## WELCOME

Thank you for your interest in evaluating Embarcadero Technologies, Inc. (EMBT) products. This guide helps you get up and running with your trial software. For additional information see the Readme and Quick Start guides at [docs.embarcadero.com](http://docs.embarcadero.com); you will also find more detailed information about our products in the user, administrator, and reference guides.

Free Embarcadero product trials have always been available to users via our product and trial website pages (example: <http://www.embarcadero.com/downloads>). These trials are delivered as user-installable software with short-term trial licenses.

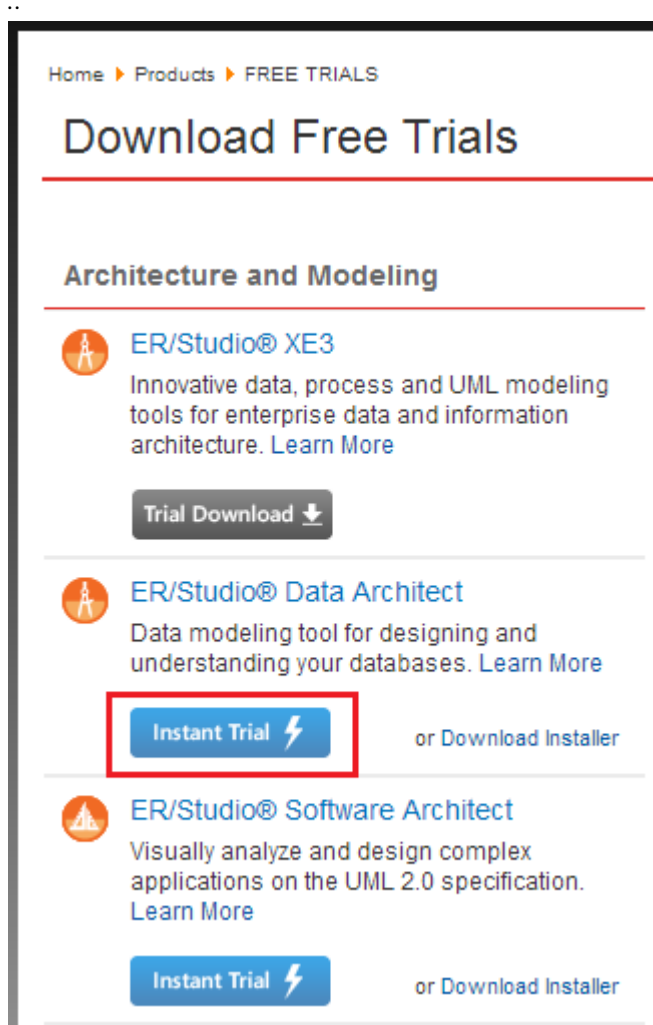

This document describes a new and alternative trial experience removing the need for you to download, install, and activate in the traditional sense. Where available, you can now benefit from a more “instant trial” experience based on application streaming from a cloud-based AppWave Public Store ([windowsapps.com](http://windowsapps.com)). You access it by using the AppWave Browser that installed to your desktop when you first accessed the trial. To return to your trial, open the AppWave Browser and go to the **Managed Apps** folder and select the trial app. You can also manually create a desktop shortcut (right-click the icon, select **Create shortcut on Desktop**), for a faster launch outside AppWave Browser.

## ACQUIRING AN EMBT TRIAL APP

- 1 Browse to [www.embarcadero.com](http://www.embarcadero.com).

- 2 Click **Free Trials** or **All products** and the **Trials** page opens.
- 3 Select the app you want to evaluate and click **Instant Trial**.

- 4 Sign in to the AppWave Public Store (AppWave) by entering the email address and password associated with your Embarcadero Developer Network (EDN) account.
- 1 Select your app, click **Trial** and the Sign In dialog opens. Enter your user name and password and click **Sign In**.

## Thank You For Choosing ER/Studio® Data Architect 9.5.1

To get your instant trial started, sign in using your  
Embarcadero Developer Network (EDN) account.

**Sign In**

**Email Address**  
\* Enter the one you used for your EDN account.

**Password**

  

Don't have an EDN account? [Create one.](#)

**Sign In**

**New to the Instant Trial experience? Here is what will happen...**

**1**

The AppWave streaming technology will be installed onto your system. This is a one-time event.

**2**

The Instant Trial will be streamed to your system and launched when ready.

Note: Depending on your web browser and operating system, you may need to approve one or more security dialogs to accept this installation.

- 2 Because your email has not been verified, a dialog opens telling you that your email must be verified before running the app. A dialog asking you to retest your email verification opens instead of the Launch Application button.

