$1.00.

Operatic Album (The). A Collection of Music, in Parts, for Ladies' Voices. \$1.25.

The Greeting. A New Collection of Glees, Quartettes, and Choruses. By L. O. EMERSON. \$1.38.

The Trio. A Collection of Three-Part Songs for Female Voices. Designed expressly for Female Seminaries, High Schools, Colleges, &c. Compiled by D. N. HOOD. Cloth, 75 cents.

Books for Grammar, Intermediate, Primary, and Juvenile Schools.

Golden Wreath (The.) By L. O. EMERSON. Boards, 50 cents.

This book is superior to all others of the kind, both in its instructions and music: the former are easy and thorough, and include numerous attractive vocal exercises, several combining the physical with the mental. The music comprises over 200 of the very best and most popular songs. Two hundred and fifty thousand copies of this book have been printed and sold.

Merry Chimes. A Juvenile Music Book, containing Elementary Instructions, Attractive Exercises, and Several Hundred Popular Songs. By L. O. EMERSON, author of "The Golden Wreath," "Harp of Judah," &c. 50 cents.

This book is equally as good as the "Golden Wreath," and in many respects superior. The Instructions are excellent, the Exercises easy and pleasant, and the songs such as have appeared and become popular favorites since the publication of the former work, together with many new pieces. It is meeting with a demand unequalled by that for any similar publication.

The Nightingale. A Choice Collection of Songs, Chants and Hymns for Juvenile Classes, Public Schools, Seminaries, and Home Recreation. By W. O. & H. S. PERKINS. Boards, 50 cents.

This work, similar in style to that of the "Golden Wreath," has rapidly attained a wide popularity. It contains, in addition to, attractive lessons and exercises, over 200 songs.

JUST PUBLISHED.

THE GOLDEN ROBIN.

THE LATEST AND MOST POPULAR JUVENILE BOOK.

BY W. O. PERKINS.

Author of the "Nightingale," "Sabbath-School Trumpet," &c.

Containing Elementary Instructions, Attractive Exercises, and Several Hundred Popular Songs.

This new book will be found SUPERIOR TO ALL SIMILAR WORKS, in many points essential to a popular instruction book in Vocal Music and Collection of Melodies for the Young. Several Editions have already been ordered, and the demand increases. Many of the Songs have been written expressly for the work; and none of the songs are old and time-worn, — sung through a dozen books, but NEW AND SPARKLING, ADAPTED TO ALL OCCASIONS, AND ALIVE WITH THE SPIRIT OF THE TIMES. Price 50 cents.

New Sabbath School Music Books.

Glad Tidings. By L. O. EMERSON and L. B. STARK-WEATHER. Bright and Spirited Music. Not re-arrangements of old and worn-out Melodies. New words and fresh music.

The great reputation attained by all of Mr. EMERSON'S former works, the "Harp of Judah," "Golden Wreath," "Harp of Judah," &c., is a sufficient guaranty of the merit and success of "Glad Tidings." Price in boards, 35 cents; Paper, 30 cents.

The Morning Stars. A Collection of Religious Songs for Sabbath Schools and Home Circles. Adapted especially for UNIVERSALIST AND UNITARIAN DENOMINATIONS.

Arranged from the Folk Songs of Germany, — a rich mine of sweet and simple melodies hitherto but little worked. Care has been taken in the selection and adaptation of the words, that they might faithfully reflect the sentiment of the music. Great pains has been taken to put the music into proper keys for children's usage. Price in Boards, 35 cents; Paper, 30 cents.

P R E F A C E .

ALTHOUGH the masterly works of Rink, Schneider, Best, and others, have been eagerly sought for, and doubtless advanced the art of organ playing materially, there still remained a want of something more natural and perspicuous, — something more gradual and progressive, — which, taking the student up after a moderate knowledge of the elements of music, and of the key-board of the organ, should carry him through the detail of *fingering, touch, stops, pedal-playing, etc.*, to a full and comprehensive knowledge of the instrument.

In this country, a practical and progressive course of instruction has long been felt and demanded; the author, whose experience in giving instruction to all classes of pupils, not only beginners, but ladies and gentlemen highly proficient in piano playing, who felt the necessity of receiving instruction if they would obtain the same mastery over the key-board of the organ that they possessed over that of the piano, has availed himself of the material of these great masters, and produced a school fitted for the earnest, progressive, and practical American student.

The author flatters himself that he has made a complete work, — that in every department of organ playing, exercises for *fingering, touch, combinations of stops, pedal-playing, and voluntaries* for different occasions, he has furnished ample material, and neglected no opportunity of clearly explaining every difficulty in the way of the organ student. The exercises and instructions for *pedal-playing* are very thorough and comprehensive; the voluntaries are mostly selected from the works of Rink, (whose pupil the author had the good fortune to be, and from whom he received a number of compositions, which are now herein for the first time published,) Schneider, Best, and others. The whole forming the most comprehensive and efficient course of instruction for the organ extant.

THE MODERN SCHOOL FOR THE ORGAN.

PART I.

HISTORY OF THE ORGAN.

THE early history of the organ is so much involved in obscurity, that it is scarcely worth while to repeat any of the various conjectures which have been made concerning its first invention.

It is said that organs, or rather instruments resembling organs, were in use amongst the Greeks and Jews as early as in the fourth century. Organlike instruments, called "Magrappa and Mashrokitha," are said to have been in the Jewish temple; of which instruments an ancient writer (St. Hieronymus) says, that their sound could be heard on the Mount of Olives. To give some idea of these ancient organs, it may be stated, that it required seventy stout men to work the twenty-six bellows, and two organists to dispatch the wind through the four hundred pipes of an instrument which was built as late as in the middle of the ninth century, for Bishop Elfeg, at Winchester, England.

The very earliest organs were not built for church-purposes, and it was not until toward the tenth century, when organs were put into churches, and considered "church instruments." It is said, that it was in or about the year 640, when England saw the first organ within a church.

Up to about A. D. 1000, the compass of the keyboard was only one octave, and each key was nearly a yard long, from three to four inches broad, and one and a half inch thick, and shaped like our modern piano keys, with rounded ends. The action was such that the keys had to be "stricken" a foot deep with the fist.

Monks and priests occupied themselves, in the gloomy era of the middle ages, not only with organ playing, but also with organ building; and, in the year 1350, a monk is reported to have built (or rather finished) an organ of twenty-two keys, at Thorn, in Germany. Soon after this, the compass of the keyboard was enlarged to two and three octaves, and the semitones (upper keys) were added. At a period, somewhere between 1359 and 1361, a German friar, named Nicolaus Faber, put a new organ of four keyboards and pedal (as the report says), "for the fist and feet," in the Dome at Halberstadt.

Large churches were soon provided with two, or even more, organs—a larger and a smaller one—the larger having always two keyboards.

In 1592, the magistrates of Groningen contracted with David Beck of Halberstadt for the construction of an organ in the castle church of that city. Articles were drawn up between the magistrates and the organ-builder, in which it was agreed by the former, that for an instrument, the contents of which were minutely described, a certain stipulated sum should be paid to the latter at its completion, provided it was approved, after trial and examination, by such organists as they should nomi-

nate for that purpose.* This instrument, in its construction, employed the builder four years; and, in 1596, the most eminent organists in Germany being invited to sit in judgment, the names of those who signed the certificate of approbation, amounted to fifty-three in number.

Among the eminent English organ-builders who belong to the seventeenth century, are the names of Preston of York, the Dallais of London, and Loosemore of Exeter. Of one of the organs of the last-named builder we have a report which says:

"February the 1st, 1665. Then made a bargain with Sir Geo. Trevilyan, for an organ with these stops in it, as follows:

One Diapason,	}	these in	{	One Principal,	}	these in
One Flute,				One Flageolet,		
One Recorder,				One Trumpet,		
One Fifteenth.				One Shaking Stop.		
		wood.				mettle.

The Germans seem to have been (even as far back as this period) pre-eminent, not only in the building, but also in the playing of organs.† It was in the sixteenth century that different registers, by which alone a variety of stops could be formed, were invented. They were: 1. The *stopped pipe*; 2. By employing the small scale, the *Viola di Gamba*; 3. By employing the large scale, these mellow, rich, open *Diapasons* which "Silberman" has furnished in the utmost perfection; 4. Registers to taper upwards, such as the *Spitzflöte*, *Gemshorn*; 5. The *Reeds* under the various names of *Posaune*, *Trumpet*, *Shalm*, (Shalmey), *Vox Humana*, *Bears-pipe*, (*Bärenpfeife*).

The mechanism of the organ appears to have been well understood by the Italians in early times. The family of the Antegnati of Brescia, in the fifteenth and sixteenth centuries; Vincenzo Columbi, Vincenzo Colona, and Luca Blazi Perugino, —all these men built organs which were inferior to none in the world.

In the year 1641 the philosophical writer, John Evelyn, could say of Holland: "generally all the churches there, are furnished with organs." He speaks of the "Organs at Hæerlem" and of an organ at Vienna, as being "exceedingly sweet and well-tuned."

In the middle of the seventeenth century, there were "one hundred and forty-three pair of organs" at Venice, distributed at the following places: Seventeen in hospitals, sixty-seven in parish churches, fifty-four in convents of friars, twenty-six in nunneries, eighteen in oratories, and six in schools.

William Carr, English Consul at Amsterdam, in 1688, men-

* Andrew Workmeister's Organum Gruningense, redivivum 1704—A.

† Dr. Burney says: "Great organs and great organists seem, for more than two centuries, to have been the natural growth of Germany."

tions several interesting particulars concerning organs. He states, that there was in that city an organ "with sets of pipes that counterfeit a corus of voyces; it hath fifty-two whole stops, beside halfe stops, and has two rowes of keyes for the feet, and three rowes of keyes for the hands." He goes on to state further: "I have had people of quality to heare it play, who could not believe but that there were men or women above, singing in the organ, until they were convinced, by going up into the organ roome, etc." At Hamburg, the same writer tells us, "the churches are rich in revenues and ornaments, as images and stately organs, wherein they much delight. They are great lovers of musick, in so much that I have told seventy-five masters of severall sorts of musick in one church, besides those who were in the organ-gallery. Their organs are extraordinarily large. I measured the great pipes in the organs of St. Catharine and St. James' Churches, and found them to be three foot and three-quarters in circumference and thirty-two foot long; in each of which organs there are two pipes five feet and eight inches round."

Bernhard Smith, generally called Father Smith, and his two nephews, Gerard and Bernard, emigrated from Germany to England, between the years of 1650 and 1725, and built there more than thirty very excellent, and mostly large organs. Renatus Harris, who died in 1715, was a cotemporary and rival of Father Smith; the number of his organs runs up to twenty-nine. Other celebrated organ-builders in England were John Harris, John Byfield, Christoph Schneider (a pupil of Father Smith), Thomas Schwarbrook, the Jordans (father and son), Richard Bridge, Glys & Parker, John Snetzler (a German, who introduced the double Diapason and the Dulciana), Craag & Hancock, Samuel Green, John Avery, the Englands (father and son). All these organ-builders flourished during the period between 1700 and 1804.

During the eighteenth century, Germany was especially prolific in large organs; and most of these instruments still remain as honorable memorials of the talents of their builders. Amongst the most renowned organ-builders that the world has produced, are the celebrated Silbermann family. The founder of this race of talented men was Andreas Silbermann, born in Saxony, in 1678, who built, during the space of twenty-seven years, in which he flourished, thirty new organs. He died in 1733. Gottfried, Johann Andreas, and Johann Daniel Silbermann also built many large and well-finished organs.

Cotemporaries and successors of the Silbermann's were: Zacharius Thessner, Adam Sterzing, Heinrich Herbst and son, Michael Engler (between 1688 and 1760), Johann Michael Roeder (1726), and the Hildebrands, who built the organ in St. Michael's Church in Hamburg (yet standing), at an expense of \$20,000.

But the two best organ-builders of the latter half of the eighteenth century, are Johann Gabler of Ulm and Christian Müller of Amsterdam; the former by his glorious organ in the Benedictine Abbey of Weingarten; the latter by the world-renowned Haarlem Organ.

Cotemporaneous with the Silbermann's flourished, in France, Charles Dallery, François Clicquot, and Pierre Dallery, who built the organ of Notre Dame, at Paris. A descendant, Pierre François Dallery, was living as late as 1833.

DESCRIPTION OF THE ORGAN.

THE BELLOWES.

The bellows are said, by some, to have been first introduced by Lobinger, of Nuremberg, in 1570. According to other accounts, they were invented by Hennings, of Hildesheim, in the seventeenth century. At any rate, they were of German

origin.* Until of late, there were two kinds of bellows met with in church organs, namely, diagonal, (the older), and horizontal, the newer kind. The latter kind is the only description of bellows made by English and French builders. With the German builders, the former have been in great favor until of very late the cylinder-bellows (Kastenbälge) are being universally adopted, at least in all large organs.†

It matters, however, very little what kind of bellows an organ may have, as long as they furnish enough wind—and a steady wind. To ascertain whether there is enough wind or not, the organist may with full organ play one of Bach's or Rink's fugues, or Nos. 41 and 42 of the third part, and if the wind does not give out without nearly killing the man at the bellows, it may be considered "all right." The anemometer, or wind-gauge, is a well-known instrument to "weigh the wind," or, in other words, to ascertain its steadiness and force. The bellows must, of course, not be left "leaking," nor mischievous boys or lazy blowers (to ease their work) be permitted to take away the weights on the bellows, or even to change their places.

WIND-TRUNKS AND WIND-CHESTS

Were we to write a treatise on organ-building, much might be said on these parts, principally on the wind-chests; but for practical purposes of organists and music committees, we state but two requisites, viz: 1. Wind-chests must be as air-tight as the bellows, which may be ascertained by closing all and every stop, and (with a full supply of wind) pressing down all keys at once. The least noise then heard proves the lack of workmanship in this department. Of course, organ-builders generally know how to obviate such a trial—before incompetent judges, at least—but space would not permit us to point out how it is done.‡ 2. The so-called front-board (as the front of the wind-chest is called) is made moveable, because the "pallets" are immediately inside, and they are liable to temporary derangement from a variety of causes, and are therefore required to be *easy of access*. The front-board, then, ought to be simply fastened on with screws, so that it may be soon removed, if the pallets require cleaning or repairing.

CLAVIERS, KEY-BOARDS, OR MANUALS.

Some organs have two, three, or even four claviers. These are arranged one above another, and so that the lowest stand-out farthest, and each succeeding one recedes. In an organ having two manuals, the keys of the *Great-organ* form the bottom row, and those of the *Swell* the upper. Where there are three manuals, the great manual is usually in the middle, with the *Swell* above, and the *Choir* below. In German organs the great manual forms the bottom-row, and is called first manual. The usual compass of the manuals is 56 notes, from C to G. The compass of the Pedal or Pedal-board varies (to the great vexation of organists) very much. The *proper* compass is two octaves, from CCC to C, or 25 notes. (See page 10.)

* Edward Hopkins' "The Organ."

† The organ in the Music Hall in Boston and in Plymouth Church in Brooklyn are to be the first organs in this country provided with such bellows.

‡ Experience has taught us that many organ-builders, knowing their wind-chests not to be air tight enough, and being apprehensive of a very possible springing of a sound board-bar, are in the habit of lining them with "groves" to prevent "runnings." But in the latter case even "bleeding" would not do; an accident of this kind can only be *thoroughly* cured by taking the wind-chest to pieces.

DRAWSTOPS.

THE COUPLERS.

A Coupler is an appliance by which either a second Manual, or the Pedal and its stops, can be brought into play, while the performer's hands or feet are engaged upon the first. For the time being, the stops or pipes coupled, appear to belong to the key *actually struck*, and new effects and combinations become thus produceable, which are not otherwise attainable on the same instrument.

Couplers are classed under two heads: viz., Manual-Couplers and Pedal-Couplers. The usual Manual-Couplers of an organ with three Manuals are:—Couplers: Great Organ to Swell; Great to Choir; Choir to Swell. Pedal-Couplers: Great Organ to Pedal; Swell to Pedal; Choir to Pedal. These are Unison-Couplers. Octave-Couplers are objectionable.

The *Tremulant* is a small apparatus that gives to the tone of any department of the organ, to which it may be applied, a waving or undulating effect. The Tremulant is latterly omitted by most all good organ builders.

THE PIPES.

MATERIAL USED FOR ORGAN-PIPES.

The various substances of which organ-pipes are made, are: tin, metal, lead, zinc, and wood of various kinds. Of all the materials just specified, tin ranks first in point of excellence; and of the many existing varieties of this substance, that found in England is held in the highest esteem. Metal is a word used technically by organ builders, and is understood to signify a mixture of tin and lead, which compound is valued according to the quantity of the former ingredient contained in its composition. The metal ordinarily used abroad consists of two-thirds of tin and one-third of lead, or half tin and half lead. Bad metal (one-fourth of tin and three-fourths of lead, as is frequently found), is discernible in a variety of ways; to the eye, by its dark blue tint; to the touch, by its producing a dull, hollow sound on being rapped, whereas pipes of good, thick metal produce a clear, ringing sound; and to the nail, by its being easily scratched, whereas tin can scarcely be marked in that manner. Metal, composed chiefly of lead, also easily soils paper on which it is rubbed.

The great cost of tin (or even of rich metal), five or six times that of lead, and more particularly the baneful "low contract" spirit which unfortunately pervades most modern transactions in organ-building matters, preclude its use almost entirely in this country; although it would, on account of the greater durability of the material and the superiority of the tone of the pipes, prove to be the cheapest in the end. Lead, either alone or with but a slight admixture of tin, from its inability to sustain itself for any lengthened period, is, as a material for metal organ-pipes, comparatively worthless. The greater thickness to which a sheet of lead must necessarily be made to compensate for its natural softness, added to its greater specific gravity, are circumstances that render the bodies of leaden pipes so heavy that their feet are very liable to become depressed at the apex from the weight, and the language to sink, whereby the intonation of the pipe is endangered, if not lost. Lead is also very much oxydised by the combined action of air and moisture, which is no small reason for its unfitness, without the necessary admixture of tin.

Zinc is being frequently used for the structure of large metal-pipes; and it is a metal that undergoes but little alteration

at common temperatures under even the combined influence of air and moisture. The tone produced from pipes of this material is, however, lighter than that of tin or metal pipes of the same structure. Its cost, however, scarcely a tithe of that of good metal, much favors its introduction.

Wood.—A great number of the large pipes, as well as some of the smaller, are made of wood; and experience proves, that pipes, made of good, well-seasoned wood do better service and are of longer duration than inferior metal ones. Good organ-builders are particularly careful in the choice of wood. They will never use any that has the least flaw or knot in it, and rather throw away and make another pipe than waste time in trying to mend a bad one. And so it ought to be: but the covering of these pipes outside with a coat of red size, although ostensibly applied for the sole purpose of rendering the wood pipe-work "thoroughly sound," is often the means of concealing the bad quality of wood. The pores of the wood are effectively enough filled up by covering the inside of the pipes with a layer of thin glue, which, by rendering the surface smooth, improves the tone of the pipes.

CLASSIFICATION OF THE SOUNDING STOPS.

Flue and Reed Stops.

A series of pipes, the range of which extends from the lowest to the highest key of the Manual, or Pedal, gradually diminishing in length and size, having the same quality of strength of tone throughout, and the mechanism of which will allow of their being sounded independently of those of the other series, is called a *stop*. The stops are, according to their structure divided in two classes; namely: *flue* stops and *reed* stops. *Flue pipes* are such as have an oblong opening; called the *mouth*, bounded above and below by two edges, called the *lips*, which are made to sound by the wind, through a narrow fissure, flue, or windway, and which depend chiefly on the length or shortness of their bodies for the gravity or acuteness of the sound they produce.

Reed pipes or *tongue pipes*, are, on the contrary, those which are made to sound through the medium of a mouthpiece, furnished with an elastic plate of metal, and which do not depend on the length of the tube (body) of the pipe, but on the size of the mouth-piece and the vibrations of the *tongue*, for the gravity or acuteness of the sound.

Flue pipes are made partly of tin, metal, zinc, or wood. They are either *open* or *stopped*. Stopped pipes are closed in at the upper end with a stopper (a cap on tin pipes), a block of wood well covered with leather at the bottom and sides, to make the stopping quite sound, which makes the tone of the pipe softer and an octave lower than the pipe would produce without the stopper.

SIZE OF THE ORGAN STOPS.

A stop is called an eight feet stop, if its lowest tone, "C," (or largest pipe) is an open eight feet long pipe. A stop is called a four feet stop if its lowest "C," or the largest pipe is an open pipe of four feet length. A stop of eight feet *tone* (such as the Stop Diapason) is a stopped four feet stop. (See previous explanation.)

A double stop (or otherwise and more appropriately called sixteen feet stop) sounds each note an octave lower than written. A thirty two feet stop, then, sounds each note two octaves lower than written.

The foregoing explanation refers to flue pipes; but the length of reed pipes is also modified by the outline and scale of the tube; the length increasing as the scale is enlarged or made to deviate from the cylindrical outline. A cylindrical reed, or Clarionet tube, is very short, being little more than half the speaking length, a Bassoon tube, slightly outspreading, rather longer; a Hautboe tube, with a wider bell, longer again; a Trumpet, longer still; and a Trombone, or Posaun, the largest stop in the scale, also the largest tube used.

The numerous effects of which all well-planned organs are susceptible, result partly from the presence and use of stops of diverse form, nature, and character of tone, and partly from stops, varying as well in pitch as in quality of tone, and other distinctive conditions. *The most important and useful stops for the Manuals are those of eight feet, because they are in unison with the human voice, and are therefore particularly required for the accompaniment of singing.* For the Pedal, the sixteen feet stops are the most useful, as they form the true bass to the manual eight feet stops.

The eight feet stops on the manual and the sixteen on the pedal are called the Foundation-stops, as being the unison of their respective departments, and giving the "ground-tone."

Besides these, there are other distinctions made, such as Mutation, Compound or Mixture stops, which, being of less material importance, are only mentioned.*

DESCRIPTION OF THE ORGAN STOPS.

1. *Open Diapason*, is an eight feet stop on the manual, and a sixteen feet stop on the pedal. It is called "open" in contradistinction to the Stopped Diapason. From its being the chief foundation-stop on the manual and the pedal, its goodness or badness exercises an important influence over the effect of the organ generally. The Manual-Open-Diapason is (or ought to be) generally formed of tin, or rich metal pipes, many of which are those usually seen in front of the case. The lowest octave (or even more) is, in this country, made of zinc—not for the good quality of the tone, but for economy's sake.

The Pedal Open Diapason is, in Europe, made of wood or tin;† in this country, almost exclusively of zinc, which is very much to be regretted, and the more to be condemned because there is no country that has so great a variety of most splendid wood, at cheap prices, as America.

