Gauges Blockset™ Release Notes

© COPYRIGHT 2001–2015 by The MathWorks, Inc.

The software described in this document is furnished under a license agreement. The software may be used or copied only under the terms of the license agreement. No part of this manual may be photocopied or reproduced in any form without prior written consent from The MathWorks, Inc.

FEDERAL ACQUISITION: This provision applies to all acquisitions of the Program and Documentation by, for, or through the federal government of the United States. By accepting delivery of the Program or Documentation, the government hereby agrees that this software or documentation qualifies as commercial computer software or commercial computer software documentation as such terms are used or defined in FAR 12.212, DFARS Part 227.72, and DFARS 252.227-7014. Accordingly, the terms and conditions of this Agreement and only those rights specified in this Agreement, shall pertain to and govern the use, modification, reproduction, release, performance, display, and disclosure of the Program and Documentation by the federal government (or other entity acquiring for or through the federal government) and shall supersede any conflicting contractual terms or conditions. If this License fails to meet the government's needs or is inconsistent in any respect with federal procurement law, the government agrees to return the Program and Documentation, unused, to The MathWorks, Inc.

Trademarks

MATLAB and Simulink are registered trademarks of The MathWorks, Inc. See www.mathworks.com/trademarks for a list of additional trademarks. Other product or brand names may be trademarks or registered trademarks of their respective holders.

Patents

MathWorks products are protected by one or more U.S. patents. Please see www.mathworks.com/patents for more information.

Compatibility Considerations

Gauges Blockset to be discontinued in R2016a

As of R2015a:

- MathWorks® no longer adds new features and bug fixes to Gauges Blockset™.
- MathWorks no longer charges Software Maintenance Service fees for Gauges Blockset.
- You can still purchase Gauges Blockset.
- You can still get technical support for Gauges Blockset.

As of R2016a, planned for the March 2016 time frame, MathWorks will discontinue Gauges Blockset. The product will no longer be available for purchase. After R2016a is released, MathWorks will still offer technical support on a limited basis.

Compatibility Considerations

As an alternative to Gauges Blockset, consider using the new graphical controls and displays that are now included within Simulink®, located in the Dashboard block library. The new graphical controls and displays include knobs, switches, gauges, and lamps. You can add these blocks to your model to run interactive desktop simulations.