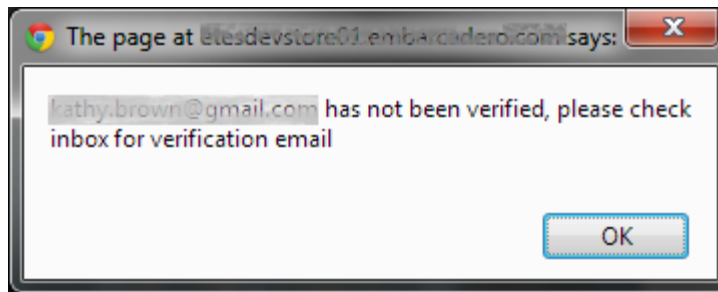

### Angry Birds Star Wars™ Demo

Before you can run Angry Birds Star Wars™ Demo your email [sathy.brown@gmail.com](mailto:sathy.brown@gmail.com) must be verified. Please check your inbox for the verification email and follow the link to complete the verification process.

Retest Email Verification

- 3 If you have not received the verification email, when you click “Retest email verification” a message informs you that your email has not been verified.

- 4 Click **OK** to close the message and an email is sent asking you to “Please verify your email address”. This email contains a link that takes you to the Member Services page of the Embarcadero Developer Network. Your email is verified at this time.
- 5 Click **Continue** to launch the app or click Restest email Verification and the **Start Your Trial** dialog opens.

## Thank You For Choosing ER/Studio® Data Architect 9.5.1

To get your instant trial started, sign in using your Embarcadero Developer Network (EDN) account.

ER/Studio® Data Architect 9.5.1 is now ready to run. Click the button below to begin streaming your trial.

Start Your Trial!

**New to the Instant Trial experience? Here is what will happen...**

1

The AppWave streaming technology will be installed onto your system. This is a one-time event.

2

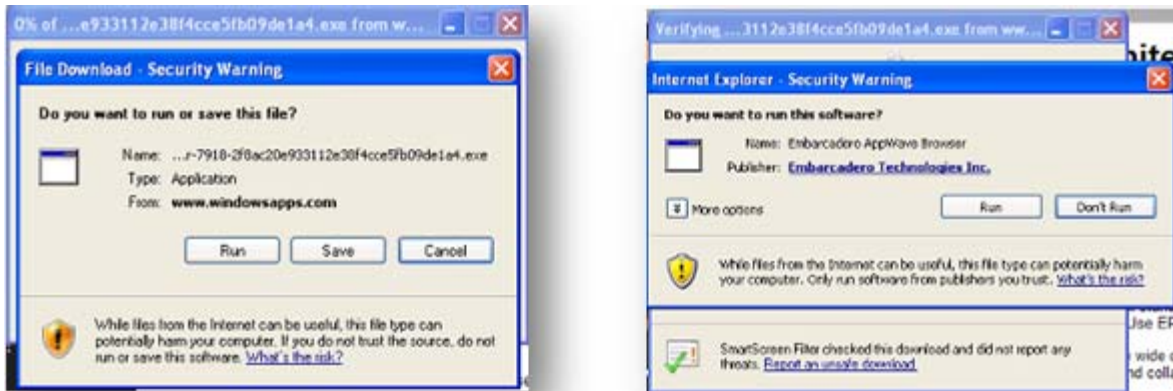

The Instant Trial will be streamed to your system and launched when ready.

Note: Depending on your web browser and operating system, you may need to approve one or more security dialogs to accept this installation.

**NOTE:** If you don't have an EDN account, click **Create one** and the registration page appears where you can create an account. You are then automatically signed into AppWave.

- NOTE:**
- If your Windows account does not have administrative privileges, you may need to provide administrator credentials to install AppWave.
  - Depending on your Internet browser settings, you may receive the following messages. On each dialog, click **Run**.

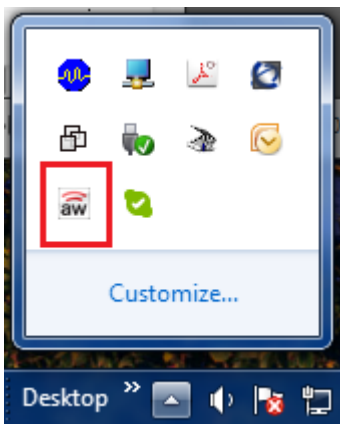

**NOTE:** You may once again be prompted to confirm program execution. Click **Run**.

- 6 If this is the first time you are experiencing the AppWave Public Store, the AppWave Browser executable is downloaded, installed, and then automatically starts the AppWave Browser.