2. *Stop Diapason*.—The Manual Stop Diapason is mostly made of wood; its effect, if well made, is fluty and mellow; if poorly made, reedy and hoarse. The manner of dividing this stop in two half stops (Treble and Bass) is, except in very small organs, very objectionable. To give in such a case to the Treble a different name, is not only ridiculous, but also suspicious. (See chapter on examining organs.)

The *Double Stop Diapason* for the pedal, is universally made of wood. Its tone adds a quiet solidity to that of the Pedal Open Diapason.

3. *Dulciana* is an eight feet manual stop of a very soft character of tone. It is made partly of wood, partly of metal. The Dulciana, in most organs, stops at tenor C, or fiddle G; the stop then frequently being grooved into the Stop Diapason, or the bass of the Stop Diapason, is made to draw separately to meet it.

4. *Clarabella* is sometimes introduced instead of the treble

portion of the Stop Diapason, and is seldom disposed otherwise than as an incomplete stop, its compass generally only extending to middle C, or, at most, to tenor C. The *Clara bella* much resembles the German

5. *Hohlflöte* (Hollow-flute), a very effective stop, made of wood or metal. When of metal, the *Hohlflöte* is made to a very large scale, thus producing a powerful and thick, or, as the name distinctly intimates, a hollow tone. It is made eight, or four feet long.

6. *Viola di Gamba*. The name of this, mostly eight feet stop, has for years been introduced in this country; but to our own knowledge, and according to report, not yet the real stop, nor do we expect a great demand for it, because the necessity of its being made of good tin must render it expensive. The voicing is very difficult and requires much labor and experience—the least dust on its mouth, the least shaking may change its tone or silence it—nor are organists always capable or disposed to demonstrate its great beauties to the full extent; therefore the *Viola di Gamba* may be considered a luxury—a charming luxury for rich congregations.

7. *Keraulophon* is also a Manual Stop of eight feet, of metal, and, like the *Gamba*, of a reedy and pleasing quality of tone. It is a half stop, seldom extending lower than fiddle G or tenor C. The *Keraulophon* was invented by Messrs. GRAY & DAVISON, in 1845.

8. *Geigen Principal* (Violin Diapason), is a Manual Stop of eight feet, of great beauty and usefulness. It is not yet known in this country, but will undoubtedly be introduced before long, and certainly become a great favorite with both players and hearers.

9. *Salicional*, or *Salicet* is another reedy-toned eight feet manual stop of small scale.

10. *Principal*.—A four feet manual stop, of metal. It is the octave stop to the Open Diapason. The clear tone of the *Principal* makes it useful in Forte passages, and is for the same reason the stop after which all others are tuned.

11. *Fifteenth*.—A two feet manual stop of metal.

12. *Flute*.—A stop of either four feet standard length or foot tone on the manual, and eight feet on the pedal (then called *Flute Bass*.*) The quality of the tone of a *Flute* stop usually bears a close resemblance to that of the wind-instrument after which it is named. There is quite a variety of *Flute*-stops to be found in foreign organs,† some of exquisite beauty of effect, made of different material, shape, (round and square) and size (from sixteen to two feet). They are: *Tuba Major*, a sixteen feet *Flute* stop, made by E. F. WALKER & WEIGLE. *Wienerflöte* (Vienna flute), eight feet, a solo stop of great beauty; *Spitzflöte* (Pointed or Spire flute), and *Gemshorn* are found of eight, four, and two feet length; *Waldflöte* (Forest flute), is either of four or two feet length; *Hohlflöte* (already mentioned); *Block flute*, a two feet stop of a very large scale; *Piccolo* and the *Flageolet* are two feet stops, the former of bright, clear, and travelling tone, the latter of smaller scale and sharper tone than the *Piccolo*; lastly, the crown of all—the *Flute travers*, which is either of eight or four feet length, always made of wood, partly square and partly round. The pipes are made to speak partly the foot tone, partly, by overblowing (überblasen), the octave above. The *Cezzina* is also a species of *Flute* stops.

13. *Twelfth*.—An open metal stop of two and two-thirds on the manual; its pitch is a perfect (major) fifth above the *Principal*, and can therefore only be drawn for *ff* passages with nearly all other stops.

Compound Stops have from two to five, in old organs even as many as twenty different pipes to one key. A compound

* Those desiring to read more on these matters, are referred to the works of Hopkins and Rimbault, and to Seidel's, in the German language.

† The organs in St. Petersburg, Reval, Frankfurt, Ulm, all built by E. F. Walker of Ludwigsburg, have Pedal Diapasons (sixteen feet) of English tin.

* As yet few, if any, in this country; its great utility and cheapness will make its introduction very desirable and useful.

† The names of some of these flutes have appeared in reports of organ exhibitions, and always spoken of very highly.

stop having three pipes to each key is called a stop of three ranks; having four pipes to each key, a stop of four ranks. Well-planned and constructed compound stops give to the foundation stops a distinctness and clearness of effect, and a great vivacity as well as a ringing character to the general organ-tone. They are:

- 14. The Mixture.
- 15. The *Ses* or *Sexquialtera*.
- 16. The *Cornet*.
- 17. The *Furniture*.

Reed Stops.—A reed-pipe of an organ is formed of a mouth-piece, (composed of a *block*, *reed*, *tongue*, and a wooden *wedge*, with a *tuning wire* and *boot*) and a tube or *body*. Reeds thus formed are most common; in modern organ-building the so-called *free reeds* have been introduced. In the free reed, the size of the tongue and the opening in the reed are so adjusted in regard to each other, that the former almost exactly fits the latter: the tongue, therefore, instead (as is the case in common reeds) of striking on the edges of the reed, is impelled into the opening by the wind, when, from its own elasticity, it resumes its former position, and the sound is produced by its rapid vibratory motion to and fro through the air. The tone of a free reed is not so strong as that of a common reed, but it is particularly smooth and free from rattling. Some fine sixteen and thirty-two feet Posauns have been made in Germany of free reeds.

The most common reeds in our organs are:

- 18. The *Trumpet*, eight feet.
- 19. The *Hautboe*, do.
- 20. The *Trombone*, eight feet in manual, sixteen feet in pedal.
- 21. The *Clarionet*, eight feet (or *Cormorne*, *Cromorne*, *Cremona*, *Krumm-horn*).
- 22. The *Clarion*, four feet.
- 23. The *Voxhumana*.—This stop is intended to represent the human voice, which, if it does it at all, does it but very faintly. It is of eight foot-tone.

The pedal stops are:

- 24. *Double Open Diapason*, or the *Diapason* of sixteen feet. This stop is, in this country, made of zinc, in Europe mostly of wood, and very often of pure tin.

25. *Double Stopped Diapason*, likewise called *Bourdon*, a covered eight feet stop of sixteen foot-tone, made of wood. Of late there has been introduced a thirty-two feet stop under the name of *Double Stopped Diapason*, of sixteen feet length, which, however, principally in the lower notes is unintelligible and entirely useless, (in my opinion,) except for mere show.

26. *Violon Bass*, sixteen feet, is for the pedal the same as the *Viola di Gamba* for the manual; but is made of wood.

27. *Trombone*, sixteen feet, a very essential pedal stop, without which no organ can be called "grand," by anybody having ever listened to its soul-inspiring tones.

28. *Violoncello*, eight feet, variously made of wood or metal, is an imitation of the well-known instrument, whose name it bears.

29. *Grand Double Open Diapason*, *Grand Subbass*, or whatever name may be given, is, lastly, the so-called thirty-two footer—a really thirty-two feet open pedal stop, rarely of satisfactory effect, but which organbuilders are as anxious to furnish as congregations are unwilling to pay for—and for this, both parties have good reasons. In Europe it is made of wood, in this country it has been made of zinc.

COMPASS OF THE STOPS.

The lowest key of organs ought to be (and is mostly) C; and organs built on that principle are called C-Organs. Whether the compass may be carried upwards farther than \bar{F} (al tissimo) matters very little, since our best organ compositions seldom require even this high note, nor does the addition of one or more such useless small pipes make much difference in the effect.

Taking the compass of the manuals as from CC to \bar{G} , (four octaves and a half,) each stop ought to have fifty-six pipes.

See the following

TABLE OF THE PIPES (NOTES) OF THE OPEN DIAPASON.

Of this same compass is the *Stop Diapason*, its pipes being only half the length, but because of their being closed at the top, they produce the same pitch of tone as if they were twice as long.

The *Dulciana* mostly begins with the four feet C.

The *Clarabella* is seldom carried farther than the two feet C.

The *Hohlföte*, *Viola di Gamba*, *Keraulophon*, *Hautboe*, *Trumpet*, *Cremona*—all these share the same fate with the *Dulciana* (at least in the swell)

Principal, Flute, Clarion, are mostly complete stops, each having fifty-six pipes, of which the lowest C, is four feet long, the next C above two feet, etc.

The *Fifteenth, Piccolo and Flageolet*, are likewise complete stops; their lowest C, is two feet long.

The *Twelfth* is also a complete stop; its lowest C, is only two feet and two-thirds long, and sounds

the note

On striking the lowest C of a *Mixture* of three ranks, three different-tuned pipes will be made to speak at once, tuned thus: The other compound stops are similarly arranged.*

THE COMPASS OF THE PEDAL STOPS

must, of course, begin likewise with C.

The *Double Open Diapason's* lowest note, sounding an octave lower still; its compass, as well as that of all other sixteen feet (double) stops is as follows:

NOTE.—Every Pedal Organ ought to have at least one stop of this pitch and compass; half Pedals, and more so, Pedals beginning with G or any other note but C, are a vexation to all players and an obstacle in the way of young organists to become good pedal players. Why should the note C, universally accepted as foundation note, not also be the lowest note, both in Manual and Pedal?

The tone of the C of sixteen feet length is in unison with the lowest C of the Grand Piano Forte; it is the CCC of the English tablature—the Contra C of the German.

The effect of a thirty-two feet stop is one octave lower still than the above. The sound of its lowest C is below that of any other instrument, and is signified in letters by CCCC, (the German term for it is Double Contra C.)

ON EXAMINING ORGANS.

History has too clearly demonstrated that "good organs will make good organists, and, *vice versa*, that good organists will make (or at least use their influence to have made) good organs. This fact is too important to allow us to pass this matter over in silence, much less can the tenor of the following lines be considered an assumption. The venerable Dr. L. Mason,

* A work on organs and organ-building in process of preparation will throw more light on this very interesting as well as other subjects, which in this work could only be shortly mentioned.

† Upper keys included.

convinced of the usefulness of instruction on this subject, has already, some years ago, requested us to make a few expositions regarding it, in a former work; and since that time, we have been so thoroughly disgusted with the "farce" of organ-exhibitions, that we, at the risk of becoming unpopular with some parties, cannot conscientiously withhold our views on the subject. Good organ-builders will rejoice thereby to see the tricks of incompetent competitors exposed—congregations and organists may learn thereby, how to secure for themselves *really* good organs, and will better understand the necessity to furnish adequate means to enable the builders to build organs which will do lasting honor to them, and answer best the purpose.

Before speaking of examining organs, it will be essential to make a few remarks on the equally important point of "purchasing" an organ.

The size of the church, the style of building, the style of singing, and the position of the organ within the church—all this ought to be submitted to the consideration of the builder, or some competent party, to determine the amount of money required for the new instrument. It would be desirable to select the builder before drawing a plan for the organ, as different makers furnish different qualities of manufacture.

This being done, a clearly specified plan for the instrument in question must be made out, enumerating not only the number of stops, but the number of pipes of each stop, defining the material, the length of the lowest pipe, the number of additional drawstops, compass of pedals and of manuals, etc. Such plans, thus clearly specified, ought to be given to the different organbuilders, and awarded with the understanding, that the organ would not only be exhibited, but examined by any competent party or parties the congregation might please to call for it.

To *examine* an organ built after such a plan as described, will, however, require more care and more "knowing" than to play at its exhibition some splendid piece of music, and this done, to declare the organ to be "the best instrument ever built," or something like it. It will be necessary to creep inside the organ to ascertain: 1. Whether the pipes are really *all* there and made of the stipulated material and size; 2. Whether the bellows furnish enough and a steady wind during all styles of playing; 3. Whether there is easy access to *all* parts of the organ: to the pipes, to tune them—to the action (principally the couplers) to correct slight derangements, without being put to the necessity of working one or two days in getting, for example, at a screw, to set it merely aright; 4. Whether the organ is tuned in the right pitch; 5. Whether all pipes are carefully fastened, so as to prevent a very annoying rattling from time to time; 6. Whether the metal pipes are not too thin, and whether the wooden pipes are provided with a coat of size inside. Besides these, there are many other little matters to be looked after, too numerous to mention here.

The following schedule will illustrate and more fully explain our view on this subject.

PLAN OF A NEW ORGAN OF TEN SOUNDING STOPS.

The organ is to have a plain case of wood, . . feet high, . . feet wide, and . . feet deep. It is to have one Manual Compass, from CC to $\bar{\bar{G}}$ (altissimo) or 56 keys;—a Pedal from CCC to C, or 25 notes.

* Imperfection in this point compels congregations too often to employ an organbuilder for the most trifling derangements, which, could access to it be had, might be remedied by the organist without causing expense to the church.

† Of more importance than is generally attached to it.

STOPS ON MANUAL

1. Open Diapason, eight feet, of tin, lowest octave of zinc, 56 pipes.
2. Stop Diapason, eight feet tone, of wood, 56 pipes.
3. Dulciana, eight feet, beginning with Tenor C, 44 pipes, to be made of metal, and to be groved in with Stop Diapason in the lowest octave.
4. Principal, four feet, of metal, 56 pipes.
5. Flute, four feet, of wood, 56 pipes.
6. Fifteenth, two feet, of metal, 56 pipes.
7. Twelfth, two feet and two-thirds, of metal, fifty-six pipes.
8. Sesquialtera, two feet, two ranks, 112 pipes

PEDAL STOPS.

9. Violonbass, sixteen feet, of wood, 25 pipes.
10. Double Stop Diapason (or sub-bass), sixteen feet tone, 25 pipes.

DRAWSTOPS.

Couplers:—Manual and Pedal; Pedal Check; Bellows alarm; Composition Pedal to take away Stops Nos. 6, 7, and 8.

Stipulations regarding pitch, general character of voicing, whether action to be reversed, whether key-board to be extended or not, and the quality of tin and metal to be used for the different stops, should be added to the above description of the stops.

COUNTRY AND CITY ORGANS.

There can, and there ought to be no difference made in this respect, and it is only in one department there can be any discrimination; namely, in reference to Reed stops, which, being so very liable to get out of tune and order, ought to be but sparingly put in country organs, where no competent hands for tuning and voicing can be found, unless by great sacrifice of money. These Reeds, being moreover the most expensive stops of all, we would suggest to have their places filled with good flue stops. City organs may have, and, in fact, never have too few Reeds—but how is it that these Reeds can most always be heard above everything else, and why are they so often so outrageously out of tune? Would it not be well for the organist to have the Reeds tuned, or tune them himself, (which every organist ought to be able to do), before using them in the service, or else let them alone?

ORGANS FOR DIFFERENT DENOMINATIONS;

OR,

DIFFERENT STYLES OF SINGING.

If, as much as congregational singing* is different from the singing of a Quartett Choir, or even an ordinary Chorus Choir, in just as much must the volume of the organ, as harmonic

* The author is a zealous advocate of congregational singing, not, however, to the entire exclusion of choir singing.

supporter of all Church singing, be differently disposed. Organs to accompany congregational singing, must needs have mellow, rich, and deep-toned foundation stops, and above any of these, the Diapasons must not be wanting. Next in importance are the sixteen feet Pedal stops, which must be intelligibly voiced, strong enough to give the ground tone of the harmony, but their power must be sought for by their proper construction and number, not by over forcing their supply of wind, which produces a trembling all over the house, and which is too often a cause of dissatisfaction with congregations.

Mutation and compound* stops, as also the Reeds, must be in proper keeping with the foundation stops—rich, mellow, proportioned of a large scale. After this brief exposition of the character of organs for congregational singing, we may be spared any remarks on organs for Quartett singing.

ORGAN-TOUCH.

The organ-touch is generally said to be the reverse of, or at least entirely different from, the piano-touch; which, however, as far as the touch (or the manner of striking the keys) is concerned, is not the case. The keys in piano as well as organ playing, have to be struck suddenly and decidedly; there is no such thing as pressing down, if by pressing any lesser degree of velocity in getting the keys down is meant. A prompt, sudden striking of the organ-keys cannot produce a piano-like effect of the organ, but will insure a prompt speaking of the pipes (especially of the Reeds), effected by the prompt opening of the valves, giving to the pipes at once their full supply and strength of wind. It is, therefore, not so much the manner of striking or touching the keys, which makes a good organ-touch, but rather the manner of taking the fingers off the keys, or the perfect control of the player over his fingers: 1st. In holding each note to its full value of time; and 2nd, in playing passages of single notes, as well of chords, in such a smooth *legato* style, that one note follows the other without any interruption of sound, just as in walking, one foot is not raised until the other reaches *terra firma*. A proper *legato*-playing will insure a good organ-like effect; and a student who has gained so much control over his fingers as to *raise them at the right moment*, has conquered the true organ-touch. A *thorough* practice of the exercises commencing on page 15 will insure to every student this needful acquirement.

STYLE.

LEGATO AND STACCATO-PLAYING.

The style of organ-playing is generally required to be "*legato*," but there are instances when a complete "*staccato* playing" will be more expedient. Attempts at *staccato*-playing, however, should not be made until the student is thoroughly conversant with *legato*-playing. Regard to the well being of the organs, if nothing else, forbids the execution of continued passages like the following:

* We object to the use of compound stops for accompaniments in general, even in congregational singing

tor, a prolonged passage like No. 1, will unavoidably affect the tuning of some pipes—will not unfrequently cause many pipes to “blow over,” and put the bellows to a rather too severe test of their durability. Passages similar to No. 2., while producing the same effects on the instrument, will produce in many organs a most pitiful effect by the trembling of the notes of the air, caused by the shaking of the wind.

Specimens of the admissible staccato-playing will be found on pages 28, 31, 162, 178.

The desire to play *legato*, or, as it is more generally called, “to play in good organ-style,” has misled a large majority of organists (or rather those playing on organs), to do too much to be good.

According to very generally prevailing notions, an organist seems never to be permitted to strike the same chord, or even the same note twice in immediate succession. This undoubtedly wrong conception is not only confined to playing Psalmody, but is even applied to music for the organ, composed by masters. What would become of all the soul-inspiring sinfonias of Beethoven, should every instrument of the orchestra, capable of sustaining its tones, adopt the same principle? What would become of the agitating theme in Beethoven’s C minor sinfonia

if the instrumentalists should deem it in better taste to play .

The very life and soul of music depends on its *rhythm*, which by this misunderstood style, must in all cases be rendered doubtful, and mostly vanish entirely. Therefore, young student, play your organ music just as written; play, for example, the tune

“GOD SAVE THE KING,”

not thus :

but as written ; namely :

PSALMODY PLAYING.

A., THE GIVING OUT OF A TUNE.

The object of the organ playing the tune to be sung once over, is, 1st., to give the pitch; 2nd., to give the movement, and, 3rd., (in congregational singing), to bring the melody to the cognizance of the congregation. It is obvious, that to achieve all this, the player must be careful in playing, and use proper judgment in the combination of the stops. At all times it is material to be understood: both harmony and melody must be rendered intelligibly, every note of the melody must be distinctly audible, so much so, that even persons without musical education must be enabled to follow the air as it strikes syllable after syllable. The misunderstood notion therefore of *legato* style (see preceding chapter), is most emphatically bad in “giving out a tune;” and yet, it seems to be so generally regarded as the “true organ style,” that young organists, after hearing us, come up, wondering to hear us play so “much staccato!” To be fully understood, we give here, by way of practical illustration, the tune “Federal Street,” as we have heard it more than once:

This is certainly too much of the good thing “*legato*.” But, while we recommend every note of the *air* to be struck, we think it eminently good to slur other parts of the harmony,

principally the alto and tenor; and we give here the above tune as it ought to be played when given out:

The above remarks refer to the playing of the tunes on one and the same keyboard, without change of stops during the playing. The frequent change of stops or even keyboards is, good as it may be, in some few instances, too often made use of. A dignified, clear rendering of a tune with foundation stops will always be best for religious purposes.

There is a manner of giving out the tune to be mentioned yet, which we commend to all organists having Pedal Organs

of two or more manuals, which renders the air prominent above every other part. It is effected by playing the air (melody) with the right hand on the Great Organ, alto and tenor with the left hand on the Swell, and bass on the Pedal. Tunes like "Hamburg," "Balerma," etc., will be charmingly rendered by this manner, and well pay the time necessary to learn it (which is not very easy).

Great Organ : with Open and Stop Diapason.

Choir or Swell : with Stop Diapason and Dulciana.

Pedal : with a sixteen foot Stop and a soft eight foot Stop.

PSALMODY PLAYING.

B., TO CHOIR AND CONGREGATIONAL SINGING.

(Accompaniments.)

A good accompanist must be a good musician in the full sense of the word ; for, although the accompaniment is frequently considered a very inferior part of performance, yet, in order to accompany well, one must understand and enter in the spirit of the composition—must be able to follow closely the solo singer (or singers)—must know and control all the resources of his instrument, and be ever ready to step in should chorus or solo singers show any signs of wavering.* The office of the organ is not to lead the choir singing, but to support it,† and the number of stops drawn must be in proportion with the strength of the choir. In single Quartett singing, the Stop Diapason or Dulciana will do for the *pp* passages ; Stop Diapason and Flute will be good for *piano* passages ; for *forte* passages take Open Diapason, Stop Diapason, and Flute ; *fortissimo* (*ff*) passages will require the addition of "Principal" to the last-named stops. For chorus-choirs proportioned additions of Flue Stops must be made.

The importance of the organ in Congregational singing has

* Such cases will occur, and it is in churches little becoming for the leader, in cases of emergency to attract attention by beating time or any other means (however admissible in other places)—whereas the organ can more effectually step in, and do all the needful without attracting anybody's attention outside the choir.