This is a one-time event. Once the AppWave Browser is installed on your system, you now have easy access to all other EMBT Trial software and 800+ other free apps.

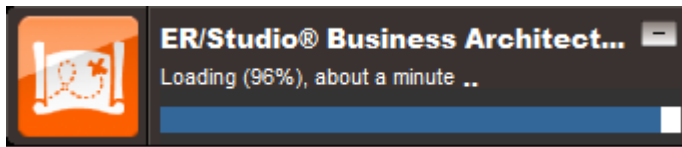

- 7 Once you start your trial, the following happens:
  - The AppWave Icon is placed in the System Tray,

- The End User License Agreement opens. Click **Accept**.

## FINDING YOUR EMBT TRIAL APP

- A progress bar opens in the lower-right corner of the screen and tracks the loading and streaming progress of the app.

- Even though the progress bar shows that it is still streaming, the selected trial app opens and is available to use.

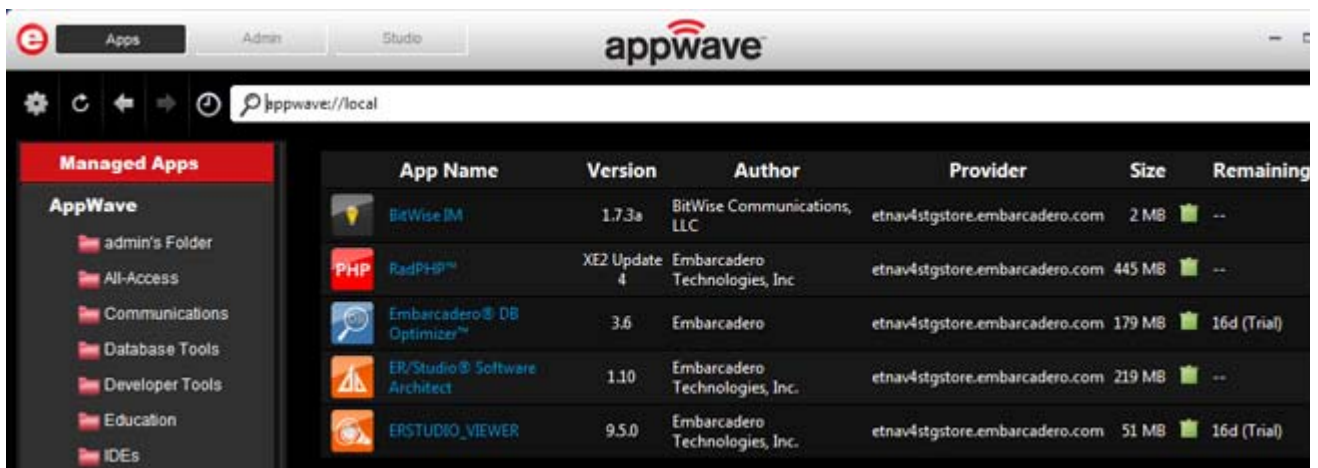

## FINDING YOUR EMBT TRIAL APP

- 1 Double-click the AppWave Browser icon in the System Tray.

**TIP:** If the icon is not in the System Tray, you can launch AppWave Browser from its shortcut on the desktop or click **Start** and from the **Embarcadero AppWave Browser** folder choose **AppWave Browser**.

- 2 Once the Browser starts, click **Managed Apps** to see the trial application.

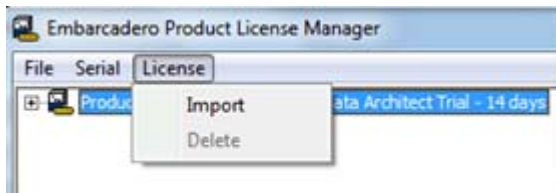

- 3 Click **Run** to launch the application.

**TIP:** You can create a desktop shortcut that launches AppWave Browser and the selected app by right-clicking the app icon shown above and choosing **Create shortcut on Desktop**.

## EXTENDING YOUR EMBT SOFTWARE TRIAL

Under certain circumstances you may be able to extend the trial period.

- 1 Contact Embarcadero support at [embarcadero.com/support](http://embarcadero.com/support). Support emails you a trial license activation file.
- 2 In the EMBT trial software, select the **Help > Launch Licensing Manager** and the **Embarcadero Product License Manager** opens.
- 3 Select the **License > Import**.

- 4 The Embarcadero Activation File is imported and available to use.