† Some church member once objected to the organists being also leaders of the choir ; because he did not want a " wooden leader "

heretofore, in most congregational singing books, been greatly underrated ; and we do not hesitate to say, that the idea of the choir (as good and as large as it may be) to give adequate harmonic support to a singing congregation, supported by a small (or large but sharp and squeaking) organ, or even an Organ-Harmonium, will never be realized. The failure of attempts at congregational singing may, in most instances, be traced back to this circumstance. It is the mellow, yet rich harmony of Diapasons and other foundation stops, supported by a good, powerful Pedal Bass, which will furnish that amount of harmony so necessary to encourage unskilled singers in their first efforts at utterance of their religious feelings through the singing of their Psalms and Hymns. Let a good Choir be added to a good organ well played, and you will have all that is needful—but in our consideration, the organ stands *foremost*. A good organ well-played, with a few good leading voices to sing the air, will do the work, whereas the same leading voices with a powerful choir, and with none or insufficient instrumental support, will never do it, unless all good voices in the congregation are taken in the choir ; but then the singing can not properly be called " congregational."

Reed stops ought, as a general rule, not to be used for accompaniments, and had better be spared for extraordinary effects.

Compound stops should never be drawn for singing.

The Pedal should be used discriminatingly ; the constant use of it must weaken its effect.

In conclusion we recommend for consideration the rules (given in a former chapter), to play correctly, and to strike every note.

ON PLAYING CHORDS.

The organ is justly called the king of all instruments, for not only is it the mightiest in effect, but it embodies the effects of most all instruments an orchestra is composed of—principally the wind instruments. From this fact already, it may be inferred that the harmony must be rendered in such a manner as to produce the same nicety of effect as if executed by a well-drilled band or orchestra. The often-heard-of style* of breaking every chord into as many notes as the chord comprises (arpeggio-playing) is, as a general mode, in exceedingly bad taste. Union gives strength! Therefore let all parts of the chords, from the lowest to the highest note, ring out simultaneously. We pity all choirs accompanied in such style, and wonder how they can sing in good time!

ON VOLUNTARIES.

A. THE OPENING VOLUNTARY OR PRELUDIO.

It is customary for the organist to begin the opening voluntary as soon as the minister enters the church, and pursue his subject during the short time that elapses while the congregation are entering. This introductory voluntary is supposed to be of such character as to prepare the minds of the congregation for the sermon to come: and the organist, therefore, ought to be timely advised of what he is expected to prepare. If this cannot be done, the opening voluntary should be in a grave and solemn style, abounding in full, close-wrought harmony, and inspiring a feeling of reverential awe. The kind of pieces best suited for this purpose are short Diapason-pieces, on the Great or Choir Organ. The too frequent use of the see-saw swell playing, the introducing of scraps of Italian Operatic melodies, tending to bring the mind of the people rather to scenes of worldly enjoyments and pleasures than to awaken a religious feeling—such voluntaries cannot be condemned too much, it seems to us, being nothing worse than as if the preacher would stand up reading novels to his congregation.

B THE CONCLUDING VOLUNTARY OR POSTLUDIO.

Although there may be more allowance made to a free style, yet the marching or dancing out of the congregation will hardly find any excuse with people impressed with a good sermon. The organist may, as a general thing, show off the full power and effects of the instrument he presides over, but there may be, and there are occasions when a *soft* concluding voluntary is more appropriate. For the display of the power of the instrument, the masterly fugues of Handel, J. S. Bach, Graun, Rink, Schneider, Hesse, and others, are eminently adapted.

* Compare page 72

OF THE INTERLUDE.

Interludes are short, simple, musical sentences, thrown between two verses of a Hymn or Psalm tune. Interludes ought not to exceed eight measures, nor be shorter than four measures, generally speaking. They serve as a connecting link between the two verses, and ought to be in proper keeping with the sentiment expressed by the Hymn—generally and especially with the next proceeding stanza. The interlude must unavoidably be in the same movement and time species of the tune being sung, and is mostly (and properly so) played with somewhat soft stops.

HOW TO TAKE CARE OF ORGANS.

To protect Organs against the destructive influence of dampness and dust, to prevent exposure to strong draft of air, to avoid shaking of their foundation, (which is too often not strong enough,) and whole frame, these are means of good preservation of organs within the control of every congregation, and the organ ought to be placed at the outset, so as not to suffer from any of the above evils. How to keep off the dust as much as possible, we may be spared to explain, but we must remark, that in spite of the utmost care, organs will become so dusty as to injure the tone of the pipes, and thus materially weaken the effect of the whole instrument, and it will therefore be necessary to have the whole organ thoroughly cleaned, after a period of from five to six years, which, however, can only be done by a competent organ builder. Players must be careful not to loose hold of the Swell-pedal, for the sudden closing of the Swell will shake the whole organ, and destroy the tuning of the reeds, if nothing more.

Some couplers are so constructed as not to permit their drawing while keys are being held down, and it is in most instances advisable, when drawing the couplers, to take the hand off the keys for the moment.

Next to dampness, dust and time, it is often the blower who is the greatest destroyer of Organs, and we deem it ill calculated economy to employ small boys, bodily too weak, and in too many instances, too unreliable to work the bellows even and steadily.

But, since in spite of the utmost care, instruments of such complicated structure will get out of order—Reed, stopped, and even metal pipes will want tuning—the action will need regulating—pipes will become loose and be rattling, leakages in windchests and bellows will occur—how to remedy all this, and remedy it well, we have no room to say, nor would description do it full justice. We therefore conclude these chapters by stating our readiness to give all needful advice to any party desiring it, and by recommending to young organists to avail themselves of every opportunity to study the mechanism of their instrument.

THE ACQUIREMENT OF THE ORGAN-TOUCH.

EXERCISES ON FIVE NOTES FOR LEGATO-PLAYING.

These exercises should be practiced: first with each hand alone, and afterwards with both hands together; beginning slowly, and by degrees increasing the movement; but above everything, care must be taken to strike the keys

energetically, and to raise the fingers at the right moment. Unrelenting practice of all has to accompany these, as, indeed, all following exercises.

1.

2.

3.

4.

5.

6.

7.

Exercise 7 consists of two staves. The treble staff contains a melodic line of eighth notes, starting on middle C and moving up stepwise. The bass staff contains a bass line of eighth notes, starting on G2 and moving up stepwise. The exercise concludes with a double bar line and repeat dots.

8.

Exercise 8 consists of two staves. The treble staff contains a melodic line of eighth notes, starting on middle C and moving up stepwise. The bass staff contains a bass line of eighth notes, starting on G2 and moving up stepwise. The exercise concludes with a double bar line and repeat dots.

9.

Exercise 9 consists of two staves. The treble staff contains a melodic line of eighth notes, starting on middle C and moving up stepwise. The bass staff contains a bass line of eighth notes, starting on G2 and moving up stepwise. The exercise concludes with a double bar line and repeat dots.

10.

Exercise 10 consists of two staves. The treble staff contains a melodic line of eighth notes, starting on middle C and moving up stepwise. The bass staff contains a bass line of eighth notes, starting on G2 and moving up stepwise. The exercise concludes with a double bar line and repeat dots.

11.

Exercise 11 consists of two staves. The treble staff contains a series of chords, primarily triads, moving up stepwise. The bass staff contains a bass line of eighth notes, starting on G2 and moving up stepwise. The exercise concludes with a double bar line and repeat dots.

12.

Exercise 12 consists of two staves. The treble staff contains a series of chords, primarily triads, moving up stepwise. The bass staff contains a bass line of eighth notes, starting on G2 and moving up stepwise. The exercise concludes with a double bar line and repeat dots.

MODERN SCHOOL FOR THE ORGAN.

Twenty-four Exercises, which, by increasing velocity, ought to be practiced first *legato*, (like the foregoing), and afterwards *staccato*.

13.

Musical score for exercise 13, consisting of two staves. The treble staff contains a sequence of eighth notes with fingerings: X 1 X 1 2 1 2 X 1 2 1 2 3 2 3 1 2 3 2 3 4. The bass staff contains a sequence of eighth notes with fingerings: 4 3 4 3 2 3 2 4 3 2 3 2 1 2 1 3 2 1 2 1 X. The exercise is in common time (C) and ends with a double bar line.

14.

Musical score for exercise 14, consisting of two staves. The treble staff contains a sequence of eighth notes. The bass staff contains a sequence of eighth notes. The exercise is in common time (C) and ends with a double bar line.

15.

Musical score for exercise 15, consisting of two staves. The treble staff contains a sequence of eighth notes. The bass staff contains a sequence of eighth notes. The exercise is in common time (C) and ends with a double bar line.

16.

Musical score for exercise 16, consisting of two staves. The treble staff contains a sequence of eighth notes. The bass staff contains a sequence of eighth notes. The exercise is in common time (C) and ends with a double bar line.

17.

Musical score for exercise 17, consisting of two staves. The treble staff contains a sequence of eighth notes. The bass staff contains a sequence of eighth notes. The exercise is in common time (C) and G major (one sharp). It ends with a double bar line.

18.

Musical score for exercise 18, consisting of two staves. The treble staff contains a sequence of eighth notes. The bass staff contains a sequence of eighth notes. The exercise is in common time (C) and G major (one sharp). It ends with a double bar line.

31.

32. 33.

34.

35.

36.

TWO-PART PLAY.

PROGRESSIVE EXERCISES INTERSPERSED WITH SUITABLE INTERLUDES AND VOLUNTARIES.

ON THE SLUR OR TIE.

Any note connected by a TIE with a preceding note of the same name must not be struck, but its time-value must be added to the first note, so as to make both notes one unin-

terrupted sound. A "tie" over a group of different notes, directs the performer to play as much legato as possible.

37.

38.

39.

Exercise 39, first system. Treble clef, common time. The right hand plays a sequence of notes: G4, A4, B4, C5, B4, A4, G4. The left hand plays a sequence of notes: G3, A3, B3, C4, B3, A3, G3. Fingerings are indicated by numbers 1-4. There are 'x' marks above the first and fifth notes of both hands.

Exercise 39, second system. Treble clef, common time. The right hand plays: G4, A4, B4, C5, B4, A4, G4. The left hand plays: G3, A3, B3, C4, B3, A3, G3. Fingerings are indicated by numbers 1-4. There are 'x' marks above the first and fifth notes of both hands.

Exercise 39, third system. Treble clef, common time. The right hand plays: G4, A4, B4, C5, B4, A4, G4. The left hand plays: G3, A3, B3, C4, B3, A3, G3. Fingerings are indicated by numbers 1-4. There are 'x' marks above the first and fifth notes of both hands.

40.

Exercise 40, first system. Treble clef, common time. The right hand plays: G4, A4, B4, C5, B4, A4, G4. The left hand plays: G3, A3, B3, C4, B3, A3, G3. Fingerings are indicated by numbers 1-4. There are 'x' marks above the first and fifth notes of both hands.

Exercise 40, second system. Treble clef, common time. The right hand plays: G4, A4, B4, C5, B4, A4, G4. The left hand plays: G3, A3, B3, C4, B3, A3, G3. Fingerings are indicated by numbers 1-4. There are 'x' marks above the first and fifth notes of both hands.

41.

Exercise 41, first system. Treble clef, common time. The right hand plays: G4, A4, B4, C5, B4, A4, G4. The left hand plays: G3, A3, B3, C4, B3, A3, G3. Fingerings are indicated by numbers 1-4. There are 'x' marks above the first and fifth notes of both hands.

12.

First system of exercise 12. The right hand (treble clef) features a melodic line with various fingerings and accents (marked with 'x'). The left hand (bass clef) provides a simple accompaniment of single notes.

Second system of exercise 12. The right hand continues the melodic pattern with more complex fingerings. The left hand accompaniment remains simple, with some notes marked with 'x'.

Third system of exercise 12. The right hand concludes the exercise with a final melodic phrase. The left hand accompaniment is simple, ending with a double bar line.

43.

First system of exercise 43. The right hand (treble clef) has a melodic line with many slurs and fingerings. The left hand (bass clef) has a more complex accompaniment with many slurs and fingerings.

Second system of exercise 43. The right hand continues with a melodic line. The left hand accompaniment is complex, featuring many slurs and fingerings.

Third system of exercise 43. The right hand concludes the exercise with a final melodic phrase. The left hand accompaniment is complex, ending with a double bar line.

44. INTERLUDE.

Musical score for Interlude 44, featuring a treble and bass clef with a common time signature. The piece begins with a piano (*p*) dynamic. The right hand contains a melodic line with some accidentals and rests, while the left hand provides a harmonic accompaniment. Fingerings are indicated by numbers 1 and 2, and some notes are marked with an 'x'.

45. INTERLUDE.

Musical score for Interlude 45, featuring a treble and bass clef with a common time signature. The piece begins with a forte (*f*) dynamic. The right hand has a melodic line with some accidentals, and the left hand has a rhythmic accompaniment. Fingerings are indicated by numbers 1 and 2.

46. INTERLUDE.

Musical score for Interlude 46, featuring a treble and bass clef with a common time signature. The piece begins with a fortissimo (*ff*) dynamic. The right hand has a melodic line with some accidentals, and the left hand has a rhythmic accompaniment. Fingerings are indicated by numbers 1 and 2.

47. *Andantino.*

First system of the musical score for Interlude 47, featuring a treble and bass clef with a common time signature and a key signature of one sharp (F#). The piece begins with an *Andantino* tempo. The right hand has a melodic line with some accidentals, and the left hand has a rhythmic accompaniment. Fingerings are indicated by numbers 1, 2, 3, and 4, and some notes are marked with an 'x'.

Second system of the musical score for Interlude 47, featuring a treble and bass clef with a common time signature and a key signature of one sharp (F#). The piece continues with an *Andantino* tempo. The right hand has a melodic line with some accidentals, and the left hand has a rhythmic accompaniment. Fingerings are indicated by numbers 1, 2, 3, and 4, and some notes are marked with an 'x'.

48.

Musical score for Interlude 48, featuring a treble and bass clef with a common time signature and a key signature of one flat (Bb). The piece begins with a moderate tempo. The right hand has a melodic line with some accidentals, and the left hand has a rhythmic accompaniment. Fingerings are indicated by numbers 1, 2, 3, and 4, and some notes are marked with an 'x'.

49. VOLUNTARY.

The musical score is written for organ in 2/4 time. It consists of seven systems, each with a right-hand and left-hand staff. The right-hand staff uses a treble clef, and the left-hand staff uses a bass clef. The key signature has one sharp (F#). The score includes various musical notations: eighth and sixteenth notes, rests, accidentals (sharps and naturals), and dynamic markings. Fingerings are indicated by numbers 1, 2, 3, and 4. Breath marks, represented by an 'x' above a note, are used throughout. The piece concludes with a double bar line and repeat dots.

Musical score for exercise 49, consisting of two staves. The upper staff is in treble clef and the lower staff is in bass clef. The music features a melodic line in the upper staff and a supporting bass line in the lower staff, with various rhythmic values and phrasing.

50. FUGUE FOR TWO PARTS.

Musical score for exercise 50, a fugue for two parts. It consists of two systems of two staves each. The first system shows the beginning of the piece with a treble clef on the upper staff and a bass clef on the lower staff. The second system continues the piece. The score includes various musical notations such as notes, rests, and dynamic markings, along with fingerings and breath marks (x) indicated above or below notes.

51. EXERCISE IN STACCATO-PLAYING.

Moderato.

Musical score for exercise 51, an exercise in staccato playing. It consists of three systems of two staves each. The first system is in treble clef on the upper staff and bass clef on the lower staff. The second and third systems are in bass clef on both staves. The score is characterized by short, detached notes and includes numerous fingerings and breath marks (x) throughout.

52.

Exercise 52 is written in 2/4 time with a key signature of one sharp (F#). The right hand (treble clef) begins with a quarter rest followed by a quarter note G4, then a quarter note A4, and a quarter note B4. The left hand (bass clef) starts with a quarter note G2, followed by a quarter note A2, and a quarter note B2. The piece includes various musical notations such as notes, rests, and fingerings.

53.

Exercise 53 is written in common time with a key signature of one flat (Bb). The right hand (treble clef) begins with a quarter note G3, followed by a quarter note A3, and a quarter note B3. The left hand (bass clef) starts with a quarter note G2, followed by a quarter note A2, and a quarter note B2. The piece includes various musical notations such as notes, rests, and fingerings.

This system continues exercise 53. The right hand (treble clef) has a quarter note G3, a quarter note A3, and a quarter note B3. The left hand (bass clef) has a quarter note G2, a quarter note A2, and a quarter note B2. The piece includes various musical notations such as notes, rests, and fingerings.

This system continues exercise 53. The right hand (treble clef) has a quarter note G3, a quarter note A3, and a quarter note B3. The left hand (bass clef) has a quarter note G2, a quarter note A2, and a quarter note B2. The piece includes various musical notations such as notes, rests, and fingerings.

This system continues exercise 53. The right hand (treble clef) has a quarter note G3, a quarter note A3, and a quarter note B3. The left hand (bass clef) has a quarter note G2, a quarter note A2, and a quarter note B2. The piece includes various musical notations such as notes, rests, and fingerings.

Fugue in two parts, serving as preparatory exercise in Fugue-playing.

54.

Fughetta Moderato.

The musical score is written for two parts in 2/4 time. The first part (treble clef) begins with a rhythmic pattern of eighth and sixteenth notes, while the second part (bass clef) provides a harmonic accompaniment. The score consists of seven systems of two staves each. The notation includes various rhythmic values, accidentals, and articulation marks such as slurs and accents. Fingerings are indicated by numbers 1-4, and breath marks (X) are placed above or below notes. The piece concludes with a final cadence in the second part.

55. *Ardito.*

First system of exercise 55. Treble clef, 3/4 time, key signature of three sharps (F#, C#, G#). The right hand has a melodic line with slurs and accents. The left hand has a bass line with slurs and accents. Fingerings and breath marks (X) are indicated above and below notes.

Second system of exercise 55. Continuation of the first system. The right hand features a descending scale-like passage with slurs and accents. The left hand has a more complex bass line with slurs and accents. Fingerings and breath marks (X) are indicated.

56. *Moderato.*

First system of exercise 56. Treble clef, common time (C), key signature of two flats (Bb, Eb). The right hand has a melodic line with slurs and accents. The left hand has a bass line with slurs and accents.

Second system of exercise 56. Continuation of the first system. The right hand has a melodic line with slurs and accents. The left hand has a bass line with slurs and accents.

57. *Con gravita.*

First system of exercise 57. Treble clef, common time (C), key signature of two flats (Bb, Eb). The right hand has a melodic line with slurs and accents. The left hand has a bass line with slurs and accents. Fingerings and breath marks (X) are indicated.

Second system of exercise 57. Continuation of the first system. The right hand has a melodic line with slurs and accents. The left hand has a bass line with slurs and accents. Fingerings and breath marks (X) are indicated.

58. *Allegro moderato.*

First system of musical notation for exercise 58. It consists of two staves. The upper staff is in treble clef and the lower staff is in bass clef. The key signature has three sharps (F#, C#, G#) and the time signature is 3/4. The music features eighth and sixteenth notes with various fingerings (1, 2, 3, 4) and rests marked with an 'x'.

Second system of musical notation for exercise 58. It consists of two staves. The upper staff is in treble clef and the lower staff is in bass clef. The music continues with eighth and sixteenth notes, including triplets and various fingerings.

Third system of musical notation for exercise 58. It consists of two staves. The upper staff is in treble clef and the lower staff is in bass clef. The music concludes with eighth and sixteenth notes and rests.

59. *Allegro.*

First system of musical notation for exercise 59. It consists of two staves. The upper staff is in treble clef and the lower staff is in bass clef. The key signature has three sharps (F#, C#, G#) and the time signature is common time (C). The music features quarter and eighth notes with various fingerings and rests marked with an 'x'.

Second system of musical notation for exercise 59. It consists of two staves. The upper staff is in treble clef and the lower staff is in bass clef. The music continues with quarter and eighth notes, including triplets and various fingerings.

Third system of musical notation for exercise 59. It consists of two staves. The upper staff is in treble clef and the lower staff is in bass clef. The music concludes with quarter and eighth notes and rests.

60. *Andante.*

Musical score for exercise 60, *Andante*, in G major, common time. The score is written for grand staff (treble and bass clefs). It consists of two systems. The first system has two staves. The top staff contains a melodic line with notes G4, A4, B4, C5, B4, A4, G4, F4, E4, D4, C4, G2, with fingerings 1, x, 1, 2, 3, 4, 3, 1, x, 4 and slurs. The bottom staff contains a bass line with notes G2, A2, B2, C3, B2, A2, G2, F2, E2, D2, C2, G1, with fingerings 3, x, 1, x, 3, 2, x, 1, 2, 1, 3, 4, 4/3. The second system also has two staves. The top staff continues the melodic line with notes G4, A4, B4, C5, B4, A4, G4, F4, E4, D4, C4, G4, with fingerings 1, x, 1, 2, 3, 4, 3, 2, 1, 2, 3, 4, 4/3. The bottom staff continues the bass line with notes G2, A2, B2, C3, B2, A2, G2, F2, E2, D2, C2, G2, with fingerings x, 1, 2, x, 3, 1, x, 1, 3, x, 1, 4.

61. *Maestoso.*

Musical score for exercise 61, *Maestoso*, in G minor, common time. The score is written for grand staff (treble and bass clefs). It consists of two systems. The first system has two staves. The top staff contains a melodic line with notes G3, A3, B3, C4, B3, A3, G3, F3, E3, D3, C3, G2, with fingerings 1, x, 1, 2, 3, x, 2, x, 1, 3. The bottom staff contains a bass line with notes G2, A2, B2, C3, B2, A2, G2, F2, E2, D2, C2, G1, with fingerings 4, 3, 1, x, 1, 2, 1, x, 2, 1, x, 1, x, 1. The second system also has two staves. The top staff continues the melodic line with notes G3, A3, B3, C4, B3, A3, G3, F3, E3, D3, C3, G3, with fingerings 4, 3, 2, 1, 2, 1, x, 1, x, 2, 1, x, 3, 2, 1. The bottom staff continues the bass line with notes G2, A2, B2, C3, B2, A2, G2, F2, E2, D2, C2, G2, with fingerings 2, x, 1, 4, 3, 1, x, 1, 2, 4, 2, 1, x.

62. *Allegretto*

Musical score for exercise 62, *Allegretto*, in G major, 2/4 time. It consists of three systems of two staves each. The first system shows the beginning of the piece with a treble clef and a key signature of two sharps. The second system continues the melody and accompaniment. The third system concludes the exercise with a double bar line. Fingerings and ornaments (marked with 'x') are indicated throughout the score.

63. *Andante.*

Musical score for exercise 63, *Andante*, in B-flat major, common time. It consists of three systems of two staves each. The first system shows the beginning of the piece with a treble clef and a key signature of two flats. The second system continues the melody and accompaniment. The third system concludes the exercise with a double bar line. Fingerings and ornaments (marked with 'x') are indicated throughout the score.

PLAYING OF THREE PARTS.

Before giving pieces in three-part-playing, it will be well to practise the following exercises, which are calculated to render the fingers independent of each other.

They must, of course, be practised with increasing velocity, as the capacity of the fingers will permit—and be, at all events, thoroughly practised.

In three-part-playing, the right hand must frequently play two parts, and the left hand the bass alone—but very often the reverse is the case, either dictated by the composer's will or by the greater facility obtained by playing the middle part with the left hand instead of the right hand.

Composers are generally not as careful in placing their notes on the staff as they ought to be, in order to see instantly which hand may perform it best; the performer, therefore, must, in this respect, consult his own convenience. A proper and quick discrimination how to divide the notes of chords (principally in dispersed harmony) is very important, inasmuch as it is a very essential help to the "reading at first sight," and indispensable to give smoothness to the playing.

74.

75.

76.

FINGERING :—A great “Desideratum” in organ-playing is the velocity and ease in changing one or more fingers on the same key or keys without striking the key anew. This mode of fingering is sometimes called “fingering by substitution.”

While the importance of this mode of fingering, (so very indispensable for the smoothness of playing harmony,) can

hardly be overrated, we have met players keeping themselves in perpetual discomfort and uncertainty in their fingering by a ceaseless, everlasting, but useless changing of fingers. The changing of fingers on the same key is indicated by a slur over the figures pointing out the fingers making the change.

77. Right hand.

Left hand.

78. *Right hand.*

Left hand.

It is obvious that the employment of this strict style of legato-playing, although emphatically appropriate to organ-playing, can nevertheless be recommended for *all* cases. Speaking of Psalm and Hymn tunes : there are such, not ad-

mitting of legato, as, for example, Zeuner's "Missionary Chant;" whereas tunes of a flowing, tender cast, such as "Balerna," "Manoah," and the following tune will require all the skill in legato-playing, to render them in good style.

Tune "LAFON" with Fingering.*

79. *Andante.*

From "Zundel's Psalmody"

80.

Exercise 80 consists of two staves. The upper staff is in treble clef and the lower in bass clef. The music is in common time (C). Fingerings are indicated by numbers 1-4 above or below notes. 'X' marks indicate specific articulation points. The piece features a mix of eighth and sixteenth notes, with some chords and slurs.

81.

Exercise 81 consists of two staves. The upper staff is in treble clef and the lower in bass clef. The music is in common time (C). Fingerings are indicated by numbers 1-4. 'X' marks indicate articulation. The exercise includes eighth and sixteenth notes, with some slurs and ties.

82.

Exercise 82 consists of two staves. The upper staff is in treble clef and the lower in bass clef. The music is in common time (C). Fingerings are indicated by numbers 1-4. 'X' marks indicate articulation. The exercise features eighth and sixteenth notes, with some slurs and ties.

83.

Exercise 83 consists of two staves. The upper staff is in treble clef and the lower in bass clef. The music is in common time (C). Fingerings are indicated by numbers 1-4. 'X' marks indicate articulation. The exercise includes eighth and sixteenth notes, with some slurs and ties.

83.

This block continues exercise 83. It shows two staves with treble and bass clefs. The music is in common time (C). Fingerings and articulation marks ('X') are present. The exercise continues with eighth and sixteenth notes, slurs, and ties.

This block continues exercise 83. It shows two staves with treble and bass clefs. The music is in common time (C). Fingerings and articulation marks ('X') are present. The exercise continues with eighth and sixteenth notes, slurs, and ties.

84. CANON IN THE OCTAVE.

The first system of music for 'Canon in the Octave' consists of two staves. The upper staff is in treble clef with a common time signature (C). The lower staff is in bass clef. The music features a melodic line in the upper staff and a supporting bass line in the lower staff. Fingering numbers (1, 2, 3) and 'x' marks are present throughout the system.

The second system continues the piece. It features a melodic line in the upper staff and a supporting bass line in the lower staff. The music includes various rhythmic patterns and fingering instructions.

The third system continues the piece. It features a melodic line in the upper staff and a supporting bass line in the lower staff. The music includes various rhythmic patterns and fingering instructions.

The fourth system continues the piece. It features a melodic line in the upper staff and a supporting bass line in the lower staff. The music includes various rhythmic patterns and fingering instructions.

The fifth system continues the piece. It features a melodic line in the upper staff and a supporting bass line in the lower staff. The music includes various rhythmic patterns and fingering instructions.

The sixth system continues the piece. It features a melodic line in the upper staff and a supporting bass line in the lower staff. The music includes various rhythmic patterns and fingering instructions.

86.

Exercise 86 consists of two systems of music. Each system has a treble staff and a bass staff. The treble staff contains intricate rhythmic patterns with various note values and rests, often beamed together. The bass staff provides a harmonic accompaniment with longer note values. Fingering numbers (1-4) and 'x' marks are used throughout to indicate fingerings and specific techniques. The first system includes a '*' symbol in the treble staff. The second system ends with a double bar line.

OPENING VOLUNTARIES IN THREE-PART HARMONY, FOR ORGANS WITH ONE MANUAL (WITHOUT PEDAL).

87. VOLUNTARY.

Exercise 87 is a voluntary piece in three-part harmony. It features a treble staff and a bass staff. The treble staff has a melodic line with various ornaments and fingerings, while the bass staff provides a steady harmonic accompaniment. The piece is marked with various fingering numbers and 'x' marks. The treble staff begins with a '1' and ends with a '3'. The bass staff begins with a '3' and ends with a '3'.

88. VOLUNTARY.

Exercise 88 is another voluntary piece in three-part harmony. It features a treble staff and a bass staff. The treble staff has a melodic line with various ornaments and fingerings, while the bass staff provides a steady harmonic accompaniment. The piece is marked with various fingering numbers and 'x' marks. The treble staff begins with a '3' and ends with a '1'. The bass staff begins with a '4' and ends with a '2'.

The upper parts imitating each other. Scale in the Bass

The first system of music consists of two staves. The upper staff is in treble clef and contains a series of chords and single notes, with a first ending bracket over the first two measures and a second ending bracket over the last two measures. The lower staff is in bass clef and contains a bass line with some notes marked with an 'x' and a '3' indicating a triplet.

The second system of music consists of two staves. The upper staff is in treble clef and contains a series of chords and single notes, with a first ending bracket over the first two measures and a second ending bracket over the last two measures. The lower staff is in bass clef and contains a bass line with some notes marked with an 'x' and a '3' indicating a triplet.

VOLUNTARY.

The third system of music is labeled '89.' and consists of two staves in 3/4 time. The upper staff is in treble clef and contains a series of chords and single notes. The lower staff is in bass clef and contains a bass line with some notes marked with an 'x' and a '3' indicating a triplet. The dynamic marking 'p' is present.

The fourth system of music consists of two staves. The upper staff is in treble clef and contains a series of chords and single notes. The lower staff is in bass clef and contains a bass line with some notes marked with an 'x' and a '3' indicating a triplet. The dynamic marking 'f' is present.

The fifth system of music consists of two staves. The upper staff is in treble clef and contains a series of chords and single notes. The lower staff is in bass clef and contains a bass line with some notes marked with an 'x' and a '3' indicating a triplet. The dynamic marking 'f' is present.

90. Moderato.

Exercise 90, Moderato, measures 1-4. The piece is in G major and 2/4 time. The right hand features a melodic line with a triplet of eighth notes in the first measure and a sixteenth-note triplet in the second measure. The left hand provides a simple accompaniment.

Exercise 90, Moderato, measures 5-8. The right hand continues the melodic development with eighth-note patterns. The left hand accompaniment remains consistent.

Exercise 90, Moderato, measures 9-12. The right hand features a more complex melodic line with slurs and ties. The left hand accompaniment continues.

91. Grave.

Exercise 91, Grave, measures 1-4. The piece is in G major and 3/4 time. The right hand has a slow, melodic line with a wide interval in the first measure. The left hand accompaniment is sparse.

Exercise 91, Grave, measures 5-8. The right hand continues the slow melodic line. The left hand accompaniment consists of simple chords and moving lines.

Exercise 91, Grave, measures 9-12. The right hand features a melodic line with a final cadence. The left hand accompaniment concludes with a descending line.

92.

Andante.

First system of musical notation for exercise 92. It consists of two staves: a treble clef staff and a bass clef staff. The key signature is one sharp (F#) and the time signature is 2/4. The treble staff contains a melodic line with eighth and sixteenth notes, including a triplet of eighth notes and a triplet of sixteenth notes. The bass staff contains a supporting line with eighth notes and rests.

Second system of musical notation for exercise 92. It consists of two staves: a treble clef staff and a bass clef staff. The treble staff continues the melodic line with eighth and sixteenth notes. The bass staff continues the supporting line with eighth notes and rests.

Third system of musical notation for exercise 92. It consists of two staves: a treble clef staff and a bass clef staff. The treble staff continues the melodic line with eighth and sixteenth notes. The bass staff continues the supporting line with eighth notes and rests.

93.

Moderato.

First system of musical notation for exercise 93. It consists of two staves: a treble clef staff and a bass clef staff. The key signature is one flat (Bb) and the time signature is common time (C). The treble staff contains a melodic line with eighth and sixteenth notes, including a triplet of eighth notes and a triplet of sixteenth notes. The bass staff contains a supporting line with eighth notes and rests.

Second system of musical notation for exercise 93. It consists of two staves: a treble clef staff and a bass clef staff. The treble staff continues the melodic line with eighth and sixteenth notes, including a triplet of eighth notes and a triplet of sixteenth notes. The bass staff continues the supporting line with eighth notes and rests.

94. *Andante.*

Musical score for exercise 94, *Andante*, 2/4 time signature. The score consists of two staves. The right hand has a melodic line with slurs and a fermata at the end. The left hand has a bass line with slurs and a fermata at the end. There is an 'x' above the first measure of the right hand.

Continuation of exercise 94, showing the final measures of both staves with slurs and a fermata.

95. *Moderato.*

Musical score for exercise 95, *Moderato*, common time signature. The score consists of two staves. The right hand has a melodic line with slurs and fingerings (1, 2, 1, X, X, 2, 1, X, X). The left hand has a bass line with slurs and fingerings (3, 1, X, 4, 3, 1, X, 4).

Continuation of exercise 95, showing the final measures of both staves with slurs and fingerings.

96. *Moderato*

Musical score for exercise 96, *Moderato*, common time signature. The score consists of two staves. The right hand has a melodic line with slurs and fingerings (1, 2, 1). The left hand has a bass line with slurs.

Continuation of exercise 96, showing the final measures of both staves with slurs.

First system of musical notation, consisting of a grand staff with a treble clef on the upper staff and a bass clef on the lower staff. The key signature has two flats (B-flat and E-flat). The music features a melodic line in the treble and a more rhythmic accompaniment in the bass.

97.

Moderato

Second system of musical notation, marked 'Moderato'. It begins with a treble clef and a common time signature (C). The music continues with a melodic line in the treble and accompaniment in the bass.

Third system of musical notation, continuing the piece with a grand staff and two flats key signature.

Fourth system of musical notation, continuing the piece with a grand staff and two flats key signature.

98.

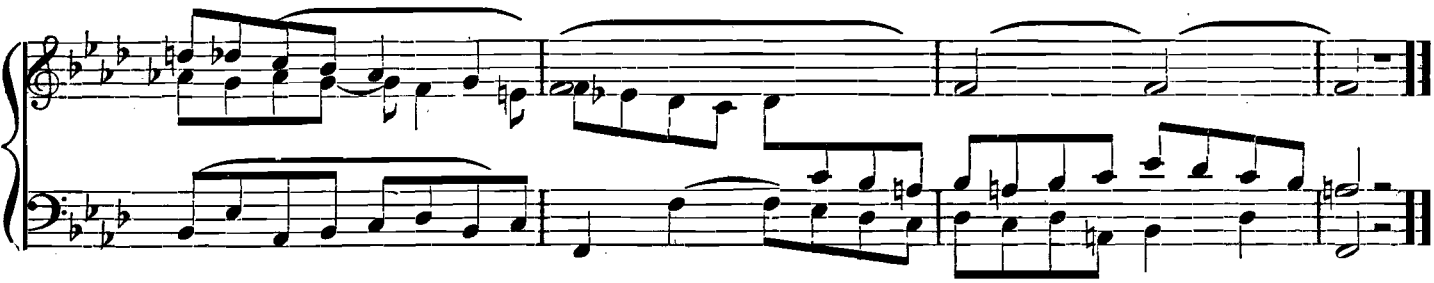

Andante.

Fifth system of musical notation, marked 'Andante'. It features a 2/4 time signature. The treble staff includes fingerings (1, 2, 4, 2) and accents (x) over notes. The bass staff includes a fingering (3) and an accent (x) over a note.

Sixth system of musical notation, continuing the piece with a grand staff and two flats key signature. The treble staff includes fingerings (1, 2, 1, x) and accents (x) over notes. The bass staff includes fingerings (4, 1, x) and accents (x) over notes.

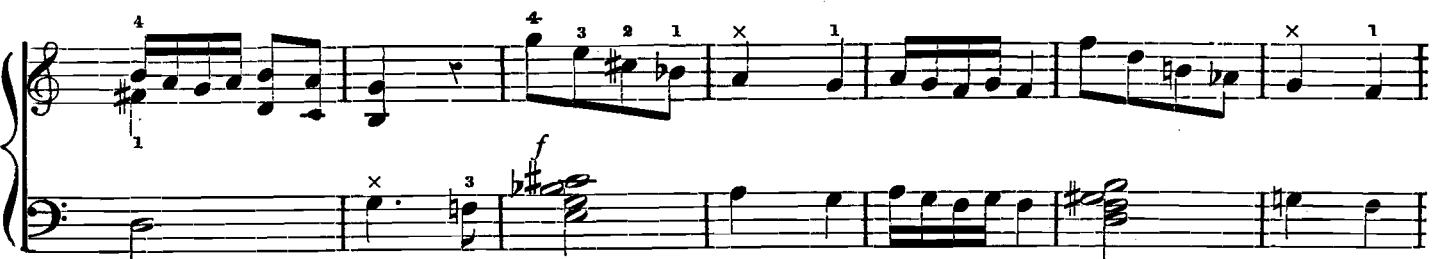

99.

Andante.

100.

Allegretto

The first system of music consists of two staves. The upper staff is in treble clef and contains several chords and melodic fragments, with dynamic markings *p* and *f*. Fingerings are indicated with numbers 1, 2, 3, and 4. The lower staff is in bass clef and contains a melodic line with some rests and a final flourish.

The second system of music consists of two staves. The upper staff is in treble clef and features a melodic line with a *Slow.* marking. The lower staff is in bass clef and features a melodic line with a *ff* marking and a *Ritard.* marking. Fingerings and other performance instructions are present throughout.

101. With Dulciana & Flute.

The third system of music is marked *Andante.* and consists of two staves. The upper staff is in treble clef and the lower staff is in bass clef. The music is in a 3/4 time signature and features a slow, steady accompaniment with chords and simple melodic lines.

The fourth system of music continues the *Andante* piece. It consists of two staves with a similar accompaniment style to the previous system, featuring chords and simple melodic lines in both hands.

The fifth system of music continues the *Andante* piece. It consists of two staves with a similar accompaniment style, featuring chords and simple melodic lines in both hands.

The sixth system of music concludes the *Andante* piece. It consists of two staves with a similar accompaniment style, featuring chords and simple melodic lines in both hands, ending with a final cadence.

102. *With Dulciana and Flute.*

Andante.

The first system of exercise 102 consists of two staves. The upper staff is in treble clef and the lower in bass clef. The key signature has two flats (B-flat and E-flat), and the time signature is 3/4. The music is in a slow, steady tempo. The right hand plays a series of chords and moving lines, while the left hand provides a simple harmonic accompaniment with long notes and rests. The second system continues this pattern with similar chordal textures and melodic lines in both hands.

103.

Adagio.

Exercise 103 is a single system with two staves. The key signature has two flats (B-flat and E-flat), and the time signature is 2/4. The tempo is marked as Adagio. The right hand features a more active melodic line with eighth and sixteenth notes, while the left hand plays a steady accompaniment of quarter notes.

The first system of music consists of two staves. The treble staff begins with a treble clef and a key signature of one sharp (F#). It contains a series of chords and moving lines, including eighth and sixteenth notes. The bass staff begins with a bass clef and contains a similar melodic line with eighth and sixteenth notes.

The second system continues the piece. The treble staff features more complex chordal textures and melodic fragments. The bass staff provides a steady accompaniment with eighth notes and rests.

The third system shows a change in texture. The treble staff has a more active, rhythmic line with many sixteenth notes. The bass staff has a more static accompaniment with longer note values.

The fourth system continues with a similar texture to the third. The treble staff has a melodic line with some grace notes, while the bass staff provides a harmonic foundation.

The fifth and final system on the page concludes the piece. It features a final melodic flourish in the treble staff and a corresponding accompaniment in the bass staff. The system ends with a double bar line and the instruction "Rit." (Ritardando).

104. With Op. and Stop Diap., Principal and Fifteenth.

Andantino.

105.

Andante.

The first system of music consists of two staves. The upper staff is in treble clef and contains a series of chords and melodic fragments, including some chromatic movement. The lower staff is in bass clef and provides a harmonic accompaniment with sustained notes and some rhythmic patterns.

The second system continues the musical piece. The upper staff features more complex chordal structures and melodic lines, while the lower staff maintains a steady accompaniment with some melodic movement.

The third system shows further development of the organ piece. The upper staff has a more active melodic line, and the lower staff continues with a supportive accompaniment.

106. *With Op. Diapason.*

Allegretto.

The fourth system begins with the tempo marking 'Allegretto.' The upper staff contains a melodic line with various fingering numbers (1, 2, 3, 4) and an 'x' symbol, possibly indicating a breath or a specific organ technique. The lower staff provides a simple accompaniment.

The fifth system continues the organ piece with similar textures and accompaniment.

The sixth system concludes the organ piece, featuring a final melodic phrase in the upper staff and a corresponding accompaniment in the lower staff.

107.

Andante.

108. *With Stop Diap. and Flute.*

Allegretto

The first system of music consists of two staves. The upper staff is in treble clef and contains a series of chords and melodic fragments. The lower staff is in bass clef and features a more rhythmic accompaniment with some longer notes.

The second system continues the musical piece. It maintains the two-staff format with treble and bass clefs. The texture remains consistent with the first system, showing a mix of harmonic support and melodic movement.

The third system concludes the first section of the page. It features a final cadence in both staves, with a double bar line at the end of the piece.

109. *Stop Diap. and Flute.*

Andante.

Exercise 109 begins with a treble clef and a 3/4 time signature. The key signature has one sharp (F#). The tempo is marked 'Andante'. The notation shows a steady progression of chords in the upper staff and a simple bass line in the lower staff.

The middle section of exercise 109 continues the harmonic and melodic development. The two-staff format is maintained, with the upper staff showing more complex chordal textures and the lower staff providing a consistent accompaniment.

The final section of exercise 109 is marked 'Rit.' (Ritardando). The music slows down and concludes with a double bar line. The notation shows a final resolution of the harmonic material.

110.

An lante

The first system of the exercise consists of two staves. The treble staff begins with a series of chords and single notes, while the bass staff provides a steady accompaniment of quarter notes.

The second system continues the piece, with the treble staff showing more complex chordal textures and the bass staff maintaining its rhythmic accompaniment.

The third system features a variety of chordal patterns in the treble and a more active bass line with some eighth notes.

The fourth system continues with similar chordal textures in the treble and a steady bass accompaniment.

The fifth system concludes the exercise with a final cadence in the treble and a sustained bass accompaniment.

111.

Con moto

First system of exercise 111, featuring a treble and bass clef with a 3/4 time signature. The music is marked *Con moto*. The treble staff contains a melodic line with various intervals and rests, while the bass staff provides a harmonic accompaniment with chords and moving lines.

Second system of exercise 111, continuing the melodic and harmonic development from the first system. The piece concludes with a final cadence in the treble staff.

112.

Cantabile

First system of exercise 112, marked *Cantabile*. The treble staff features a melodic line with fingerings 3, 2, 4, 3, 2, 1 indicated. The bass staff has a more active accompaniment with fingerings 4, 2, 3, 2, 4.

Second system of exercise 112, continuing the *Cantabile* piece. The treble staff includes fingerings 3, 1x, 2. The bass staff includes fingerings x, 2, 1x, 1x and 2, 3, 1x.

113.

*Andante.
con moto.*

First system of exercise 113, marked *Andante. con moto.*. The treble staff includes dynamic markings *p* and *f*. The bass staff provides a steady accompaniment.

Second system of exercise 113, continuing the *Andante. con moto.* piece. The treble staff includes dynamic markings *p*, *f*, and *p*. The piece concludes with a final cadence.

PLAYING OF FOUR PARTS

may, like four-part harmony, be divided into close and dispersed playing. While the former is considered easier, and, (because it enables the player to double his Bass notes,) more adapted to Melodeons or Organs without pedals, the latter is far preferable for its solemnity, and, if supported by the deep pedal notes, for its grandeur. In close Harmony the right hand generally plays the parts of the Treble, Alto, and Tenor, leaving to the left hand the Bass, which is often doubled to compensate for the want of a Pedal-Bass.

In dispersed Harmony the right hand plays the part of the Treble and Alto, the left hand taking Tenor and Bass. In many instances Bass and Tenor are too distant from each other, in which case the right hand takes the Tenor, or the Bass is played "obligato" by the Pedal.

Everywhere, in common Psalmody and Organ music, close and dispersed chords are mingled together, and composers will

write their music, regardless of the convenience of performers leaving it to them to find out with which hand to reach most conveniently the notes of the middle parts, which is in many instances of more vital importance than is often attached to it.

Example of Close Harmony, the right hand playing Treble, Alto, and Tenor; left hand the Bass.

The same Exercise in dispersed Harmony; right hand playing Treble and Alto; left hand Tenor and Bass.

At * the left hand doubles the Bass.

At*** the Bass note is either to be played "obligato" by the Pedal, or else it must be played by the left hand an octave higher.

On organs without Pedals, the chords after** may also be played as printed out at o or, in other words, by changing dispersed harmony to close harmony.

There is no instance, therefore, to warrant the omission of any part (interval) of Chords, which is so often done in

Psalmody playing, under the plea of the impossibility to reach all notes.

The following short Voluntaries will, it is confidently expected, present no insurmountable difficulties to the student; and if they, nevertheless, should, we draw the conclusion that the preceding exercises have not been sufficiently practised.

Open Diapason and Stop Diapason, with Principal or Flute, are the stops best suited for all pieces, those with special directions excepted.

The first system of music consists of two staves. The upper staff is in treble clef and the lower staff is in bass clef. Both staves are in the key of D major (two sharps). The music features a variety of note values, including quarter, eighth, and sixteenth notes, along with rests and slurs. The piece concludes with a double bar line.

115.

Con moto.