## ACQUIRING EMBT SOFTWARE WHEN YOUR TRIAL EXPIRES

The standard length of an EMBT trial is 14 days. When you try to run an app after the trial period expires, you will see a dialog similar to the following:

To continue using the app, you must obtain or register a license. There are several options available for you to license your app:

- Click **Buy now** or click one of the links below to purchase the product.
  - Buy now from the Embarcadero online store ([www.embarcadero.com/online-stores](http://www.embarcadero.com/online-stores))
  - Buy from an Embarcadero partner ([www.embarcadero.com/company/contact-sales-or-find-partner](http://www.embarcadero.com/company/contact-sales-or-find-partner))
  - Contact your nearest Embarcadero sales office ([www.embarcadero.com/company/contact-sales-or-find-partner?filtertype=Sales%20Office](http://www.embarcadero.com/company/contact-sales-or-find-partner?filtertype=Sales%20Office))
- Click **Continue** and a dialog similar to the following appears where you can register your license.

## ACQUIRING EMBT SOFTWARE WHEN YOUR TRIAL EXPIRES

The screenshot shows a Windows-style dialog box titled "Embarcadero Product Registration". The main heading is "ER/Studio 9.1 Product Registration" with a red instruction: "Please specify your serial number to register your Embarcadero product." Below this, it asks the user to "Select one of the following:"

- Register using QPrime Registration:
  - Serial Number: [Empty text box] [Details...]
  - Registration Code: 12264447
- Developer Network (DN) Account Details:
  - DN Login name or Email: [Empty text box]
  - DN Password: [Empty text box]
  - Links: [I need to create a DN account.](#), [I have a DN account, but I've lost my password.](#), [Trouble Connecting? Try Web Registration](#)
- I have received an activation file (\*.slp or reg\*.txt):
  - Click Browse to locate your activation file.
  - [Empty text box] [Browse...]

At the bottom, there are buttons for "Register Later", "Register", and "Cancel". Below these are links for "Support" and "Privacy Policy". A "Progress:" indicator is visible at the very bottom left.

## SEARCHING FOR OTHER EMBT TRIAL APPS

- 1 Click **AppWave Store**.
- 2 In the search bar, enter **Embarcadero**.

All the trial apps available from Embarcadero appear in the Application Window.

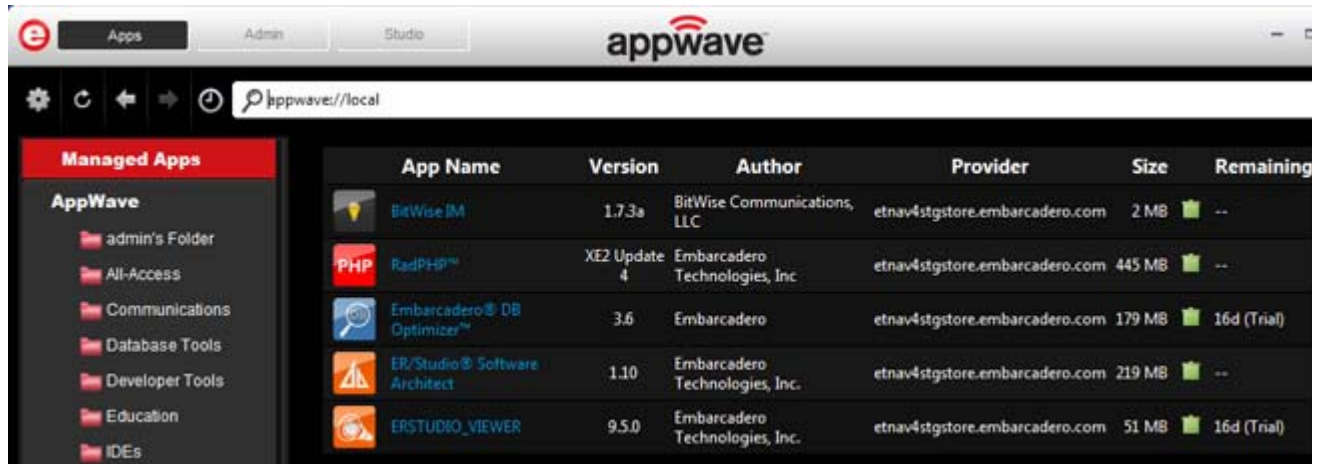

**TIP:** You can try out other apps by clicking the subfolders of **AppWave Store** and then clicking **Free**. To see all the apps available, click the top level of **AppWave Store**.

## UNINSTALLING YOUR EMBT TRIAL APP

You can remove apps that you previously ran on your system. You cannot remove an app that is currently running. When you remove an app, any file associations for that app are also removed.

- 1 In the **Managed Apps**, select the app you want to remove.

- 2 Click the green trash can (  ) and a Confirm dialog opens.
- 3 Click **Yes** to complete the delete function.