The second system begins with the number '115.' and the tempo marking '*Con moto.*'. It features two staves in D major. The upper staff contains a series of chords and melodic lines, with some notes marked with an 'x'. The lower staff provides a rhythmic accompaniment with eighth and sixteenth notes. Fingering numbers (1, 2, 3, 4) are indicated above several notes.

The third system continues the piece with two staves. It features a mix of eighth and sixteenth notes, often beamed together. Slurs are used to group notes across measures. The lower staff includes some chords and rests. Fingering numbers are present above the notes.

The fourth system shows more complex rhythmic patterns with two staves. It includes many beamed eighth and sixteenth notes. Slurs are used extensively to connect notes across measures. The lower staff has some chords and rests. Fingering numbers are visible above the notes.

The fifth system continues with two staves. It features a variety of note values and slurs. The lower staff includes some chords and rests. Fingering numbers are present above the notes.

The sixth system concludes the piece with two staves. It features a variety of note values and slurs. The lower staff includes some chords and rests. Fingering numbers are present above the notes. The piece ends with a double bar line.

116.

Moderato.

117.

Lento.

118.

Andantino.

The first system of music consists of two staves. The upper staff is in treble clef and the lower staff is in bass clef. The music features a series of chords and melodic lines, with some notes marked with sharp signs.

The second system of music consists of two staves. The upper staff is in treble clef and the lower staff is in bass clef. The music continues with a similar style of chords and melodic lines.

119.

Moderato.

Exercise 119 is marked *Moderato.* It consists of two staves. The upper staff is in treble clef and the lower staff is in bass clef. The time signature is 2/4. The music features a steady rhythmic pattern with various chordal textures.

The third system of music consists of two staves. The upper staff is in treble clef and the lower staff is in bass clef. The music continues with a similar style of chords and melodic lines.

120.

Andante
son moto

Exercise 120 is marked *Andante* and *son moto*. It consists of two staves. The upper staff is in treble clef and the lower staff is in bass clef. The time signature is common time (C). The music features a steady rhythmic pattern with various chordal textures.

The fourth system of music consists of two staves. The upper staff is in treble clef and the lower staff is in bass clef. The music continues with a similar style of chords and melodic lines.

121.

P. no.
Moderato

Full Swell.

pp

122. Open Diapason.

Andante con moto.

The first system consists of two staves. The upper staff is in treble clef and the lower in bass clef. Both are in the key of D major (one sharp). The music features a series of eighth and sixteenth notes, some beamed together, and rests. The piece concludes with a double bar line.

123. *With Diapasons.*

Andante

The second system begins with the tempo marking 'Andante' and the number '123'. It features a treble and bass staff with complex rhythmic patterns. Fingerings (1-4) and 'x' marks are used throughout. The key signature remains D major.

The third system continues the piece with similar rhythmic complexity. It includes various note values and articulation marks like 'x'. The key signature is D major.

The fourth system shows more intricate melodic lines in both staves. Fingerings and 'x' marks are used to indicate specific playing techniques. The key signature is D major.

The fifth system features a variety of note values and rests. The key signature is D major.

The sixth system concludes the piece with a final cadence. It includes a double bar line at the end. The key signature is D major.

124. *With Diapasons, Flute and Principal.*

Andante.

The first system of music for piece 124 consists of two staves. The upper staff is in treble clef and the lower in bass clef. The key signature has two sharps (F# and C#) and the time signature is common time (C). The tempo is marked 'Andante'. The music begins with a series of chords and single notes, with fingerings 2, 3, 4, 4, 3, 3, 2, 1, 3 indicated above the notes. There are 'x' marks above some notes, likely indicating damper pedal use. The first measure of the bass staff has an 'x1' above it.

The second system continues the piece with similar chordal textures. The upper staff features a melodic line with some grace notes. The bass staff provides a steady accompaniment with chords and moving lines.

The third system shows further development of the musical themes. The upper staff has more complex rhythmic patterns and some 'x' marks. The bass staff continues with a consistent accompaniment.

The fourth system continues the piece, with the upper staff showing more melodic movement and the bass staff providing harmonic support.

The fifth system shows the music becoming more fluid, with longer phrases in both staves.

The sixth and final system of music on this page concludes the piece with sustained chords and a final cadence in both staves.

125. Stop Diap. and Flute.

Anlante.

The musical score is written for organ, featuring two staves per system. The key signature is B-flat major (two flats) and the time signature is 3/4. The tempo is marked *Anlante.* The score includes various musical notations such as chords, melodic lines, and articulation marks. The first system includes specific fingering (2, 3, 4, 1, 2, 3) and registration markings (X) above the treble staff. The piece concludes with a double bar line and repeat dots at the end of the sixth system.

126. *Al lantino.* *With Soft Stops.*

The first system of the exercise consists of two staves. The treble staff begins with a 3/4 time signature and a key signature of one sharp (F#). It contains a melodic line with several slurs and fingerings: 4, 1, 4, 3, 2, X, 1, X, and 2. The bass staff provides a harmonic accompaniment with chords and moving lines. The instruction "Al lantino." is written to the left of the staves, and "With Soft Stops." is written above the bass staff.

The second system continues the exercise. The treble staff features fingerings 1, 4, 3, X, 1, X, 3, 2, X, 4, and 1. The bass staff continues with its accompaniment, including a section with a flat key signature (Bb).

The third system continues the exercise. The treble staff features fingerings 4, X, 1, 4, 3, and 1. The bass staff continues with its accompaniment, including a section with a flat key signature (Bb).

The fourth system continues the exercise. The treble staff features fingerings 2, 4, X, 1, X, 41, and 42. The bass staff continues with its accompaniment, including a section with a flat key signature (Bb).

The fifth system continues the exercise. The treble staff features a fingering of 1. The bass staff continues with its accompaniment, including a section with a flat key signature (Bb).

The sixth system concludes the exercise. The treble staff continues with its melodic line, and the bass staff concludes with its accompaniment. The piece ends with a double bar line.

127. *With Diapasons.*

Andante.

The musical score is written for organ and consists of six systems, each with a treble and bass staff. The tempo is marked 'Andante'. The key signature has one flat (B-flat). The music features various chords, arpeggios, and melodic lines. Fingerings are indicated by numbers 1-4. Some notes are marked with an 'x', likely indicating a specific organ registration or playing technique. The score concludes with a double bar line at the end of the sixth system.

128.

Allegretto

Moderato.

The first system of the exercise consists of two staves. The upper staff is in treble clef and the lower staff is in bass clef. The time signature is 6/8. The key signature has one flat (B-flat). The upper staff is marked *Allegretto* and the lower staff is marked *Moderato.* The music begins with a series of chords and melodic lines in both hands, with some notes beamed together.

The second system continues the piece with similar melodic and harmonic development in both hands. The upper staff features more complex rhythmic patterns and the lower staff provides a steady accompaniment.

The third system shows further progression of the musical ideas, with the upper staff moving through various chordal textures and the lower staff maintaining a consistent rhythmic flow.

The fourth system continues the development of the exercise, with the upper staff featuring more active melodic lines and the lower staff providing harmonic support.

The fifth and final system of the exercise concludes with a double bar line. The music ends with a final chord in both hands, marking the end of the piece.

129. All stops but compound and reed stops.

Andante
non molto

The first system of musical notation consists of two staves. The upper staff is in treble clef with a key signature of one flat (B-flat) and a common time signature (C). It contains a melodic line with various note values, including quarter, eighth, and sixteenth notes, and rests. The lower staff is in bass clef with the same key signature and time signature, containing mostly rests with some chordal accompaniment.

The second system continues the piece with similar melodic and harmonic development in both staves.

The third system shows further progression of the musical exercise.

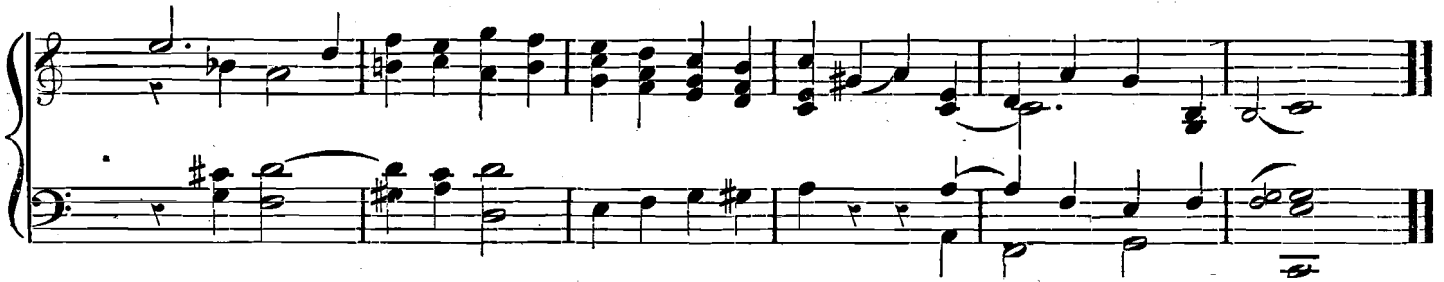

The fourth system continues the melodic and harmonic lines.

The fifth system continues the musical exercise.

The sixth and final system of the exercise concludes with a double bar line at the end of the piece.

130.

Andante

131

Allegretto

132.

Allegretto

FUGHETTA. POSTLUDIO.

133.

Modo: to.

Full Organ.

The musical score is presented in five systems, each with a treble and bass staff. The first system includes the tempo marking *Modo: to.* and the instruction *Full Organ.*. The notation includes various rhythmic values, accidentals, and trills (marked 'tr'). The piece concludes with a double bar line and repeat dots at the end of the fifth system.

134.

Allegretto Full Organ.

The musical score is written for organ in G major and common time. It consists of six systems of two staves each. The tempo is marked 'Allegretto' and the instrument is 'Full Organ'. The right hand (treble clef) plays a melodic line with eighth and sixteenth notes, often with slurs. The left hand (bass clef) provides a rhythmic accompaniment with chords and moving lines. The piece concludes with a final chord in the right hand.

The first system of music consists of two staves. The upper staff is in treble clef and the lower staff is in bass clef. Both staves have a key signature of one sharp (F#) and a common time signature (C). The music features a mix of eighth and sixteenth notes, with some chords and rests.

The second system of music continues the piece with two staves. It features more complex rhythmic patterns, including sixteenth-note runs and chords. The notation includes various accidentals and dynamic markings.

POSTLUDIO.

135.

Maestoso.

Full Organ.

The third system of music begins with the tempo marking 'Maestoso' and the performance instruction 'Full Organ'. It features a slower, more deliberate pace. The notation includes a trill (tr) and a triplet (3x) in the upper staff. The lower staff has a small 'x' mark under a note.

The fourth system of music continues the postlude with two staves. It features a mix of eighth and sixteenth notes, with some chords and rests.

The fifth system of music continues the postlude with two staves. It features a mix of eighth and sixteenth notes, with some chords and rests.

The sixth system of music concludes the postlude with two staves. It features a mix of eighth and sixteenth notes, with some chords and rests.

136.

Allegro.

p

The first system of musical notation for exercise 136. It consists of two staves: a treble clef staff on top and a bass clef staff on the bottom. The key signature is one sharp (F#) and the time signature is 3/4. The music begins with a piano (*p*) dynamic. The treble staff contains a melodic line with eighth and sixteenth notes, while the bass staff provides a harmonic accompaniment with chords and moving lines.

The second system of musical notation, continuing the piece. It maintains the same key signature and time signature. The melodic line in the treble staff continues with various rhythmic patterns, and the bass staff provides a steady accompaniment.

The third system of musical notation. The treble staff features a prominent melodic phrase with a slur, and the bass staff continues with its accompaniment.

The fourth system of musical notation. A piano (*p*) dynamic marking is present in the treble staff. The piece continues with similar melodic and harmonic textures.

The fifth and final system of musical notation for exercise 136. It concludes the piece with a final melodic phrase in the treble staff and a corresponding bass line.

GRACE NOTES AND EMBELLISHMENTS.

Embellishments of all kinds ought to be but sparingly used in Organ playing. Dignified simplicity is best becoming to the house of the Lord, and even to the Organ as an instrument, without reference to its office. Voluntaries interlarded with Turns and Trills are too apt to convey worldly thoughts and feelings : but to disfigure Psalmody with ornaments of a secular and trivial character is perfectly unjustifiable. †

In the concluding voluntary the organist has more latitude

for the display of his skill, as it is not required to be of so serious a character as the preceding portion of the service.

The most frequent embellishments are the *Appoggiatura*, the *Turn*, and the *Trill*, or *Shake*.

The *long* Appoggiatura is a grace note placed above or below a principal note, borrowing one half of the value of the principal note. (see ex. 1) or more, (see ex. 2) before which it is placed.

While in the long Appoggiatura the accent is transferred from the principal note to the grace note, the *short* Appoggiatura leaves the accent on the principal note, the grace-note being played as quick as possible before the principal note.

The *double* Appoggiatura is played like the short one, immediately and very shortly preceding the principal note, the latter being accentuated.

The *Turn* is an embellishment composed of three (see example a) or four (see example b) notes, preceding or following the principal note (see example c.) The sign for a turn is ∞

* In German called "Schleifer."

† In German called "Mordent."

‡ Compare page 14.

If the upper or lower note of the Turn is to be sharpened or flattened, such a change is indicated by a sharp or flat, over or under the Turn. (See example *d, e, f.*)

The Turn (*d*) is called an *inverted* Turn, because it commences with the lower (as is the prevailing mode) instead of the upper note.

The *Trill*, or *Shake*, (marked *tr*) is a quick and alternate repetition of two notes following each other. The two notes are : the *principal* note, which is always written ; and the

secondary note, which, though not written, is understood to be the next note above the principal note, according to the scale of the piece. Whether the trill is to commence with the principal (see ex. *a*) or with the secondary note (see ex. *b*) depends on circumstances ; yet it is the secondary note with which trills are most generally commenced. If time permits, the trill closes as shown at example *e*. Such ending of a trill is mostly indicated by composers as will be seen in example *d*. The trill (*e*) is called a compound trill.

Arpeggio, or playing in *broken chords*, if judiciously introduced, belongs to the category of embellishments. The sign for Arpeggio playing is a serpentine line along the chords to be played arpeggio. Beginning with the lowest note of the chord, the other notes follow in rapid succession, as shown by examples 1 and 2.

In brilliant Allegro pieces (for concert purposes) the arpeggios, as shown by example 3, may be more appropriate, whereas the arpeggio at figure 4, seems to be better for Adagios

THE MODERN SCHOOL FOR THE ORGAN.

PART II.

PEDAL PLAYING.

The Pedal is first mentioned A. D. 1470, as an improvement invented by *Bernhard*, a German organist at the Court of the Doge of Venice. *Bernhard's* Pedal had but eight keys, *C, D, E, F, G, A, B, C*, and it was nothing more than a connection of the Pedal keys with the lowest octave of the Manual, there being no separate pipes for the Pedal keys. Since that time the improvements and enlargement of the Pedal have kept equal pace with those of the whole instrument, and we possess, now, Organs with as many as ten complete Pedal Stops of two octaves compass.* The ill-advised economy of having either Pedals of a lesser compass than two octaves, sometimes beginning with *C*, sometimes with *G*, (*C* and *G* pedals,) or of having for Organs of two, or even three Manuals only *one* Pedal Stop, likewise the different dimensions of the Pedal keys, and their relative distance from each other, (Scale of the Pedal,) furthermore, the too frequent use of the Swell, all this has been heretofore detrimental to the progress in Pedal playing, and we sincerely wish it might change for the better more generally than has heretofore been our lot to observe.

On treating on Pedal playing, it may be necessary to premise some remarks on the construction of the Pedals, and

*The Organ in Tremont Temple, Boston.

height of the seat for the player. The keys ought to be made of hard wood, (upper of a different color from the lower,) nearly an inch broad, the edge sufficiently rounded off to admit sliding from one key to another. The height of the seat naturally depends upon the size of the player. Seats, therefore, ought to be constructed with a view of changing their height at any time. The proper height of a seat will enable the player to strike any Pedal key with his heels without being compelled to move his body either to the right or to the left.

An extension of three feet eight inches will make a good scale for a Pedal-board of two octaves.

The Exercises and Voluntaries of the second part of this work are calculated for organs with one or two Manuals and *C* Pedals of two octaves compass.

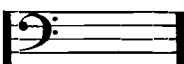

EXPLANATION OF ABBREVIATIONS.

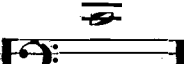

Gr. Org. or Gt. Org. in place of Great Organ.
Sw. " " " Swell Organ.
Ch. " " " Choir Organ.

Either of these letters (Gr. Org., Sw., Ch.,) placed between upper and lower Staves, directs the player to play with both hands on the Key-board marked. If placed either below or above a Stave, the letters have reference only to the staves they are placed upon.

The compass of a complete Pedal-board, is considered to be twenty-seven notes, from CCC to D, (See remarks on the subject in part I.) The true tone of the Pedal-Organ, is (when sixteen-feet, or so called double stops are drawn,) an octave lower than the notation used. (See p. 10.) If eight-feet stops are added, the pedal sounds, in addition to the lower octave, the *true* tone of the notation. If four-feet stops are added, the pedal will sound three octaves above each other.

This note, - - - - - 

therefore, with a double, or sixteen-foot stop drawn, will sound - - - 

adding an eight-foot stop, it will sound - 

adding a four-foot stop, it will sound - 

The use of four and two feet stops on the pedal is only admissable in playing full organ, that through such combinations, peculiar effects may be produced in concert playing, we

very well know, but, although we do not object to it, we do not pretend to give any directions concerning it. To do that *well*, is master-work.

The chief difficulty presented to those who study the organ, is the acquirement of the *Pedal-Obligato*; and as the separate and independent use of the pedal is one of the great characteristics of the Organ, (the deep pedal notes making it, more than anything else, the king of all instruments,) it has been considered best to combine the use of the manuals throughout the following exercises, in order that the student may be accustomed from the first, to the proper mode of playing the Organ. There are two ways of playing the pedal; first, by the *toes* only, of each foot; second, by the alternate use of the *toe* and *heel* of each foot upon different notes. We recommend the second mode as by far the most expedient, in general, and in particular for *American* organ players, who are often deprived of the use of the right foot by its being engaged in working the Swell, thus leaving all pedal playing to the left foot only. The exercises for this mode of playing the Pedal, (with the left foot only,) are an *entirely new feature* in this work, and will be a great help to young students.

- Letter L denotes toe of left foot,
- " R " " right foot,
- " Lh " heel of left foot,
- " Rh " " right foot.

The sliding from one key to another, is indicated by a dash: (—)

17.

Exercise 17 consists of three staves. The top staff is in treble clef with a common time signature. The middle and bottom staves are in bass clef. The piece begins with a series of rests in the treble staff, followed by a melodic line of eighth notes. The middle staff contains a series of chords, and the bottom staff contains a continuous eighth-note bass line. Fingerings are indicated by 'L' and 'R' below the notes.

18.

Exercise 18 consists of three staves. The top staff is in treble clef with a common time signature. The middle and bottom staves are in bass clef. The piece begins with a series of rests in the treble staff, followed by a melodic line of eighth notes with some accidentals. The middle staff contains a series of chords, and the bottom staff contains a continuous eighth-note bass line. Fingerings are indicated by 'L' and 'R' below the notes.

19.

Exercise 19 consists of three staves. The top staff is in treble clef with a common time signature. The middle and bottom staves are in bass clef. The piece begins with a series of eighth notes in the treble staff, followed by a melodic line of eighth notes. The middle staff contains a series of chords, and the bottom staff contains a continuous eighth-note bass line. Fingerings are indicated by 'L' and 'R' below the notes.

20.

Exercise 20 consists of three staves. The top staff is in treble clef with a common time signature. The middle and bottom staves are in bass clef. The piece begins with a series of eighth notes in the treble staff, followed by a melodic line of eighth notes with some accidentals. The middle staff contains a series of chords, and the bottom staff contains a continuous eighth-note bass line. Fingerings are indicated by 'L' and 'R' below the notes.

21.

Exercise 21 consists of three staves. The top staff is in Treble clef with a common time signature (C). The middle staff is in Bass clef with a common time signature (C). The bottom staff is in Bass clef with a common time signature (C). The music is written in a simple, rhythmic style with various note values and rests. The first two measures of the bottom staff are labeled 'R' and 'L' respectively.

22.

Exercise 22 consists of three staves. The top staff is in Treble clef with a common time signature (C). The middle staff is in Bass clef with a common time signature (C). The bottom staff is in Bass clef with a common time signature (C). The music is written in a simple, rhythmic style with various note values and rests. The first two measures of the bottom staff are labeled 'F' and 'R' respectively.

23.

Exercise 23 consists of three staves. The top staff is in Treble clef with a common time signature (C). The middle staff is in Bass clef with a common time signature (C). The bottom staff is in Bass clef with a common time signature (C). The music is written in a simple, rhythmic style with various note values and rests. The first two measures of the bottom staff are labeled 'R' and 'L' respectively.

24.

Exercise 24 consists of three staves. The top staff is in Treble clef with a common time signature (C). The middle staff is in Bass clef with a common time signature (C). The bottom staff is in Bass clef with a common time signature (C). The music is written in a simple, rhythmic style with various note values and rests. The first two measures of the bottom staff are labeled 'F' and 'R' respectively.

25.

Exercise 25 consists of three staves. The top staff is in Treble clef with a common time signature (C). It contains a melodic line with eighth and sixteenth notes, some beamed together, and rests. The middle staff is in Bass clef with a common time signature (C), providing a harmonic accompaniment with chords and moving lines. The bottom staff is in Bass clef with a common time signature (C), serving as a pedal point with sustained notes. The letters 'R' and 'L' are positioned below the first two notes of the bottom staff.

26.

Exercise 26 consists of three staves. The top staff is in Treble clef with a common time signature (C). It features a melodic line with various intervals and some chromaticism. The middle staff is in Bass clef with a common time signature (C), providing a harmonic accompaniment. The bottom staff is in Bass clef with a common time signature (C), serving as a pedal point. The letter 'R' is positioned below the first note of the bottom staff.

27.

Exercise 27 consists of three staves. The top staff is in Treble clef with a common time signature (C). It contains a melodic line with eighth and sixteenth notes. The middle staff is in Bass clef with a common time signature (C), providing a harmonic accompaniment. The bottom staff is in Bass clef with a common time signature (C), serving as a pedal point. The letters 'R' and 'L' are positioned below the first two notes of the bottom staff.

28.

Exercise 28 consists of three staves. The top staff is in Treble clef with a common time signature (C). It features a melodic line with eighth and sixteenth notes. The middle staff is in Bass clef with a common time signature (C), providing a harmonic accompaniment. The bottom staff is in Bass clef with a common time signature (C), serving as a pedal point. The letter 'R' is positioned below the first note of the bottom staff.

The first system of music consists of three staves. The top staff is a treble clef staff with a melodic line of eighth notes. The middle staff is a grand staff (treble and bass clefs) with a bass line of eighth notes and chords. The bottom staff is a bass clef staff with a bass line of eighth notes. A dynamic marking of *mf* is placed above the middle staff.

The second system of music consists of three staves. The top staff is a treble clef staff with a melodic line of eighth notes. The middle staff is a grand staff (treble and bass clefs) with a bass line of chords. The bottom staff is a bass clef staff with a bass line of eighth notes. Dynamic markings of *mp* and *p* are placed above the middle staff.

The third system of music consists of three staves. The top staff is a treble clef staff with a melodic line of eighth notes. The middle staff is a grand staff (treble and bass clefs) with a bass line of chords. The bottom staff is a bass clef staff with a bass line of eighth notes. A dynamic marking of *pp* is placed above the middle staff, and a marking of *R* is placed above the bottom staff.

The fourth system of music starts with the number **31.** and consists of three staves. The top staff is a treble clef staff with a melodic line of eighth notes. The middle staff is a grand staff (treble and bass clefs) with a bass line of chords. The bottom staff is a bass clef staff with a bass line of eighth notes.

32.

Exercise 32 consists of three staves. The top staff is in Treble clef with a common time signature (C). The middle staff is in Bass clef with a common time signature (C). The bottom staff is also in Bass clef with a common time signature (C). The music is written in a simple, rhythmic style with eighth and sixteenth notes. A bracket labeled 'R L' is positioned below the bottom staff.

33.

Exercise 33 consists of three staves. The top staff is in Treble clef with a common time signature (C). The middle staff is in Bass clef with a common time signature (C). The bottom staff is also in Bass clef with a common time signature (C). The music features more complex rhythmic patterns, including slurs and ties. A bracket labeled 'L R' is positioned below the bottom staff.

34.

Exercise 34 consists of three staves. The top staff is in Treble clef with a common time signature (C). The middle staff is in Bass clef with a common time signature (C). The bottom staff is also in Bass clef with a common time signature (C). The music is characterized by block chords and sustained notes in the upper staves, with a more active bass line. A bracket labeled 'R L' is positioned below the bottom staff.

35.

Exercise 35 consists of three staves. The top staff is in Treble clef with a common time signature (C). The middle staff is in Bass clef with a common time signature (C). The bottom staff is also in Bass clef with a common time signature (C). The music features complex rhythmic patterns and slurs across the staves. A bracket labeled 'L R' is positioned below the bottom staff.

Musical score for exercise 59, featuring treble, alto, and bass staves. The key signature has two sharps (F# and C#) and the time signature is common time (C). Fingerings are indicated as RL, RL, L.

60.

Musical score for exercise 60, featuring treble and bass staves. The key signature has two flats (B-flat and E-flat) and the time signature is 6/8. Dynamics include *man.* and *ped.*. Fingerings are indicated as L, R, R, L, L, R, L.

61. Right hand.
Left hand.
Pedal. R R L L R R L L R R L R R

Exercise 61 consists of three staves. The top staff is the right hand in treble clef, the middle is the left hand in bass clef, and the bottom is the pedal in bass clef. The key signature has one sharp (F#) and the time signature is common time (C). The right hand plays a melodic line with eighth and sixteenth notes. The left hand plays a rhythmic accompaniment of eighth notes. The pedal part features a complex sequence of eighth notes with alternating fingerings (R and L) indicated above and below the notes.

62. Right hand.
Left hand.
Pedal. R L R L R L R L R L R L R L

Exercise 62 consists of three staves. The top staff is the right hand in treble clef, the middle is the left hand in bass clef, and the bottom is the pedal in bass clef. The key signature has one sharp (F#) and the time signature is common time (C). The right hand plays a melodic line with eighth and sixteenth notes. The left hand plays a rhythmic accompaniment of eighth notes. The pedal part features a complex sequence of eighth notes with alternating fingerings (R and L) indicated above and below the notes.

63.
MANUAL.
PEDAL. R L L R R L R R L R R L R R L

Exercise 63 consists of three staves. The top staff is the manual in treble clef, the middle is the manual in bass clef, and the bottom is the pedal in bass clef. The key signature has one sharp (F#) and the time signature is common time (C). The manual part features a melodic line with eighth and sixteenth notes. The pedal part features a complex sequence of eighth notes with alternating fingerings (R and L) indicated above and below the notes.

MANUAL.
PEDAL. L R R L

This block shows the continuation of exercise 63, consisting of three staves: manual in treble clef, manual in bass clef, and pedal in bass clef. The key signature has one sharp (F#) and the time signature is common time (C). The manual part continues the melodic line. The pedal part continues the complex sequence of eighth notes with alternating fingerings (R and L) indicated above and below the notes.

64.

This exercise consists of three staves. The top staff is in Treble clef, the middle in Bass clef, and the bottom in a lower Bass clef. The key signature has one flat (B-flat) and the time signature is common time (C). The music features a variety of rhythmic patterns, including eighth and sixteenth notes, and rests. The bottom staff includes markings 'RL' and 'L'.

65.

This exercise consists of three staves. The top staff is in Treble clef, the middle in Bass clef, and the bottom in a lower Bass clef. The key signature has one flat (B-flat) and the time signature is common time (C). The music features a variety of rhythmic patterns, including eighth and sixteenth notes, and rests. The bottom staff includes the marking 'LR'.

66.

This exercise consists of three staves. The top staff is in Treble clef, the middle in Bass clef, and the bottom in a lower Bass clef. The key signature has one flat (B-flat) and the time signature is common time (C). The music features a variety of rhythmic patterns, including eighth and sixteenth notes, and rests. The bottom staff includes the marking 'LR'.

67.

This exercise consists of three staves. The top staff is in Treble clef, the middle in Bass clef, and the bottom in a lower Bass clef. The key signature has one flat (B-flat) and the time signature is common time (C). The music features a variety of rhythmic patterns, including eighth and sixteenth notes, and rests. The bottom staff includes markings 'LR' and 'LR'.

68.

Exercise 68 consists of three staves. The top two staves are grand staff notation (treble and bass clefs) with a common time signature. The top staff features complex chordal textures with many notes beamed together. The bottom staff contains a rhythmic pattern of eighth notes, with 'L' and 'R' markings indicating left and right hand parts.

69.

Exercise 69 consists of three staves. The top two staves are grand staff notation. The top staff has a melodic line with some slurs. The bottom staff has a rhythmic pattern of eighth notes with 'L' and 'R' markings.

Exercise 70 consists of three staves. The top two staves are grand staff notation. The top staff has a melodic line with slurs. The bottom staff has a rhythmic pattern of eighth notes with 'L' and 'R' markings.

Moderato.

70.

MANUAL.

The Manual part of exercise 70 consists of two staves. The top staff has a melodic line with slurs and some dynamics markings. The bottom staff has a rhythmic pattern of eighth notes.

PEDAL.

The Pedal part of exercise 70 consists of one staff with a rhythmic pattern of eighth notes and 'R L' markings.

BEST.

The first system consists of three staves. The top staff is a treble clef staff with a single melodic line. The middle two staves are a grand staff (treble and bass clefs) with chords and arpeggiated figures. The bottom staff is a bass clef staff with a continuous eighth-note accompaniment. Fingerings 'R' and 'L' are indicated above the notes in the bottom staff.

The second system consists of three staves. The top staff is a treble clef staff with a single melodic line. The middle two staves are a grand staff with chords and arpeggiated figures. The bottom staff is a bass clef staff with a continuous eighth-note accompaniment. Fingerings 'L', 'R', and 'L' are indicated above the notes in the bottom staff.

The third system consists of three staves. The top staff is a treble clef staff with a single melodic line. The middle two staves are a grand staff with chords and arpeggiated figures. The bottom staff is a bass clef staff with a continuous eighth-note accompaniment. A 'p' (piano) dynamic marking is present in the middle staff. Fingerings 'L', 'R', 'R', 'L', 'R', 'L', and 'R' are indicated above the notes in the bottom staff.

The fourth system consists of three staves. The top staff is a treble clef staff with a single melodic line. The middle two staves are a grand staff with chords and arpeggiated figures. The bottom staff is a bass clef staff with a continuous eighth-note accompaniment. A 'f' (forte) dynamic marking is present in the middle staff. Fingerings 'L', 'R', 'R', 'R', 'R', 'R', and 'R' are indicated above the notes in the bottom staff.

The first system of music consists of three staves. The top staff is a treble clef staff with a piano (*mp*) dynamic marking. It contains several measures of music, including chords and melodic lines. The middle staff is a bass clef staff, mostly containing rests. The bottom staff is a bass clef staff with hand indicators 'L' and 'R' above it, showing a sequence of notes.

The second system of music consists of three staves. The top staff is a treble clef staff with dynamics *f* and *p* markings. It contains several measures of music, including chords and melodic lines. The middle staff is a bass clef staff with chords and melodic lines. The bottom staff is a bass clef staff with hand indicators 'R' and 'L' above it, showing a sequence of notes.

The third system of music consists of three staves. The top staff is a treble clef staff with rests. The middle staff is a bass clef staff with rests. The bottom staff is a bass clef staff with a continuous melodic line.

The fourth system of music consists of three staves. The top staff is a treble clef staff with a piano (*p*) dynamic marking. It contains several measures of music, including chords and melodic lines. The middle staff is a bass clef staff with chords and melodic lines. The bottom staff is a bass clef staff with a hand indicator 'R' above it, showing a sequence of notes.

Measures 68-73. Treble clef, key signature of two sharps (F# and C#). The piece features a complex texture with multiple voices in both hands, including a prominent bass line in the lower register.

Measures 74-79. Treble clef, key signature of two sharps. This section continues the intricate texture with various melodic and harmonic lines.

Measures 80-84. Treble clef, common time signature (C). This section is characterized by a more rhythmic and chordal texture. Fingerings are indicated with letters L and R, and some notes are grouped with slurs.

Measures 85-89. Treble clef, common time signature. This section continues the rhythmic texture with clear fingerings and slurs. The bass line is particularly active.

EXERCISES FOR THE ALTERNATE USE OF THE TOES AND HEELS.

Note a.—Experience has taught us, that for the sake of the organs, the heel ought not, in the first instance, to be used too frequently, and when used, great care ought to be taken to properly moderate the stroke given to the keys, which is apt to be heavier than most pedal actions will endure.

Note b.—To employ the heel of the left foot in the upper octave, or the heel of the right foot in the lower octave, is considered impracticable.

Note c.—Letters *Lh*, signify left heel; letters *Rh*, signify right heel; letters *L* and *R* signify as heretofore, toe of left or right foot.

SLIDING FROM ONE KEY TO ANOTHER.

This method of playing is to be practised especially with the left foot, for, while using the Swell, the left foot has to take advantage of that mode very frequently.

Sliding may be done from any key to another, but is most admissible from an upper to a lower key. The mark for sliding is a line (—).

94. *Larghetto.*

Musical score for exercise 94, *Larghetto*, in 3/4 time. The score consists of three systems of two staves each. The first system includes fingerings: L, L, Rh, L, R, Rh, R, L, Lh, R. The second system includes fingerings: L, Lh, L, R. The third system includes fingerings: L, R, L, R, Rh, L, L, L.

95. *Andante.*

Musical score for exercise 95, *Andante*, in 3/4 time. The score consists of three systems of two staves each. The first system includes a fingering: R.

96. Moderato.

Musical score for exercise 96, Moderato. It consists of two systems of piano accompaniment. Each system has a treble clef staff and a bass clef staff. The key signature is three flats (B-flat, E-flat, A-flat) and the time signature is common time (C). The first system includes a 'Ped.' marking in the bass staff. The second system also includes a 'Ped.' marking. The third system includes 'L', 'L', and 'R' markings in the bass staff. The piece concludes with a double bar line.

97. Moderato.

Musical score for exercise 97, Moderato. It features three staves: a Manual section with a treble clef staff and a bass clef staff, and a Pedal section with a bass clef staff. The key signature is three flats and the time signature is common time. The Manual section includes a 'MANUAL.' label. The Pedal section includes a 'PEDAL.' label. The score includes 'R', 'L', and 'Lh' markings in the Pedal staff. The piece concludes with a double bar line.

The first system consists of three staves. The top staff is in treble clef, the middle in treble clef, and the bottom in bass clef. The music is in a key with three flats. The bottom staff includes the fingerings L R L at the end of the system.

The second system consists of three staves. The top staff is in treble clef, the middle in treble clef, and the bottom in bass clef. The music is in a key with three flats. The bottom staff includes the fingerings L R R L L Rh R L L at the end of the system.

The third system consists of three staves. The top staff is in treble clef, the middle in bass clef, and the bottom in bass clef. The music is in a key with three flats.

The fourth system consists of three staves. The top staff is in treble clef, the middle in bass clef, and the bottom in bass clef. The music is in a key with three flats. The bottom staff includes the fingerings RL R Rh at the end of the system.

K

The first system of musical notation consists of three staves. The top staff is in treble clef, the middle in treble clef, and the bottom in bass clef. The key signature is one sharp (F#). The music includes various rhythmic patterns, slurs, and wavy lines (trills or ornaments) under certain notes.

The second system of musical notation consists of three staves. The top staff is in treble clef, the middle in treble clef, and the bottom in bass clef. The key signature is one sharp (F#). The music includes various rhythmic patterns, slurs, and wavy lines (trills or ornaments) under certain notes.

The third system of musical notation consists of three staves. The top staff is in treble clef, the middle in treble clef, and the bottom in bass clef. The key signature is one sharp (F#). The music includes various rhythmic patterns, slurs, and wavy lines (trills or ornaments) under certain notes.

The fourth system of musical notation consists of three staves. The top staff is in treble clef, the middle in bass clef, and the bottom in bass clef. The key signature is one sharp (F#). The music includes various rhythmic patterns, slurs, and wavy lines (trills or ornaments) under certain notes.

102. *Andantino.*

MANUAL

PEDAL.

The first system of music consists of three staves. The top two staves are labeled 'MANUAL' and the bottom staff is labeled 'PEDAL'. The key signature is three sharps (F#, C#, G#) and the time signature is 2/4. The music features a melodic line in the right hand of the manual and a bass line in the pedal. Fingering is indicated with letters: 'R' for right hand, 'Lh' for left hand, and 'L' for left foot. The first measure of the pedal part has 'R' and 'Lh' under the first two notes, and 'L' under the third. The second measure has 'Lh', 'L', and 'R' under the three notes. The third measure has 'Rh' under the first note. The music is marked 'Andantino'.

The second system of music consists of three staves. The top two staves are labeled 'MANUAL' and the bottom staff is labeled 'PEDAL'. The key signature is three sharps (F#, C#, G#) and the time signature is 2/4. The music continues the melodic and bass lines from the first system. Fingering is indicated with 'Lh' and 'L' under the first two notes of the first measure of the pedal part.

The third system of music consists of three staves. The top two staves are labeled 'MANUAL' and the bottom staff is labeled 'PEDAL'. The key signature is three sharps (F#, C#, G#) and the time signature is 2/4. The music continues the melodic and bass lines from the previous systems.

The fourth system of music consists of three staves. The top two staves are labeled 'MANUAL' and the bottom staff is labeled 'PEDAL'. The key signature is three sharps (F#, C#, G#) and the time signature is 2/4. The music concludes the piece with a final melodic phrase in the manual and a corresponding bass line in the pedal.

The first system of the musical score consists of three staves. The top two staves are in treble clef, and the bottom staff is in bass clef. The key signature is three sharps (F#, C#, G#). The music features a variety of rhythmic patterns, including eighth and sixteenth notes, and rests. A 'rit.' (ritardando) marking is present in the middle of the system.

103. *Andantino.*

The second system of the musical score is divided into two parts: 'MANUAL.' and 'PEDAL.'. The 'MANUAL.' part consists of two staves in treble clef, and the 'PEDAL.' part is a single staff in bass clef. The key signature is three sharps (F#, C#, G#) and the time signature is 2/4. The music is characterized by a steady, flowing melody in the manual and a supporting bass line in the pedal.

The third system of the musical score consists of three staves. The top two staves are in treble clef, and the bottom staff is in bass clef. The key signature is three sharps (F#, C#, G#). The music continues with a similar style to the previous systems, featuring a mix of rhythmic values and melodic lines.

The first system consists of three staves. The top staff is in treble clef, the middle in treble clef, and the bottom in bass clef. The key signature has two sharps (F# and C#), and the time signature is 3/4. The music features a mix of eighth and sixteenth notes, with some slurs and ties.

The second system consists of three staves. The top staff is in treble clef, the middle in bass clef, and the bottom in bass clef. The key signature has two sharps (F# and C#), and the time signature is 3/4. The music continues with similar rhythmic patterns and includes a trill (tr) in the middle staff.

The third system consists of three staves. The top staff is in treble clef, the middle in treble clef, and the bottom in bass clef. The key signature has two sharps (F# and C#), and the time signature is 3/4. The music concludes this section with a double bar line.

104 *Andante.*

MANUAL.

The fourth system is labeled 'MANUAL.' and 'PEDAL.'. It consists of three staves. The top staff is in treble clef, the middle in treble clef, and the bottom in bass clef. The key signature has two flats (Bb and Eb), and the time signature is 3/4. The music is slower and features a mix of eighth and sixteenth notes.

The first system consists of three staves. The top staff is in treble clef and contains a melodic line with eighth and sixteenth notes, some beamed together. The middle and bottom staves are in bass clef and provide harmonic accompaniment with chords and moving lines.

The second system continues the piece with three staves. The top staff features more complex melodic patterns, including some triplets and slurs. The lower staves continue the harmonic support.

The third system shows a change in texture. The top staff has a more active melodic line, while the middle staff has a more rhythmic accompaniment. The bottom staff remains relatively simple.

The fourth system concludes the piece with three staves. The top staff has a melodic line that ends with a final cadence. The lower staves provide a solid harmonic foundation.

The first system consists of three staves. The top staff is in treble clef and contains a melodic line with eighth-note runs and slurs. The middle staff is also in treble clef and features a more rhythmic accompaniment with dotted notes and slurs. The bottom staff is in bass clef and provides a harmonic foundation with sustained notes and moving lines.

The second system continues the piece with three staves. The top staff shows a continuation of the melodic theme with some chromatic movement. The middle staff maintains its rhythmic pattern with some melodic variation. The bottom staff continues the bass line with a mix of sustained and moving notes.

The third system features three staves. The top staff has a more active melodic line with sixteenth-note passages. The middle staff continues with a steady accompaniment. The bottom staff provides a solid bass line with some melodic interest.

The fourth system concludes the piece with three staves. The top staff features a melodic line that ends with a trill (tr) and a final cadence. The middle and bottom staves provide a supporting accompaniment that leads to the final notes of the piece.

105. *Moderato.*

MANUAL.

PEDAL.

The first system of the exercise consists of three staves. The top staff is labeled 'MANUAL.' and contains a treble clef, a key signature of three flats (B-flat, E-flat, A-flat), and a common time signature. The middle staff is a grand staff with both treble and bass clefs. The bottom staff is labeled 'PEDAL.' and contains a bass clef. The music begins with a rest in the manual part, followed by a series of eighth-note chords and single notes in the manual and pedal parts.

The second system continues the piece with three staves. The manual part features a melodic line with eighth-note patterns and some slurs. The grand staff provides harmonic support with chords and moving lines in both hands.

The third system shows further development of the musical themes. The manual part has a more active role with eighth-note runs. The grand staff continues to provide a solid harmonic foundation.

The fourth system concludes the exercise. It features a final melodic flourish in the manual part and a cadence in the grand staff. The pedal part has a few final notes and rests.

The first system of musical notation consists of three staves. The top staff is in treble clef, the middle in treble clef, and the bottom in bass clef. The key signature is three flats (B-flat, E-flat, A-flat). The music features a complex rhythmic pattern with many sixteenth and thirty-second notes, often beamed together. There are several slurs and ties across the staves.

The second system continues the piece with similar intricate rhythmic figures. It features a mix of eighth, sixteenth, and thirty-second notes. There are several slurs and ties, and some dynamic markings like 'p' (piano) and 'f' (forte) are visible. The notation is dense and detailed.

The third system shows a change in texture. The top staff has more sustained notes and some triplet-like figures. The middle and bottom staves continue with complex rhythmic accompaniment. There are several slurs and ties, and some dynamic markings like 'p' and 'f' are visible.

The fourth system concludes the piece. It features sustained chords in the top staff and rhythmic patterns in the middle and bottom staves. There are several slurs and ties, and some dynamic markings like 'p' and 'f' are visible. The notation is dense and detailed.

108.

CHROMATIC SCALE.

109.

110.

Hymn tune, 8 & 7 D., (from Zundel's Psalmody,) by permission.

111.

It will be observed that the *sliding* and changing Toe and Heel on the same key, has to be taken advantage of very frequently in order to render the passages as smooth as possible. Before leaving the subject, however, we repeat the remark, that by imparting instruction how to play Pedal and Swell together, we do not mean to encourage the too frequent

use of the Swell,  playing. Properly and discriminatingly employed, the crescendo of a swell is delightful, but it becomes a perfect nuisance with players who work it with as much zeal as is bestowed by a good housewife on a sewing machine.

ON OCTAVE PLAYING.

The remark on Sliding and changing Toe and Heel in preceding chapters, apply in octave playing to both feet. As the Toe and Heel of the right and left foot are simultaneously

used in playing octaves, (Doppio.) the marks above the Pedal staff, apply equally to the right as well as left foot. Play Pedal notes under letter *h* with the Heels, all others with the Toes.

112. Allegretto. **BEST.**

MANUAL.

PEDAL.

The musical score is divided into four systems. The first system includes a Manual section with treble and bass staves and a Pedal section with a bass staff. The Manual part begins with a melody in the treble clef, and the Pedal part has notes marked 'Rh' and 'Lh'. Dynamics include 'mp'. The second system continues the Manual and Pedal parts, with dynamics 'p' and 'f'. The third system shows the Manual part with a complex melodic line and the Pedal part with sustained notes. The fourth system concludes with the Manual part and Pedal part, with dynamics 'pp' and notes marked 'h'.

This musical score is for an organ and consists of five systems of staves. Each system includes a grand staff with a treble and bass clef, and a separate bass staff. The key signature is one sharp (F#). The score includes various musical notations such as notes, rests, slurs, and dynamic markings. The first system shows a complex texture with many notes in the bass staff. The second system features a *ff* (fortissimo) dynamic in the bass staff and a *p* (piano) dynamic in the treble staff. The third system has a *p* (piano) dynamic in the bass staff and an *mp* (mezzo-piano) dynamic in the treble staff. The fourth system includes an *espress.* (espressivo) marking in the bass staff. The fifth system continues the complex texture with many notes in the bass staff.

This musical score is for an organ piece, consisting of four systems of staves. Each system includes a right-hand staff (treble clef), a left-hand staff (bass clef), and a lower bass staff (bass clef). The key signature is one sharp (F#), and the time signature is 4/4. The score features various musical notations such as slurs, ties, and dynamic markings. The dynamic markings are: *pp* (pianissimo) and *mp* (mezzo-piano) in the first system; *p* (piano) and *pp* in the second system; *mp* in the third system; and *pp* in the fourth system. The music is characterized by flowing melodic lines in the right hand and harmonic accompaniment in the left hands.

ON THE SHAKE.

Pedal shakes have to be made by the Toes of both feet. To admit the performance of a Shake, the Pedal action must needs be very strong and prompt. A good effect on the lower notes of the Pedals is, as far as the Double Stops are concerned, almost out of the question. That a Shake on the Pedal is to be executed with lesser rapidity than on the Piano or Violin, we need scarcely mention.

113. *Andante con moto.*

BEST.

The musical score consists of four systems of staves. Each system includes a grand staff (treble and bass clefs) and a separate bass line. The first system features a *Rall.* marking and fingerings: *L Rh R Rh*, *R Rh*, *LRLR*, *L*, *LR*, and *L*. The second system includes a *f* marking and *LR* fingerings. The third system includes *p* and *pp* markings and an *LR* fingering. The fourth system includes *mf* and *mp* markings. The bass line in the first system is a complex rhythmic pattern, while the other systems feature more melodic and harmonic lines.

The first system of music features three staves. The top staff is in treble clef and contains a melodic line with a trill (tr) and a fermata. The middle staff is in bass clef and contains a melodic line with a *pp* dynamic marking. The bottom staff is a pedal line with rhythmic patterns and fingerings: R, RL, R, Rb, R, LR, L, R, L, Rb, RL, R, and L R L.

The second system consists of three staves. The top and middle staves are empty. The bottom staff is a rhythmic pedal line with fingerings: R, RL, R, R, R, RL, and RL.

The third system consists of three staves. The top and middle staves are empty. The bottom staff is a rhythmic pedal line with fingerings: RL, L, and R Rb R Rb.

The fourth system features three staves. The top staff is in treble clef and contains a melodic line with *mp* and *pp* dynamic markings. The middle staff is in bass clef and contains a melodic line. The bottom staff is a pedal line with a *L* fingering.

The following pieces have been composed and carefully selected with a view to practical usefulness (as opening voluntaries), and to a pleasing study. Remarks as to the proper mode of fingering, etc., are henceforth mostly omitted, because, we presume that the student is now far enough advanced to

attend to it himself. The majority of the pieces in the 2d part are calculated for Organs with two Manuals, but may be made to produce a good effect by always adding one or two more stops to the passages for the Great Organ, when played on Organs with one Manual.

Musical notation for the third system, including fingerings (1 3 X) and 'Man.' and 'Ped' markings.

Musical notation for the fourth system, including 'Sw.' and 'Gr. Org.' markings. 'Ped' markings are present in both staves.

Musical notation for the fifth system, including a 'Man.' marking.

Musical notation for the sixth system, including 'Gt. Org.', 'Man.', and 'Ped' markings.

Man. Ped

The first system of music consists of two staves. The upper staff contains a melodic line with various intervals and accidentals. The lower staff provides a harmonic accompaniment. The word "Man." is written below the lower staff, and "Ped" is written below the lower staff towards the end of the system.

Sw. Man.

The second system of music consists of two staves. The upper staff continues the melodic line. The lower staff continues the accompaniment. The word "Sw." is written below the upper staff, and "Man." is written below the lower staff.

Ped. Man. Gt. org.

The third system of music consists of two staves. The upper staff continues the melodic line. The lower staff continues the accompaniment. The word "Ped." is written below the lower staff, "Man." is written below the lower staff, and "Gt. org." is written below the upper staff.

Ped.

The fourth system of music consists of two staves. The upper staff continues the melodic line. The lower staff continues the accompaniment. The word "Ped." is written below the lower staff.

Sw. Man.

The fifth system of music consists of two staves. The upper staff continues the melodic line. The lower staff continues the accompaniment. The word "Sw." is written below the upper staff, and "Man." is written below the lower staff.

Gr. Org. Ped.

The sixth system of music consists of two staves. The upper staff continues the melodic line. The lower staff continues the accompaniment. The word "Gr. Org." is written below the upper staff, and "Ped." is written below the lower staff.

OPENING VOLUNTARIES OF A MOURNFUL CHARACTER.

119.

Largo.

Exercise 119 consists of four measures. The treble clef part features a series of chords and intervals, including a half note G4, a dotted half note F#4, and a half note E4. The bass clef part provides a harmonic accompaniment with chords and intervals, including a half note G3, a dotted half note F#3, and a half note E3.

Exercise 119 continues with measures 5-8. The treble clef part continues with chords and intervals, including a half note D4, a dotted half note C4, and a half note B3. The bass clef part continues with chords and intervals, including a half note D3, a dotted half note C3, and a half note B2.

Exercise 119 concludes with measures 9-12. The treble clef part features a series of chords and intervals, including a half note G4, a dotted half note F#4, and a half note E4. The bass clef part provides a harmonic accompaniment with chords and intervals, including a half note G3, a dotted half note F#3, and a half note E3. A 'Ped.' marking is present below the bass clef part.

120

Andante

Exercise 120 consists of four measures. The treble clef part features a series of chords and intervals, including a half note G4, a dotted half note F#4, and a half note E4. The bass clef part provides a harmonic accompaniment with chords and intervals, including a half note G3, a dotted half note F#3, and a half note E3. A 'Ped.' marking is present below the bass clef part.

Exercise 120 continues with measures 5-8. The treble clef part continues with chords and intervals, including a half note D4, a dotted half note C4, and a half note B3. The bass clef part continues with chords and intervals, including a half note D3, a dotted half note C3, and a half note B2. A 'Ped.' marking is present below the bass clef part.

Exercise 120 concludes with measures 9-12. The treble clef part features a series of chords and intervals, including a half note G4, a dotted half note F#4, and a half note E4. The bass clef part provides a harmonic accompaniment with chords and intervals, including a half note G3, a dotted half note F#3, and a half note E3.

121.

Largo.

The first system of musical notation for exercise 121. It consists of two staves: a treble staff and a bass staff. The treble staff begins with a treble clef, a key signature of two flats (B-flat and E-flat), and a common time signature (C). The bass staff begins with a bass clef and the same key signature and time signature. The music is marked 'Largo.' and includes performance instructions 'Ped' (pedal) and 'Man.' (manual). The first measure of the bass staff has 'Ped' written below it, and the second measure of the treble staff has 'Man.' written below it. The music features a series of chords and melodic lines with various articulations.

The second system of musical notation for exercise 121. It consists of two staves: a treble staff and a bass staff. The treble staff continues the melodic line from the first system. The bass staff continues the harmonic accompaniment. A 'Ped' marking is present below the bass staff in the second measure of this system.

The third system of musical notation for exercise 121. It consists of two staves: a treble staff and a bass staff. The treble staff continues the melodic line. The bass staff continues the harmonic accompaniment.

The fourth system of musical notation for exercise 121. It consists of two staves: a treble staff and a bass staff. The treble staff continues the melodic line. The bass staff continues the harmonic accompaniment. A 'Man. and Ped' marking is present below the bass staff in the second measure of this system.

The fifth system of musical notation for exercise 121. It consists of two staves: a treble staff and a bass staff. The treble staff continues the melodic line. The bass staff continues the harmonic accompaniment.

The sixth system of musical notation for exercise 121. It consists of two staves: a treble staff and a bass staff. The treble staff continues the melodic line. The bass staff continues the harmonic accompaniment.

Ped.

The first system of musical notation consists of two staves. The upper staff is in treble clef and the lower staff is in bass clef. Both staves are in the key of A major (three sharps) and common time. The music features a melodic line in the treble and a more rhythmic accompaniment in the bass. Three instances of the word "Dep." are written below the bass staff, indicating a depression of the organ console.

The second system continues the musical piece. It maintains the same key signature and time signature. The melodic line in the treble staff continues with various intervals and rests, while the bass staff provides a steady accompaniment.

The third system shows further development of the piece. The treble staff features more complex melodic patterns, and the bass staff continues its accompaniment role.

The fourth system continues the musical notation. The piece maintains its melodic and accompaniment structure.

The fifth system concludes the piece. It features a final cadence in the treble staff and a concluding bass line in the bass staff.

The musical score consists of six systems, each with a treble and bass staff. The key signature is three sharps (F#, C#, G#) and the time signature is 3/4. The first system includes a 'Ped.' marking in the bass staff and a 'p Sw.' marking in the treble staff. The second system includes an 'mf Gr. Org.' marking in the treble staff. The third system includes a 'p Sw.' marking in the treble staff. The fourth system includes a 'Gr. Org.' marking in the treble staff. The fifth system includes a 'Sw.' marking in the treble staff. The sixth system concludes the piece with a double bar line.

MODERN
SCHOOL FOR THE ORGAN:
PART III.

CONTAINING

Instructions in the combination of Stops,

AND A

COPIOUS CHOICE OF ORGAN COMPOSITIONS,

CAREFULLY SELECTED FROM THE

Works of the best Masters, and of the Author:

THE WHOLE ADAPTED TO AMERICAN ORGANS AND THE WANTS OF AMERICAN ORGANISTS,

FOR DIVINE SERVICE, PRIVATE PRACTICE AND CONCERTS.

COMBINATION OF STOPS.

We suppose that every student has made sufficient progress in the study of mathematics to know that an Organ of 29 Stops, offers inexhaustible resources for combinations. We suppose, further, that every student would reject a vast majority of all these possible combinations, as too unmusical to be listened to—but we have also reason to suppose that not a few of our young friends are unaware of the importance and great utility of this branch in the art of Organ-playing; yea, even otherwise most competent teachers and authors of methods for the organ have neglected to give that degree of attention to this subject it certainly deserves, for we cannot find even any mention made of it in "leading" Schools for the Organ.

In the attempt to give a few hints on this subject, we are met with one great obstacle, viz: the prevailing confusion in the names of the Organ Stops, entirely different tone qualities being found in different Organs, under the same name. A careful reading of the description of Stops in Part I., will somewhat diminish this difficulty, the more so, because we shall confine ourselves to stops generally known and made, if not equal, yet very similar by all builders, and contained in all modern Organs of any pretence to good quality.

Combination of stops is analogous with instrumentation in composing for an orchestra. A complete orchestra is, as our readers may be aware of, composed of three different classes, (technical term—Quartettos) of instruments, viz: stringed instruments, wooden wind instruments, and brass instruments. All these instruments are fully represented in a well planned and well voiced Organ: the stringed instruments by the Viola di Gamba, Geigen-principal, Salicional; the wooden wind instruments by all the varieties of Flutes, by the Stop Diapason, Clarabella, Melodia, and by the reed stops, Hautbois, Clarionet, and Bassoon; the brass instruments by the Trumpet, Trombone and the Clarion.

Over and above all these stops, stands the crown of every Organ, unrepresented in the most complete royal orchestras, the stop emphatically made to sound the glory of the Almighty, and to penetrate to the innermost fibre of the human heart—"The Open Diapason."

To unite these different shades of tone-qualities for producing certain desired effects, is the great secret of good combinations of stops. The main principles for good instrumentation, may also be laid down for good combinations of stops; for, just as sure as a given passage would be of great effect when executed by *stringed* instruments, the same passage might become indifferent, or prove even a total failure, when executed by *wind instruments*; just as senseless as it would be to make Double Bass and Flute (without any other instruments,) perform a unison passage, (unless it be for the sake of oddness,) just as much out of good taste would it be to draw a sixteen-foot and a two-foot stop without any eight and four-foot stops.

As general rules for good combinations, we therefore lay down the following: 1. Draw for solemn passages full tuned foundation stops, (foremost Op. and St. Diap.,) for brilliant passages add reeds or small stops, [Principal Fifteenth.] 2. When playing harmony, the predominant stops are to be the *eight feet flue stops*, to which, in order to increase the power, first the *smaller flue stops*, then the *reeds*, and lastly the *mutation*, [Twelfth] and *compound stops* are to be added.

3. Double stops drawn for the Manual, will require *dispersed* harmony to be used.

To go more into details, we give a comprehensive list of different combinations, which may be made on an Organ.

[Specification No. 1.] of one Manual with nine stops, and also on an Organ [Specification No. 2.,] of two Manuals with twenty-one Manual Stops.

The great usefulness of the *Stopped Diapason*, being, as will be seen, an essential ingredient of almost all the following combinations, is apparent, and we recommend to Organ builders to voice it as it ought to be, full, mellow, and free of reediness, and we recommend it to Organists, to use it as a means of seasoning almost every combination.

List of combinations on the Manual, afforded by an Organ of nine Manual Stops. See Specification No. 1.

1. Open Diapason alone.
2. Open and Stop Diapason
3. Dulciana and Stop Diapason.
4. Dulciana and Flute.
5. Stop Diapason and Flute.

| | 29. Flute Bass, 4 " |

Organs with two Manuals and complete Pedal, becoming so generally introduced, we believe it to be of some service to students to enumerate here a number of characteristically different combinations, for practical use as well as for models of further combinations. As formerly stated, (page 138) the resource for new combinations with such a number of stops as Specification No. 2 presents is inexhaustible, and we limit ourselves, of course, only to such combinations as will be found musically correct, and which might be made use of in divine service as well as in concert playing.

COMBINATIONS.

- Stops under Nos. 5 and 8.* (Play dispersed harmony, or play it as solo with Nos. 15 and 16, as accompaniment. Pedal, 24 and 27.)
- " " " 1 and 4, play dispersed Harmony, or as solo with accompaniments.
 - " " " 1, 3 and 6, for solos, accompaniment with stops 13 and 16. Pedal, 22, 23, 27.
 - " " " 1, 3 and 4, for cheerful solo strains, accompanied by 16, 14 and 18. (Swell closed.) Pedal, 25 and 28.
 - " " " 3 and 9 } for brilliant solos, accompanied by 14 and 16, or by 13 and 15. Pedal, 25 and 28, or if or obligato : 25 and 26.
 - " " " 1 and 7 }
 - " " " 1 and 8 }
 - " " " 1, 2 and 3, for solemn strains in dispersed Harmony, or for solos, such as shown on page 13, (tune, Duke Street,) accompanied by 13, 14, 16 and 18. Great Org. and Swell coupled together. Pedal, 22, 23, 24 and 27.

- For combinations on the Swell alone, we recommend :
- Stops No. 13 alone
 - " " 14 alone } for Adagios and similar music in close of dispersed Harmony. Pedal : 16 and 8 feet stops.
 - " " 13 and 16 }
 - " " 14 and 16 }
 - " " 16 and 18 }
 - " " 16 and 19 } for sweet Cantabile strains.
 - " " 15 and 19 }
 - " " 12 and 13 } for music of a somewhat mournful character ; play dispersed Harmony. Pedal : 22 and 24.
 - " " 12 and 14 }
 - " " 12 and 15 }
 - " " 16 and 17 } will answer for harmonic play or for solos, accompanied on Gr. Org. by 3 and 5, or 3 and 8. Pedal : 16 feet stops.
 - " " 12 and 17 }

If the stops are voiced as they ought to be, the above combinations will afford sufficient variety to answer almost every case in church, and to a great extent in concert playing.

SPECIFICATION No. 3.

Organ of three Manuals with 40 Manual and 11 Pedal Stops, (calculated for the want of Congregational singing.) Compass of Manuals 56 notes, of Pedals, 27 notes, beginning with C.

Con Fuoco.

Full Organ.

Man. and Ped.

Ped

Ped

Man.

The musical score is written for organ and consists of six systems of staves. The first system includes a treble clef, a key signature of one flat (B-flat), and a common time signature (C). The tempo and performance style are marked 'Con Fuoco'. The first system is labeled '5.' and 'Full Organ'. The second system includes the instruction 'Man. and Ped.' and 'Ped'. The third system includes 'Ped'. The fourth system includes 'Man.'. The fifth and sixth systems continue the melodic and harmonic development of the piece. The notation includes various rhythmic values, accidentals, and dynamic markings.

The first system of music consists of two staves. The treble staff begins with a series of eighth notes, followed by a half note and a quarter note. The bass staff features a steady eighth-note accompaniment, with some notes beamed together. There are several trills and grace notes throughout the system.

The second system continues the piece. The treble staff has a more active melodic line with eighth and sixteenth notes. The bass staff maintains a consistent eighth-note pattern, providing a solid harmonic foundation.

The third system features a treble staff with a series of chords and a melodic line. The bass staff has a more complex accompaniment with some sixteenth-note runs. Below the bass staff, the instruction "Man. and Ped" is written, indicating a change in articulation.

The fourth system continues with a treble staff featuring a melodic line with some trills. The bass staff has a rhythmic accompaniment with eighth notes and some chords.

The fifth system begins with a measure marked "6.". The tempo is marked "Andante con moto.". The treble staff has a melodic line with some trills. The bass staff has a rhythmic accompaniment. Below the bass staff, the instruction "Ped" is written, indicating a pedal change.

The sixth system concludes the piece. The treble staff has a melodic line with some trills. The bass staff has a rhythmic accompaniment with eighth notes and some chords.

MUHLING.

7. Postludio.

RINK.

Moderato.

The first system of musical notation consists of two staves. The upper staff is in treble clef and the lower staff is in bass clef. The key signature has two flats (B-flat and E-flat), and the time signature is common time (C). The music begins with a series of chords and moving lines. A dynamic marking of [7] p is present in the bass staff.

The second system of musical notation consists of two staves. The upper staff is in treble clef and the lower staff is in bass clef. The music continues with various rhythmic patterns and chordal textures. A dynamic marking of [8] is present in the bass staff.

Man. and Ped

The third system of musical notation consists of two staves. The upper staff is in treble clef and the lower staff is in bass clef. The music features a more complex texture with overlapping lines and chords.

The fourth system of musical notation consists of two staves. The upper staff is in treble clef and the lower staff is in bass clef. The music continues with a steady flow of notes and chords. A dynamic marking of [12] is present in the bass staff.

The fifth system of musical notation consists of two staves. The upper staff is in treble clef and the lower staff is in bass clef. The music features a more active texture with frequent sixteenth notes and chords.

The sixth system of musical notation consists of two staves. The upper staff is in treble clef and the lower staff is in bass clef. The music concludes with a series of chords and a final cadence. A dynamic marking of Ped is present in the bass staff.

First system of musical notation, consisting of a treble staff and a bass staff. The treble staff contains a melodic line with eighth and sixteenth notes, while the bass staff provides a harmonic accompaniment with chords and single notes.

Second system of musical notation, continuing the piece with similar rhythmic patterns and melodic development in both staves.

Third system of musical notation, including dynamic markings [7] and [8]. The treble staff features sustained chords and melodic fragments, while the bass staff continues the accompaniment.

Man.
and
Ped. Dop.

Fourth system of musical notation, featuring a 'Man.' marking. The piece concludes with sustained chords in the treble staff and a final melodic phrase in the bass staff.

8. Diapasons.

Poco

Gr. Org

Sostenuto.

Fifth system of musical notation, marked '8. Diapasons' and 'Poco Sostenuto'. It features a treble staff with a melodic line and a bass staff with a steady accompaniment. The key signature has one sharp (F#) and the time signature is common time (C).

Sixth system of musical notation, concluding the piece with sustained chords in the treble staff and a final melodic phrase in the bass staff.

Andante religioso. For two Manuals.

MENDELSSOHN

MANUALS.

Sw. [15. 16. 19.]
Gr. Org. * [2.]

Violon and Subbass. [or 3 and 4.]

PEDAL.

*Take stops of the corresponding numbers of Specification No. II

The first system of music consists of two staves. The upper staff is in treble clef and contains a series of chords and melodic fragments, some with slurs. The lower staff is in bass clef and provides a harmonic accompaniment with sustained notes and some rhythmic movement.

The second system continues the musical piece. It features similar chordal textures in both staves. A bracket above the upper staff spans measures 15 and 16, indicating a specific section of the music.

POSTLUDIO.

The Postludio begins at measure 10. The tempo is marked 'Andante non troppo.' The instruction 'Full Organ.' is placed above the music, and 'Ped.' (pedal) is written below the bass staff. The notation shows a melodic line in the treble clef and a more complex, chordal accompaniment in the bass clef.

The middle section of the Postludio continues with a flowing melodic line in the treble clef and a rich, textured accompaniment in the bass clef, featuring many chords and some chromatic movement.

The final section of the Postludio concludes with a melodic phrase in the treble clef and a final, sustained chordal texture in the bass clef, ending with a double bar line.

The musical score is written for organ and consists of two staves, treble and bass clef. It begins with a treble clef, a key signature of one flat (B-flat), and a common time signature (C). The tempo is marked 'Allegretto' and the dynamics are 'U^a poco' and 'Full Organ.'. The score is divided into measures by vertical bar lines. The first system includes a 'Ped' (pedal) marking. The music features a variety of note values, including eighth and sixteenth notes, and rests. There are several slurs and phrasing marks throughout the piece. The piece concludes with a double bar line at the end of the final measure.

Moderato.

Full Organ.

Ped

Man.

The first system of music consists of two staves. The upper staff is in treble clef and contains a series of eighth and sixteenth notes with various accidentals. The lower staff is in bass clef and features a steady eighth-note accompaniment. A 'Ped' (pedal) marking is placed below the bass staff.

The second system continues the musical piece with similar rhythmic complexity in both staves. The bass staff continues with its eighth-note accompaniment, while the treble staff has more intricate melodic lines.

PRELUDIO.

23.

Andante
ma
non troppo.

The third system begins with the measure number '23.' and tempo markings 'Andante ma non troppo.' The music is in a key with one sharp (F#) and common time (C). The upper staff has a melodic line with some slurs, and the lower staff has a bass line with a 'Ped' marking.

The fourth system continues the prelude with a steady flow of notes in both staves, maintaining the established rhythmic and melodic patterns.

The fifth system shows further development of the prelude's texture, with more complex phrasing in the upper staff and a consistent accompaniment in the lower staff.

The sixth system concludes the prelude on this page, ending with a final cadence in both staves.

First system of musical notation for the organ, consisting of three staves. The top staff is in treble clef, and the bottom two are in bass clef. The music features complex chordal textures and melodic lines.

Second system of musical notation for the organ, consisting of three staves. It continues the piece with similar complex textures and melodic development.

POSTLUDIO.

38.

Con Gravita.

Third system of musical notation for the organ, consisting of two staves. It includes the instruction "Full organ." and a "Ped" (pedal) marking. The word "RINE." is written at the end of the top staff.

Fourth system of musical notation for the organ, consisting of two staves. It continues the postludio with a "Ped" marking at the end.

Fifth system of musical notation for the organ, consisting of two staves. It concludes the postludio with a final cadence.

First system of musical notation, consisting of two staves. The upper staff is in treble clef and the lower in bass clef. The music features a melodic line in the right hand and a harmonic accompaniment in the left hand, with various note values and rests.

Second system of musical notation, consisting of two staves. The upper staff continues the melodic line, while the lower staff features a more active accompaniment with frequent sixteenth-note patterns.

Third system of musical notation, consisting of two staves. The upper staff has a melodic line with some rests, and the lower staff continues the accompaniment with a steady rhythmic pattern.

Fourth system of musical notation, consisting of two staves. The upper staff features a more complex melodic line with some grace notes, and the lower staff continues the accompaniment.

Fifth system of musical notation, consisting of two staves. The upper staff has a melodic line with some rests, and the lower staff continues the accompaniment. A "Ped" (pedal) marking is present in the lower staff.

Sixth system of musical notation, consisting of two staves. The upper staff features a melodic line with some rests, and the lower staff continues the accompaniment. The system concludes with a double bar line.

INTRODUCTION AND FUGUE.

JOHN ZUNDEL.

39. *Allegretto.* Full Organ. Gt. Org. Man. Ped.

FUGA. Allegro. Gt. Org. Ped.

The first system of music consists of two staves. The treble staff contains a melodic line with eighth and sixteenth notes, often beamed together. The bass staff provides a harmonic accompaniment with chords and moving lines.

The second system continues the musical piece. It features similar melodic and harmonic textures as the first system, with a mix of eighth and sixteenth notes.

Ped,

The third system of music shows a continuation of the melodic and harmonic themes. The notation includes various note values and rests.

The fourth system continues the piece. The treble staff has a more active melodic line, while the bass staff provides a steady accompaniment.

Man,

The fifth system of music features a more complex melodic line in the treble staff, with some notes beamed together. The bass staff continues with its accompaniment.

The sixth and final system on the page concludes the piece. It features a final melodic phrase in the treble staff and a corresponding accompaniment in the bass staff.

Ped. and Man.

First system of musical notation, consisting of a treble and bass staff joined by a brace on the left. The key signature is three sharps (F#, C#, G#). The music features a complex texture with many beamed notes and rests.

Second system of musical notation, continuing the piece. It includes a treble and bass staff with various musical notations such as slurs and ties.

Third system of musical notation, featuring a treble and bass staff with intricate musical notation, including many beamed notes and rests.

Fourth system of musical notation, including a treble and bass staff. The word "Man." is written below the bass staff.

Fifth system of musical notation, including a treble and bass staff. The word "Man. and Ped." is written below the bass staff. The system concludes with a double bar line.

CHORUS FROM "THE HUGUENOTS."

Arranged by JOHN ZENDEL.

40.

Full Organ.

MANUAL.

Gt. Organ.

PEDAL.

The musical score is arranged in four systems. Each system contains three staves: a top staff for the Manual (treble clef), a middle staff for the Great Organ (bass clef), and a bottom staff for the Pedal (bass clef). The time signature is 2/4. The score includes various musical notations such as chords, triplets, and dynamic markings. The first system is labeled 'Full Organ' and 'MANUAL. Gt. Organ.' and includes a '3' marking above a triplet. The second system includes a sharp sign (#) and a '3' marking above a triplet. The third system includes a '3' marking above a triplet. The fourth system includes a flat sign (b) and a '3' marking above a triplet. The score concludes with a final cadence in the Pedal staff.

The first system of musical notation consists of three staves. The top staff is in treble clef and contains a melodic line with various intervals and a triplet of eighth notes at the end. The middle staff is in grand staff (treble and bass clefs) and contains a complex accompaniment with many chords and moving lines. The bottom staff is in bass clef and contains a simpler accompaniment line.

The second system of musical notation consists of three staves. The top staff is in treble clef and contains a melodic line with a triplet of eighth notes. The middle staff is in grand staff and contains a complex accompaniment with many chords. The bottom staff is in bass clef and contains a simpler accompaniment line. The label "Ch. Org." is written below the middle staff.

The third system of musical notation consists of three staves. The top staff is in treble clef and contains a melodic line with a forte (ff) dynamic marking. The middle staff is in grand staff and contains a complex accompaniment with many chords. The bottom staff is in bass clef and contains a simpler accompaniment line.

The fourth system of musical notation consists of three staves. The top staff is in treble clef and contains a melodic line with a forte (f) dynamic marking. The middle staff is in grand staff and contains a complex accompaniment with many chords. The bottom staff is in bass clef and contains a simpler accompaniment line. The label "Gr. Org." is written below the middle staff.

Full Organ.
Gt. Organ.

The first system of music consists of three staves. The top staff is a treble clef staff labeled 'Full Organ.' and contains a melodic line with two triplet markings. The middle and bottom staves are a grand staff labeled 'Gt. Organ.' and contain a bass line with chords and a single-note bass line.

The second system of music consists of three staves. The top staff is a treble clef staff and contains a melodic line with a triplet marking. The middle and bottom staves are a grand staff and contain a bass line with chords and a single-note bass line.

The third system of music consists of three staves. The top staff is a treble clef staff and contains a melodic line with two triplet markings. The middle and bottom staves are a grand staff and contain a bass line with chords and a single-note bass line.

The fourth system of music consists of three staves. The top staff is a treble clef staff and contains a melodic line with a triplet marking. The middle and bottom staves are a grand staff and contain a bass line with chords and a single-note bass line.

The first system of music consists of three staves. The top staff is a treble clef staff with a melodic line. The middle staff is a grand staff (treble and bass clefs) with a dense, rhythmic accompaniment. The bottom staff is a bass clef staff with a lower melodic line. A dynamic marking *ppswell.* is placed above the grand staff.

The second system of music consists of three staves. The top staff is a treble clef staff with a melodic line. The middle staff is a grand staff (treble and bass clefs) with a dense, rhythmic accompaniment. The bottom staff is a bass clef staff with a lower melodic line. Dynamic markings *ff* and *Gt. Org.* are present.

The third system of music consists of three staves. The top staff is a treble clef staff with a melodic line. The middle staff is a grand staff (treble and bass clefs) with a dense, rhythmic accompaniment. The bottom staff is a bass clef staff with a lower melodic line. A triplet marking *3* is visible above the grand staff.

The fourth system of music consists of three staves. The top staff is a treble clef staff with a melodic line. The middle staff is a grand staff (treble and bass clefs) with a dense, rhythmic accompaniment. The bottom staff is a bass clef staff with a lower melodic line.

Full Org.

Gt. Org.

The first system of music is written for three staves. The top staff is labeled 'Full Org.' and contains a series of chords. The middle staff is labeled 'Gt. Org.' and contains a similar series of chords. The bottom staff contains a single melodic line with eighth and sixteenth notes.

The second system of music continues the piece. It features three staves: a top staff with chords, a middle staff with chords, and a bottom staff with a moving line. The notation includes various chordal textures and rhythmic patterns.

The third system of music shows more complex chordal structures with various accidentals (sharps, flats, naturals) and a moving line in the bottom staff. The top and middle staves are filled with dense chordal textures.

The fourth system of music concludes the piece. It features three staves with complex chordal textures and a moving line. The top and middle staves use slurs to indicate sustained chords, while the bottom staff continues with a rhythmic pattern.

tr

The first system of music is written on three staves. The top staff is a treble clef staff with a wavy line above it, possibly indicating a trill or tremolo. The middle and bottom staves are bass clef staves. The music consists of melodic lines and chords.

Presto.

The second system of music is written on three staves. The top staff is a treble clef staff with a 'Presto.' marking and a 6/8 time signature. The middle and bottom staves are bass clef staves. The music is more rhythmic and includes a repeat sign.

The third system of music is written on three staves. The top staff is a treble clef staff with a melodic line. The middle and bottom staves are bass clef staves with dense chordal accompaniment.

The fourth system of music is written on three staves. The top staff is a treble clef staff with a melodic line. The middle and bottom staves are bass clef staves. The system concludes with a double bar line and a 'Dopp.' marking.

First system of musical notation, consisting of a grand staff with treble and bass clefs. The music features a melodic line in the treble and a more rhythmic accompaniment in the bass. A 'Man.' (Mancetta) marking is present in the lower right of the system.

Second system of musical notation, continuing the piece. It includes a 'Ped.' (Pedal) marking in the lower left, indicating the use of the organ's pedalboard.

Third system of musical notation, featuring complex melodic and harmonic textures with various ornaments and phrasing.

Fourth system of musical notation, showing a change in the bass line's texture and some melodic development in the treble.

Fifth system of musical notation, featuring a 'Man.' marking in the lower left. The music continues with intricate melodic and harmonic patterns.

Sixth system of musical notation, concluding the page with a 'Ped.' marking in the lower left. The piece ends with a final cadence in the bass line.

This page contains six systems of musical notation for an organ. Each system consists of a treble staff and a bass staff. The notation includes various note values, rests, and dynamic markings. The first system shows a melodic line in the treble and a harmonic accompaniment in the bass. The second system continues this pattern with more complex rhythmic figures. The third system features a more active bass line with frequent sixteenth notes. The fourth system has a similar texture to the second. The fifth system shows a change in the bass line's rhythm, with longer note values. The sixth system concludes the piece with a final cadence in both staves, marked with a double bar line.

GRAND FUGUE.

JOHANN S. BACH.

BACH
FUGUE.

The first system of music consists of two staves. The upper staff is in treble clef and contains a complex melodic line with many sixteenth and thirty-second notes. The lower staff is in bass clef and contains a more rhythmic accompaniment with some chords and moving lines.

The second system continues the piece. The upper staff has a melodic line with some slurs and ties. The lower staff has a rhythmic accompaniment. The key signature has one flat, and the time signature is 4/4.

R L R L

The third system includes fingerings and articulations. The upper staff has slurs and accents. The lower staff has fingerings and slurs. The key signature has one flat, and the time signature is 4/4.

R R^b L L^b R R^b L L^b R R L R L R L R L R L

The fourth system features a 'Ped.' marking above the first measure of the upper staff. The music continues with complex rhythmic patterns in both staves.

The fifth system includes a 'Ped.' marking below the first measure of the lower staff. The music continues with complex rhythmic patterns in both staves.

The sixth system concludes the piece. The upper staff has a melodic line with some slurs and ties. The lower staff has a rhythmic accompaniment. The key signature has one flat, and the time signature is 4/4.

First system of musical notation, consisting of a treble and bass staff joined by a brace. The key signature has two flats (B-flat and E-flat). The treble staff contains a complex melodic line with many sixteenth and thirty-second notes, often beamed together. The bass staff provides a harmonic accompaniment with chords and moving lines.

Second system of musical notation, continuing the piece. The treble staff features intricate rhythmic patterns, while the bass staff has a more rhythmic accompaniment with some sustained notes.

Third system of musical notation. The treble staff continues with its complex melodic development, and the bass staff provides a steady accompaniment.

Fourth system of musical notation. The treble staff shows a continuation of the melodic theme with various ornaments and rhythmic values. The bass staff has a more active accompaniment.

Fifth system of musical notation. The treble staff continues with its intricate melodic lines, and the bass staff provides a supporting accompaniment.

Sixth system of musical notation. The treble staff continues with its complex melodic development, and the bass staff provides a supporting accompaniment.

Seventh system of musical notation, the final system on the page. The treble staff continues with its intricate melodic lines, and the bass staff provides a supporting accompaniment. The system concludes with a double bar line.

Dopp.

First system of musical notation, consisting of a grand staff with a treble clef on the upper staff and a bass clef on the lower staff. The music features a complex rhythmic pattern with many sixteenth and thirty-second notes, including slurs and ties.

Second system of musical notation, continuing the piece. It includes a *Red.* (ritardando) marking at the beginning of the system.

Third system of musical notation, featuring a *Man.* (meno mosso) marking in the middle of the system.

Fourth system of musical notation, including fingerings such as *L Lh R Rh L R L R Rh L* and *Lh* written below the bass staff.

Fifth system of musical notation, including fingerings such as *L R L L R L R Lh Lh L L R* written below the bass staff.

Sixth system of musical notation, concluding the piece with a final flourish in the treble staff.

The first system of music consists of two staves. The upper staff is in treble clef and the lower in bass clef. Both staves contain complex rhythmic patterns with many sixteenth and thirty-second notes. There are several accidentals, including flats and naturals, scattered throughout the piece.

The second system of music consists of two staves. The upper staff is in treble clef and the lower in bass clef. The notation is less dense than the first system, with more rests and longer note values. A dynamic marking 'Man. and Ped.' is written below the bass staff. The system concludes with a double bar line.

The third system of music consists of two staves. The upper staff is in treble clef and the lower in bass clef. The notation is very dense, with many sixteenth notes. Hand and foot markings are present: 'Rh R' under the first two measures, 'Rh R Lh L' under the next two, and 'L' under the final measure. The system concludes with a double bar line.

The fourth system of music consists of two staves. The upper staff is in treble clef and the lower in bass clef. The notation is less dense, with some trills marked 'tr'. The system concludes with a double bar line.

PASSION MUSIC. By J. S. BACH. (German and English Text.) Paper, \$1.75; Boards, \$2.00; Cloth, \$2.50.

SAMSON. By HANDEL. Paper, \$1.00; Boards, \$1.38; Cloth, \$1.80.

ST. PAUL. By MENDELSSOHN. Paper, \$1.38; Boards, \$1.60; Cloth, \$2.00.

JUST PUBLISHED.

ROSSINI'S MESSE SOLENNELLE,

Complete. Paper, \$1.60; Boards, \$2.00; Cloth, \$2.50.

THE ONLY AUTHORIZED EDITION.

It has the advantage of both Latin and English words. With full piano accompaniment, to which is added a separate organ accompaniment for Cabinet Organ or Harmonium, which combination gives a very good orchestral effect in addition to the voices. The only complete edition in America, and the only edition with both Latin and English words.

NEW CHURCH MUSIC BOOK.

THE CHORAL TRIBUTE.

By L. O. EMERSON, author of "Harp of Judah," "Jubilate," &c.

The CHORAL TRIBUTE is the latest, the best, and most important of Mr. EMERSON'S Church Music Books, and contains entirely new music, without a single reprint from any of his previous works, or from any other author's former publication.

Many of the most popular composers of sacred music through the country have made special contributions of original pieces, and the whole collection forms a most valuable tribute to the wants of modern choirs.

Fresh Hymn Tunes, Anthems, Motets, &c. for the Devotional Service; and new Gleees, Quartettes, &c. for the Singing School and Social Circle.

A few standard Congregational tunes of each metre are inserted in the Appendix. The CHORAL TRIBUTE contains 400 pages, which are divided into

PART I.—MUSICAL NOTATION AND EXERCISES.

II.—GLEES, QUARTETTES, &c.

III.—HYMN TUNES.

IV.—ANTHEMS AND CHANTS.

V.—CONGREGATIONAL TUNES.

Price \$1.50 per copy. \$13.50 per dozen.

Valuable Music Books published by Oliver Ditson & Co., Boston: C. H. Ditson & Co., New York.

Sent, postage paid, on receipt of price.

ORGAN MUSIC.

Rink's Organ School.

Carefully Revised, with the German Directions and Terms translated into English, and the Pedal Part printed on a separate staff. The whole edited by W. T. BEST.

"This is a good edition of a standard work, perhaps we should say the best of all works, for the formation of a correct style of organ-playing, and the mastery of the instrument in all its varied resources. Rink's teacher was Kittel of Erfurt, a distinguished pupil of John Sebastian Bach; and, in this collection of preludes and exercises, we have an excellent reflection of the thorough method of which the great German master is the acknowledged representative."—*N. Y. Tribune*.

In Six Parts. Price of each Part \$1.50. Complete in one volume. Cloth, \$6.00.

MODERN SCHOOL FOR THE ORGAN.

By JOHN ZUNDEL. In Three Parts. PART I. History and Description of the Organ, Elementary Instruction, Exercises and Voluntaries in all Styles of Organ Playing (without pedals). Cloth, \$2.00. PART II. Pedal Playing. Cloth, \$2.00. PART III. Combination of Stops; Voluntaries and Pieces suited to all Occasions. Cloth, \$2.00. The three parts complete in one volume, boards, \$4.00.

250 Easy Voluntaries and Interludes.

By JOHN ZUNDEL. Boards, \$2.00. This volume contains twelve opening Voluntaries, and two hundred and thirty-nine Interludes. It is superior as a collection of good organ music, and furnishes at a very low price a great variety from which the beginner can select, and old players, even, find exceedingly useful.

AMATEUR ORGANIST.

By JOHN ZUNDEL. A Collection of Opening and Closing Voluntaries, from the works of Handel, Haydn, Beethoven, Mozart, Rink, Pleyel, Mendelssohn, Von Weber, Andre, Schmidt, Hesse, &c. Prepared with special reference to the wants of beginners, and forming an excellent course of study for the Organ or Melodeon. Boards, \$2.00.

A New Work for the Organ.

THE ORGANIST.

Containing pieces of different styles and lengths, intended for Church and Concert use, and as Studies for Practice; such as Preludes, Afterludes, and other pieces to play during Divine Service. Studies, Transcriptions, &c., and of moderate difficulty.

The most important point, however, in which it is claimed this work differs from all others heretofore published in this country, is, that all the pieces are ARRANGED IN THE MOST THOROUGH AND CAREFUL MANNER, on three staves; the Registration being all carefully marked for

Moderate-Sized American Church Organs;

it being intended for instruments of the class usually found in churches in this country.

The work also contains an

ESSAY ON REGISTRATION,

applied to our Organs, and treating this important part of Organ Playing in the most thorough and exhaustive manner.

Composed, arranged, and edited by L. H. SOUTHARD and G. E. WHITING.

Price (in cloth) \$3.50.

Date Due

Valuable Works for the Organ.

USED AND RECOMMENDED BY THE BEST ORGANISTS OF THE COUNTRY.

ZUNDEL'S MELODEON INSTRUCTOR. By JOHN ZUNDEL. \$2.50.

THE LATEST AND BEST
INSTRUCTION-BOOK FOR CABINET ORGANS AND MELODEONS.
CLARKE'S NEW METHOD FOR REED ORGANS.

By WILLIAM H. CLARKE.

Containing the most Simple, Thorough, and Progressive Exercises, Recreations, Beautiful Selections, and Voluntaries, of every grade of difficulty, ever published for Cabinet Organs and Melodeons.

RAPIDLY SUPERSEDING ALL OTHER METHODS OF INSTRUCTION.

"Beginning with first principles, it gradually carries forward the learner by lessons simple and yet progressive in character, until the knowledge gained is sufficient to overcome, with the ordinary practice required, every difficulty that may be presented. The author is a gentleman of rare musical attainments, and has introduced to the public in this work a large amount of valuable aid and assistance, such as cannot fail, if rightly used, of making not only a good performer, but an expert player."—*Boston Journal*.

The selection of the themes of the Recreations are from the highest authority, being adapted from BATTISTE, BATTMAN, BEETHOVEN, BELLINI, BODENSCHATZ, BRUNEAU, FLOTOW, GOUNOD, HANDEL, HAYDN, KALLIWODA, MAZAS, MENDELSSOHN, MOZART, PLEYEL, RINK, ROSSINI, SCHUBERT, SCHULTZ, SPINDLER, SPOHR, &c., and arranged expressly for all Cabinet Organs, such as those manufactured by

BURDETT,
CARHART & NEEDHAM
ESTY,
GERRISH,

& H. W. SMITH,
OR & FARLEY,
T & LINSLEY,
DS & CO.,

and all other manufacturers of Reed Organs, Me

It is an error to suppose that light and clearness are attained in delicacy of touch and rapidity of execution, and scope for variety than they were formerly capable of, in yet simple and very pleasing manner, which,

Most of the pieces are simply entitled *Reveries, Evening Hope, Evening Reverie, Funeral March, Duet, Hunting Song, Ever of Thee, Elegy of Tears, Song without Words, Menuet de Mozart, Menuet St. Cecile, Symphonies, "Messiah" Masses, Violin Andante movements.*

The system of progression from the beginning while the richness of harmony and sweetness

This course of instruction is not interspersed with voluntaries would be if introduced in a vocal manner constantly being published. Many of the new works like this, every page having been prepared

The elementary lessons are not presented in the pupil's progress. No new piece is introduced

The key of C is dwelt in at length through the five minor key of A is studied; this being the method of transposition; and, after the introduction of the key of sharp, the key of F (one flat) is introduced,

The pieces of recreation are progressive in size of the pages, than any other book of the kind, *Oratorios, and Symphonies* of the great composers.

No key is omitted. To those who are anxious to be offered. Part I. occupies the first one hundred

Vault

tion to which, of late years, they have been introduced, &c., which gives them a wider scope in this work, arranged in a careful, and upon the Piano-forte.

ements, such as *Barcarolle, Whispering Greeting Polka; Rest, Spirit, Rest; Ernestine Polka, Triumphant March, La, Tancredi; Overtures, Offertoire de Arias, Waltzes, Redowas, Allegro and*

preciated by every teacher of music; and every pupil.

There is no more legitimate than organ voluntaries to the various new songs which are some stale if introduced in a standard manner for many years to come.

le, and made practical at every page

amic forms. From C major, the relation with a very clear method of explaining is treated. Following the key of G (one sharp) keys.

being larger, both in the number and in execution, selected from the *Masses*,

annual practice which has ever been

Beginning with page 131, this part is devoted to Voluntaries, Interludes, &c. The first thirty-two voluntaries are easy and beautiful in melody and harmony, such as will delight those who prefer the church style of music, and greatly aid in forming a pure taste. Instruction is also given in playing Church Music, Chants, &c. Examples of modulating from major to other major keys, also from major to minor keys, are given in pleasing harmony.

The typography of the whole work is the most excellent and clear ever issued by the publishers.

The rapidity of the sale since its recent introduction evinces the popularity it is already attaining, and the favor with which it is being received and used by the best teachers of music.

NOTE.—This work should not be confounded with a former similar book by the same author, published several years since, which attained a wide popularity, but which is now re-issued by another house under the pretence of being new! It is a much smaller book, and is greatly inferior to "Clarke's New Method" for Reed Organs.

Be careful to order the "New Method," published by O. DITSON & CO., and thus get the best and most perfect instruction-book.

Price, in boards, \$2.50. Sent, postpaid, on receipt of price.
